# Can't Take It

I can't take it when you scream at me  
even though we're related  
can't wait to see you leave  
pack your bags and out that door  
even though we all delay  
you always get your way

# Losing Me Daddy

Can't you see me crying  
Can't you hold me tight  
and not fight for once  
why dont you see me  
i wish you could see me  
all my pain i wish i could drain away  
cold or distance  
we have no patience  
we have to behave  
daddys little girl has a fear  
we all cant bear  
losing her daddy to a brat  
thats a shame

# Scard

My body is trembling  
my heart is racing  
while the windows are pacing  
who's there i wonder two pairs of gohst  
a shreik comes from my mouth  
tears are falling  
with no goodbyes this is the end
