The Inspiration

Hey don't you cry.
You would make it if you try.
Everything would be fine.
You would come out and shine.

Always have faith in your heart.
Try to be focused and alert.
Hard work should be your role.
And you would surely reach your goal.

If you have failed then keep trying.
You would one day achieve everything.
If only you work harder.
Your success would come with prayer.

Always learn to pray.
Then God would show you the way.
Always put God first.
And He would reward you for your trust.

The Land Is Sierra Leone

Sierra leone is the country.
Everything is nice and merry.
The flag is green, white and blue.
She is the most beautiful place tis true.

She has the best natural harbour.
She has tall trees and birds with beautiful colour.
Her motto is unity, freedom and justice.
Serving and defending her is our daily practice.

She is popular for her riches.
She is beautified with beaches.
Her trees have the best cure.
And her citizens friendly and pure.

Now to all I must confess.
This place is defintely the best.
Go north, south, west and east.
Just make a visit and be part of our feast.

Peace and love is her only song.
Words of harmony from her citizens' tongue.
She is free from wranglings and embraces peace.
And her aliens we always try to appease
