# Everyday

everyday i think to myself would he ever love me again? , everyday i look at him and i just want to say "hey", everyday i smile at him, but he just looks away, so he see's the tears running down my face, he dont even leave his place, so the next day comes i look at him in a heartbroken way i just want him to say "hey", so i try to get over him, but i just cant, everyone says he should just give me one last chance, i just texted him "te amo mucho", he replies, never in a life time, so i try not to cry, but thats the only thing i can do i wish my heart would stop saying i love you, ....everyday i wish you would call me beautiful, everyday i wish i could tell you how much i miss you, ...i jusst wanna kiss you, every day i love you more and more, everyday i think of you, wishing, ..you wouldnt make me feel blue, ....and this poem im telling you, ...is onehundred percent "TRUE".....remember i will always and forever love you, .....everyday you see me crying, oh saying you really did love me..., i think you were lieing, ...but inside im dying...but on the outside im crying! ! !

## Left Me With A Broken Heart/3

roses are red, violets are blue, ...man screw you, you left me with memories i wish i could get rid of, you left me with pain, misery, and i suffered so much, but most importantly you left me with a broken heart, so the days go by your looking at her like shes new, and im looking at you oh boo hoo hoo, and im still feeling blue, but i still cant beleive you got over this so quick was it love? , was it passion? , or was it just lies? , cuz i would look back and i seen cries, but you know no matter how much it hurts me and my heart and no matter how far were apart, .... youll always be in my heart</3

## Love Hurts/3

&#9829; have you ever fallen in love? , but knew they didnt care? , have you ever felt like crying but knew you wouldnt get anywhere? have you ever watched him walk away....not wanting him to go? and whispered "i love you" softly...not wanting im to know? , ...you cried all night in misery and almost went insane, theres nothing in this world that causes so much pain, if i could chose between life and death? , i would rather chose to die, love is fun but hurts too much, and the price you pay is wayy to high, so i say dont fall in love so easy cause he might hurt you, ....before its even threw&#9829;
