LoLo LaLa()

Hi I'm a 15year old girl who loves sports, music, horses, dogs and poetry. I love writing poems as it allows me to express how I feel and allows you to tell others how you feel about them. I love my life and all who is in it!

A Flickered Candle

Did you realise how much you shinned,
A flickered candle and a short lifetime.

So many feelings trapped inside,
Going round like a roller coaster ride.

A shooting star, a light of hope,
Helping you find a way to cope.

A leap of faith, a weathered face,
A pain so deep, it left no trace,
of who it was, or what you faced.

Distant Dreamer

Every night I can't wait to sleep,
So memories will come back,
Forever for me to keep.
Of how we laughed on that night in June,
And lay reading stars,
From tears we were immune.
The summers breeze swoops through my hair,
One of those moments of which is rare,
Sometimes you forget its only a dream,
But cherish it, reality means swimming upstream,
What I'm saying is hold onto those,
You don't stop thinking of.
Cos the best time's are shared,
With those you truly love.

Eyes Never Lie

A beautiful woman,
as strong as a stone,
Her gorgeous eyes,
and golden skin tone.
A beautiful woman,
so loving, so kind,
I look into her eyes,
I see the pain,
We wished we'd never find.
But the eyes never lie!

I see this woman she's who,
I want to be,
An incredible woman,
I wish the whole world could see.
She makes out all's okay,
Hoping on one will see she's afraid.
But the eyes never lie.

An awful disease,
They tried to cure.
But doctors said,
They could do no more.
So she waited in pain,
'Till her dieing day.
But at least she's no longer in pain,
It has gone away.
Through it all,
She stayed so strong.
A wonderful legacy,
We wished could live on.
She tried and tried,
But the eyes never lie.

A beautiful woman,
None else could compete.
The type of woman,
I want to grow up to be.
A woman who only,

Saw the best in all.
Who didn't judge,
And always stood tall.
A woman so humble,
Honest and true,
She'd do all she could for you.
Whether it be a cuppa, a chat,
A hug or a laugh.
She always lead you,
Down the right path.
No words can describe,
How good she was.
None can replace,
The love we just lost.
So look into our eyes,
'Cos the eyes never lie.

So always question,
If someone's okay.
And help them cope,
When trouble comes their way.
Leave everyones heart imprinted,
So eventually on your last day.
A young girl just like me,
Want to change her ways.

Hope

Hope is that one bright shining star,
On a dark cold night.
It's the thing that keeps your head up,
When nothing seems to go right.
It's the thing I'm trying to look for,
But can't quite find.
'Cos when cancer effects your life,
Everything's left behind.
It never effects just one person,
'Cos everyone that knows them hurts,
That's for certain.
You need to fight for each day,
To stay alive, to not let it win,
And make sure you survive.
If not for yourself,
For you family and friends.
So we won't have to miss you,
And our hoping will end.
So please kick cancers ass,
So we won't have to remember you from the past!

I'LI Be By Your Side

At times burdens in life can get you down,
You feel like you're wearing a never ending frown.

Just rise above and conquer them all,
Don't just sit back and let them watch you fall.

I'll be by your side, hold your hand as we fight,
Don't be scared i'll hold on tight.

I wont let you fall,
Toghther we'll stand tall.

Just look to the future it all looks so bright,
Don't worry together we'll make it through this fight.

Now look at the moon,
Can't you see its shining for you!

Light That Shines In Me

Although you may see the world,
Different than me.
You are still my inspiration,
And the light that shines in me.
No matter how prepared,
You think you are.
Nothing can prepare you,
For a broken heart.

When I found out you were sick,
I didn't know what to think.
It felt like the ground,
Had slipped from beneath your feet.

I know you had it much harder than me,
I was trying to be strong for you,
I didn't want you to see.
You are the one that taught me,
You don't have to look behind,
To all of the sadness that you could find.

When you told me you were better,
I was so pleased to hear.
Your illness had gone,
There was no more need for tears.
You inspired me to help those,
Who are still fighting to stay strong.
Or even just be there,
For those who need hope to go on.

But even now when I think of when,
You told me you were sick.
A tear forms in my eye,
I feel like I'm gunna trip.
I think you're amazing,
In so many different ways.
I hope you stay happy,
For all of your days.

It hasn't been just tears of sadness,
The time that I've known you.
There are lots of tears of laughter,
That have make us stronger to.

You always told me,
To keep my head held high.
And that worrying is useless,
so don't even try.
You're always there for others,
No matter what you're going through.
So I want to say thank you,
For all that you do and for just being you.

Oh You Make Me Smile!

I'm lying here tonight,
Thoughts rushing through my mind.
Thinking how I love you in my life,
Loving how I can call you mine.
Having your footprints in the sand,
Its as if you're holding my hand.
Making my heart whole,
Lifting up my soul.
Here you'll always be,
Right here next to me.

