Maria Mullin()

I love to swim and act and sing and im on my schools track team I love playing sports and hanging out with friends. Most of my ideas for poems come from getting a broken heart or watching a movie or reading a book or listening to a song sometimes they come from my friends. Writing poetry lets me express my feelings without outwardly hurting someone else.

Blood Shot Eyes

Bloodshot eyes and
The tears she cries
Over you
And the things you do
Quietly shaking
Quietly breaking
All the smiles that you gave her
Memories of what you were
Blood shot eyes
and all those lies
all the deceit and deception
but she made an exception
for you
and those things you do
blood shot eyes and
the tears she cries
over you
and those things you do
Invisibly shaking
Quietly breaking

Didn'T Do

One day
I'll be gone
One day
You'll look back
One day
You'll never know what hit you
One day
You'll wonder
What did I do
One day
You'll realize
It's not what you did
One day
Right on cue
You'll realize
It's what you didn't do

Maria Mullin

Do It Right

Life's a bumpy ride
But I can manage
With you by my side
So let's hold on tight
and get it right

Maria Mullin

Don'T Catch Me

Do me a favor please
Next time I fall
Don't catch me
Just let me go
I need to learn my lesson
Maybe after I hit the ground
I'll remember what happens
A few scrapes and bruises will do me good
So just let me go
Please just walk away
Let me go
Let me learn my lesson the hard way

Maria Mullin

Don'T Go

You are my Best friend
I can't let you go
I need you here
I need you now
Don't go please no
We laugh we talk
You let me cry
You're always there
To hold my hand
To hold me close
You know my secrets
And I know yours
Who knows
Where were going
Later in life
But for now
We'll just relax
Because I know
You're there
To hold my hand
To dry my tears
Its very clear
I know you're here

Maria Mullin

Have You Ever?

Have u ever been thrown
Hard to the ground
Had a punch to the face?
A foot to the gut?
Making u bleed
Making u hurt
Tearing u apart bit by bit
But sometimes the one that made u hurt
The one that made u bleed
Is the only one who knows enough
to keep u going
to keep u tough
they're the only one
to keep u together
to hold u up

Maria Mullin

Here I Go Again

great
here i go again
this happens everytime
i always fall
i really should learn
falling hurts
one of these days ill know the consequences
cause a few scrapes and bruises will do me good
falling hurts
i should no that
but here i go again

Maria Mullin

How Many?

I try
But my eyes are dry
I cried
Because of all your lies
I love you
I really do
How many times
have you said that before?
How many girls
Have you put on that show for?

Maria Mullin

I Didn'T Think So

Do you get it yet?
We get teased
We get picked on

But every time someone said it
You said no,
We're just best friends

Sometimes you'd joke
And I played along
But now

I'm not playing
But don't you get it? No?
I didn't think so

You always smile at stupid things
I smile to
Can't you see I only smile at you?

You laugh
But I cry
Cause we're just friends

Surely you get it now!
No?
I didn't think so

Maria Mullin

I Loved You So

I liked you
That I'll admit
I knew it was bad
I knew i had to quit
So thats what I did
I threw away everything
Because i knew what the memories would bring
I wait for the tears
but they don't come
I wonder if somewhere near
you're thinking of me
I know we're friends
I know you'll always be there
But the tension in the air
is more then i can bare
I want you to know
I loved you so

Maria Mullin

I Miss It All

I miss our long talks
Our laughs
Our jokes
Our smiles
Our tears
I miss your hugs
Your arms around me
My head buried in your chest
Your warm feel
Your cologne
I miss you whispering in my ear
Its gonna be ok
I'll do anything for you
Just cry its ok
Im here for you
I miss you looking in my eyes
Staring me down
Brightening my day
Making me laugh
Making me frown
I miss the feel of your hand in mine
Your jacket around my shoulders
Your fun games on boring days
Your ability to make me better
But how can I miss what was never mine
Never truly mine
Maybe you were my best friend
But your heart belonged to someone else
I remember watching you stare
As she walked by
I remember my intense glare
I remember the tears
The anger
The frustration
The long nights
The waiting
I was sad and lonely
With no one to go to
I felt as if

I was talking to a wall
But
Believe it or not
I miss it all

Maria Mullin

I Miss You

I miss you
I really do
I vowed to forget
I vowed to let you go
But too late
You're already there
The back of my mind
I thought you really cared
I thought you knew what we shared
You'd be surprised how much I really do miss you
But I need to know do you miss me to?

Maria Mullin

If You Asked Her Why

If you asked her why
She'd simply state
Because I cried
So many useless tears
If you asked her why
She'd simply say
Things never went
my way
She had a plan
Her dream was big
But she thinks you ran
She never told you
She was too afraid
Of what you would do
But when you walked away
She still felt betrayed
She thought you could see
Through her happy smile
See through to her plea
Please don't go
I love you so
I need you here
Don't go
Please no

Maria Mullin

Its Not Your Fault

It's not your fault
You didn't know what you were doing
You had no idea what you meant to me

But if you had just let me speak
I wouldn't be here now
Forcing myself to hold tight to all I have left

For a year now
I have choked back the tears
I have swallowed my words

Everything I ever wanted to say was lost
I'd whisper them into the dark
Wishing you could hear me

I wanted so much to tell you
That I lied awake at night
Tears streaming down my face

I wanted to tell you everything
That I needed you
I wanted to say everything I ever dreamed about saying to you

I held my breath
Waiting, watching
Wondering

Only now do I realize
You may never know
If I never tell

So it was never your fault
I cried so many tears for you
But I never gave myself a chance

