Afraid To Die

Im not afraid to die
Everyday I cry
Im so broken on the inside
But I can smile on the outside
Things care not right
Im done with this fight
Nothing will be the same
When they call my name
Do you believe me?
Or are you going to let it be
ARe you scared of what I might do

Marlena Scott

Amazing Thing

Love can be an amazing thing
But love can hurt people very badly
love is where you hold on tight and never let go
But some have to because love isnt forever
For love come in all shape and sizes
You can love someone that doesnt love you back
Some people think you can love someone forever
But do you really think that
Love can be an amazing thing

Marlena Scott

Beautiful Eyes

When you look at me with those beautiful eyes
I just cant help but to smile
Sometimes we can read each other minds
Lets just stop and walk a while
Taking things slow would be best
So everything would be a mess
Sitting on the ground
Thinking how we feel
Without making a sound
Just sitting here steel
Playing with each other hands
Being in our own dreamlands
To shy to kiss

Marlena Scott

Blades

the days have gone away
the past has been dismay
but the feeling that you felt
has yet to be dealt
because it hurt so much
that it wont be touch
things like this never fades
for it has blades

Marlena Scott

Brown Eyes

Brown eyes, brown eyes
I love what im looking at
Brown eyes, brown eyes
Even when you're at combat
Brown eyes, brown eyes
You are what i adore
Brown eyes, brown eyes
Can i get some more
Brown eyes, brown eyes
Think you will love me
Brown eyes, brown eyes
Just like it will be
Brown eyes, brown eyes
When you look do you see blue
Brown eyes, brown eyes
Because those are my eyes

Marlena Scott

Cali

Hey boy you make me want to write a poem.
A poem about my home
I miss the time when I was happy
And not all snappy
I miss the things i use to do
Like when the sky was always blue
You make me wanna scream very loudly.
That is why My home is called Cali

Marlena Scott

Can't Believe Life

You're the light to my darkness
You're the happy to my sadness
You were the one I needed the most
When I wanted to be a ghost
Im so glad I found you
But only if you truly knew
Things will be so different now
We will always remember how
Its scary to know that I almost missed you
Because of what was due
That was the moment I fell
Knowing we are going through the same hell
Can't believe life.

Marlena Scott

Change

Change can be hard thing to do.
Many people change and not know it.
People change because they have to.
But some changes hurt people.
Some changes people dont care about.
But some changes some people do care.
But other people are scared you might change comeletly.

Marlena Scott

Couldn'T Deny It

You couldn't deny it was true.
That you were one day over do.
I couldn't deny it that I love you.
But once again I was screwed.
she couldn't deny it was time
When she was doing the crime.
He couldn't deny it was lost.
Like one day he would be tossed.
They couldn't deny it what went down.
Doubt went over the town.

Marlena Scott

Cycle Of My Abuse

Excuses I made for you
People didnt have a clue
You tell me, you didnt mean it
Maybe I didnt care one bit
I told myself not to make you upset
But that wasnt what was met
Honeymoon stage things went great
You would even take me out on a date
Thinking the abuse was over
Somehow you got colder
We went back to our routine
Like returning to a crime scene
The normal ups and downs
Without me making any sounds
Tension was like walking on eggshells
The game look easy thats why it sells
Afraid to upset you by what I do
Only if people really knew
Trigger started when I didnt ask for permission
I wanted to disappear like a magician
No is what I told you to sex
Can you imgaine what happen next.

Marlena Scott

Dear Father

Dear Father

Why did you even bother

I sit here and wait for the day

But the days went gray

And I just couldn't wait anymore

Until you walked through the door

That was when everything fell apart

Was that your plan from the start

Did you even know your daughter was in pain

No because of the rain

I'm writing this to you

Thinking it would help me get a clue

Marlena Scott

Don'T Worry

Don't worry about the sky crying
Because we'll all going to be dying
Don't worry about your dying days
Because all the days you have now will be a daze
Don't worry about the being done
Because one day you wont see the sun
Don't worry about the thunder
Because you will always wonder
Don't worry about the sky
Because you will never know why.
Don't worry about the moon
Because this isn't the month of June.

