Alone And Together At The Same Time

It is so lonely,
so lonely without you
where are you at

I'm here
your there
I need you baby

I Love You
and I never want you to leave me
I want to be forever with you

I promise
you promise
we will never leave each other

and if you go
I want to go with you
and if you die
I want to die with you
take your hand and walk away

I Love You
and I promise
I will never leave you

I Have Found The One So True

I have found someone
is she the one so true
I have been longing for her

have I found the one
yes, yes I have
she is and I love her

but does she love me
I love her
and I hope she loves me

I will never leave her
I hope she never leaves me
she is the one so true

she loves me
and I love her
we will never leave each other

together and forever
throughout Eternity
we will always be each other

In Wait I Sit

In wait I sit
until the day I die
longing for the one so true
will she ever come?

In wait I sit
until the day she comes
will she be longing for me?
will she ever come?

There she is
the day has come
is she the one so true?
she is the true one and I Love Her

In wait I sit
until the day I die
longing for the one so true
she has come, she is true

Killing Loneliness Together

help me out of this darkness

I need someone to love
where are you at
I've looked everywhere
and yet I have not found you

there you are
hiding in the darkness with me
why, why are you here
I'm here because everyone left me
I need someone to love

here we are side by side
killing loneliness together
thank you for loving me
you are the only one that I can trust
you are the one true friend I have been longing for

Untitled

Every moment by moment,
is a thought of you.
From the time I asked you out,
til christmas when we sing and shout.
From the new year and on,
til the past time is gone.
The future is near,
and we will never fear.
Love burns eternally in our heart,
for our soul never apart.
