## Magic What'sHerName(July 10,1993)

Hi my real name is actually magic, it's just not my first name. I'm not going to pretend to be something I'm not, neither am I going to hide anything. My poetry is like a diary to me. I write about everything going on in my life. People being rude, parents disaproving, and betrayel. I write how I feel, and I won't hold anything back. I write what others may have experienced (nd if so feel free to talk to me about it) , and no not all my poems are through personal experience. Most of them are, but not all. I like to thank you for reading them. If u hav something to ask of me.. go ahead.

## **\*\*low Self Esteem\***

You say I'm not good with words  
And that I don't need herds  
Of people around me to make me feel  
Any better about myself and it's a done deal  
That I'll heal  
I'm not the person you want me to be  
Or that you wish I'd be  
All I am is me.

I have low self esteem  
I'm falling apart at the seams  
And I just want to scream  
Praying you're on my team  
But your not  
I don't feel hot  
Or pretty  
But I feel kicked  
And I was always last picked.

I know I'm not ur favorite anymore  
I'm just a big bore  
And someone to be ashamed of  
I wish I was a dove  
Able to fly away  
I wish I could do that today.

I wanna fly away  
Somewhere I'm accepted  
Because I'm not even accepted  
By my family  
Sure they love me  
But only because I'm family  
Not that they even would love me.

No one does  
And no one should  
I'm not what I was  
And I could  
If I wanted too

But because of you  
I'm still here  
Putting up with these strange people  
But I do shed one tear  
Every now and then.

\*(A poem to people who don't accept me, Because they don't like me) \*

## **\*abuse Me\***

I sit on the ground  
I'm trying not to make a sound  
I stare at my feet  
Hoping he can't find me and beat  
Me until I'm all bloody and worn  
Believe me I could have sworn  
He looked like a good guy  
But hey people aren't perfect and they like to lie.

While I'm throwing rocks at a tree  
I feel like I'm going to pay a fee  
Soon he will find me  
I'm too tired to run anymore!  
He was such a poor  
Man and I thought he needed me  
But he used and abused me!  
And now he's after me  
He wants what he can't have  
I cried and all he did was laugh  
How could he be so cruel?  
Why does he look so cool?  
Why am I known as a fool  
If I were to believe him and let him in?  
How did this all begin?

He has found me  
I can hear him coming for me  
His footsteps get louder and louder  
He couldn't be more prouder  
As he takes advantage of me  
How could he just abuse me?  
Why would he want to use me?

He has gone away  
He went to abuse some other girl today  
RUNAWAY!  
He gets closer and closer  
Outside he's just a poser  
The girl buys what he is on the outside

Never to know until it is too late what is inside!

Run! Run!

You may think that this is fun

But you'll be left there to die

Just like me because of a lie

Because of that stupid guy

Why can't anyone stop him! ? !

\*(My poem for a guy in a mask, To rape me was his task) \*

## **\*alone\***

The lights have gone out but I don't care  
I sit in the dark alone, and on the floor as the air  
Around me makes it harder to breathe  
But as I curl up and watch the door close, I won't leave  
This is the life I deserve after what I put you through  
After all I was the one who came from the two of you  
And all you do is point your fingers at me  
As if I'm the one to blame for having me  
You say I'm a freak, a mistake, and you treat me horribly  
I write poems, cry myself to sleep, just to see if I can heal  
But with my evil twin I've made a horrible deal  
She kept telling me our parents don't care how I feel  
I made the wrong choice to believe that was true  
I let myself go, I wish I'd die, Now I wish I'd never have to  
Think about all I've done, it was all just a test  
But I've failed, I can't go on I've just messed  
With my chances of a better life, but how could I have known?  
Why was I given so much pain? Why was I left all alone?

## **\*depression\* X**

I just feel so down  
I only frown  
I have no smile left  
Depression is a theft  
I hate that I feel this way  
I wish my feelings will go away  
But I guess they're here to stay  
I feel like I don't care  
But I swear  
That I can't bare  
To be without feelings  
And my heart isn't healing  
Like it should  
But I would  
Do anything to take the pain away  
I'd do it today  
I wish I could talk about it  
But my parent's would throw a fit  
If they found out my reasons  
It's just not the right season  
To tell them how I feel  
But I'll make you a deal  
I'll tell you  
If you believe it's true  
Do you?  
Good because you should  
Now I could  
Tell you all about it  
But please don't throw a fit  
It's because of my dad  
He makes me so sad  
And then he gets mad  
At me for nothing  
And I'd do anything  
To make him proud of me  
But he can't see  
That I try too hard  
I play the wrong card  
Because he has no clue

That I'm sick with the depression flu  
And my mom  
Tries to play dumb  
She says she'll love me no matter what  
But she still treats me like a mut  
I still have feelings  
Even if my heart isn't healing  
I can still feel the pain  
That they're making me gain  
I want you to accept me  
But you can't see  
That I am what I am  
And you side with them  
And you don't accept me  
I just want to be me  
And I want them to love me  
I wanna make them proud of me!

\*(A poem that tells so many secrets of mine, A poem where my parents wished they weren't mine, A poem that proves I'm not fine.) \*

## **\*i Can Hear...\***

I can hear the water moving beneath me  
I can hear the rush of the waves as they try to eat me  
I can hear the wind as it blows around my face  
I can hear the dogs barking in a shadowy place  
I can hear my mother calling from behind the shore  
I can hear my father screaming as he slams the door  
I can hear death calling my name  
I can hear the devil say he's so happy I came  
I can hear the sound of my best friends voice  
I can hear God say it is all my choice  
I can hear the sadness as it leaks through  
I can hear someone whisper I love you  
I can hear my name being called a billion times  
I can hear the sound of water moving as someone drops dimes  
I can hear the sound of footsteps as I move forward  
I can hear the sound of my breathing as I moved onward  
I can hear the sound of my screaming as I fall to the ground  
I can hear everyone that gathered around  
I can hear as they all start to cry  
I can hear my breathing stop as I start to die!

## **\*i Just Want To Be Me\***

And I can be kinda loud  
But I'm still proud  
To be me  
See?  
This is what it's like  
To be true to yourself  
To never be like  
My life is on a shelf  
And I cant reach for it  
But that's not how it  
Is around here  
Sure I have a tear  
Every now and then  
But when  
I feel like that  
I ignore my dad  
Because he probably caused so much bad  
And I cry myself to sleep  
Praying to keep  
It away from him  
But he makes me depressed  
Like I'm not good enough  
And I try to impress  
But I'm not good enough  
He doesn't like how I dress  
Like I'm not good enough  
Its not like I'm perfect  
And I wont ever be perfect  
I just want to be me  
And honestly  
How sad is that  
That I can't be me and accepted?

\*(A poem to my father, To prove I'm unlike any other) \*

## **\*i Keep Asking Myself Why? \***

The sky darkens, as I stare at the moon  
I can only remember I have to leave soon  
I knew I could not stay here for long  
But, where I stand, nothing feels wrong  
As I stand tall, and stare at the sky  
I keep asking myself why?  
Why does reality hurt you?  
Why doesn't everything seem true?  
Why do the ones you love break you?  
Why is there nothing we can do?  
Why is it that there is no love anymore?  
Why is it that everyone seems poor?  
Why do men hurt children?  
Why do you seem older at age ten?  
Why do little kids have no one to look up to?  
Why must parents scream at you?  
Why is it girls get labeled and boys do not?  
Why can people have affairs and not get caught?  
I lost my train of thought  
So many times that we've fought  
Why can't we just go back  
To where we were before?  
Where there was no war?

## **\*i Wish I Had The Guts To Die\***

I wish I had the guts to die  
I'm tired of living this lie  
Everyday I cry  
Everyday I don't want to try  
I wish I could be me, myself and I!

I wish I had the guts to tell you how I feel  
I'm tired of trying to heal  
Everyday I try to deal  
Everyday I don't want to feel  
I wish I could heal.

