# A Wordless Poem

A wordless poem  
I write about you  
In the blank paper  
Of my heart.  
Your smile  
    is the rhyme  
And silent love  
    Is climax  
In my wordless poem.  
Without you  
When I feel alone  
I read the poem  
Then you come there  
    Any moment  
But  
Nowadays  
I reading the wordless poem  
Everytime  
In the day  
When you go....

# Fail In Love

It does not matter  
You like me or not,  
It is the first step  
Of like  
Are goes from me,  
I always trying to  
Satisfied you,  
Atleast  
One day your heart  
Tell you  
I fall in love of love,  
Then after  
Your beautiful mouth  
Sacrificed a sound  
Of love  
In front of my eyes,  
Then my heart  
Tell you  
Thanks its my duty  
I thought,  
And my mind  
Laugh you,  
But my face  
Can't do anything.

# Golden Landscape

In the landscape of November,  
A glorious natural beauty  
I see.  
Through  
The golden paddy  
around the field.  
Whenever sunshine  
are reflecting!  
And the birds  
were freely sing  
with the tune of air.  
Moreover  
The busy reapers  
And their talks or  
Joyful life  
Attract me!  
I forgot myself  
Where I am?  
But normally I realize  
It only can available  
in golden Landscape of November...

# Green Leaf

My love is like  
Green leaf,  
Where anybody can't  
See Anything,  
Only I can see  
With my heart,  
Would you like to see  
My love?  
You must go to  
iN my heart!  
But  
You can't go there  
Everybody knows,  
Because  
My love is  
Related to my life  
Is like  
Green leaf.

# Keep Smile

When you smile  
Butterflies are ready to  
Fly in the air  
And sun rise to shine  
When you cry  
Clouds are come  
And ready to rain  
Around you  
And everything cries with you  
That moment  
So I tell you that  
Take smile everytime  
In whole life  
Then everything around you  
Smile  
With you in your life  
So please keep smile.

# Limestone

Everybody's life  
is like  
Limestone,  
When we are  
Able to use  
Then everybody  
Know us,  
What we are!  
But  
When we can't  
make us useful  
for another  
Then anybody can't  
Know,  
Who we are!  
What do you think  
Our life is not  
like limestone?

# Live To Leave Me Alone

Can you remember  
The frivolous frisky past?  
Where I tell  
You are not for mine  
I feel  
Please live to leave me alone!  
Then you frown me  
Like another day  
And repeat the line  
I can't leave you  
In the life.  
But today!  
Whither you go?  
Where the promises  
And the dreams  
Whatever you learned  
Me to see...  
Now I tell  
Your painfull thoughts  
Please live to leave me  
Alone..

# Needless Talks

Some important talks  
Is unnecessary  
For me..  
I don't know why!  
But I think  
These talks are  
Less important  
Whatever I thought.  
But I always  
Try to  
understand it.  
And then I feel  
These important talks  
Is really needless  
For all except  
Few opposite mind.

# Real Life Description

Loneliness is the real life  
Now I feel,  
Nowadays I take decisions  
From my mind  
And learn to love everything  
From my kind heart,  
Now I try to see  
From my blind eyes  
And hearing more beautiful sounds  
Weather these unknown for mine,  
But never mind  
Now everybody talk with me  
And they ask  
Are you alone?  
If you are alone!  
It is the best moment  
For your painful life!  
And I tell them  
I think so...!

# Silent Speech

The first love language  
Is like silent  
It will remind you  
in your life  
When you are alone  
You have no anything  
to say some  
This time  
First love speech  
Will talk with you  
And keep you in it,  
That moment  
Your fool heart feel  
Everything is here  
The love come from  
Your dreamland  
to give happiness  
in yoursaddest  
Silent life.

# Stop That

Stop the hell work  
Stop the sin,  
We did not come to see it  
At here.  
If you will teach us  
Now these work!  
Then human being will cry  
Forever in future.

# Successful Life Of Planter

Every creature 's life  
Is like a planter,  
When a planter  
Planting a tree  
Then he never thought  
The tree will give him  
Profit or loss.  
But he always trying  
To care it well  
Like a parent.  
In future  
The tree will provide  
more service for all  
And then everybody  
Remind him  
Who made it.  
It is successful life  
Of a planter.

# Take The Chance

When failure come  
to your life,  
If you take it  
Is the first chance  
To success in your life  
Then you go to  
So far,  
If you take  
It is your future  
And your idle mind  
Tell you  
I can't do it!  
Then you  
Stand in your  
Place and  
Come back to past,  
Because we know  
Failures another  
name is success,  
But it not for  
idle mind.

# The Last Song

Humanity are go away

From us

Day by Day,

But

We doesn't feel!

Now we are going

To the ending stage

To sing the last song

Of humanity.

Our traditional

Feelings and loves

Was the life

Of humanity,

But it will not live

A long time!

If we don't know

To take the role

Catch it with us.

Then really

One day

We must stand

On the stage

To sing the last song.

# Time Changing Road

The time is changing  
My grandparent was said  
In their time  
When they was young,  
These time was changed  
My parent was said  
In their time,  
Now today I say them  
Its time to change  
The human gone more developed.  
But  
I doesn't thought  
How to the steps  
Followed by new generation,  
Today I thought  
only I am not a new generation!  
My grandparent and my parent  
are already walk on the  
Time changing road.

# Today's Life

Every morning  
I saw in the  
Newspaper  
The headlines are like  
Another day  
Murder and  
Some common line  
Are come in news  
For today's life  
But who can do that  
I can't think  
Only one thought  
Came to my mind  
They are not human  
In our colourfull earth.

# Triple Role

When I kill you  
Then I am killer,  
When I kill more  
Then I am fighter,  
When I kill you all  
Then I am god,  
Your doubt are clear  
When you understand it good.

# Unknown Darken Road

If I have  
a torch light,  
Whereby I shining  
in my life's  
Neverending darken road!  
Then I never Thought  
My life is  
Dreamlike inearth.  
But where I will get  
The torchlight  
I don't know!  
And I am not sure  
The light is or not.  
Though now I want to go  
With my empty hands  
On the unknown darken road.
