# An Unknown Poet

The moon  
reflects light when the sun goes to rest  
The old tree  
gives bird its branch to make a nest  
An unknown poet  
shares her thoughts and dreams with no expect  
However,  
most people never read or respect

# Bitter Or Sweet

A silent anger, a hidden shame  
An unbelievable story, full of pain  
To whom I tell my secrets and fears  
I fear of you and me, of unexpected tears  
Bring me Some rays of light  
I've ever lived in darkness.

I've touched the life,  
and spelled the death with fear  
The other part is illegible,  
Bring me some light to read.  
I seek all the truth, bitter or sweet  
I Never mind the price, I should pay for it!

# Color Of God

God tells angels  
Today, I'm an artist  
And, God creates colors  
then, All colors exist.

waiting, in the endless row  
'What if we can choose? '  
Colorless creatures wish in silent  
A grant, you can choose.

In roar of Angels cheer  
A miniature leaf's shrilling in row.  
'I pick up this one I'll name it green'  
Too low, to hear in color show.

'This one makes me crazy'  
Sea Points at blue and cheers.  
'I resemble you, we both are innocent'  
a small Rose whispers in red's ears.

In deafening angels cheer  
Colored Peacock makes a parade.  
'who dares to compete with me in glory,  
Who makes such elegant decision, I made? '

creatures are called, one by one  
Finally, I announce confidently  
'the color of God'. Angels stop cheering  
And, they gaze at me with jealousy!

# Competition

i've never found a rival, but 'myself'

A person made a mistake of taking me as an enemy

in every time i've had a serious competition with 'myself'

Inevitably, most of the time, i'm indifferent to 'myself'! !

Fie on the world, If the world can't tolerate my challenge with 'myself'! ! !

# Different

I seem really So different  
Don't pay attention my difference  
See amazing things in my pack!

A delicious fruit you didn't taste  
A new word for life, love and faith  
Unheard voice, Untouched sense

You ignore me simply, perhaps  
My land don't appear in your maps!  
Sometimes, indifference is worse than death!

I'm unfamiliar with you, only  
You're not accustomed to me.  
We grow accustomed to be accustomed!

Respect for difference is found in quotes  
In student's book, in ?intellectual's notes  
being difference is So terrible In real world!

Most people choose to be similar,  
?no doubt, a safe way, a rescuer,  
But, I reveal the secret, 'I'm unknown version of you! '

# Flying In Dreams

Without you  
we never become one

Without wing  
a bird can fly just in dreams

Mehri Mehraban

# Great Artist

My heart is full of fire  
I've painted a smile on my lips!  
I'm a great artist

# Love Is A Sign Of Heaven

'Love' Is A Sign Of Heaven  
Like a seed in frozen season  
Waits eagerly to grow up.

Love knocks your locked heart seldom  
Dare, Open door, never mind wisdom.  
taste the emotional part of life.

Eternal message of cooing dove:  
'A wise heart can't stand in love'  
Wisdom is frozen hearts leader.

Wisdom calls me to myself  
Love grants eternity to ourselves.  
egoism is Wisdom's hidden gift!

love makes true our dreamy world  
A kingdom free of pains and wars.  
As if, we've never known sorrow.

# Migrant

Peace is a migrant swallow,  
who falls from no-fly sky,  
on a relaxed beach,  
and will dream a nest forever!

# My Last Poem

Forgive me  
I found you late!  
my time is over  
I'm going down  
But, my love,  
you shall live on  
as a remembrance  
In these last moments,  
I wish To put A rose On your hand  
Alas, The garden is barren  
I lost your hands.  
Above my burning corpse  
the flames dancing  
Wind scatters my ash  
Here and there, To faraway land  
I'll mingle with earth, air and soil  
I'll come back to life and flow on time  
Haply I may be a rose  
reposing on your hand  
Or, a bird who sings  
My last poem  
My only present for you

Mehri Mehraban

# Nowadays

in fake glory of a crystal bowl  
the goldfish forgets the sea!  
In cages, alone birds pray and sing  
'God! Bring A delicate roommate for me! '

unaware vase in boring moments  
Expects lifeless flower's fading season!  
In mansion, behind an elegant curtain  
A window stands welcoming the light, in vain!