\*(A poem for a friend, Who I told I'd wanted to end, This life because it is pretend, But will he defend?) \*

\*i...\*

I lock myself in my room  
With my music up to loud  
Why can't I make anyone proud?  
I cry myself to sleep  
Praying I can keep  
This away from him.  
I scream when he's gone  
But it feels so wrong  
I just want to belong.  
I take a step forward  
Looking death in the face  
I'm too busy making haste.  
I can't save me  
I pray that I'll make it out okay  
Praying that this is the only way  
I just want to end this life  
No one can stop me  
Why won't anyone stop me?

## **\*i'M Daddy's Little...\* X**

I'm daddy's little misunderstood  
Always wearing my hood  
With my headphones in  
Never letting you win,  
When you tell me what to do  
But I'm not listening to you.

I'm daddy's little baby  
And I'm thinking that just maybe  
I need to make a good impression  
So I hide all this depression  
I need to be a good girl  
I need to show the world.

I'm daddy's little angel so  
Just let that go  
Because here I stand  
Ready for you to understand  
That it's time I need  
Don't worry I need to bleed.

I'm daddy's little misunderstood  
And I never would  
Have let me go so easily  
So that I can be me  
You left me all alone  
And you should have known.

\*(A poem for my dad, I never meant to make him sad, But he only makes me mad, I so wish I had, Listened to my dad) \*

## **\*life And Death (Are They The Same Thing?) \***

I sit down and look around,  
But you know what I found?  
A world of unhappy people staring.  
All of them swearing.  
They wish for a better life.  
A husband doesn't want his wife.  
But it seems no one cares,  
So they all continue to swear.  
They live lives like nothing.  
They've got to do something!  
Don't just stand there and take the abuse.  
Everybody has at least one bruise!  
Someone's out there to get them.  
Not one treated like a precious gem!  
You get treated like you treat others!  
Where are all the mothers?  
Who is to teach these people what is wrong and right?  
Who will take care of them and make them alright?  
Little children start crying.  
What is their father buying?  
Drugs? Something to end their life.  
So a teenager pulls out a knife.  
Her parents are already dead.  
She wouldn't know what they would have said.  
She takes a chance and starts at the throat,  
And what I would have wrote  
Would be too gruesome to tell.  
She's going to hell!  
Let's leave it at that.  
There is no more chitchat,  
As someone pulls out a gun.  
See? How is this fun?  
They all begin to die as the sun  
Rises from the ground.  
There is so much sound,  
But no one came running.  
Well isn't that stunning?

## **\*little Girl (War) \***

The little girl outside is humming  
It seems the evil people are coming  
The day will soon end  
Where is this little girls friend?  
Her mother? Her father?  
What happened to her big brother?  
Why is she sitting there alone?  
She's nothing but skin and bone  
Does anyone love this little girl?  
Adorable with her curls  
Does anyone know this little girl?  
She starts to scream  
This is no dream  
Evil people come through the front gate  
Her parents come too late  
They grab her and start to run  
I watch everyone die as the sun  
Begins to rise  
This town was based on lies  
Everyone I love I watched die  
Everyone I knew I watched cry  
Life ends fast  
Soon We'll be in the past  
The fight is finally over  
I come out of my cover  
I look around the town  
Covered in red and people laying down  
I tried to pretend they were all asleep  
As I had to leap  
Over them to get out of this place  
But one single face  
Made me stop and stare  
My dad laid there  
My own father was dead  
Who will ever tuck me into bed?  
Where was my mom?  
I cried as someone let off a bomb  
I turned to see one last person stand  
He takes out his hand

He pulled the trigger to his gun  
I hope the evil people are happy they won.

people were killing) \*

## **\*meth Addict! \***

There you lay on the floor  
I walk in silently through the door  
You were so close to death  
Why would you ever take meth?  
You look bruised, broken and dead  
Why couldn't you have said  
That you were sad?  
Or were you mad?  
Either way you shouldn't have done this  
Do you know of all the people who miss  
You as much as I do?  
No one because no one loves you like I do!  
Please get some help or something  
Because on my finger is this ring  
I didn't say yes fo you to die on me!  
Or perhaps it was me...  
Did I lead you to do meth?  
Did I cause your almost death?  
If I did tell me to leave  
You don't have to beg please  
I just want you to breathe!  
I love you enough to leave  
But I beg you please  
Drop the meth and take a step away  
You will live through this day!

## **\*my Life Is Mine And Only Mine! \***

My smile is put on by plaster  
I wish my life would end faster  
Since I was born its been a disaster  
Why do you think you're my master  
And that you can tell me what to do?  
My life sucks with you  
So just leave me here alone  
And you don't own  
Me and you never did  
Even though I hid  
Or tried at least  
But you at let out the beast  
And I was left there to die  
But after my blood has to dry  
I will try to take hold of my life  
I've wanted to ever since I was five  
But people always wanted to boss me around  
And I'd let them without a sound  
But not anymore! Not this time!  
My life is mine and only mine!

\*(A poem for all of the bossy people in my life) \*

## **\*my Parents Don'T Accept Me! \***

My parents denied  
I was ever their kid  
I wanted inside  
But they tried to get rid  
Of their one and only child  
I thought they acted only mild  
But once I turned sixteen  
I had to fight not to make a scene  
They acted cruel and mean  
I only wanted to make them proud  
But then they'd scream way too loud  
I didn't mean to make them so mad  
But can't they see how much I'm sad?  
Why couldn't they ever just love me?  
Why'd they make me  
Believe I wasn't worth anything life gave me?  
Why couldn't I have been treated right?  
Why did they make me want to die every night?  
Why couldn't they show me the light?  
Why couldn't they be my parents for once?

\*(For all them bad parents out there, Who would never care, If their kid went anywhere, Or if they were treated unfair) \*

## **\*smearred Blood\***

I hear outside as the rain  
Begins to wipe away the pain  
All the smearred blood  
Begins to wash away in the flood  
Thank, God, that it stings  
No matter what life brings  
I'll always take the worst of it  
I'll take it without a fit  
I hear as I begin to scream  
I'm glad this is no dream  
I deserve to suffer  
It needs to be more rougher  
Why is everyone staring?  
Why isn't anyone caring?  
Seems that things shall never change  
No matter how strange  
The world may be at times  
Everyone fighting for dimes  
Money's running low  
But as I take the last blow  
I feel death on my shoulder  
I wish I could be boulder  
My skin is getting colder  
As I lay down on the floor  
The sky makes a loud roar  
Then I believe four  
Hours later I awake  
The light is too much to take  
In with these broken eyes  
I can see all of the lies  
I've told to everyone I know  
I watch as my chances for me going to hell grow  
I watch the sad look in God's eyes  
As I start to cry about my lies  
My name isn't in the book  
Without another look  
God is gone and in his place  
There is a strange, creepy face  
I'm going to hell

I knew after life wouldn't end well!

\*(A poem to where I'm going if I don't change my ways, Lies are deceitful and so are suicidal days, But never underestimate Gods ways) \*

## **\*so Now How Does It Feel? \***

I saw your picture again  
I let you get the better of me again  
Part of me can't stand you won  
You make me wish I had a gun  
See? Now look what you've done!  
I let you make me cry again  
You make me act like I'm ten  
I don't like this feeling  
My happiness you're stealing  
You hurt me and I'm not healing  
Do you see what you've done to me?  
So badly I want to be free  
But it's like I'm your own little pet  
I try to break free but I've upset  
You once again, and I know how it feels  
But you and I are making the wrong deals  
You hurt me, and I cut deeper  
My price for myself has gotten cheaper  
You make me feel so small  
I can't wait until you finally fall  
You'll feel what it's like for the rest of us  
You won't be able to take it and you'll cuss  
So now how does it feel?

