Mansur Abdullahi()

I'm a 600level medical student at Abubakar Tafawa Balewa University, Bauchi and I go by the name Mansur Abdullahi. I was born 30 years ago in a village called Malale in Borgu local government area of Niger state, Nigeria. I'm a Muslim and Hausa is my mother's tongue.

I obtained my primary school certificate from central primary school Malale in 2009 and by 2015 I got my senior secondary school certificate.

2016 was an unforgettable year to me, as I narrowly escape death! ! !

My ambition as per academic, was to be an engineer, however I was forced to study MBBS.

I wrote jamb 3 times, in 3 consecutive years applying for MBBS. The first year, Unimaid was my school of choice and ABU Zaria in the second year.

In the year 2018, the third year, I got admission into ATBU bauchi to study MBBS.

My medical school is full of histories and stories, my relationship with Hauwa Abubakar Bege is an interesting one! While holding on to her love, love was tough to me.

All my classmates are good, kind and generous, and Abbas Abubakar is their prototype. Abbas is absolutely an amazing person that Allah has blessed me with. Muhammad Ibrahim Abubakar is a very good friend of mine, and Ayuba Muhammad Dadi, Abubakar Sadiq Haruna, Aliyu Abdullahi, Al-ameen Usman, Hafiz Hassan Kabir, Hassan Ibrahim Bako, Ahmad Attahir, Ahmad Abdullahi Bacce, Khadija Musa talle, Peace Idoko are not an exception! !

Of all, I was so blessed to befriend a gorgeous soul towards the end of my medical school. Mas'uda is such a complete human being whom I owe a lot of kindness and generosity. Indeed god is kind to me for making her part of my history.

God had recently added values to my life, by given me Haneefa, a special person who I'm planning to marry. Haneefa is such a beautiful and kind young charming lady, to whose beauty Everyman must fall! She is from my state, Niger state and is now a 300level Nursing student at Kaduna state university, Kaduna state. The Brainy Haneefa is the mirror of my life!

As for my poetry journey, I crossed its path only because of my love to Someone, I never knew I have the talent! ! Alhamdulillah, poetry is among the things I enjoyed doing and I find it very useful in conveying my mind.

Haneefa: The Answer To My Prayers

All I thought beauty doesn't flow
but your beauty even glow

The world is as far as a mile
the feelings I have when you smile

Whenever I heard your pleasant voice
being insane is the only choice

Your memories filled my brain
and none of it I could drain

I have heard the prayers of many bride
to look like you, so they will be pride!

Haneefa: The Future I'm Planning For

In my kingdom is a queen,
Pretty good looking in her tween,
Hoping my heart and hers to be like twin,
Binded together as if they're swing

In my memory she's tie,
Always her image in my eye,
Take her out of me, I will die,
Then for her love I must vie

She's alone my treasure,
All for her reason, to me is pleasure,
No matter what seems the pressure,
My love for her is the measure

Her name reads Haneefa,
For her is built the villa,
There she saves as the pillar,
Haba dan Allah kowa ya tafa!

Mas'uda Ta

Ga ilimi kuma ga kyau
marar misaltuwa

Duguwa kuma ga fikira
Tanada hasken fata

Tanada kirki, da tattausar murya
Mai kwantar da hankali

Ga ado acikin shigarta
Kamar Yadda take sanye da abaya

Wannan itace
Batada tamka

Idan ai kaganta
Kawai kasan cewa

Zata sace zuciyarka
Kafin ka farga

Mas'uda ne sunana
Agareni Mai daraja ce

Bakamar ta
Kaduba ko'ina

My Mas'uda

Brain and beauty
Beyond compare

Tall and talented
Her skin is fair

Kind, with a pleasant voice
that's sealed with care

Fashionable in her attire
As Abaya she wears

This is her
Isn't she rare?

If you see her
Just beware

She'll steal your heart
You're unaware

Mas'uda is her name
To me she's so dear

There's none like her
You can check everywhere! !

Happy Birthday

Deep In thought, I started to delve
Finding my peace, on August twelve

Why this date, was the question in mind
But there appears, the only answer I find

22 years ago, a queen was born
A rare gems, my heart she owns

May blessings befall you like rain
And chase away, all your pain

Happy birthday, to the most beautiful soul
To whose beauty, every man most fall.

Mas'uda

Tell her not to leave
because she's the reason i want to live

since I set my eyes into hers, my mind was full of breme
should you give me chance, the mind is what I want to frame

As i was walking down the lane
when my mind was truly plain

appears this fair tall girl with a perfect mold
a kind hearted one, that's more precious than gold

yet took away all my senses
as testify by my tenses

if not it was not yet my time, i believe i would have die
the very first time she looks into my eye

the world was as far as a mile
the feelings i have when first I saw her smile

oh my perfect Rab! you created such a fault -free soul from head to sole!
with brain and beauty all in this a soul!

Lady Within Me

Mas'uda is her name, young but charming
An elegant, her beauty is very alarming

She's tall, fair and gorgeous
Indeed beautiful she's and courageous

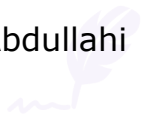

She's above all i may tell
As God's perfection in creation she spell

Anyone beholding her sight
Will find my phrase worthy of cite

In the book of beauty, the syllables she forme
Serving as a guide to every young lady to come

I wish I could hear her voice again
And if I do, I have no other wishes to gain

My Happiness In The Human Version

I'm lost, I'm free
Standing still like a tree
Wishing it was the God's decree
That she appears in this season

In every gathering I'm alone
With my emotions I'm along
I'm not myself but a clone
And her beauty is the only reason

Into my heart, she finds her way
Now that I'm in this dismay
If she chooses to go away
That will kill faster than poison

Oh God! I'm in your total care
My feelings I come to share
For her heart i wish to become a heir
So I can be out of prison
