A Man

A man,
How can I be a man whilst my past sin's haunt me,
I never loved all that they loved,
For my conscience and your cup of water is a blessing and a mystery,
For all I thought of you was what you thought of me?
For I thought that this organ's and this function of my soul was for you,
What do you think of me and you?
My poems are not valuable if not for your timing,
This is what you made me right whilst the world people will never fake it,
It was not meant for them but for you as the living man,
For a man's wealth is in the living man's health the rest is all vanity and a lie,
Do you care for trust or monetary value?
For we can counterfeit it but love never neither trust and truth,
We lie to get the counterfeit and not the real world of slow motion,
We hurry whilst the world is slow in volition,
We hurry whilst we can never see the unseen,
We hurry whilst we ruin our melodrama,
We hurry whilst we fall, we die and soon we are forgotten,

Maxim Muyu

Accept Me

Accept me,
Accept me,
Why do they ignore me?
In all their foolish games,
In all that I complain,
In all that I did,
This is the foundation of all hopes,
I hate their lies,
I hate their foolish company,
Touch my soul,
Let me realize all that is right from wrong,
Let me get the right motive,
The right meaning to a greater learning,
I hate all their foolish games,
When Christ fought for me in all my suffering,
No man on earth has any great Authority like unto you.

Maxim Muyu

Bless Us

Bless us,
Bless us Oh Lord,
I can see that you made me with a beauty,
I perceive that you created us beautiful,
This is us in your Beauty,

The Lord of all creation,
I will hold on,
My perception is about love,
I have these feelings,
That we will never fall to the trap of evil,

Beyond good and evil will make us love God,
It is by the word that we are alive,
It is in my heart that I can see this,
Bless us Oh Lord,
That we may never fall from your grace.

Change Is Good,

Change is good,
I feel the joy,
I feel these whims,
People tell me the good of you,
Treat me well,

Give me the good thoughts,
That I may change these patterns,
The devil's plan will fail,
But God's plan is eternal,

Change is good,
I hold on these whims,
I feel touched by the grace and riches of this soul,
Tell me,
Change is for the better.

Maxim Muyu

Change My Heart..

Change my heart,
Change my heart with an awakening,
This is the choice that I made,
I loved that word,
I can see clearly,
That I have the greatest value on earth,
Ever since I came into the world,
I value all the taste that is from the heaven's,
Thank my Creator for His wills,
The motive's within me is a blessed Sanctuary,
Pray for that great day,
When my heavenly king come's to end all my agony,

Dry Season

Dry Season,
Dry Season will always be there,
Hard times always be there,
Tough times always be there,
If you haven't gone through this,
Then you might be so hard to bear these time's,
That God prepared a place for Joseph,
These Hardship's are a point to learn,
To grow in challenges,
To bear witness to ourselves,
That they are there with a purpose,
And the influence is always an experience dynamic,
That can relate to the future world.

Every Moment With You,

Every moment with you,
Every moment with you is good,
I feel pleasant,
I see that we are not to fail,
But to succeed,
I hold on this beauty of Art,

That we are all touched,
We feel the blessings when we kiss with touch,
I feel that I am not leaving you,

There are times that I hold on these whims,
There are times that I feel all moments with you,
You are always there with me,

You give me good voice,
Positive feeling's,
That I will never leave,
Every moment with you is a great moment,
A good experience that leads me in the right way.

It is greatful to be able to see another morning,
Another Night,

To see is also to live,
To wake up and live make's life so amazing.

Memory Of Me As A Poet

memory of me as a poet,
memory of me as a poet,
My doleful soul need's the great memory of me as a poet,
The pure memory taught me of the spontaneous event's of life,
How creation gave me authority to reveal such a strong poetic verse,
I recited the poem in my mind only to realise the great motor memory,
But pure memory revealed all my past writing,
I can relive my past only by the memory of the great history,
Global memory took my mind to think of the great poet.

Music Never Dies

Music never dies
Music never dies,
Music never dies,
It is waking,
It is the making,
This is that euphony,
The movement
The inspiration,
This is that rythmic sounds,
The Sword came and washed me,
Music that hast taste,
Why you worry?
Music that can never fade,
Music that is the poetic minstrell,
Without this love,
I will fake and never increase,
The awakening glory,
That I made it again,
This crown is upon me, do not depose,
That I as Iam,
Made that crown fall upon my broken soul,
This is that sound of music,
This is that glory,
Behold I dwell on you,
That with your music,
All the demons run away.