## **\*the Little...\* X**

The little girl is looking for her mommy  
But too bad shes a druggie

The little girl screams for her dad

## **\*trapped\* X**

I'm trapped  
There's no way out  
Something in me snapped  
I can't help but pout

I've felt like this for so long  
There's no way these feelings will go  
Everything inside feels wrong  
I really wish I didn't know

I can't reach  
There's something wrong with me  
I can't even make a speech  
So my parents don't believe me

I feel so small  
There's no way I'll fit in  
Something in me will fall  
So let the games begin...

## **\*what's The Point? \***

Don't say a word, You don't look too well.  
There's something I've heard, About you and hell.  
If you don't change your ways, What's the point?  
At the end of days, You'll be one to disappoint.  
Stop acting calm, And for once listen to your mom.  
She tells you right and wrong, But you don't care;  
And you know before too long, You better be aware!  
Life is coming to an end, So be afraid.  
There's no way to defend, Then you'll wish you would've prayed!  
The world has to end one of these days.  
People goof around, as someone prays.  
What is with the world these days?

## **\*writing Another Reason Why I Choose To Die\* X**

I stare at my pink walls  
Wishing they would all fall  
Down and go away  
Hoping this is the only way  
To hide who I really am  
Never wanting to show them  
That this is who I really am  
But would they care?  
Would they only stare  
At me like a freak  
Because I'm not like them?  
But I can think  
For myself I don't need them  
I'm an obsessed vampire girl  
Trying to hide curls  
With straight hair  
Showing them I don't care  
What they think of me  
But they couldn't see  
That they make me cry  
When they lie  
About who I am  
Well, it's not up to them  
So they hide me away from the world  
And I roll into a curled  
Ball so they can't see my tears  
Because they bring back my fears  
With everyone staring at me  
They wanna change me  
But that isn't going to happen  
I'm not the same tappin'  
Ballet girl I once was  
I don't do whatever everyone else does  
So they should just deal with that!  
I dream I'll turn into a bat  
Hoping I'll be bonded with true love  
For eternity, but they all live above.

AS I AM!) \*

## ~the Town Is Burning! ~

This life is no longer safe  
The only hiding spot is this cave  
So I take a few steps inside  
I let the tears fall as I cried  
The world as I know it is burning to the ground  
Everyone screamed and I can hear their sound  
Who would have thought this town  
With all the people I love and hate would make me frown?

This cave is no longer lonely  
Theres a light and its glowy  
As I take a step toward the light  
I swear there is going to be a fight  
A man comes out of the shadows  
The smell! It smells like meadows  
Now I smell smoke  
I swear to God I'm going to choke!

The man lunges toward me  
What had I ever done to he  
Who has me trapped in his hands?  
Tell me because I don't understand!  
Who is this strange man?  
I'll tell you what I can  
To make you feel better  
He says and hands me a letter...

He was the one I loved  
I told him I lived above  
And that I've had enough  
I didn't know he'd go insane  
And I didn't know he'd try to gain  
Me back by burning everything down  
Including my family and this town!

Goodbye, love!  
I've had too much of this, so enough!  
You need to leave  
My love you won't receive

I've moved on and so must you  
Why can't you get a clue?  
This is not what I wanted from you!

So go and make this better, my old friend  
For this revenge, yes it must end  
Go rebuild your life with a new town  
Get over me and you won't frown  
So goodbye forever  
And I don't ever  
Want to see your face, NEVER!

# A Girl Can Dream X

I lock myself in my room  
And I hear a loud boom  
He tries to open my door  
But I'm right next to it on the floor  
Crying until my tears are gone.

Finally he stops  
He gives in with a loud pop  
The door falls over  
And I roll over  
I don't wanna die that way  
If I die I'll do it the right way  
A girl can only hope it'll work that way.

I'll wait until it's my time  
Then whatever is mine  
Can be thrown away  
Not like he wanted it anyway

My dad walks in  
He tries to pin  
Me to the ground  
And tells me not to make a sound  
I ignore him, and scream  
Hopefully someone switched teams  
A girl can only dream.

When it was all over  
I moved forward  
To the door  
Wishing there weren't four  
People standing so close  
But I hope they chose  
To be on my team  
A girl can only dream.

They tied up my wrists  
There were so many twists  
I can't tell if they used one or two ropes

A girl can only hope.

There were a bunch of strange men  
Saying exactly what they can  
Do to this girl  
They tell me to go and curl  
Into a ball and try to hide  
But I let that slide  
I stand my ground  
And I don't make a sound

They look at me and frown  
Then they try to drown  
Me and I can't breathe  
I wish I could just leave  
Then I wouldn't be put in this much pain  
I swear my dad's the main  
One in charge of these creeps.

He doesn't care what happens to me  
Why should he?  
It's not like he ever wanted me  
Why should he?  
I'm just some stupid mistake  
And my heart breaks  
So easily.

# A Sad Tale

My mother was crying in a leap on the floor  
My father had a knife as he stood by the door  
As I walk slowly from upstairs  
Its as if they don't even care  
My mother watched father very closely as it seems  
Then I close my eyes as my mother screams  
I open them after it went quiet, with my father staring  
I looked to mom then back at him glaring  
My mom was dead! DEAD! ACTUALLY DEAD!  
I looked beyond my father to see a bed  
As I looked back at my dad my face went red  
On the bed layed a girl I'd never seen before  
'You're next, ' he said as he kicked the girl out the door  
I started running as fast as I could  
But I tripped and fell and I should  
Have remembered to get back up but I didn't  
My father came to me and I couldn't  
Breathe and he tied up my hands and legs  
I scream and thrash as I try to beg  
My way out of my fathers touch  
He's grossing me out a bit too much  
He laid me down on a bed that was meant to nap  
I tried to fight back but in the end he would just slap  
Me until I stopped moving  
My legs stopped doing  
What my mind told them to  
When he said, 'I love you'  
I never knew he meant like this  
My breathing stops, my heart accelerates as you kiss  
All the way down to my neck  
The whole time I'm thinking 'What the heck? '  
I'm scared, fragile, little and your own daughter!  
But that just brought you laughter  
When finally I can't take anymore  
I hear a loud bang as the door  
Flies open and my father is off me  
I cry a silent plea  
Thank God someone is watching over me!

# A World Unknown

As I walk into a world unknown  
There I stand alone  
The world against me  
But I will not just flee  
I will fight for me to be free  
SO I WILL NOT BACK DOWN!  
My enemy will stand and frown  
He is not happy with my take  
On the world, he is but a mistake  
And I will not let him make  
Me into another I am not  
So we would have fought  
If I hadn't had one person on my side  
I have forgotten He's there. On my side.  
He will stand by me  
My enemy says he will not flee  
And God will not leave my side  
My enemy is in for a ride  
He can not hide  
From what God will do  
And everyone who  
Has followed in his ways  
All who obeys  
STAND BY GOD NO MATTER WHAT!  
He is everything but  
If you disobey, all must pray  
Ask for forgiveness today  
And you will all be okay!  
So whose side are you on?  
Would you die for fun?  
Or will you live on?

# Accept Me As I Am

No one hears my screams  
Because I'm falling apart at the seams  
But no one is on my team  
And I silently cry  
Wishing I would just die  
Because I don't get treated right  
People judge me because I stay away from the light!  
They don't think I'm good enough  
So I try to act tough  
And I cry myself to sleep  
They have no clue I weep  
Because of how they make me feel  
And I try to heal  
But I can't do this on my own!  
And I'm all alone  
My parent's should have known!  
That they should just love me no matter what  
But you know what?  
It sucks when your all alone in this world  
You have no place to hide  
This stupid, unfair world  
Is like a roller coaster ride  
But I don't know how people live through this  
I can't even make it through this!

