# Dishonest Love

I've tried many times  
To explain how much i love you  
But the more i try, the less you care  
The less you care the more i cry

Your heart is closed to my love  
Don't know what went wrong  
Neighter how can i make you love me again  
And now my heart is crying  
I feel a deep sadness spreading in my soul

My soul is dying  
My love is fading away  
My desire turned to fury  
and my dreams are all covered by the shadows of doubt

You're my dishonest love  
That makes me smile and cry  
That makes me give up and try  
And only your love is the cure of my wounds.

Thank you!

# In Flames

Simply I can't believe  
The way you smile is simply amazing  
I see the bright in your face every moment you smile  
It's like the sunrise lighting up the earth

Simply I can't stand by, while my body is in flames  
The way your body is connected to my body, It makes me in flames  
Filled by the passion  
Blind by the shadow of love

No woman but you can make me feel like this  
Like sparkling wine in the bottle  
Like butter melted by the cruel sun  
No woman but you can turn the impossible possible

I'm in flames  
When your arms are around my chest  
When my arms are around your breast  
I really feel in flames

Thank you!

# Memories

It was you and i in midnight  
Chasing happiness for each moment we had  
We were like Romeo and Juliet, beholding one another  
Both you and i was breathless, because of the amazing touches and kisses we  
gave  
our story was indescribable, anyone could explain it, only you and i

i remember every moment we had, like i remember the beauty of sunrise  
i felt my blood running through my veins  
my soul was nude of passion, and my haert amazed.  
this immortal love remains on me

Memories are like fire  
It burns my body when i remember your touches ~  
Memories are like nightmare  
it haresses my mind wwhen i can't see you

But while you were mine  
i could feel the joy spreading over my haert  
i could value the hours and seconds by your side  
because every minute with you means an eternity

Now this story did fade away  
our moments of passion became moments of anguish  
maybe one day we see each othjer again  
maybe one day we see the sunrise together  
because when we are taliking about happiness  
we have no time to spare.

Thank you

# Mother

SOMETIMES MY WORDS AREN'T ENOUGH  
TO EXPRESS YOUR GOODNESS  
SOMETIMES MY HEART DOESN'T HAVE ENOUGH SPACE  
TO EXPRESS THE LOVE THAT I FEEL

MY ENDLESS LOVE GOES BEYOND THE UNIVERSE  
MOTHER! MY BELOVED FLOWER  
THE ONLY FLOWER I CAN WATER  
THE ONLY SHINE I CAN BEHOLD

MOTHER!  
YOUR GREATNESS IS MY JOY  
YOUR STRUGGLES ARE MY INSPIRATIONS  
TO HELP ME FIGHTING FOR MY DREAMS  
SOMETIMES YOU'RE THE ONLY HOPE I NEED TO SURVIVE  
IT'S INEXPLICABLE, BUT THIS HOPE CAN'T END UP IN VAIN

MOTHER! MY SWEET MOTHER  
THE BRIGHT OF MY EYES  
THE SECRET OF MY SUCCESS  
MY EVERYTHING, AND MY HEROINE.

THANK YOU!

# My Beloved Woman

I remember once  
when we first met and fell in love  
It was just you and i, like a new journey  
That journey was the only thing i believed  
We were stuck in love, covered by passion and madness

And when we're together, we fear nothing  
because our love is our strength  
our passion is our illusion  
The nicest attraction i ever felt  
This feeling is stronger than storms and hurricanes

Because you're my beloved woman  
The only one i can trust  
The only one i can love as anyone  
and the only star i can behold

Thank You

# Nature

Amazing nature  
Great and beautiful is you  
Full of unexplainable landscapes  
That makes everyone ascend the heaven just by looking

Nature, amazing nature  
Covered by the sky and sea  
Beautiful is your colored garden  
And inexplicable is your mystery

Amazing nature  
I'm so such a fool  
'Cause i can't describe you as such  
As you really are  
Only i can say is that your beauty amazes my eyes  
My eyes becomees nude of passion  
My imagination goes beyond the impossible

And i know that i'm fool  
I'm such a fool  
For not being able to describe you as such  
as you really are.

Thank you!

# Soulmates

Like Sunrise and sunset  
We are inseparables  
Linked by the endless passion  
This passion goes through my veins  
I'm worthy, I'm worthy to this divine feeling  
That breaks barrier  
That makes the impossible

You're my muse, my sweetheart  
Your warm embrace makes my body stuck in love  
With no any way out  
My thoughts gets lost when our arms are crossed  
I might say we are soulmates  
Linked by the endless passion

And if destiny put us away  
Our story gonna be like a museum full of old legends  
Like a mind filled of remorse  
But we both know it's just a possibility  
'Cause nobody even destiny can put us away  
The Power of our love is stronger than any other power floating the universe

We are soulmates  
And I'm worthy, I'm worthy to this divine feeling  
That breaks barrier  
And makes the impossible.

Thank you!
