Oh My Mind!

Oh my mind, what do you want?
I want to give poems, but I can't.
Oh my mind, go to nature.
Yeah, with my pleasure.
Oh my mind, can I be free from that?
No, it is only your life support.
Oh my mind, give me a power.
Yeah, write poems against terror.

The Emergence

I'm mad for victory, I'm super human
I'm thunder, I'm storm.

I'm overwhelming in the earth, I'm a new flag
I'm power of Lightning, I'm disaster.

I'm beauty of pure, I'm natural resource
I'm king of destruction to remove ruin too.

I'm bullets of gun, I'm burning smoke.
I'm gravity, I'm hot sun.

I'm sun in the solar system, I'm light of the day
I'm wonder of the world, I'm newly-awakening expedient.

I'm god's creation, I'm going to Innovation
I'm the emergence of the world, I'm the best creation being.

Because of remaining for alive of his life.
But an educated thief-
Who steals everything
From house of this poor uneducated thief.
Because the educated thief-
Is so greedy than the poor uneducated thief.

I've read biographies of scholars,  
But, among them!  
Someone couldn't study any university.  
So what? They were bright as the stars,  
They used to take a lesson from nature,  
Used to distribute knowledge for human welfare.  
Such as Kazi Najrul, Rabindranath,  
They couldn't study any university of the earth.  
But literature of their has taken to become  
A text book in the university.  
Mohammad (sm :) wasn't literate person,  
But He was real teacher and guider of Islam.  
Although Socrates was an uneducated,  
He was a philosopher and teacher of ethics.  
Although education increases our knowledge,  
Knowledge isn't part of only education.  
So we should take a real education.

Md. Anisur Rahman Likhon
Mother's Womb

Mother is heaven, but heaven is not mother,
Because mother is greater than heaven.
First time, mother's womb was heaven of her child,
Because no food is taken directly by it but he is alive.
Mother takes food, but nutrition was taken by her child,
When he stayed his mother's womb with sleeping,
Because it is most kindness of Allah's blessing.
Mother is heaven, but heaven is not mother,
Because heaven stays underfoot of mother.
So mother is the greatest blessing of God.

Zeal Of Friendship(Continuation In Time)

Continuation in time..........................
All is lost of friendship,
Everyone has lost their friends,
Someone has achieved a good career,
Some are in student life,
Anyone is a student in the field of activity,
Anyone is an employee in his student life too,
Someone is busy to collect foods,
Someone is running towards money,
And I am? I want to be a different!
From childhood to youth,
From youth to old age,
I will go to search to find friendship,
I will also go to search for the truth,
The time is continued..........................

Youth works with mind base.

Open-Heart (In Glory Of Everybody)

I shall laugh in glory of everybody
I shall cry in the sorrow of everybody,
I shall distribute my food to the hungry.
All flowers of my garden are bloomed for all
The lamp of mine will lighten every house of all,
I shall punk my pipe and the music will run without goal.
My house, house of all will stay in same location of my soul,
As if it will be created an open heart by me to pleasure for all.

Newly Inspiration Of Spring

Spring has arrived,
Trees are filled up with flowers
Spring has been turbulent.
The new buds are bloomed,
Flowers are newly-dressed,
Art stays with green butterfly.
The mind is pleased
With fresh green leaves,
The nature has awakened,
Changing has come.
The nature is responded
By greens animated touches,
Spring is invited
By flowers- blossoms-buds
Bees fly from flowers to flowers
To collect honey with pleasures.
Flowers are swung by Antarctic air,
The smile of nature flows in the open heart.

Kindness

Get up early in the morning
Go to prayers daily,
Pray for everyone,
Then, get out on the ground,
Now you have to do-
Give food to the hungry,
Show the path to the blind man,
Give your cloth to the poor man,
Serve the patients,
Stay beside the afflicted,
Respect your elders,
Give affection your younger,
Help the poor in danger,
Come for welfare,
At least do a good work in a day
Again pray for everyone,
Then go to sleep in the name of God.
It will kindness of yours.

Cruelty Of Human

The smell of gunpowder is spreading quickly in the air
Suddenly an explosion,
This moment, all things was end and destruction.
Then the howling of everybody came away
Most of people died in the way.
Mother lost her children,
Children lost their parents.
But mother in extremis,
And said 'Oh, God, protect my child without me.'
'I am helpless now.'
Why is this happening?
It would be an answer-
'These are organized by cruelty of human.'

Md. Anisur Rahman Likhon

Ma,
Where have you gone?
Ma,
Will you come back?
Ma,
All time I remember you.
Ma,
I remember the past days.
Ma,
How much happiness of your compassion was!
Ma,
I'm helpless without you.
Ma,
Come back, you come back.
Ma,
You had to wake up whole night when I was sick.
Ma,
You are so great after god.
Ma,
You come back, don't you?
Ma,
I can't to endure this pain.
Ma,
I have been taken to prayer for you.
Ma,
May Allah bless you.

Every Moment Of Life

Every moment of life is not the same,
There are some moments in life which feel pleasure
Some moments come to life through laugh and tears.
Once again in a moment of life
Human loses their stamina for touching of sorrow
Sometimes they can't go ahead for feeling of narrow.
In the moment of our life is busy,
All this brings to heart to make a remembrance
With freshness and lively touches.
The every moment of life,
It could be touching of pleasure to the memory
Or it could be a heart-rending tragic history.

