When You Feel Like Giving Up

when your down, im gonna always be around, so no need to frown. when your hurting, I hurt too, it seems as if I know what your goin through. It seems you hide so much inside, knowmatter what im gonna be here to ride or die. It seems like knowmatter what we go through, I always stay n luv with u. When you leave, its like you take a piece of my heart along too. My luv 4 you is so true, I thought 4 the rest of my life I would be with YOU.