Marlena Scott

Drugs

Why do people do drugs?
Why do people drink beer jugs?
People get addicted to them so much
Why can't people be addicted to someone's soft touch
Some people are so addicted that they change
And some of them look so strange
Things people do to get addicted
Most people can or will get convicted
Drugs can make you do crazy things
Drugs can make think you have wings
Be as it may, you may think drugs are good
But what you don't know is, it's like eating wood

Marlena Scott

Faith

Faith, I love you from near and far
Because I know one day you will be a star
Faith, I love you to the moon and back
Just remember you might get smack
Faith, I love you everywhere you go
After all you have a perfect glow
Faith, I love you forever and always
Who can tell your head is a maze

Marlena Scott

Father's Day

Today is your day is shine
I really think your fine
Today is Father's Day
And I thank god that you are not gay
Father's Day is for you relax
You lucky that your wife doesn't have an axe
For this day, you spend it with your wife and daughter
Do not forget you have to drink alot of water

Marlena Scott

First Kiss

First kiss is special

First kiss is magical

When you have your first kiss you want more afterwards

You love it when your lips touch

Loving every bit of it so much

Thinking you want that person forever

Tell that person that you want to be together

Marlena Scott

For I Love You For A Long Time

for i love you for a long time
days without you are not fine
becuase you have been there
with everything to bare
but things have been down
what has been going around
becuase of all the lies
and all the realizes
we have been through alot
but we know what we got
for i say to you
My love for you is always be true

Marlena Scott

Forgive You

Forgive you, no I dont think so!
I rather eat some yellow snow.

Forgive you, why would I?
I hate that I want to try.

Forgive you, would you even change?
Fact that everything would be Strange

Forgive you, would it really work?
You have to promised not to be a jerk.

Forgive you, I just might
I hope things go right.

Forgive you, I will
I really hope you are thrill.

Marlena Scott

Friends

Friends should be there for you
Best Friends would not make you blue.
Friends should love you no matter what.
Best Friends would kick love in the butt.
Friends should never let you down.
Best Friends would be your clown.
Friends should be there when you cry.
Best Friends would never say goodbye.
Friends should help you though the days.
Best Friends would always be amazed.

Marlena Scott

Give Up

Don't give up on me
Because I can give you the only key
Don't give up on us
I don't want to but i always make a fuss
Don't give up on what we have now
I will always give you my vow
Don't give on what you believe
Because I will never leave
Don't give up on our love
Because I will never give up on our love

Marlena Scott

Happy

You made me so happy.
Days without you are so crappy
The first day i met you.
You never made my days blue.
People told me that you are not right.
But what they dont know is that we never fight

Marlena Scott

Hatered

Why do you hate me
i knew once you loved me
But i felt your hurt
Im sorry you were treated like dirt
I have felt your pain
Because of the rain
You could never understand
Even though i have give you a hand
Its times like this i wonder
Why in the sky is full of thunder

Marlena Scott

Him

He was there from the start.
And he wants me not to get hurt.
He wants me to be happy.
ANd he makes me laugh.
I want him to know that i love him.
And that i want to be with him.
But when i try to be alone.
EVERyone gets in the way.
I just want to be with him.
Is that ok.

Marlena Scott

His Eyes

When i look in his eyes.
I feel So special to him.
He is my world now.
And i never want to lose him.
I would do anything or give anything to be with him.
He is the one that i want to be with.
There is many ways i show him.
How i love him
People dont know i love him.
I love how my love for him
Can be so secret.

Marlena Scott

I Feel Alone

I feel alone
And nobody is here
I feel alone
And nobody is there
I feel alone
And nobody cares
I feel alone
And nobody is aware
I feel alone
When the wind blows through my hair
I feel alone
When i have nothing to bare

Marlena Scott

I Love You

I just wanted you to know

I love you

Because you're beautiful

Inside and outside

I love you

Because your smile makes my day

And goes straight to my heart

I love you

Because you're an amazing person

And I don't know what I'd do without you

I love you

Because you take me who I am

My weakness and strengths

I love you

Because of who you are

All that you do and all that you'll do

I love you

With all of my heart

My Best Friend

Marlena Scott

I Remember

Remembering the house that wasnt a home
Remembering being all alone
No one to hear my screams
No one to be there to see him coming
No one to say anything because they didnt know
Remembering a place that i wish to forget
Remembering people who werent around
Forgetting yourself because you were scared
Forgetting the love that should have been there
Forgetting the animals who were there for a brief moment
Pictures being taken were forced
Pictures that were ripped into pieces
But still I remember.....

Marlena Scott

I Was Wrong

I thought you could never cheat on me,
But i was wrong....