A New Year

Happy new year
I have missed past year.
Something was wrong because I was liar.
Last past year,
I was selfish,
I want to change my life where prayer is near.
Happy new year.
Oh, God, you are so great.
Pardon us for our mistakes.
Take my prayer and love for you.
Because you have given me a new year for welfare.

What's Love?

He loves everybody who believes in love.
He can't love himself who doesn't love.
Love isn't only love but also a renunciation.
Love is heaven, heaven is love.
Mind is a house of love.
I love, you love, he loves.
But Love isn't common.
Love is an expression of joy and pain.
Love is self-sacrifice without selfish gain.

Md. Anisur Rahman Likhon

I want
to free
from that
society where
every talent
is valueless.

Md. Anisur Rahman Likhon
If you want to know about importance of a year,
Go to a student who has failed exam this year.
If you want to know about importance of a month,
Go to mothers whose child is born prematurely before the days.
If you want to know about importance of a week,
Go to a editor who didn't publish any news from a week.
If you want to know about importance of an hour,
Go to lovers whose are waiting for each-other.
If you want to know about importance of a minute,
Go to a passenger who has missed a train.
If you want to know about importance of a second,
Go to a man who has survived from accident.
If you want to know about importance of one mili second,
Go to a player who didn't won a golden cup.
If you want to know about importance of a micro second,
Go to a scientist who didn't reflect light in micro second.
So every moment is valuable of our regulating life.

Simple Is Not A Simple

Simple is not a simple
When you can't do anything.
Difficult is not a difficult
When you can do everything.
Everybody knows the matter.
But few are feeling this.
They can't do
For unsuitable condition.
Sometimes simple work is faced with difficulty.

Mysterious

One day at midnight,
A spooky sound was heard by me,
I did the work quickly,
Then I came down on stairs.
At the moment, what I saw?
I was curious to see the situation.
Then I couldn't remember anything.
The next day, I woke up so late.
And I saw that I was in hospital.
Action has been finished,
I felt pain all over my body.
What was that?
Was a dream or reality?
It's seemed mysterious to me.

(It's based on Ghost)

My Trapped Life

In a boundary which is built by bricks and stone,
I am trapped in here, from morning until night.
I can’t come out from trapping life due to situation.
As if, I am in depths to depths which is dark.
“"I remember the story of past days such as:
The true freedom like birds, golden paddy, the green grass,
And the dewdrop on the grass in the field,
All this brings to heart to make a poem
With freshness and lively touches,
It's the newly-signaling and inspiration to write poetry.”
But today-
Willing of my heart,
It’s filled up by black spots of repentance.
As if, it’s a ruin of bricks and stone like concrete.

In Stage Of Life

Life is a struggle
So we need remain a goal.
World is a stage
So we will create a strong base.
Every obstacle is a stair
So we will increase our pecker.
Death is called by fear
So we should strive to win in the here.
At last success will come to life on the knocking door.

Md. Anisur Rahman Likhon
Result Of Lust

A wide range of distorted forms of lust
Sometimes it’s light-shadow
Sometimes it’s pool of death.
Needless to say, “In greed is sin, in sin is death.”
A lot of want are filled up by a little thing.
So why are so rampant of lust?
Will be satisfied with something which are given by Allah.
If you can’t do it, hold fast to the truth
Otherwise, you will suffer eventuality.

Md. Anisur Rahman Likhon
Blessing Of God

We wake up early in the morning, it’s blessing of God
Because if we can’t wake up for good.
We go to bed in the night, it’s blessing of God
Because if the night is not good for us.
We take oxygen from environment, it’s blessing of God
Because if we can’t take oxygen.
We leave carbon dioxide, it’s blessing of God
Because if we can’t leave carbon dioxide.
We get love of mother in the world, it’s blessing of God
Because if we get no love of mother.
We achieve knowledge in the right way, it’s blessing of God
Because if we can’t achieve knowledge.

There are billion or more blessing of God in the great universe
But we are not feeling these.
But; God bless us all time, so it’s blessing of God.

Md. Anisur Rahman Likhon
We are autistic child
We can’t do anything, can we build?
We also can do such working which someone else can’t do.
You should try to understand to us a little.
It’s truth that humanity is the greatest at all.

Md. Anisur Rahman Likhon
Does the time start to run from beginning of the creation?
Does the creation begin to run from starting of time?
Standing in front of a difficult question,
Is there no solution at all?
Sad to think that the controversial in far-reaching ideas,
Suddenly, thinking of the best solution to enchant the eyes are exposed by Al-Quran.
I asked him 'what were you doing before when you were in the womb? Why can't you say? because then the time did not start to run. '
No words came out from his mouth,
He did not solve the question.
I said him, “It is Allah who has created this great universe,
Every object in the universe is disciplined, space is unlimited
Well-organized and well-planned everything,
Therefore, the existence of time before the creation was inevitable,
But Allah has created this time, tell me now
Does the time start to run from beginning of the creation?
Does the creation begin to run from starting of time?
