# May Polido(May 29,1984)

Im,26 years old. Nurse by profession and currently working as a call center agent..

Here's about ME: :

MAYBE AM NOT CUTE, MAYBE AM NOT HOT..MAYBE AM NOT SEXY LIKE THE OTHER GIRLS..I AM SMART, I DO LIKE TO STUDY, I LIKE TO HAVE FUN.I LIKE TO PARTY, I LIKE KISSING BOYS, I HAVE MY OWN BACK. I DON'T NEED THE HELP OF ANYONE ELSE. I TRY TO LEARN MORE AND MORE EACH DAY. I LIVE LIFE TO THE FULLEST. I DON'T LIKE TO LIVE WITH REGRETS. `COZ LIFE IS TOO SHORT. I HAVE MY GOOD AND BAD DAYS....I FIGHT WITH MY SIBLINGS AND MY PEOPLE SAY THEY DON'T LIKE MY ATTITUDE. I SAY IT'S OKAY. `COZ IM NOT GOING TO WASTE MY TIME. I ROCK VERY HARD! ! AND YOU KNOW IT! I HAVE VERY COOL FRIENDS THAT I LOVE! IF YOU ASK ME TO CHANGE, I'LL TELL YOU IM SORRY THIS IS WHAT MAKES 'ME'...

I CANT BE A DUMMY IF I KNOW DEEP WITHIN ME IM REAL.. YET SOME PEOPLE MAY MISUNDERSTOOD ME, DONT RECOGNIZE MY EXISTENCE, AND DONT EVEN BOTHER TO TAKE A SIMPLE GLIPMSE OF MY WORTH.. BUT THIS IS WHAT I WANT TO SAY.. WHAT YOU SEE IS NEVER ALWAYS WHAT YOU GET, JUDGE ME? ! WELL, IT DEPENDS ON WHAT YOU SEE.. BUT KNOWING ME? ! IS YOUR CREATIVITY TO LOOK DEEPER, PEEL WHATEVER COVER YOU COULD SEE.. `COZ THIS IS WHAT MAKES ME HUMAN, NOT PERFECT, JUST THE REAL ONE..

## A Poem Written Out Of

My eyes cant close to sleep, thinking a man that is a thousand mile to leap,

A canvass in my brain trying to draw your picture in the rain...

Sealed and coated like an idiopathic tumor,

I'm trying to get over, but it gets worse, hard to resist..

A love felt cant be inhibited...

Eyes flaming, burning sensation, paints your face in my hands so cold...

My dear Lord, give me your word to have and hold the person in my world...

# A Simple Man

So near yet so far,

Im lonely it created a scar

I thought its a start of a new beginning

And now its up to an ending...

How can i see,

Did He foresee? !

That he means a lot to me...

# Finding Love

Its easy to go out and find love,  
It takes time to develop the love...  
All my relationships seems th same.  
All of them caused me pain  
I didnt feel important to them,  
They told me that they love me and has feelings for me  
But all of a sudden the just slip away from me..

I give all the love, kindnedd, and care that they deserve and need  
But in return, there's no love i received!  
It's better ti think to stop this kind of relationships  
That causes me heartaches and hardships...

All i can say is that i loved them so much,  
And God knows that i felt love for them that much...

# For Keeps

Goodbye to the life I used to Live  
Face the new world I would then learn to Live  
It was in my dream, A perfect bliss  
Even I was construde though in despair  
I see you in the midst of the dark  
Im captivated by your halo light that spark  
It was extremely adorable and yet so sweet..  
I could not love you less,  
I feel you in some diffusive power  
Let us savor the painful and dreadful life within..  
Love me a little more and such,  
Then I would not fear End much.....

# Glycerine (For My Friend Graham)

Blue sky, Im so blue why? !

Red fire, how can i start a spark and make it fire,

Orange tree, please peel those emotions for Me,

Green day, I know he can brighten up my day..

Sunshine yellow, let me know if we can make it though...

# He Is Dave

Same likes, Both dislikes

It strikes! Am pleased!

Amazed and Captivated...

Known to be dave,

So interesting yet Smart,

And He Captured my deep cave,

Longed to see, dear to me

Barred by gravity...

# Keep Finding

my eyes cant close to sleep,

its glaring wanting to see your soul breathe;

you're one of the beautiful things that came to me,

and i cant bear not wanting you for keeps..

you filled the scarsity of my hungry heart with yours,

entwined and bind with your modest and honest carefree words..

I sought to capture your undying love,

that I know forever will keep me away to sob..

# Maldita's Chorus

I was blocked by innocence

Just by watching you then my soul collapsed

I dont know, but maybe you knew it...

Perhaps, I maybe too humble to express it

And i love you!

That even your lips is my favorite sin

That even your thoughts are my sanctuary

That even You is my february...

I'm drowning and I miss you

Indeed, I can only pay tribute on my knees

For every moment I cant be with you...

I soar beneath this poem,

You are the icon of beauty

Thus, I dont have the wealth to buy you this world

Precious jewels, silver painted fantasies,

Lamented golden necklaces,

Diamond rings..

I am just this nonsense, pathetic poem....

Whom wanted to be with you... Forever!

## Plum To The Grave

All but one I plea,  
Win this wild fruit I see  
Very common but rare,  
Not all could taste his spree and share;  
Its an inch temptrous and free  
but I dare not to pick this wild fruit for Me...  
For time will one fpretell,  
This wild fruit was then on my oaked rum spell.....

# Runaway

Its the first time for me to feel this way  
Unlike my other relationships they just sway,  
I almost give up my career just for him  
But then, he just dumped me and go back to his friends  
I cried, wait, just to save our relationship..  
But he just said, he's not ready for it!

He just considered me as one playing dummy,  
If it will click, he'll go for it  
But if its not..  
He'll ran away from it..

I hope he'll realize my sincerity for him,  
And go back to me and made me please again...  
Im just here, waiting for HIM,  
Ready to forgive and love him again

` Coz you all know and for him to know  
I Love him more that you all ever know...

# Sealed Syllables

I should have shut

The windows of my eyes

And let the rain,

Lull me to sleep

Instead,

My tired eyes lost their way..

In the stiff canvass of your face..

Seeking reasons behind,

The soundless syllables...

Between you warm lips

That revealed true,

True Love!

But the parting words,

That hit me like a raging storm

And I am speechless though..

Blinded by your luminouscity..

If sometimes you wont hear me say I Love You..

Pardon me please,

Cause` i love you more!
