# Gonna Say Goodbye

Gazing blankly at the horizon  
Wondering how your life's going on  
Asking if I'm still a part of it  
And if your love for me still exist

It seems so long ago  
That your love seems so true  
Now, I wonder where are you.  
Maybe you find someone new

Is there still a moment that you think of me?  
Why you can't spare a little time just for me?  
Now I assume that you are gone  
Everything's going over and done

Never ask me why...  
'cause I just don't let myself cry  
Never pretend to sigh...  
When I'm gonna say goodbye...

# I'M Missing You

Sweet is the moment when we're together  
Everything's fine and I think of nowhere  
Only you and me...I wish its forever  
I'm in your arms and separation is never

But it's just a dream I wish to happen  
Coz I'm missing you every now and then  
I know we have different roads to be taken  
But being apart is my heart's burden

I just keep our love not to be afraid  
Coz I know love will never fade  
But I miss you and I can't wait  
Looking forward for that perfect date

Now in my room lonely sighing  
Being with you is all I'm thinking  
Searching...waiting...hoping...  
For you tonight I'm longing

The warmth of your embrace  
The calmness in your face  
Your caring and comforting stare  
And the sweet words you share

How your hands hold me from trembling  
How you talk that keeps me smiling  
The way you say "I love you"  
And how you show that it's true

Your chilling voice when you sing for me  
Your funny sways when dancing with me  
The sweetness and softness of your kiss  
And everything about you I really miss

I wish you're here with me tonight  
Lying on your arms, holding me tight  
Kissing and touching me just right  
And wiping my tears falling from my sight

I'm missing you and me together  
I'm missing you more than ever  
I'm missing you so much longer  
Now, I'm afraid missing you forever...

# Longing For You

My love why are you so far away?  
I need you tonight to guide my way  
Please be with me... I pray  
There are many things I want to say

I want to hug you so tight  
While the moon shines so bright  
How can I get through the night?  
When you're out of my sight

Every time I think of you  
I feel so alone and blue  
Babe, Why I couldn't reach you  
I'm so empty without you

Where are you when I need someone?  
Someone to care and understand  
Where are you when I need a man?  
To comfort me and to hold my hand

You said you love me so real  
But now, why I couldn't feel  
That for me you really care  
Because I could not find you here

I have you but I couldn't touch you  
You are mine but I couldn't feel you  
You love me but where are you?  
I'm longing for you...I hope you also do.

# Meteor Friendship

Iba-iba ang pinanggalingan  
Pinagsama ng kapalaran  
Magkaiba man ng pinaniniwalaan  
Ngunit nagkakaintindihan

May kanya-kanyang pagkatao  
Na magpapatuwa sa iyo  
Heto't isa-isahin ko  
Nang sila'y makilala ninyo

Nakakainspire ang kwento nya sa buhay  
Pag tinulungan mo'y, talagang may ibibigay  
Kapag pinagsabihan ka'y dapat ka nang masanay  
Sapagkat si Zarah Mie ang aming nagsisilbing nanay

Bulldog kung siya'y aming tawagin  
Emotional kaya dapat mong mahalina  
Mabuting kasama at nakakatuwa rin  
Mahrs may katawang baliktarin ang patpatin

Heto naman ang magandang si Jed  
"feeling" tingnan dahil liberated  
Basta't gwapo at may pera ay walang basted  
Pero pag nakilala mo ay isang tunay na friend

Sexy lady with a pretty brown eyes ito  
Height palang ay walang makakatalo  
Kung mainlove ay todo-todo  
Siya'y si Mona ang mestisa ng grupo

Si Carmel naman ang VJ ng barkada  
Magaling sa klase kaya't ika'y mapapahanga  
Babaeng sobrang adik sa musika  
Hindi nagpapatalo dahil palaban talaga

