# Aches

My heart aches when I talk to you  
My heart aches when I don't hear from you  
My heart aches when I long for you  
I don't know why  
You've taken over my thoughts  
I can't even explain  
You're still a stranger  
Far Away  
I want you close by  
I miss your embrace  
Holding you close  
I miss you

Margaret Smith Vail

# Baby, I Miss You

I miss you  
It hurts to think of everything we went through  
I wish you could see my heart  
I hate that we're apart  
I cry for your touch  
Baby, I miss you so much  
You've changed into somebody, I don't know  
Remember when you told me you'd never let go?  
What happened between you and I?  
I remember the nights we'd lay there and look at the sky  
The point is, I miss you  
And I want to kiss you  
I wish I could rewind time  
And make you mine  
But there's no way of getting you back  
And now your just the one thing in life that I lack  
I don't know why things are like this  
But I just wanted to tell you that  
Its you that I really miss

Margaret Smith Vail

# Beats

My heart beats for you  
Every minute of everyday  
My heart beats for you  
I don't know how to control it  
My heart beats for you  
I don't know how to explain it  
My heart beats for you  
I don't want to lose it

Margaret Smith Vail

## But...

You say you care about me  
You say you want to be with me  
But you want it to be a secret...  
You don't want people knowing  
You don't want to make it official  
But I do...  
I don't want my heart to get broken  
I don't want to be hurt by you  
I can't keep this a secret much longer  
But you can...  
We don't want to hurt eachother  
We don't want someone else  
But eventually thats what will happen...

# Dreaming

If I'm dreaming  
Please don't ever  
Wake me.  
If I'm awake  
I don't ever want  
To sleep.  
You're loving smile  
Those beautiful eyes.  
This vision  
Let me keep

Margaret Smith Vail

# Forever

I know you  
When I first met you  
I felt like I had known you forever  
Telling you my secrets  
I bet you thought  
We would become more than just friends  
Over a period of time,  
I got to know the real you  
A boy so caring and gentle,  
With a heart so true  
You've survived your life  
With hurt and loneliness by your side  
I'd told you I'd never leave  
Because of the feelings I have insideb  
I know you  
Like no one I have ever known  
And sometimes I wonder  
What I'd do if you were gone?  
So I have decided  
Time answers all  
If it is meant to be  
Time will remove the wall

Margaret Smith Vail

# Goodbye

How do you want me to feel?  
Do you want me to be happy?  
Do you want me to feel bad?  
Do you want me to feel guilty?  
You can't make me see things your way.  
No matter how many times you try to tell me you changed,  
No matter how many times you want me try to love you,  
I know you only think that if you change I will come back,  
You cant make me like you.  
I have to admit I care for you.  
But I cant go out with you.  
Its wrong for me to go out with you, always thinking about him.  
Things I do to make other people happy just tear me apart.  
I only went out with you to make you happy.  
Its time for me to follow my heart.  
Its time to do somthing for me.  
To make me happy.  
Its time for us to say goodbye.  
So bye.

Margaret Smith Vail

# How? ?

How long have we been apart?  
Was it much time at all?  
How deep did we get into this mess?  
Should we have gone in at all?  
How many times did you say you loved me?  
Did you mean it?  
Or am I wrong?  
How can you tell me it's better if we were together?  
How do you not see the pain you've caused me?  
Please tell me how?  
How?

Margaret Smith Vail

# I Come

I come on this site  
Just to post some stuff  
Just to let out some emotion  
But while here I find a new friend  
One who I can talk to about anything  
One I can't wait to get on and see their message  
I think I can tell them my true feelings  
I think I can say anything and not feel bad  
This is a true friend  
Even if they are far away.

Margaret Smith Vail

# I Love The Way

I love the way we are together  
You can always make me smile  
Will it really be forever?  
I guess I will have to wait awhile  
Time will reveal, what lies ahead  
But always remember  
What I have said  
Meeting you has changed my life  
And I really love you so  
The feelings I feel for you  
I am never letting go  
Remember me always  
And I will too  
I always think of  
Me and You

Margaret Smith Vail

# I Love You

I'll always hold on  
Forever takes me by a minute  
While I'm here with you  
I'm falling even more in love  
With everything you do  
Hold me in your arms  
Look deep into my eyes  
Don't turn away  
And let me go  
I know I will  
Never let you go  
I'll always hold on tight  
I will carry on  
Day and night  
There aren't enough hours  
In each passing day  
To find all the words  
I wish i could say  
Your kisses will last forever  
Your touch, your warmth  
You'll guide me to sunlight  
And sheild me from the storm  
This is what I'm saying  
With everything that is true  
I swear on my life  
That i honestly do  
Love You

