# Being Yourself

Be who you are  
Do what you like  
Like what you do  
Love yourself  
Believe yourself  
And be confident always  
Be optimistic on the way of life  
Inspire yourself  
Motivate yourself  
Know yourself and your importance  
Give value to yourself  
Appreciate your work and thoughts of mind  
Because you are one of a kind.

# Delightful Blossom

Nature`s beautiful ornaments are flowers  
They are colourful  
Makes us delightful  
Tenderness of soft petals  
Fills our lives with colours of rainbow  
Makes us know the deep meaning of love  
And how to handle something with care  
Buds later on blooms  
Decorating the landscape of earth  
which makes us feel awesome.  
Fragrance of flower with the breeze blowing pleases us  
And makes the weather charming.  
Beauty of flower is awesome, fantastic, wonderful, beautiful....  
Words are limited  
But the beauty of flower is not...  
Its beauty cannot be defined in words  
it can just be felt.

# Have A Nice Day

Day starts with rising of sun,  
Start your day having lots of fun.  
Birds chirping on the trees,  
Calm and fresh is the blowing breeze.  
The green leaves on trees are fresh and delightful,  
The colourful flowers are really very beautiful.  
Birds are happy and flying high,  
In the bright, blue, open and wide sky.  
Dews are there on the grassland,  
Making the weather wonderful and grand.  
At last I only want to say,  
Wish you have a very nice day.

# New Year Pleasure

The first day of new year,  
Is back again here.  
To fill our lives with glee and pleasure,  
A lot of happiness we can` t measure.  
We can celebrate new year in a mall,  
Or we can celebrate it in a big hall.  
We must work hard in this new year,  
So that later we too can cheer.  
We must have a new year resolution,  
Which may start a new revolution.  
You can have a good new year call,  
But don` t forget to do good to all.  
Wish new year to all your guest,  
And have a new year at its best.

# Trust The Trust

Trust is not expressed by words  
It is expressed by emotions  
Trust is the wind of happiness  
That blows away all the sadness  
It is the pearl of kindness  
That is found in the deep ocean of care  
It is the rainbow of selfless love  
Which fills the sky of relationship with beautiful colours  
It is the season of spring  
When it is there the buds of love blooms with delight  
So trust yourself  
Trust others  
You will be able to trust your relationship.

Mahima Mandal

# You Are The One

You are the one  
Who gives delightful happiness  
you are the one  
who is the light in darkness.  
you make the world  
a better place to live in  
You beautify it the way one has never seen.  
You are my love  
you are my life  
My life is dedicated to you  
And you are mine.  
our love life is simple  
`when we met we knew nothing about each other  
but now there is nothing we don`t know about each other`.