Si Nervi na sa gitara'y magaling at mahilig  
Hindi maintindihan kung saan umiibig  
Immature man ay marunong nang umibig  
Handang ibigay ano man ang 'yong ibig

Ang cartoonist na si Ella ay may tinatagong kagandahan  
Simple manamit at medyo boyish tingnan  
Sweet, smart at caring na kaibigan  
Pag may problema handa ka n'yang tulungan

Pangiti-ngiti at tahimik lamang siya  
Si Jenevie na mabait at matalino pa  
Mga sekreto mo'y sabihin mo la ng sa kanya  
Mapagkakatiwalaan at walang magiging problema

Eto naman si Japhet na kwela at masayahin  
Makwento at kahit anong gagawin  
Ano man, talagang siya'y may mapapansin  
Magaling sumayaw kaya't maipagmamalaki mo rin

Kung crush ang pag-uusapan siya'y marami  
Pero sarili nya'y halos ayaw ipagmalaki  
Si Lady Mae na parang kalog kapag nawili  
Creative, matalino at mala-Mariel R. ang beauty

Meow ang tawag ko sapagkat siya'y si Kath  
Magandang babae at hindi mukhang cat  
Patagong umiibig para di mahalata ng lahat  
Family-oriented at may talent sa math

Talagang masaya kapag sya'y inyong kasama  
Kunting joke lang nya ika'y mapapatawa  
Magaling magpayo at boses ay maganda  
Iyan si Ana Rose, marunong makisama

Ang poet daw na si Mishel ang sumulat nito  
Sweet but Sassy ang girl na'to  
Adjustable ang personality sa iba't-ibang tao  
Ika'y treasured `pag friends kayo

Kami ang bumubuo ng samahang nailahad  
Bonding namin ay walang katulad  
Tanggap ang bawat isa good man or bad  
Hindi malilimutan experiences that we had

Nakakalungkot lang isiping isa-isa'y nawawala

Dahan-dahang nakukulangan ang barkadang sa Meteors Dorm nagsimula  
Magkalayo man ang daang tatahakin ng bawat isa  
Wish kong magtatagpo at pagkakaibiga'y di mawawala

# Over Again

When everything between us is over  
I found my heart really suffer  
I thought breaking up with you is easy  
But I find it hard to bear the reality

It sucks and keeps me bleeding inside  
That there's no more "you" here by my side  
I believe that it'll be alright  
But every time I think of you, it's breaking my heart

Yes, I confess that on you I lie  
But I don't intend to make you cry  
I know that I could really hurt you  
But I don't really want to lose you

You hate me so much for what I did  
I keep on playing just like a kid  
But don't you know when I play the game  
When you feel you lose, I feel the same

Like a fool, I don't know what to do  
To make you believe that my love is true  
I hurt you but it's also hurting me  
I hope you'll know that I'm sorry

So, I'm letting you know that I miss you  
I want you to know that I still love you  
But tears fall on my face when I knew  
I can't believe you also do

Can't believe that still, it's me you're thinking  
Can't believe that for me you're still longing  
It's hard to convince myself when...  
You said you want to start all over again.

# Tomorrow Is Yet To Come

In the middle of a warm night  
Where only dark fill my sight  
My mind is full of thoughts  
Where my life shall be brought

After these all, where shall I be?  
After these years, what will happen to me?  
In what field shall I go through?  
What are the things I am going to do?

Who are the people I'm going to meet?  
Where is the place do I really fit?  
Who will be my set of peers?  
Who'll be with me through laugh's and tears?

What kind of fate I am going to have?  
Who's the lucky man I'm going to love?  
Who will love me more than ever?  
Who will share life with me forever?

Will I be successful and contentedly set?  
Or I'll be in sorrow with full of regrets?  
So I pray to God to teach me what to do  
And guide me wherever I go

He answered, "For now my child, go to your bed,  
For I have planned everything for you ahead  
Don't be troubled and sleep calm,  
For tomorrow is yet to come."