I thought you would never lie to me,
But i was wrong....

I thought i would believe you when you said that you love me
But i was wrong...

I was wrong when i trusted you
i was wrong when i thought things could get worse
But now everything has changed....

You thought that i would never discover you unfaithfulness
But YOU were wrong....

You thought lying would be better than telling me the truth
But YOU were wrong....

You thought i woud believe you when you said you loved me
But YOU were wrong....

You were wrong to think i would trust you
You were wrong when you thought things would get better

Marlena Scott

I'M Sorry

I'm sorry I'm not the one
I'm sorry of what you have done
I'm sorry that you've lost your love
I'm sorry but you're not a dove
I'm sorry I loved you
I'm sorry I can't be blue

But now everything has changed

I'm not sorry that you were the best
I'm not sorry but I'm not impressed
I'm not sorry you can't love yourself
I'm not sorry you can't be yourself
I'm not sorry things got really bad
I'm not sorry that I'm so glad

Marlena Scott

Leaving So Soon

Why are you leaving so soon?
Can't you see the moon?
I want you to be my sweetheart
But I know we have to be apart
Sometime we need to break the rules
And look like fools
Thinking that might not work
Don't doubt that it doesn't have fireworks

Marlena Scott

Left Me Alone

You left me alone with tears in my eyes
Learning that you could never be the same
You left me alone with tears in my eyes
Believing that you were there for me
You left me alone with tears in my eyes
Knowing that one day you would hurt me
You left me alone with tears in my eyes
Forgetting how you ment to me
You left me alone with tears in my eyes

Marlena Scott

Look In My Eyes

Look in my eyes
And what do you see
Do you see a girl or a woman
Or do u see what you want to see
Well i will tell you what i see
I see someone who believes in people
I see what other people dont want to see
When you look in my eyes now
What do you see?

Marlena Scott

Love

Love is a very special thing
Everybody thinks its only thing in life
But its not really
Love its very important to life
But its not only thing out there in life
Love means alot of things to different people

Marlena Scott

Mad At You

why does it seem to me that whenever I am at you

You seem to make me want to smile.

And forget everything that I mad about.

I always seem to forgive you with all the things that you have done to me and my heart.

Dont bother denying that you hurt me so much

Marlena Scott

Mama

MaMa, i will be there for you
Even if you days are blue.
MaMa, when things dont go right
I believe you can make it bright
MaMa, i am right here
Whenever you are in fear
MaMa, i love you with all my heart
And in spirit we will never be apart

Marlena Scott

Marlena

Marlena, where did you go
Because no one knows
Without u the trees have no leaves
And with that no one believes
That the heart in your chest
Has gone to rest
For it may never come back
Because its all black
Things may never be the same
When they call your name
Because when it come down to it
You my dear were never unfit

Marlena Scott

Marriage

What do we know about marriage?
Do we know it could get damage?
When do you know that their the one?
When its all said and done?
Why does marriage get to us?
When its just a fuss?
Why do we want to get married?
When we have so much baggage to carried?
Is marriage really a right thing?
What does it really bring?
Does it bring happiness?
Does it bring maddines?
Could we really know about marriage?
Can it really get damage?

Marlena Scott

My Best Friend, My Sister Forever

My best friend, my sister forever
You will never see a knife in your back EVER! ! !
I will be there until the very end
With a hand to lend
When time gets bad
And when you are sad
You will have a hug from me
Then you will jump with glee
We will never say goodbye
Even though years have flew by.
My best friend, my sister forever

Marlena Scott

My Daughter's Eyes

When i look in my daughter's eyes
Its like looking into the skies
When i look in my daughter's eyes
Sometimes all i see is her cries
When i look in my daughter's eyes
You will never see any goodbyes
when i look in my daughter's eyes
People will never be downsize
When i look in my daughter's eyes
Maybe there will be some lies

Marlena Scott

My Father

You were my father
And I was your daughter
You were suppose to protect me
But instead you just let it be
You let someone else take your place
But there was so much space
You left a big hole
Was that your goal
Did you want to see your little girl cry?
Did you ever ask yourself why?
Why did you ever leave?
Thinking we should grieve
You were wrong in so many ways
Maybe it was how I was raise