# Arms Are Tied And I'M Terrified!

My arms are all tied  
Up and I'm so terrified  
What if something were to happen to me?  
What will become of he  
Who makes this hurt me?  
Is it my time to go?  
I should have done something a long time ago  
How could you let this happen to me?  
The last thing I remember is you and me  
We were sitting in a room  
Singing along with the music as it goes boom  
THE MUSIC IS TOO LOUD  
Your mom screams from below the crowd  
Then the lights go dark  
All the dogs bark  
Soon I'm gagged  
Then I was dragged  
Away from you but what did you do?  
You didn't do anything to save me from you!  
So here I sit with my arms tied up  
I watch you walk through the door terrified  
I see that he's got you too  
I hope I get to watch him kill you  
Since you set me up but you were the dumb one  
You believed his lies and we won't ever see the sun!  
You set both of us up for disaster  
Can't he make this go any faster!  
PLEASE! PLEASE! PLEASE!  
Just cut me open and let me leave  
I don't want to see your face  
Not here, not in this place.  
See here I am  
They let you loose since your one of them  
It was all just a show  
That you just wanted me to know  
That you'd rather have me dead than alive  
So you pulled out a knife and took my life...

## B

Before I let my life fly away  
Better make sure this is the right day  
Because if it weren't then I wouldn't be okay  
Bold I am but not this bold  
Breeze around me begins to grow cold  
Bop into night air  
Being in life without a care  
Better to live one last day  
Bring one last good memory today  
Because on Monday  
Bitterness about me will soon be over  
Because it's time for me to move over  
Betting to lose my life  
Because it's bringing so much strife  
Better do me a favor  
Be gentle I don't ask for much  
Be nice to the one you gave her  
Blaze in your fiery touch!

# Bar

Your sitting at the town bar  
No one knows where you are  
Will you ever come back?  
Your dads ready to give you a good whack  
Your moms been worried sick  
I didn't know your drinking problem would stick  
You've got to let it go  
Because the next thing you'll know  
Is your addicted and you can't stop  
And I'll have to be there to mop  
Up the mess you you've made of yourself  
But that's what best friends are for  
When you can't take anymore  
I'll be there to pick you up off the floor  
Rescue you from the bad people in life  
Protect you from your strife  
I have to keep you alive  
When you want to just dive  
Into a pool that would drown you  
But there are people who love you  
So get out of that damn bar!  
Let us in to where you are  
Put down that damn drink!  
What do you think  
Will become of you?  
All the rumors are true  
Idiots that get addicted lose everything they love  
Yeah, they all think they'll live above  
But you can't protect yourself  
Not if you let yourself  
Go and watch yourself drown!

# Blow Me Away X

Blow me away  
Forget yesterday  
What happened doesn't matter  
Don't let my heart shatter!  
Keep it safe for me  
Don't break it apart just to see  
If it will break  
It is more than I can take  
I love you with my whole heart  
Don't rip me apart

Take care of my heart for me  
Don't take any chances please  
Do not threaten to leave  
It is more than I can bare  
Don't say you do not care  
Because I know you do  
Your just too scared to be you

Don't run away  
Bring me back today  
What happens, happens for a reason  
Don't charge me of treason  
Keep this heart safe for me  
Don't test me so you can see  
That I will break  
I don't know how much of this I can take  
I love you with everything in me  
Don't rip me apart please!

# Can Anyone Save Me?

How could I have such a screwed  
Up parent that booed  
Me when I did something good  
So I hide in my hood  
As I walk in through the front door  
People say I'm very hardcore  
Because of the way I dress  
Or the way I mess  
Around and write so strangely  
All I know is that I plea  
That someone would rescue me  
How could someone not help me?  
Can't they see the real me?  
I'm hiding somewhere and I'm waiting to get out  
No one listens to me while I scream and shout  
Can anyone save me?  
Or does anyone even try to save me?

# Colors Fade (War)

I watch as the colors fade  
To black and gray  
I watch as little miss queen bee parades  
Around like she owns the day  
I watch as the love of my life  
Takes out his knife  
I watch as his blood stains the floor  
He has claimed war!  
I watch as more men arrive  
To see pretty faces no longer alive  
I watch as the town goes up in flames  
To never remember any names  
I watch as they try to fight  
To never see the light  
I watch as one girl makes a stand  
She reaches out with her hand  
I watch as she loses an arm  
She now has harm!  
I watch as someone pulls out a gun  
This no longer makes it fun  
I watch as before the sun rises  
The town switches sizes  
I watch as I'm the only one left here

# Did You Ever...? X

Did you ever care?  
Was I just a nobody to you?  
Did you ever swear  
That I didn't look like you?  
Did you ever wonder  
What would happen if I'd never been born?  
Did you ever ponder  
How bad I'm torn?  
Did you ever think  
That you'd make my life a living hell?  
Did you ever freak  
When I didn't feel so well?  
Did you ever make  
My life miserable because of love?  
Did you ever take  
Away what I had because you've had enough?  
Did you ever care  
That you made me feel sick?  
Did you ever bare

## Did You...? X

Did you come back for a beer?  
Did you come back for a smoke?  
No, you came here  
To tell me this isn't a joke  
That you weren't killing yourself  
Well, not anymore  
You put it all on a shelf  
Never to see it anymore.

You don't know how proud I am of you  
And I can't begin to tell you  
That I am glad you are  
Not at the town bar  
But you say it's going well  
That you can't tell if hell  
Has gone away and God showed you the light  
And that you gave up without a fight.

Did you come back for a beer?  
Did you come back for a smoke?  
No, you came here  
To tell your folks  
That this isn't a joke  
That you were going to be okay  
That this is today  
And that was in the past  
And you wouldn't have last.

You were alive  
God protected your life  
You never felt so alive  
You were saved  
I knew you would have caved  
Sooner or later  
You gave up forever.

Life is becoming a pain.  
It's making me go insane.  
I need something to block this!  
It's not like I'm going to miss  
Any of this happening here.  
So go get me a beer!  
Let me drink the night away.  
I won't remember it the next day.  
Let me live my life this way!  
A few months have come and gone  
I'm still not done and it's almost dawn.  
I have to get up off this seat.  
I need to stand on my own two feet!  
I need to make life mine again.  
I need to breathe again!

Do to get the hell out of here.

# For Once In My Life I'M Not Scared To Be Me!

Each day I get stronger  
This depression won't last any longer  
For once I'm not scared to be  
What everyone doesn't want me to be  
But all I am is me!  
If they don't understand that  
Then they can just leave like that  
I don't care!  
Not like I need your approval  
You are just a removal  
And I don't care what you have to share  
Make fun of me  
Stand there and laugh at me  
Doesn't make you a better person inside  
Makes you a jerk on the outside  
So you see me walk down the street  
While I got combat boots on my feet  
While I'm wearing black in this heat  
Just look the other way  
I don't care what you have to say today  
Or any other day.  
I used to let people get me down  
I'd give them the satisfaction of making me frown  
I even let the whole town  
Take me down  
But not today  
This is where I stand up for me!  
So listen I'm going to be okay  
For once in my life I'm not scared to be me!

# Go Green

The lights go out  
It was only about  
Four minutes till tomorrow  
But I've been filled with sorrow  
Since I was eleven  
But as I stare, seven  
Years into the future  
Everyone like a vulture  
Looking for food  
Kids trying to be good  
But what have they learned?  
Parents have all burned  
Up all the good impressions  
Kids left with different depressions  
Kids wanting to be kind  
But still trying to find  
Wherever their mind  
Has gone away from them  
But as I return to who I am  
I think of all of them  
Our world isn't looking so bright  
It just isn't right  
People will put up quite a fight  
To remain alive as they are now  
Wondering just how  
They got to be this way  
Make it last, today  
Because it will be gone before  
You want it to be, but more  
Bad things you've yet to realize  
Are on their way so everyone dies  
And this world will be gone  
We will all be done!  
So lets prevent this  
Because it's one thing you'll miss  
If it were to ever leave and not come  
Back, because of us being dumb  
And not taking care of what we have  
So don't just sit there and laugh

Because you won't be laughing then  
You'll be wishing it was back when  
Trees grew, grass was green,  
People weren't so mean.  
So do something AND GO GREEN!