I know a tree, so ignorant, it seems  
Isolated and Lone, in a barren, hot desert  
It sells shade to tired passengers free  
and None of them admires its present!

measuring everything by analytic eyes  
Love and business make no difference, indeed  
We don't share bread, happiness and peace  
Only, misery is permitted to come in!

Mehri Mehraban

# Paradise

I had a dream, Living in a little home  
Its walls of land stones and loam  
on the roof, smoking chimney blows love on air  
The Sun stood on clear sky and stare  
Like two eyes, its square windows  
That Were looking a pony on meadows  
Paradis isn't so far, a little house Upon a hill  
We, all, painted it with our childish feel

# Practise Love

I stand, and Practise love.  
Above a rotary ball, named earth  
Sometimes it has a deadline, a cycle  
begins with emotion, ends by hate!

Unfaithful says:  
I'm in prison of time, every moment,  
a moment dies, a moment's born  
How i keep the oath, in cycle of birth and death  
I'm not the same person who had sworn!

Faithful says:  
Love, In this ball, is the Only thing free of time  
an unknown poet composed:  
Love is a sign of heaven  
In its fading season, it should be restored.

A day I'll complete this course,  
and escape from my quod  
To land where there's no start or end  
no fade or hate, only love, Between me and god.

Mehri Mehraban

# Restore Our Love

(restore our love)

When love starts fading away

In our endless daily affairs

Our home is only a house where we dwell

And we don't mind consoling our despairs

It's the right time

to restore our love

When our favorite word is 'I'

Once We used to use of 'we'

Our dreams are better left unrevealed

and, We have little to say to each other

It's the right time

to restore our love

# Soul Of Time

Wind,  
scatter my burnt body,  
I come back to life in veins of leaves.  
lead me down to depths of earth,  
Take me to dark womb of seed.  
raise me to heaven of God,  
show me a way to nest of bees.  
I never know my ancestor,  
a lizard or a wounded Deer.  
Nature gives me a new chance,  
whenever I become sick of it.  
'death' isn't the end of mine,  
I'm flowing in soul of time!

Mehri Mehraban

# The Stranger

Here, people, smells and colors  
Sound familiar ordinary objects to me.  
I counted the windows and rooms,  
Even, the bricks, my home consist.

I enjoy everything at my home  
Gazing its landscape, listening to native dove.  
I love, neighbor's accent and jokes  
I know, when they fight, die or to make love.

I'm accustomed to all of these  
Alas, no enough I feel comforter  
whenever I reveal my dream and heart  
I'm punished: 'go away, fool stranger'.

Mehri Mehraban

# There Is No Word

(There is no word)  
There is no word  
There is no sound  
I am all alone here by myself  
Depressed by being ignored  
Wounded by indifference  
You get along in silence, without a trace  
The lamp of connection goes out  
In dos and don'ts and doubt  
Without you, we never become one  
Without wing, a bird can fly just in dreams  
Like a candle that melts and goes out

Mehri Mehraban

# Treading On Memories

Like all ordinary nights  
the moon's shining through window  
and, the sky sparkling with brilliant stars  
The night's freezing cold with your absence  
I'm treading on memories,  
burning them  
A phoenix arises in ashes  
The bird splits my chest  
and perches on my heart  
Like all ordinary nights

Mehri Mehraban

# Truth Is A Victim

(Truth is a victim)

Truth was a glass

So bright and delicate

A wicked child broke it

Into hundreds of piece

Everyone grabed a piece

and stared at it and said:

'All my wishes come true! My dreams

golden future and needs'

Nobody tried to perceive its secret

or put the pieces to remake it

alas!

The only truth is 'the truth is a victim'!

# Words Juggler

A new poem was born  
Sometime, a complex struggle  
Words, intractable, disobedient  
harnessing them seems impossible!

Sometime, how easy it comes  
Words docile, bright and dreamy  
One by one, arrives and perches in mind  
I and words, both in victory!

Anyway, I, the words juggler, compose them all  
First toss them up, then catch, then write  
I creep under their skins, and make love  
A poem blooms in my mind, in my heart.

aurora, announces another grant of sun  
A new poem, a new generosity of words  
But no enough to compose, I learn, from sun  
From words, to leave in it a portion of my soul!