To let you in
To break down my barriers
Its not your fault

I forgive you
You never knew

I'm sure if you did
You would have been there
To wipe my tears
And hold me close

So its not your fault
You had no idea what you were doing
You had no idea what you meant to me

It's not your fault
I forgive you
You never knew

Maria Mullin

Just Out Of Reach

I'm surprised
I thought I would be able to walk away
But something about you is holding me back
Something about you makes me smile
Makes me laugh
Something about when you talk
Makes me melt
You're just out of reach
But every moment I spend with you
Pulls me closer
But sometimes I'm afraid that if I do get you close
You might slip
Like you did before
You slipped
Right through my fingertips
But I'll be more careful this time
I won't let you go
You have to trust me
You have to trust me

Maria Mullin

Love The Way

I love the way
You laugh and smile
I love the way
You look at me
Then keep staring
When I look away blushing
I love the way
Your hugs are so warm
And welcoming
I love the way
Your arms close around me
The way I fit in that small space
I love the way
Your eyes sparkle
And your smiles brightens
Anyone's day
I love the way
You let me cry
You dropp everything and
Hold me close
I love the way
When something goes wrong
You seem completely fine
I hate the way
You're not mine

Maria Mullin

Once, Twice

Hurt me once

Hurt me twice

I'll pay the price

Three

Four?

There's nothing left fighting for

I'll give up

If that's what you want me to do

I'll give up fighting for you

Maria Mullin

One Day

I say you only hurt me?
Honey you destroyed me
I say I'll get over it?
Sweetie I've stopped caring
You say we'll be friends
But there is still something there
Its not love
Yet not hate
I'm not worried
But I don't feel great
Maybe one day
You'll be all mine
It'll be ok
We'll be fine
It won't be today
It wont be tomorrow
I don't when
But one day, sweetie
I'll have you again

Maria Mullin

Say Something

A smile
A laugh
A single tear
A glance
A stare
A little fear
She thought he knew
She thought he saw
Little did she know if she had just said something
Little did she know he watched her
He smiled
He laughed
He watched her go
Thinking she didn't know
Thinking she didn't care
Maybe if they had spoken up
Maybe they wouldn't be there
Waiting for a sign
Waiting for each other
Just speak up
Just say a word
They are waiting
They are listening
Don't let this go waste
Don't let love wait

Maria Mullin

Silently Swear

I silently swore
That would never happen again
I wouldn't hurt anymore
I was so sick of you
Never noticing
So sick of watching everything you do
I told myself not to think
To just let you go
I told myself I wouldn't care
I made myself believe that I was ok
For a year I choked back the tears
I put up a wall
You grew farther apart
I actually started to believe myself
So why when I see you
Does it hurt so bad?
Why when I see you does that old wound rip open
I fight back tears of anger and sorrow
I'd let my stupidity get the best of me
If you were so gone from my life
Why can't I just let it go
The hurt you left nags at me
I just wish you could have seen
Everything you ever did
Now
I silently swear
You'll never hurt me again
You'll never hurt me
Like you did then

Maria Mullin

So Much For You

So much for
Your hugs
Your smile
Your laugh
So much for
My staring
My dreams
My tears
So much for
Liking you
Watching your every move
Studying you
So much for that
I'm done its gone
I'm moving on

Maria Mullin

Speak Up

A smile
A laugh
A single tear
A glance
A stare
A little fear
She thought he knew
She thought he saw
Little did she know if she had just said something
Little did she know he watched her
He smiled
He laughed
He watched her go
Thinking she didn't know
Thinking she didn't care
Maybe if they had spoken up
Maybe they wouldn't be there
Waiting for a sign
Waiting for each other
Just speak up
Just say a word
They are waiting
They are listening
Don't let this go waist
Don't let love wait

Maria Mullin

The Best Of The Best

Smiles and laughs
Grief and tears
Sticking together through the years
Sad movies
Late night snacks
The laughs we can't stop
Shopping till we drop
Long talks
The guys we stalk
Tough breakups
Happy make ups
Fights that never last
Our attitude and sass
Sleepovers
And four leaf clovers
Sports
And short shorts
Smiles and laughs
Grief and tears
Sticking together through the years

Maria Mullin

The Reason

And this is exactly
What I feared
This is the reason
For all the tears

Maria Mullin

The Way

Your smile your laugh
The way your eyes sparkle
The way you speak
The way you walk
The way you care so much
The way you hug
The way you joke
Its all wrong
I know I shouldn't
I shouldn't love you
Yet I do
I can't just walk by
I can't pull away
I can't let you go
Because I can't leave
Please
just don't hurt me

Maria Mullin

Who Knew?

Who knew?
Something so simple
Could blow me away
Who knew
Your smile could make me melt
Who knew
When you talked I would stutter
Who knew
You meant so much to me
Obviously
You never did
Obviously
You never saw
Who knew I could love you so much
Who knew you could rip me apart that easily
Its alright I forgive you
I mean
Who knew?

Maria Mullin

Why

Why?

Why do u do that

Why do u pretend like nothings happening

It's so obvious

You can't miss it

Why

Why does ur smile brighten my day

Why do ur eyes sparkle like that

Why do ur hugs make everything better

Why do u have to be so sweet

Why do u have to care so much

Why can't I get u out of my head

Why?

Maria Mullin

Won'T Crack

Slowly its burning
Its hurting
The smile is fading
My fears invading
The laughter dying
And why am I not crying?
I don't want you to know
I'm not gonna let it show
My voice is breaking
My hands are shaking
I force the smile back
This time
I will not crack

Maria Mullin

You Were There

You were always there
Arms held out
You held me close
And let me cry
You dried my tears
And never pried
You only listened
I could always count on you
You told me you were there
Through and through
I just want to thank you
