Mengjie zhao zhao()

Hamlett

you were a group of fire
burning crazily
alone in the freezing night
which was full of ice and snow
you struggled
desperately but bravely
truth and lies
loyalty and betrayal
went on the stage by turns
good and evil
love and hostility
all was wrestled into a suffocating net
like a stuffy room without ventilation
which made it hard for you to breathe and move on
even though the shackles changed into cage of imprisons
which was made by the steel and iron
it couldn't resist your burning tongue