Margaret Smith Vail

# I Miss You

I miss you so much  
But there's nothing I can do  
I need your sweet touch  
I need to be with you  
You can't imagine  
How crazy you're driving me  
I feel like nothing  
Will ever be the same  
It's like being in hell for all eternity  
Just replaying a horrible game  
Why did you have to leave  
What did you have to do  
You have decieved  
My every right to believe in you  
Please come back to me  
I love you so much  
I'm begging on my knees  
Just to feel your touch  
I know love is a strong word  
But thats how I feel  
I just want to be heard  
So I can tell you this is real  
I'll always love you  
Nothing can take that away  
I hate living everyday  
I hate my life without you

Margaret Smith Vail

# If

A lot can change in two years time,  
A lot can change in a month's time.  
But if you really love someone you will stay with them and  
not give up for their love or happiness.  
If you really truly cared about someone you would do anything in the world to  
stay with them and  
make them happy.  
Even if that means staying away from them, when you really don't want to

Margaret Smith Vail

# Lies

You tell me you want me and only me  
You tell me you love me and only me  
You tell me you don't want another girl  
But it was all lies  
Every last word of it  
You lied again and again  
Really if you loved me you wouldn't have kissed her  
Really if you loved me you wouldn't be dating her  
My best friend, one of my only friends  
I thought she was for real  
But it turns out she was just a backstabber  
Just like every other girl

Margaret Smith Vail

# Miss You

I miss you becasue once you were here in my life  
And now your not  
I miss you becasue i know that i am going to be  
Okay without you  
I miss you when something good happens to me  
Becaseu i can no longer share it with you  
I miss you because you were the biggest part of my life  
That much i know is true  
You were my angel, always protecting me  
From those who could do me wrong  
Since you, my friend, are no longer here now  
Am i supposed to go on?

Margaret Smith Vail

# Once

Once I was lost  
But now i am found  
Once my heart was full  
But now it is in pieces  
Once I loved you  
But now I hate you

Margaret Smith Vail

# Panicked

Suddenly I couldn't feel the warmth  
Of your arms anymore  
I panicked  
I felt the cold cruel wind of the real world  
Blowing me away from you  
I reached out, but it was to late  
I was alone in the dark  
Surrounded by reality  
I knew you were gone for good  
My life was hard enough as it was  
And now without you holding me up and  
Pushing me on there was no use trying anymore  
I gave up  
Spiriling downward  
Falling in a never ending hole to the depths of reality  
Life had no meaning anymore  
I had nothing to hold onto  
No reason to try  
But in the distance I seen a small light  
In the dark that surrounded me  
And I felt your arms holding me up once more pushing me on  
Giving me reason to live and try to live another day  
Using you as my own personal crutch along the way

Margaret Smith Vail

# Positive

I await a love  
I've never had  
Yet I am happy  
When I should be sad  
As positive as I am  
I felt my life  
Had paused.  
My heart trapped  
Behind these four walls.  
But just when  
I thought  
Of giving in, I met  
A special someone  
Who's really  
Quite interesting.  
In common  
We share so much.  
The tears  
The laughter.  
Even the people  
We trust.  
Sometimes we confuse  
Other times  
We amuse.  
Sometimes we talk serious  
While we both  
Listen to our favorite  
Tunes.  
Depending  
On where our talks  
Take us, we can sit and  
Chat for hours.  
In between taking showers  
And tending to our precious flowers  
We always  
Seem to find each - other.  
With a little help  
From the internet Gods  
And their powerful powers

Still, I'm not sure  
If this person will stay.  
It's hard  
To keep someone  
Who's always running away  
But still I'm happy  
That the internet gods  
Sent them m way  
Maybe this person  
Ran from another.  
And this is how we  
Come to meet eachother  
But none of it  
Would I change  
I just hope  
That this special  
Person I've found  
Will eventually  
Stop running  
And stay

# Precious

My sweetness, my darling love  
Can you remember our precious  
First embrace. That starlit night  
When I held in both my hands  
Your beautiful angelic face.  
I kissed you with all the love my  
Heart contained, for the first  
Time in my life this soul of mine  
Was free of its restraints. I remember  
The Sapphire nights breeze as we  
Both gazed and shared the moon's  
Reflection over the tranquil sea  
You looked at me and smiled, as  
I wrote I love you in the sand  
We walked along the shore, listening  
To the waves briefly returning home  
I gazed in awe, as the stars sparkled  
In your eyes, again linking fingers  
Our love for one another became entwined  
Feeling inside that life seemed so caring  
Together we were shown what the heavens  
Were sharing, I smiled engulfed with a share  
Of Gods love. knowing inside that you were  
Sent to me from gardens above  
My flower, my precious scented pedal  
So full of loving colors. You were mine to  
Enjoy forever, each waking day filling my life  
With the sweetness of the tender words  
That you'd say. Do you remember it my love?  
Because I do, every single moment of the day