Marlena Scott

My First Love

You were my first love
And glad god didnt send you above
You were my first kiss
And im really glad im writing this.
You were my first walk in the park
We also had fun in the dark.
You were my first long talk on the phone
We never heard the dial tone.
You were my first love note
I wish we went on a boat
I was your first girlfriend
And now you are my best friend
I was your first movie partner
And you were such a charmer
I was your first lover
And there will not be other

Marlena Scott

My Love

You look at me with those beautiful eyes
Thinking there might be a place for me in your heart
Afraid to open up to me when i know you can
Scared that i might break your heart
But I promise with all my heart that i wont
I know you are strong to believe i will love you
I always have loved you
I tried so hard to love someone else
But its you that i always think about
I feel so safe in your arms that i never want to leave
Even if we barely see each other
I love spending the time i have with you
Keep holding on you'll make it
Heres my hand so take it
Look at me and show as river flow
I'll never let you go

Marlena Scott

My Man

You are my man for life
That's why I'm your wife
This is why I'm writing this for you
And this I can't undo
For Valentine's day
I'm here to stay
So I hope you haven't forgot
Because you are a Scott

Marlena Scott

Older

I cant stand here and look at you the same way.
You cant tell me that im wrong.
You cant just make me believe you.
You hurt me and tell me that i dont know what im talking about.
I know exactly what im talking about.
Just becuase im a girl doesnt mean i dont know anything.
Even thought you are older then me doesnt mean you are smarter than me.

Marlena Scott

Once Before

People think im weird.
People think im crazy.
I just dont care anymore.
I just lie in bed being lazy.
Just thinking of ocean shore.
Where i believe i lived once before.

Marlena Scott

Over Coming Depression

You know how you are when your depressed
But when you see me smile be obsessed
Never beat yourself up for things you can't control
Because you never know if you will be turn into a troll
I will be there when you over come your depression
There will come a time where you will do a confession
Sometimes you might just give up
For you, I'll be your sweet cup
Don't be so sad
With me, ill never get mad
And I think you will always be in my heart
Even if we are very apart
Come with me and ill show you
Having someone like me who is always true
Just remember I'm here for you through it all
Getting through it we will have a ball

Marlena Scott

Pain

I have so much pain inside me.
You dont know how much pain.
I have to be strong when i am around you.
Because i dont want you to see the pain.
Sometimes i want you to see the pain.
Thats because i couldnt be strong that day
But now i can no longer think i can keep the pain inside no more.
It kills me for everytime i keep it inside.
So im telling you why you see me in so much pain.

Marlena Scott

People

Some people are nice.
Some people are mean.
They even dont like mice.
They dont even like the color green.
People need to realize something.
No one is really the king.

Marlena Scott

Pushed Away

I told you i loved you
But you pushed me away
I told you i needed you
But you said that was gay
I told you i wanted you
But you just didnt care
I told you, you were the one
But you were just not aware

So, i walked away from you
Thinking that it wasnt true
You even look to see if i was gone
Then you saw what was really going on
I had tears in my eyes
Because i was tired of your goodbyes
Then you ran to see if i was okay
But now i have to push away

Marlena Scott

Remember Me

Remember me for who i am
And not what i have done

Remember me has ma'am
And not has hun

Remember me for my greatest
And not my achievements

Remember me for my latest
And not my disagreements

Remember me for what I do
And not the things I did

Remember me when I flew
And not what I hid

Marlena Scott

Should I Go Back?

Should I go back to the way things were.

But everything was such a blur.

Should I go back to him.

When people are so grim.

Should I go back to her.

Like she was in labor.

Should I go back in time

Then there wouldn't be any crime.

Should I go back to them.

Now that they have him.

Marlena Scott

Sister

You are my sister for life
Ill never stab you in the back with a knife
You are my sister forever
Things could never be better
You are my best friend
Ill have your back to the end
You are my sister no one can change that
And thats where it is at

Marlena Scott

Some Day

When you look in my eyes and tell me that you love me
While you hold me close and kiss me slowly
I believe you love me and you dont want to ever hurt me
But someday you just might.
You say that you cant get mad at me
But someday you just might
I love you no matter what anyone says.
No matter what happens i will love you intil the end

Marlena Scott

Somebody To Love

Why do you have somebody to love.
When most of people you loved is above.
Some people you loved is missing.
But who are we guessing.
She might not be the one.
He might just be done.
Love somebody with all your heart.
Noone wants to be apart.
They want to believe in it.
You are the one who has a little bit.