# Hate

I hate this life  
Why can't I just die?  
There's no possible way  
To save my life  
I can't help but cry  
Things will never be alright.

I hate my hair  
But really I don't care  
I don't want to straighten it  
Everytime it gets wet  
So I'll just leave it curly  
Even though it looks too girly.

I hate my friends  
They made it all end  
And then they make fun of me  
Because I don't want to be friends  
With them  
They humiliate me.

I hate you  
You know I do  
But you keep asking me why  
And I just lie  
And say everything's alright  
But I won't make it through the night...

# He Loved Her

He fell in love,  
She lived above.  
He loved her,  
She had better.  
He said forever,  
She said never.  
He said I love you,  
She said I know it's not true.  
He loved her.  
She left him because this isn't clever.

Later on he fell in love.  
Later on she didn't live above.  
She tried to get him back,  
He didn't keep track  
How many times she called him.  
She told him  
I love you,  
He said I know it's not true.  
She told him that she isn't lying,  
But inside he feels like dieing:  
He still loves her,  
She didn't love him,  
He said forever,  
She said never.  
Now she thinks it's clever?  
He said it's too late  
He fell in love with Kate.  
She said she loves him  
Never wanted to let him  
Go.  
But now he knows  
That she truly does love him  
But he pretended he doesn't feel the same  
She goes insane  
He said where were you these past years  
She said I had too many tears  
He said stop lying  
She started crying

She said if you don't love me  
I won't ever be  
Whole again.  
He said I still love you.  
She said forever?  
Forever.

# Head Over Heels

I tried to conceal  
Myself  
So that I could heal  
But I never made it  
Because then I met you.

I tried to run  
Away  
But you said let's have some fun.  
Why today?  
This isn't really going to work.

I'm not whole  
See there's this hole  
In my heart  
Since someone stupid  
Had to rip it apart  
But did he even care?  
No.

He's with some girl  
Says he'll give her the world  
But the girls head over heels  
And she doesn't know he has a deal  
To see who can have the most  
We're treated like ghosts  
And after he's done  
We're left alone.

But you claim your different  
But what makes you so different?  
You'll still break my heart  
But you claim you have glue  
And I'll have a whole heart  
But how could you do that?  
I'm too sad to care  
I let you glue my heart  
And I fell in love again.

# Hello There

Hello there my dear. It is me.  
I am barely  
Getting the hang of you  
I know what we have is true  
But I'm not used to this feeling  
I had no clue what I was dealing  
With when I first met you  
It hurts at times  
When I know you aren't mine  
But then its great at times  
When you are only mine  
I feel butterflies  
My heart skips a beat and I cry  
But they are happy tears  
And my eyeliner smears  
You have taken my heart  
We can never part  
I'll stand by you  
No matter what you do  
I'll stand by you  
Because I love you.  
One year later  
You've become such a hater  
I thought we were meant to be  
You were supposed to love only me  
I won't last without you  
I don't know what else to do  
Since I am not the only one you love  
I've had enough  
Someone else has come  
And you said we were done  
What you have done  
Is unforgivable  
You are now just removable  
I can't believe  
You would do this to me  
After all of these years  
You've given me laughs and so many tears  
When did you ever stop caring

When were we done sharing  
The love between us  
I didn't know you because  
You would have never done that to me before  
Why did you run for the door?  
You used me  
You abused me  
I won't ever be  
The same ever again  
I'm alone once again  
I'm going insane without you  
I don't know what else to do.

Here's the after picture  
I so wish we were  
As close as we've always been  
We've been tight since we were ten  
But this is a different story  
It can get kind of gory  
I wish you would have trusted me  
When I said that he  
Would never come between us  
There was no need to fuss  
You were the only one I've ever loved!

Here's the last picture  
It's us as we once were  
Two people in love  
And I can't get enough  
Of you and I hope you never leave me  
Forever we'll be  
Together and no one can put us down  
You were the only one to make me smile when I had a frown  
Forever I'll love you  
Forever just me and you!

# House Burned!

I watched as your house burned  
You shall never return  
I have killed your mom and dad  
I've left you feeling sad  
That is what you get for losing me  
Now you shall never forget me  
I shall be with you forever  
Yes, we will be together  
As long as this lasts  
I'm waiting for you in casts  
You shall heal from the wounds someday  
And this one brilliant Monday  
I have made you so blue  
But only because I love you!  
So marry me today  
What happened yesterday  
Is in the past  
You're out of your cast  
Forgive and forget  
I will even let  
You change me  
So now can't you see?

# How Will He Kill Me?

She has no idea where she is  
He says that she is his  
But who in the world is he?  
Her life he couldn't guarantee  
She tried to move away  
But he'd tied her up today  
He said there was no other way  
She had to die for yesterday  
He did this out of revenge  
He felt he had to avenge  
His dead brother, who died  
And he spent a year and cried  
So now someone must pay  
Nothing is ever going to be ok  
But he had to do something  
Because the pain did sting  
He got back to the here and now  
And he was wondering how  
He was going to kill her  
Hoping this would be the cure  
He wanted to not think anymore  
She screams, and he'll ignore  
Until the deed is done  
But first, will he use his gun?  
Or drown the fragile child?  
Should he keep it mild?  
Or go all out and be slow,  
Watch her life flow  
Right out of her body?

# Hurting Me

This is not what I wanted  
I'm not ready to die for you  
I hope you realized that I love you  
But this is more than I need  
I'm not going to take the lead

I'm not going to bleed  
For someone who can't find the need  
For an I love you  
But I knew you would do  
What you wanted to  
Even if that meant hurting me

This is not what I signed up for  
I'm heading straight for the door  
I'm not gonna stay here much longer  
We won't be together forever  
I know that much is sure

So what am I to you?  
Nothing that important  
Since you didn't even love me  
But I loved you  
I just wasn't going to die for you  
And you were important to me  
I couldn't stand losing you  
Or being away from you.

# I Don'T Want You Anymore

It got so close that I forgot  
That you were so not  
What I've been looking for  
I don't want you anymore  
You weren't the one for me  
But it wasn't like he  
Could have not gotten in the way  
When were you going to tell me you were gay?  
I don't know what else to do  
I was falling for you  
But you don't even like girls like me  
None at all can't you see  
How that will affect us  
Its not me because  
I wasn't the one who was cheating  
On some dude repeating  
This over and over again, please  
Can't you go without a scene? Leave  
It's not like we can ever mend  
We won't ever be just friends  
I can't live like this  
Pretending that damn kiss  
Meant nothing to me  
It's time for you to leave me  
Don't come back  
So just go and pack  
Up your things and go home  
Its time for you to roam  
Away from me and forget me  
Please just leave me  
I'll be fine once I pick up the pieces  
With your two faces haunting me, damn faces  
Won't leave me alone. Please just go  
There's nothing I would want to know  
So please don't try to explain  
Just let me go insane  
All by myself with no one there  
Why did you say you love me when you don't care?

# I Dream...

I dream so deep  
While I sleep  
Hopeing I'll never have to wake up  
I don't like reality  
It scares me.

I dream about you  
Wishing I could tell you  
Everything about how I feel  
But you'd break my heart  
And I probably won't heal.

I dream about my mom and dad  
But they make me so sad  
How can I be this bad?  
Why am I such a nobody to them?  
Why am I just so stupid as I am?  
Why won't they understand?

I dream about my brother  
He looks just like our father  
He makes me mad  
And then I cry  
I'm too sad  
To lie.

I dream about my sister  
Also dreaming of a mister  
Hopeing he could heal my heart  
But never rip it apart  
Praying I'll have my smile back  
Because it's happiness I lack.