Oh you make me smile,
Smile even just for a while.
You make me feel so free,
Fulfilling my dreams.
So when it's cold at night,
and you can't see the light.
Just know I'm always here,
To take from you your fear.

Rising Above Bad Times

The times that we are living now,
May not be the best.
But you can make the times to come,
Better than the rest.
There is always people,
Who will make it hard for a while.
But you'll change people's hearts,
When they see you smile :)

It's the wonder that keeps the stars apart,
The wonder of what's to come.
No matter what you're going through,
I'm a shoulder to cry on.

When you feel like you're drowning,
In a sea of hurt.
And you feel like life,
Can't get any worse.
Just know that I am here for you,
Each and every day.
And I'm not going to fade away,
I am here to stay!

Sometimes Life Doesn'T Go To Plan

Sometimes life doent go to plan,
And you feel like you're running down,
The path you just ran.

Sometimes pain,
Becomes such a huge part of your life,
You feel like,
Everyones going ahead without you,
Without looking twice.

Sometimes things just dont make sence,
And confusion becomes,
The biggest thing in your head.

Sometimes its hard to take another breath,
But make the most of it all,
Before it's your death.

Lessons in life can be so hard,
Sometimes it's difficult,
To let down your guard.
Sometimes we cry.
not because we're weak...
But because we've been strong for too long!

LoLo LaLa

Strong At Heart

Just 'cos your strong at heart,
Don't mean you don't find things hard.

Just 'cos you come over strong,
Don't mean there's nothing wrong.

Day to day struggles can start to bring you down,
And it's hard to get rid of that never ending frown.

Just wipe those tears so the pain will never show,
And keep a brave face so no one will ever know.

Through It All

Why can I talk to you so easily?
But yet it's so hard, when it's not you and me?

Why is it only you I can open up to?
Just spill all my feelings, when I don't have a clue.
Even if there's nothing that you could do,
You'd still sit and listen, stay till it's through.

I don't think you realise how great you've been!
Helping me cope, between 13 to 16.

I don't think there's enough I feel I could do,
To repay you for those wise words you gave,
To help me sail through!

I hope this doesn't mean our friendships at an end,
'Cos you truly are an amazing friend!

Time Goes So Fast

Looking up at the dark stary sky,
Watching clouds move quick,
The wind pushing them by.

Making me realise,
Time goes so fast,
Teaching me that,
Nothing ever lasts.

I get a glimpse,
Of the old wise moon.
Don't you see,
It's shining for you.

Tears form in my eyes,
I wipe them,
The smile's my disguise.
So no one will know,
So my feelings don't show.

LoLo LaLa

Troubles Stay Away

I wish I could take all your troubles away,
Make them leave you, so they all come my way.

I wish I could bear your burden, life long,
So you won't have to face sorrow, today or forever on.

Well, i have to be honest, as much as i want it,
I'm not gunna promise that cold winds won't blow.
You're an amazing friend the best I've ever known.

I want to be there to protect you from your fears,
I know I can't, so I'll just wipe away your tears.

If I had just one wish, I'd wish you all the best,
I'd hope that you never shed a tear, and troubles give you a rest!

LoLo LaLa

What If?

What if... you were never gone,
What if... I had just kept strong,
What if... You could see me now,
Would you be pleased?
Would you be proud?
What if... nothing ever changed,
Would we ever be the same?
What if... I loose hope and let you go,
Will you forgive me, I love you so,
I wont let you go.
Dont be scared to love again,
But never forget that we were friends.
I thank you for everything you did for me,
What if you didn't would I still be me?
Someimes I think all i need is you here,
Then I remember your words -
Never give up, don't you fear.
So don't let go of the good times,
Let the bad ones know you feel fine.
Wear your heart out on your sleve,
'Cos love is all you need.
So here I am listening to that song,
And missing you for too long,
It's not time to move on,
What if... we did things different?

LoLo LaLa

Why?

Why are you the way you are,
What did I do to push you so far.
Is it me or is it you,
'Cos honestly I dont have a clue!
I love you more than you'll never know,
Please just dont let me go.
I'm so scared that i'm going to loose you,
Then regret all that we've been through.
Are you ever going to change,
Or are we going to stay the same.
I really want to make things right,
I wanna stop this never ending fight.
Even though all you've put me through,
I always will love you!
I am emotinally scarred,
By words that hurt my heart.
I wanna move on,
Cos I've been waiting for too long.
By dragging out this pain,
I am getting no gain.
I think I'll let you be,
Let you move on without me.
But wherever you go,
I want you to know,
You weren't there when I needed you most,
I still love you, so...?

LoLo LaLa

You Were Always There For Me

You were always there for me,
Through the good times and the bad.
You were always there to laugh with,
Or to help me when I'm sad.

There is always people who'll make,
It hard for a while.
But you'll change peoples hearts,
When they see you smile.

You always told me,
To keep my head held high.
And that worrying is useless,
So dont even try.

You're always there for others,
No matter what you're going through.
So I want to say thank you,
For all that you do,
And for just being you.