Marlena Scott

Strangers

We were strangers when we met
When we met nobody could have bet
That you were the one for me
I thought it was ment to be
But believe it or not
It wasnt what i really thought
Because we dont really know each other
Do you really think we could find other
Thats why we are still strangers

Marlena Scott

Surprised

when you first talk to me.
I was curious to see who you were.
When i got to know you.
I started to like you.
When we started talking more.
I started to fall in love with you.
But i getting ahead of myself.
Because i afraid you didnt feel the same.
Than you surprised me
When you told me you love me

Marlena Scott

Teddy Bear

Teddy Bear, Teddy Bear.
Its you that I care.
Teddy Bear, Teddy Bear.
But people are just not aware
Teddy Bear, Teddy Bear.
And with that i swear
Teddy Bear, Teddy Bear.
You are so so rare

Marlena Scott

The First Time

The first time i saw you
i knew that it was true, that id love you forever
and thats what ill do
you dont what you do to me

you dont know what its like being me lookin at you

Marlena Scott

The Lifeless Poem

This poem has no heart
For it can not be restart
This poem has no soul
It has left a big hole
This poem has no voice
But it has no choice
This poem has no bones
Can it be its out of stones
This poem has no head
There for it cant be read
This peom has no eyes
So it cant see your loud cries

Marlena Scott

The Reason Why I Choose You

The reason why I choose you
Is because I always knew
That one day I never leave your side
Like some day bring your bride
But that's not the only reason
You're the reason for my season
Days with you make my days shine
And with that everything is fine
I hate it when you are not with me
Because you have the key.

Marlena Scott

The Sky

Oh the sky, the sky
There is no time for a goodbye
Oh the sky, the sky
Why are you so high
Oh the sky, the sky
I wish you never cry
Oh the sky, the sky
People know you never lie
Oh the sky, the sky
Can you see the birds fly
Oh the sky, the sky
Things will always happen in July

Marlena Scott

Things

Things are very difficult.
I trought everything would be ok.
But something will never be the same.
Things were easy when i was little.
But things change and people change.
Many things are so easy.
And Many things are so hard.
Things may never be the same

Marlena Scott

This Is Who I Am

Who I am to you?
My favorite colors are black and blue
What people see me on the outside
Never would know I use to be a bride
I use to be a victim of abuse
But now I refuse
I survive it for so many years
Wasted so many tears
I have a beautiful daughter
Now she is left without a father
Can you believe he didnt want her
Everythihng she seen will be a blur
My favorite shape is a heart
And thats is just the start

Marlena Scott

True Love

People always think they found true love
But what people dont realize that same time true love fails
True love comes once in a blue moon
Some people think is the looks that count
But its not the looks or the clothes that they wear
Tru love is when he/she makes you laugh
Or true love is when you feel safe around them
True love means different things to people
For love has different meanings to it

Marlena Scott

Way I Feel About You

When im kissin you
I feel like im in a dream
That im never going to wake up from
When i hold you i feel like i belong there forever
When we are together i feel like nobody is on this earth except for us.
I believe in my heart that one day, we will live happy together no matter
If we make each other mad or upset
I believe that i will always love you no matter how life can be
I feel in my heart that we're meant to be.

Marlena Scott

Why Are People So Mean

Why are people so mean
You all look pale and green
Its not like you guys ride any broomsticks
But I can tell you, you guy are bunch of pricks
Think before you do anything
God only knows if you do something
Can you believe that Im the mean one
Looked deep inside myself and seen what i have done

Marlena Scott

Wonderland

I want to be in wonderland.
You will be there firsthand
When we get there she is going be mad.
The grinning cat would be glad
The caterpillar will smoke something you dont like.
The rabbit will run for a hike.
Red is what we see everywhere.
But the sign said beware.
There is a mad-hatter who loves tea.
With a little mouse who would flee

Marlena Scott

Would You Let Me Be There

would you let me be there when you need a shoulder to cry on
would you let me be there until the break of dawn
would you let me be there when you are at your lowest
would you let me be there when you are at your coldest
would you let me be there at the darkest time
would you let me be there at the brightest time
would you let me be there when you are at your toughest
would you let me be there when you are at your roughest

Marlena Scott

You Were The One

you were the one who love me
when i didnt want to be love
you were the one who cared about me
when i didnt want to be cared for
now i realize that you were there
for the bad and the good
when i look in those beautiful eyes
i know now that you love me for me

Marlena Scott
