Promise

Hold me in your arms
Look deep into my eyes
Don't turn away and go
Don't ever tell me lies

As per me I'll never lose you
In my heart I'll always keep you
You mean the world to me
Please stay here by me

This is a promise am making you
To love you and always be there for you
To never gave up on you
I promise you really promise you
To be yours and live only for you
To love you, , Love you & forever Love you.