# I Thought I Didn'T Care

silence fills the air  
I feel so bare  
like I'm out in the open  
and anyone could kill me  
if they really wanted to  
but i want you to save me  
don't do it for me do it for you  
silence drags on  
and I thought this would be fun  
but there is no sign of you  
I knew you were too good to be true  
so I tried to run away  
but someone found me that day  
it was you  
you said I've been looking for you  
I told you  
you knew where to find me  
but you didn't see me  
were you even looking for me?  
I was out in the open, waiting for you  
but you just blew  
me off  
and walked off  
you don't care  
and someone like you is rare  
and I thought you were going to save me  
but I thought wrong  
since you couldn't be  
the boy strong  
enough to win me back  
so don't stay jack

## I Wish...

I wish it was this easy  
I wish I wasn't going crazy  
I wish I could not be so lazy  
I want to do something with my life  
I want to be able to put down this knife  
I want to live to see tomorrow  
I don't want all of this sorrow  
I can't do this alone  
I need to be sewn  
Together to be whole again  
I wish this would not happen again  
I won't give my heart away so easily  
I won't be treated wrongly  
I wish that life would end good  
I wish I didn't have to hide in a hood  
I wish my parents would understand  
I just want to be in a band  
I want to be loved  
I don't want to be shoved  
Together we could make this last forever.

# I'M Broken

What's wrong with you?  
Why do you feel sad too?  
I'm the one whose worthless and a mistake  
Why should you take  
Anymore of me?  
Why can't you see?  
You deserve better  
So take this letter  
It says how much I love you  
But we'd never make this last: me and you  
You deserve someone who's smart and funny  
Someone your not ashamed to call honey  
And this doesn't involve any of your money  
Just take a deep breath and you'll find love  
It just won't be with me so be tuff  
Because I believe you've had enough  
Of the unperfect, worthless me  
So stand up and be  
Strong and just let me go  
Just so you know  
I love you  
Yeah don't let it get to your head too  
I won't ever stop loving you  
But you must leave me broken!

# I'M Sorry Mom

I'm sorry mom.  
I never meant for that to happen.  
I'm sorry mom.  
But I'm not the same tappin  
Ballerina I was ten years ago.  
But please I don't want you to go.

I'm sorry mom.  
That I can't be what you want me to be.  
I'm sorry mom.  
That I can't make you proud of me.  
I can't help if I love vampires.  
But please don't make me a liar.

I'm sorry mom.  
That you didn't understand.  
I'm sorry mom.  
That I never took a stand.  
But you taught me to be like this.  
So please don't diss.

I'm sorry mom.  
I never wanted you to cry.  
I'm sorry mom.  
I really want to die.  
But you never showed me you cared.  
You never once liked what I weared.

I'm sorry mom.  
This wasn't how it was supposed to be.  
I'm sorry mom.  
I only wanted to make you proud of me.  
But you always tried to change me.  
But why can't you believe?

# I'M Too Sad To Fight Back (Kinda Funny)

You arent so bold  
I gave you my heart to hold  
But you dropped it  
And left it  
Somewhere  
I can't find where  
But I feel it's broken  
And I can't find the key  
You've thrown me  
Away and you dont care  
And to be fair  
You look like a monkeys a\*s  
And I'm sure the feelings will pass

I never meant to make my parents sad

I never meant for it to turn out this way

I never meant for everything to not be okay

# It Was Only A Dream

There is only one place  
Where I can't see your face  
Hidden here in the dark  
I can hear no bark  
No people talking  
No people walking  
I can't see your face  
This is my one place  
I love to visit  
But I must have hid it  
Because I can no longer find  
This one spot in my mind  
Where your face doesn't haunt  
But it is you that I want  
But why? After what you did  
Yes, I am only a kid  
But you didn't have to get rid  
Of me like the way you did!

This one place...  
Gets rid of your face  
I can no longer taste  
You as I smell the clean air  
Out in the open I'm bare  
While I'm all alone  
No one should have known  
What I'm about to do  
Because I love you  
I can't live without you!  
So I pick up the knife  
As I'm about to take my life  
Your face pops into my mind  
But one problem: you seem so kind  
You say you're trying to find  
Out where I am  
But behind you I see them!  
My mom and dad are with you  
So go and do  
Whatever just don't bug me

Because I don't want to see  
You face in my mind again  
You ask again  
Where are you?  
No I don't believe the lie is true!  
Leave! I scream back at you.

Wake up! He screams back at me  
I open my eyes to see  
Him standing over me  
Red soaks the ground  
I try not to make a sound  
As I'm lifted into the air  
Maybe he really did care...

# Life Seriously Sucks X

My father sits in the living room  
Drinking more and more  
He set us up for doom  
Because his life is a bore.  
So he grabs a beer  
And waits a year,  
Until he tries again  
But he is blind again.  
Lets everyone get to him,  
And his new boss Kim  
Makes him drink more.  
She's rotten to the core.  
He doesn't have the money  
And he keeps calling me honey.  
But I can see through him.  
So I talk to my friend Tim,  
And he tells me  
That I should wait and see  
So I wait and see...

I see my dad  
Try to hide all his bad.  
He covers it with lies  
And my brother cries  
And I start to die.  
I can't take anymore  
Of his dumb lies.  
I don't care if his life is a bore!  
I don't care if he hurts inside!  
He's lost all his pride,  
And he's lost me.  
I waited to see  
That he wasn't going to change for me.

# Love Story With A Twist

this is a love story with a twist  
one with bloody wrists  
it started with one kiss  
and ended with a diss  
there was love all around  
but it only brought them down  
they started to frown  
suicide was brought up  
they didn't want to break up  
but if it doesn't work it doesn't work  
but he didn't have to act like a jerk  
there was no need for stupidity  
all she had for him was kindness  
she loves him with all her heart  
to bad they fell apart  
she wishes things were better  
he says it doesn't matter  
she cries herself to sleep  
he wishes he could keep  
her forever  
but he will not ever  
get a chance at love again  
suicide was brought in their path  
she felt his wrath  
he was dead  
she should have said  
that they made a huge mistake  
and it only caused her heart to break  
the next day she was gone  
she was done  
she had enough living without him.

## Love-Struck Mess!

I used to long for your every touch  
I think I wanted it too much  
Because this is such  
A sad thing for you to leave like this  
Why did you have to just diss  
Me as you walk out my door?  
Why couldn't you do it before?  
Before I fell in love with you  
You make me so blue  
That I wish I was somewhere else but here  
Where I didn't have this damn tear  
Streaming down my cheek  
As you take one last peek  
Through that door as you slam it shut  
But you know what?  
I hope you die as you walk out that door  
I hope lightening hits you as you fall to the floor  
But behind all this bitterness  
You've made me a lovestruck mess!  
And all the bad things I want to happen to you  
I'd cry if they would have happened to you  
I love you!  
But please don't make fun of me  
If you must leave!

# Man Have Things Changed

Man have things changed  
Everything is getting so strange  
Why must it end this way?  
Will everyone I love be okay?  
Man have things sucked  
Everything can get so f\*cked  
Why will He let this go on?  
Will there ever be another sun?  
Man have things been so screwed  
Everything is based on my mood  
Why would I let myself get that way?  
Will everyone I love make it out alive today?  
Man have things been really bad  
Everything makes me sad  
Why must the world end?  
Will I have someone to defend?

