megan erkkila(7-9-1989)

I was adopted by a loving family when I was 3yrs old.

--(Donovan)

Donovan this name who I weep,
He just sweeps me off my feet
He surprised me
From his passionate kisses
to his secretive love
I just wish it would last
and never go to the past
he loved me then
and still to now
I now can share the same emotion
I'm never sorry for sharing a poem
Even though he still went home
leaving a love rekindled

Do What You Want To Me

Handcuff me to the bed,
come a little closer
I'll give you some head
I'm going crazy losing all control
now you've got me screaming oh oh oh
whip me a little
spank me a lot
now you've got me hot hot hot

Don'T Go (Donovan)

Please don't go away
I need you, my friend, stay
in all these troubled times,
you've brought me peace at mind,
it breaks my heart to see you go

And in this darkened world and in the light of day
you put me to shame
it breaks my heart to see you go
I know that I have failed you
Sometimes I feel like thats all I do

But let the fading day remind you
that I'm thinking about you

Everyday(Donovan)

You phone me everyday, □
and my parents are starting to say hey, □
I'll just ignore them□
til the day, □
when my heart no longer has to pay, □
We sit side by side in a car
wishing you didn't live so far
I talk to you everyday
I dream of you every night
I tell you all I need to say,
I wish I had you in my sight
life's not fair, but I'm glad you care
About me and my life
You listen to my problems and my dilemmas
You help all you can
And that's why your my man

Fear

I feel like I'm lost
lost in a world of fear
I fear that love won't last
life will end soon
but before it ends
there's so much to do
I want to fall in love
with a man to old
have lotz of children
and grow very old

Forever Fall (Donovan)

Who was I fooling,
I still had your name burned in my heart,
When my lips were lying,
you still seemed to know my every thought,
every night falls like a reflection,
of the debt of love I owe,
In dreams your arms are stretched towards me
Longing to fall in them is me
For me never to be harmed again

I Am Dead To Everyone

I am a girl
I wonder if I'll ever grow up
I hear my mom yelling
I cry cause her words hurt me
I need to zone her out
I wish I was older
I am a girl

I am alone
I wonder who loves me
I hear rumors
I cry when they're about me
I need to not listen
I wish people care
I am alone

I am an ex-girlfriend
I wonder what happened
I hear him lying about me
I cry when he is gone
I need him again
I am an ex-girlfriend

I am dead
I wonder who misses me
I hear people crying
I cry when I listen
I need to be remembered
I am dead

I am not remembered
I wonder why not
I hear people laughing
I cry cause noone cared
I need to be recognized
I wish I knew how
I am not remembered

I Learned Love (Donovan)

You've shown me love
I never knew
I don't know why,
I can't say I Love You
maybe cause I was hurt before
I felt like a mat at the door
in time I will
Call out to you Because
I love you still

I Wonder

Just sitting here thinking
about how things should be
Finishing high school
and getting a college degree

Again sitting here thinking
about who I want to marry
a young muscular man
who's loving, kind and caring

sitting here again thinking
wondering why I hear screaming
in the doorway stand my two kids
looking at me with foot wide grins

sitting here thinking
where our money has gone
when ask, no answer he shuttered his face
in the mail was evidence
of my man at someone else's place
WAIT! ! !

sitting here thinking
what is he going to take
my house, the car or the kids
he's entering the courthouse
with MY EX-BOYFRIEND NATE!

Love Follows

A girl in so much LOVE
With a boy THATS not old enough
Now that he's GONE
She feels like it was wrong
To fall inlove, and just let him leave

Years later he's here
Holding her hand O so DEAR
She knows he's the one
That will get the job done
Of mending her HEART
As if they weren't or aren't IN LOVE

Our Soldiers In War

Red, white and blue they say
They fight for our country, but we pay
There go our families and friends
We have to wait until the war ends
To see our loved ones again

Some die because of bombs
And others call out to their moms
We are just as bad
As the iraqie man

We are killing their families
and leaving children all alone
Bush doesn't even care how his people feel
He leans on the government like he has no backbone

Something (Donovan)

Something lit up my room
I think that something was you
Something broke through the gloom
I think that some thing was you

We'll be taking off soon
You'll hold my hand to the moon
you stop the world and hit rewind
so we could repeat all the good times

The Feeling Of Torn

I have this feeling inside me
I don't know how to tell you
so you decided to tear me
from my place beside you

I can't tell you how I feel
I'm too scared to say
you say it's not that real
I guess it wasn't my day

You say I hurt you
but it isn't fair
you had to dump me
like you didn't care

I really liked you
but why should I care
I knew it was coming
It felt like a nightmare

I feel like I was used
my heart was played with
my feelings were abused
you were someone I could have stayed with

But now I understand
I'm not the only one
you are only one man
It happens to every girl