# Prey

Watch the people going by  
Watch the animals trotting by  
Watch the time flying by  
Watch with me everyday  
Look at the clouds dancing by  
Look at the sun shining bright  
Look at the stars twinkling  
Look with me everyday  
Hear the dogs barking  
Hear the cats meowing  
Hear the birds chirping  
Listen with me every day

Margaret Smith Vail

# Remember

Do you remember that first special kiss,  
Was the feeling of heavenly bliss,  
That swept you off your feet  
Made your life somehow feel complete  
Did every worry simply fade away  
Was there a warmth inside like the sun  
Did you find yourself smiling at just about everything  
Only wanting to hear your loves voice more than anything  
Then you feel in love  
Your heart was blessed by the heavens above  
Not everyone feels this powerful feeling  
The one that makes your life so appealing  
Cupids arrow hit its mark  
where it always missed you in the past  
Isn't love a wonderful thing  
It plays sweet music inside  
Gets your soul dancing  
Love's a feeling you wish to keep  
It's a comfort that holds you while you're asleep  
Every waking morning you arise with a smile  
As you open the curtains and look to the skies  
Everything seems so beautiful, a touch of loving class  
You thank the lord for blessing you and pray that the feeling will last  
When closing your eyes you picture your love, and instantly you smile  
Feeling the tingle inside your heart, this touch of heavens delight.

# Should Have

I should have seen it coming  
I knew you were too good to be true in the beginning  
If its too good to be true than its probaly not real  
And its not  
It never was  
You played me like the strings of your guitar  
Which you care about more than me  
You used me like a toy  
I was only there for your entertainment  
Your enjoyment, Your game  
Thats not how its supposed to be  
It wasn't meant to be  
You were a mistake  
But why don't i regret it?  
I don't  
But its over

Margaret Smith Vail

# Skipped

When I met you  
My heart skipped a beat  
I felt a tingle inside  
That swept me off my feet  
Waking each morning  
I smiled at the world outside  
The open skies, my playground  
Where my soul now flies  
Your smile, a golden  
Sun with warming tides  
Now my ocean  
Where we dance beside  
The softness of your skin  
As delicate and beautiful  
Like precious porcelain  
Everyday, I'm feeling brand new  
Thanks to you

Margaret Smith Vail

# Someone

Love isn't finding  
Someone  
You can live with...  
Its finding  
Someone  
You  
Can't live without

Margaret Smith Vail

## Sooth My Heart

You soothe my heart  
Immersing my body in your love  
Gently you bathe my soul  
Washing away past pain  
You centralize my feeling  
Without words that many  
Believe they should say  
Before i was love lorn  
Unhappy becasue my heart was torn  
But now, I'm love sick  
Pinning i feel weak  
Ill with all the love i feel.

Margaret Smith Vail

# Special

A special world for  
You and me  
A special loved one  
Cannot see  
Love wraps up up  
In its own cocoon  
Love holds us fiercely  
In its blood  
It is a special world  
That we live in  
That only me and you  
Can see

Margaret Smith Vail

# Stupid

You call me stupid  
You call me crazy  
You make me feel stupid  
You put me down  
You make my feel bad  
You make me cry  
You make me scream  
You say you cared  
You say you used to love  
What happened?  
What did i do wrong?  
I loved you  
I cared for you  
That's what I did  
All wrong

Margaret Smith Vail

# Then What?

They say this is a free country  
But I say that's a lie  
They say you can do whatever  
But I say that's a lie  
They say do whatever, whenever  
But I say that's a lie  
You don't have 'Freedom of Speech'  
You don't have 'The Right to Bare Arms'  
You don't have the right to do what you want  
They want us to do good  
They want us to do the right thing  
They want, They want, They want  
But what if I don't want  
THEN WHAT?

Margaret Smith Vail

# They Say

They say love has no limits  
I say neither does pain  
They say love lasts forever  
I say so do dreadful memories  
They say love is the one thing missing  
I say so is the truth  
They say love will find me again  
I say that maybe true  
But it won't be the same  
Because its not you  
I don't want to feel the same  
Don't want to find another man  
Don't want to miss you  
Don't want to hold some other heart  
I just want you.