# Miss Madness

I'm miss madness  
Hidden in darkness  
And I left you breathless  
Because I'm careless  
And your left with sadness  
Because I didn't stop and think twice  
I thought you had lice  
And ran the whole way home  
To my special dome  
Where I live in quiet  
I may look like I'm on a diet  
But I just dont eat  
And my feet  
Are hidden in big black boots  
Where I wear whatever I want  
and I can just haunt  
Anyone else I want  
Because I'm miss madness  
And I'll stay hidden in darkness

# Mistake

I'm just a mistake.  
My heart breaks.  
Never felt so empty.  
So scared to be me.  
I only let you down.  
I'm sorry for your frown.  
I'm the one that caused it.  
I just don't fit.  
In here and I'm sorry.  
But I just worry.  
You'll get rid of me somehow.  
Whether it's then or now.  
I don't have a clue.  
But know that I love you.  
I'm just a mistake.  
You thought life was a piece of cake.  
Never expected to meet a boy.  
Who used you as a toy.  
Loved you and left.  
He was a theft.  
He made you have me.  
That's how we.  
Are in this position now.  
But really how.  
Could you do this to me.  
Just blame it all on me.  
I never did anything.  
I should be blamed for nothing.  
I never made you do anything.  
I didn't make you love him.  
I didn't make you go in the bed with him.  
I didn't make you fall for him.  
I didn't make him love you.  
I didn't make him use you.  
I didn't make him lie to you.

# Murder

Murder  
Turned her  
Into the monster she is  
Her family was murdered  
She went from pink to black  
In a matter of minutes  
Never left her room  
She's too scared to come out  
She sits in her room and pouts  
Dreaming of the good old days  
When everything was okay  
When her daddy yelled at her  
When her mommy screamed at her  
She loved them  
And she hopes they miss her  
Just as much as she misses them.

Murder  
Turned her  
Into the freak she is  
She doesn't deserve this  
She deserves happiness  
But instead she has madness  
And I think she's going insane  
I'd do the same  
If I were her  
But I hope there is a cure  
Because she's too pure  
To be left alone  
But she's too far gone  
Soon she'll be done  
But I wished she gave life a chance  
Never had her first dance  
Never left her room.

Until this afternoon  
That's when she was found dead  
Murder  
Changed her

Into thinking it was okay  
To not live today  
She never had a reason.

It was winter in the season  
She layed down in the snow  
And there was a big blow  
Left her covered with snow  
It hid the red well  
But I hope she doesn't go to hell  
Because she doesn't deserve this.

# My Poem For You!

This poem is for you  
Since you wanted one too  
For you my one and only love  
I could never have enough  
Of you by my side  
No matter how hard I cried  
You're always by my side  
No matter how many times I wanted to die  
You were always by my side  
This is what a true friend is like  
Always joking around and saying sike!  
I love you with all my heart  
This is only just the start  
We've got our whole lifes ahead of us  
My reason for living is you because  
You changed my world from black and white to color  
Because of you I won't love another  
When I'm sad you can always cheer me up  
You are everything I was looking for, YUP!  
I wouldn't give you away for anything  
If you were to leave it'd be a big sting  
Please don't leave if you were I'd die  
I love you, Guy!

# My Sister

So listen here mister  
I want to introduce you to my sister  
She likes to have fun  
Running around in the sun  
She likes to move to her own beat  
I believe she has two left feet  
She thinks the worst of herself  
But she's better than myself  
She lets people get her down  
She smiles then she frowns  
I think she might be a little bipolar  
Her clothes don't match because of color  
But she doesn't care what people say about her clothes  
It doesn't matter to her what she chose  
But her mom is a different story to her  
She just wants a cure  
To make her mom proud of her!

# No Escape

There she sits all tied  
Up and terrified  
She screams for her life  
He pulls out a knife  
She stops breathing  
He stops her from ever leaving  
There is no way to escape  
He gets out the tape  
She cant talk  
She cant walk  
She wants to be free  
She wants to see  
Her family again  
She wont ever see them again  
Life is a precious thing.

No matter who you love

# No One Cares

My life is so cluttered  
Its like living in the gutter  
People all around you mutter  
Like your not even there  
So how much do they really care  
Not enough to make me feel good  
So I'll hide right here in my hood  
Make it look like I'm just another  
One to watch our for  
Because you don't wanna mess with me  
Because I'm a troubled teenager  
You wanna put a wager  
On me to see if I'll make it  
To see if I can fit  
In with other people  
Instead I hide in the steeple  
Praying to God they find  
Where my mind  
Has gone  
Because I swear  
That no one cares  
If I'm alone  
And I can't believe  
If there is such a person  
To believe in me  
And I hide from the sun  
Wishing someone would shoot it  
And I won't ever fit  
In with anyone in this world  
I'm just not a normal girl  
But the word  
Is that I'm not worth it  
And no one wants to be with me  
Why don't people like me  
And I pray to God  
That this Tod  
Person goes away  
He's annoying today

# Olden Day Love

There once was this girl who wanted love  
There once was this boy who hated love  
He wanted it to all end  
He wasn't going to ever pretend  
That he would live for this  
Not even one single kiss  
Could change his mind he was sure  
But then he saw this picture  
Feelings came out of nowhere  
He tried to care  
He couldn't make himself  
He had locked his heart on a shelf  
Never had he wanted to give it away  
But this one day?  
Somewhere out there a girl changed his mind  
It was only a matter of time before he had to find  
Out where she lived and he needed to see her  
Nobody is like their picture  
So he finds out where she lives and knocks  
The girl looks like she is going to mock  
And he gets down on one knee  
She starts to plee  
I do not know, thee!  
He got mad and then left her standing there  
Gaping at him as he walks else where  
WAIT! Where are you going to go?  
He said why would you want to know?  
I just wanted to ask  
This is her new task  
Will you marry me?  
He said, 'Yes, I will marry thee! '

# One Way Love

Do you see this razor?  
Every teenager  
Owns one  
Just in case their only one  
Chose to leave them  
Or they simply chose not to live  
But I would give  
Anything to have someone  
Take my razor  
So I can't kill her  
Because she took my love  
Away from me  
But she doesn't care  
She claims she has love  
For him, but she just uses him  
And I want to die even more  
My hearts hole grows to the core  
I swear every time he gets hurt  
I hurt even more  
But this is major  
So huge, I can't tell  
If this is hell  
Because it sure feels like it  
We need another first aid kit  
To protect us from the world around us  
And protect us from the lust  
So you see this razor?  
It makes me a love struck teenager  
Except it's a one way love  
The guy has no clue I'm alive!

## Outside X

I'm looking out my window  
Watching the wind blow  
The trees are dancing  
The scene around me enhancing  
The sky darkens  
I think I'm using my lenses  
While the sun sets  
Everything seems to be getting wet  
As it silently rains  
The darkness it gains  
Control as it takes over the world.

# Please, God, I Pray!

The light outside is gray  
I wish I could just play  
I'd take you up on your offer anyday  
But this one Monday  
Is unlike any other day  
The rain falls and I hope everyone is okay  
As the thunder starts I begin to pray  
That everyone will last another day  
I didn't know what else to say  
If I were to die this one day  
I'd rather it was me than anyone else okay!  
I deserve to die and I don't deserve to stay  
I just want to go away!  
Please, God, I pray  
That you'll take me away  
Bring me home today!

# R.I.P. Magic

Here lies Magic  
Dead from tragic  
See her best friend Suicide  
Only lied  
Told her things will get better  
Told her to write a letter  
Tell her parents she's gone forever  
She died with a fever  
Even if it was nothing but a lie  
How could she tell her parents she wanted to die?  
Damn that friend Suicide  
How could she have lied?  
Things haven't gotten better!  
Her parents have read that letter  
Magic sold her soul to a debtor  
Forever she won't get better  
She lost her chance for a change  
She is in a total outrage  
How could a best friend do this?  
What had she ever done to deserve this?  
She sells her life for Suicides  
But she doesn't feel better she just cries  
Now it's her fault she can't go to a better place  
She loses her taste  
And she can't remember her own face  
She's been gone for so long  
Well, after all of the wrong  
She's done she hasn't come back  
Not until she rises from the fact  
That she sold Suicide's life  
Just because she wanted to be alive  
But what happened when she wished she were dead?  
Waking up and seeing her parents faces she dread  
But because she knows what is coming next  
Well what would you expect?