Margaret Smith Vail

# Things

There are things that  
we don't want to happen  
but have to accept  
things we don't want to know  
but have to learn  
and people we can't live without  
but have to let go

Margaret Smith Vail

# Tick Tock

I sit in class  
Tick Tock  
Half hour to go  
Tick Tock  
Finally home, Have stuff to do  
Tick Tock  
Finally done, I have a message  
Tick Tock  
We talk for hours on end  
Tick Tock  
And I fall asleep  
Tick Tock  
With a smile on my face

Margaret Smith Vail

# We

People say we're cute together  
People say we're perfect together  
But what are we really?  
Are we good together?  
Are we perfect together?  
We can never know  
Unless we move forward  
But how are we going to do this  
If you are so very distant  
I want to be close to you  
I want to be with you  
More and More  
But I don't want to scare you  
But I don't want to lose you  
So do as you please  
I will do as well as I can

Margaret Smith Vail

# When I See You

When i see you  
My heart goes Boom Boom  
When we get together  
Its like everyone else left the room  
You say I ain't goin nowhere  
I think this time you really care  
Soon enough you will see  
If your really down for me  
I feel for you so fast  
I just hope it will last  
I don't want to lose you  
I hope you feel that way to  
We're going to have our ups and downs  
But I'm going to stick around  
Because your my baby  
And I just need to see  
That your the one I love  
And I mean every word above

Margaret Smith Vail

# When I Woke Up

You were on my mind when i woke up this morning  
Remembering your smile  
I guess the next time I'll see your face  
Will take a little while  
I was remembering your arms around me  
Love the way they always feel warm  
With you by my side  
I completely feel no harm  
I was remembering your voice  
Makes my heart skip a beat  
But without you baby  
My whole heart skip a beat  
But without you baby  
My whole body's weak  
I was remembering our times  
The good and the bad  
The funny times when you cheered me up  
And especially the sad  
Remembering your eyes  
How they always meet mine  
Remembering all the little things you do  
To make my life worthwhile  
I was wondering when we'll be together  
Just us two  
I guess I'm missing you more than i usually do

Margaret Smith Vail

## Who Says?

Who says they love you  
But they really don't  
Who says they want you  
But they really don't  
Who says 'Will you be mine? '  
But they go and cheat  
Who says they will never hurt you  
But they do anyway  
Who says love is great  
I say Love is Hell

Margaret Smith Vail

# You

I dont want another boyfriend.  
I hate this dating game.  
I want someone who would treat me right,  
And tell me im perfect in every way.  
I want someone that cant live without me,  
And says it everyday.  
I want who understands me,  
And kisses my pain away.  
I want someone who would hold me and not let go,  
Even if I try to run away.  
I want someone who wont leave me,  
If another comes his way.  
I want someone who only see's me,  
Who fears I'm going to go away.  
I want someone I can call my own and who isnt always perfect but I think so  
anyways.  
I want someone who sees my flaws and loves me for them.  
I wanted that person to be you.  
But I guess we just cant always get that guy.  
I guess I just want,  
The perfect guy.  
And that guy is you

Margaret Smith Vail

# You Didn'T

You didn't really care  
You never wanted to love me  
You never really cared  
You only wanted to hurt me  
Even if you deny it to my face

Margaret Smith Vail

# You Said

You said you loved me  
You said you missed me  
You wanted to hold me in your arms  
And you wanted to kiss me goodnight  
I said I loved you  
I said I missed you  
I said I wanted to be in your arms  
And I wanted to kiss you goodnight  
But it was all a lie  
You never loved me  
You never wanted to hold me tight in your arms  
And you never wanted to kiss me goodnight  
I wanted to be with you  
I wanted to be loved by you  
I didn't think you would hurt me  
But oh I was so wrong  
So wrong!  
You say you want me and only me  
But in your mind you want them  
All of the girls you can have  
You don't care who you hurt  
You don't care who's heart you break  
You just want fucked  
But guess what  
Your a liar  
Your a cheater  
Your a lying, cheating  
Piece of shit

Margaret Smith Vail

# You Say

You say you want to marry me  
To always be with me  
You say you will never let me go  
But what if that's not what I want  
Would you wait for me?  
No you wouldn't

Margaret Smith Vail

# You Tell

You tell me your sorry  
You tell me you didn't mean it  
You never wanted to hurt me  
You only wanted me to be happy  
But I'm not happy  
My heart is broken into pieces  
Because of you  
All because of you

Margaret Smith Vail