# Reflection

I stare into the cold and glass mirror  
While I shed one tear  
Wishing I could be whole again  
Wishing I would never hurt again  
As I look  
I get hooked  
There's someone there  
She looked like she cared.  
But it was my own reflection  
I'm just so afraid of rejection  
That I don't let anyone else in  
I try so hard to fit in  
But no one likes who I am  
I'm so afraid of them...

# Save The Planet!

Wanna cut down that tree?  
You have to pay a fee  
Do you know your killing our planet  
You don't even have to plan it  
Destruction is in your blood  
What would happen if there were a flood?  
Would you be saved  
Or would you have caved?  
Stop ruining it more than you have to  
Because it loves you  
Don't let it die to look cool  
You'll end up looking like a fool  
Protect it and it will last longer!

# Scream

I scream out loud  
I just wanna make you proud  
But no worries  
I hope you know I'm sorry  
But I'm still in my youth  
And that's the truth  
So don't waste your tears  
I still got years  
And I'm gonna shine through  
And who I am aint up to you  
I'm gonna be who I wanna be  
And that's just me  
I scream until I can't scream anymore  
Because you don't like what I wore  
But I got no worries  
I know your sorry  
But hey you better love me  
Because I'm all that I can be  
And you should know  
That if you don't like it then just go  
I don't care  
I swear

# Segregation X

Black vs. White

Black thought it was wrong

White thought it was right

They took too long

To make it work

The white acted like jerks.

They didn't care for color

They hurt the ones fighting

For all to be equal

And what's right

But the white were believing

That they should get everything

And colored should get nothing.

This was not right

Black vs. White.

Not to be treated equal

Not to be treated human

But to be treated like a dog

Where white were in charge

Where colored were beaten and killed

Innocent lives were lost

For colored payed the cost

Of a white man

Who couldn't expand

Public stores and clans.

Colored were treated like nothing

While white got everything

They stole from the colored people

When they bombed the steeple

Pf a church to kill four people

They were four little girls

With smiles and curls

Never stood a chance

With a white man.

# Smoking And Drinking 4 Tia X

Stop smoking  
Just because your broken  
Stop drinking  
Because you keep on sinking  
You still gotta keep on living  
But that won't stop you  
You keep on doing  
What makes you stop living  
What about your family?  
Why don't you wanna live forever?  
Why keep doing this to yourself?

Keep smoking  
I'll laugh when your choking  
Because I told you so  
Keep drinking  
You keep on thinking  
No one's going to notice this  
You keep on living  
With someone who makes you feel like dieing  
So stop all this lieing  
Someday you'll get what you deserve  
Hopefully it won't involve  
Any of your family.

# Suicide

I've had enough  
Is this really love?  
Why do people want it so much  
It's just a bunch  
Of crap and i just wanna die  
I can't believe he makes me cry  
When he told me he loved me  
And I made a huge mistake I couldn't see  
That he didn't mean what he said  
And I was found dead  
I committed suicide  
When he was the one who should have died  
With this broken heart  
Which he tore apart  
I burry it deep in the ground  
Never to make another sound  
It doesn't thump anymore  
Since he could not just leave but he tore  
Me apart and left me to die  
Because of one stupid lie  
I loved you  
I love him too!

# The Sky Darkens

The sky darkens, as I stare at the moon  
I can only remember I have to leave soon  
I knew I could not stay here for long  
But, where I stand, nothing feels wrong  
As I stand tall, and stare at the sky  
I keep asking myself why?  
Why does reality hurt you?  
Why doesn't everything seem true?  
Why do the ones you love break you?  
Why is there nothing we can do?  
Why is it that there is no love anymore?  
Why is it that everyone seems poor?  
Why do men hurt children?  
Why do you seem older at age ten?  
Why do little kids have no one to look up to?  
Why must parents scream at you?  
Why is it girls get labeled and boys do not?  
Why can people have affairs and not get caught?

# Truth X

We were sitting in a booth  
Nows the time to tell the truth  
I never really liked you  
I'm sorry I couldn't be honest with you  
I didn't want to lose you as a friend  
And I don't want to pretend  
That I like you as more than a friend  
So I said yes, when I didn't want to  
I'm sorry I never really liked you  
Yeah I know I'm heartless  
Yeah I know I'm worthless  
But you were an awesome friend  
You make me smile and that's not a pretend  
But I only like you as a friend  
The turth is I like someone new  
I'm sorry I wasn't that into you  
You can hate me all you want  
I won't try to change your mind  
I wasn't even kind  
Since you told me you love me  
But I'm sorry I didn't love you too.

\*(A poem about lies, Kinda makes you wanna die, When you can only make the  
guy cry) \*

## Was It Me?

All my parents ever did was fought  
Was it me who brought  
This on them both?  
Was it me who caused the most  
Damage as possible to us all?  
Was it me who allowed us to fall?  
Do you think I'm to blame?  
Was it me who should have stayed the same?  
Do you believe that I caused this to happen to you?  
Was it me who should have not loved you?  
Do you make me feel better?  
Was it me who wanted to get rid of her?  
Do you believe I'd give you both up?  
Was it me who should have been given up?  
Do you think I'm worthless because I'm not normal?

\*(A poem for a kid with divorced parents who puts the blame on themselves) \*

# What's After Death?

My name is Magic  
And my life is so tragic  
I wish I could save myself  
But there isn't a way  
Will I die today?  
If I can't save myself  
Does it end this way?  
Will I make it out okay?  
I hope I do  
And never have to go 'Boo'  
Because I don't wanna roam the world  
I wanna go someplace where I don't have to cry  
Where no one will lie  
To me  
I wanna see  
If they'll treat me better  
I hope I never get a letter  
That tells me I can't be here  
Because I'll leak tears  
I wanna go someplace  
Where I'll never cry again  
I wanna go someplace  
That doesn't make me die again  
But who will be here?  
Will they allow tears?  
Will they save my life?  
Or give me strife?  
Will they accept me?  
Or will they leave me?  
Will I see someone I know?  
Or will they make me go?  
Will there be angels there?  
Or will they even care?  
Will I see my family again?  
Or will I have to cry again?

\*(A poem that says I'm unsure of where I'm headed) \*

# What's Wrong?

Tell me what's wrong  
It's been so long  
Since I've seen you  
So tell me what's wrong!  
I've never seen you so down  
You never had a frown  
Now all you do is mope around  
You can't even make a sound!  
Unless it's a silent cry  
You tell me you just want to die  
I asked 'Why? '  
You said 'I love someone new.'  
I asked 'Who? '  
You said 'Someone who doesn't love me.'  
I said 'How could you know for sure? '  
You said 'Because she'd be put through torture,  
She'd never love someone like me  
I'm not worthy, and I just want to die! '  
So I start to cry  
I begged, please don't die!  
Then who else will I have to talk to  
I'm nothing without you  
You said 'You'll make it through.'  
I said 'I won't be able to. Not without you! '  
You said 'The one I love is you.'  
I said 'I do love you! '  
You said 'But not the same way.'  
I said 'In every way!  
I love you! '  
You said 'Don't lie.'  
I said 'Don't die.'  
You said 'I knew it.'  
I said 'Please don't do it,  
I love you!  
I can't live without you.'  
You said 'I don't wanna live anymore! '  
I said 'Take me with you.'  
You said 'No, I love you.  
I won't take your life away.'

I said 'Without you I have no life!  
I'll die today  
If you die today! '

\*(A poem for a guy I'd die for, He should have told me before, That he loved me  
instead of running for the door, To his death and to bring gore, How could he do  
that to me?) \*

# Zombie X

You're not perfect, dad  
So why should I be?

I'm a lost cause,  
But that's who you made me

I don't fight back  
I act just like a zombie

Because who you make me  
Is not who I want to be

You push me around  
Just like I'm nothing

You make me feel  
Like I'm not worth something

I'm sorry  
For being anything I wanna be

Why can't you see  
That you're beating me down?

Isn't it clear on my face,  
That I only frown?
