# A Small Story About Heart And Mind

Heart is innocent, Mind is sharp but egoistic  
Heart falls in love with out thinking of the other  
it gets hurt when there is no response from the opposite  
Mind warns heart but heart doesn't trust him  
as mind is egoistic it stops warning after some time and  
just acts as a well wisher of heart  
But when heart breaks in love mind stops working  
as it wants to take rest then: D

# Beautiful Eyes

I have beautiful eyes, I have wonderful sight.  
Still can see nothing clearly.  
Went to an opthamologist for a check up.  
Was told there is something blurring my vision.  
Realized it's all just because of you,  
As you are always in front of my eyes.  
However far you are,  
You are always filled in my heart and my soul.

# Blissfull Evening

Blissful evening took me back to your thoughts,  
Romantic cool breeze passing by me smoothly,  
Giving a tender touch on my cheeks like you kissed me,  
Fragrance surrounded me reminding the feeling of your hugs,  
Was feeling so secure while dreaming to be in your strong arms.

# Christmas Poem 1

Merry christmas Merry christmas,  
My heart is singing, My heart is swinging,  
Was looking for the day, The most beautiful day,  
For the whole year, For entire Year.  
Did lots of decorations, On a big christmas tree,  
Around all our surroundings, With colourful lights  
And with so many gifts and So many toys  
Did lots of preparations, Tasty cakes  
So many sweets and Many candies,  
Wishing to meet and greet Happy Christmas,  
Looking forward for Santa to come my home  
To give us lots of Happiness and Lots of gifts,  
My heart is singing, My heart swinging,  
Merry christmas, Merry christmas.

## Christmas Poem 2

Snowy night, Chilling night,  
Singing carols, Singing choirs,  
Wearing clourful costumes,  
Wearing beautiful dresses,  
Waiting for the midnight  
Reached church to offer prayers  
Many nd many nd many  
All of us, children of God  
Wish to pamper God as a child  
Trying to make Christmas  
More and more delighful  
MERRY MERRY CHRISTMAS.

# Cupid's Play

On a pleasant evening,  
Cupid was feeling bored.  
And thought to see a play.  
He aimed his arrow at me,  
Unaware of changes.  
With thoughts full of luster,  
My mind filled with happiness.  
Heart overwhelming with joy,  
With a kind of love bubbling inside me,  
An aroma filled the surroundings.  
Nights were welcomed with dreams,  
Leaving my brain searching for someone.  
Suddenly, my eyes landed on him.  
He shared the same feelings as mine.  
We both felt a connection for each other,  
Attraction pulled us together,  
And so we decided that we are made for each other.  
Cupid was successful in his aim,  
And is still enjoying the play,  
And always will,  
As our love is eternal.

# Dream

I dream that an angel comes to me  
And ask what I wish for.  
I'd say that I want the one whom I'd like the most.  
One who'd be with me for eternity.  
I wish to keep him in my fist like a small doll.  
I wish to carry him with me where ever I go,  
But No one would see him except me.  
Tiny, like a fairy.  
Handsome and mischievious too.  
He would talk to me, he would sing for me,  
He would care for me and would love only me...  
I WISH MY DREAM COME TRUE.

# Early Morning

I woke up early morning  
To enjoy the freshness of the air,  
Its cool and pleasant hours of the day.  
Darkness just started to open its veil,  
To show actual beauty of the world.

Cool breeze joyfully touching every one  
Saying hello and giving a soothing feeling.  
Making mind fresh and happy.  
My body rejuvenating its energy.  
I got activated to start my day.

Sun just opening its eyes and  
Wanted to just peep out from  
Behind the number of clouds,  
Birds wanted to open their wings  
Just wishing to fly in the beautiful sky.

Buds wanted to open their petals  
Spreading their fragrance to the surroundings.  
Trees were just nodding their heads with happiness,  
Plants were dancing, moving their bodies with joy.  
Every living being enjoying early morning in their own way.

I too enjoyed early morning, breathing fresh air,  
Enjoying cool breeze, inhaling nice fragrances.  
Giving refreshment to my eyes with fresh and green view,  
Seeing the sun rays of slowly raising baby sun.  
My day started with fully charged body and mind.

# Facts Of Life

Every man experiences different stages in life. All phases differ and teaches us some lesson in our life.

# Feeling

When I closed my eyes  
I felt as if I was in a paradise,  
Trying to trace some thing,  
But the picture was vague,  
I felt the feeling of some thing warm,  
With an affectionate and emotional touch,  
Then the image became a bit clearer,  
And I was just thinking,  
Yes I know this touch,  
I know this feeling,  
I know this person,  
And then I realised,  
Its none other than my angel,  
I opened my eyes to see you,  
In front of me in real.

# First Drizzle

The mud's fragrance,  
as the first drops of rain touches earth,  
reminds me you.  
as the first dropp touched me,  
I felt as thrilled as when I feel you.  
the cloudy weather always reminds me  
of how much I miss you,  
your closeness, your warmth,  
your sweet words and your company  
it reminds me of how  
we used to walk down the road,  
holding each others hands,  
without any care for shelter  
and even though it was raining,  
it was enthralled feeling.

# God

God is faith.

Faith cuts all obstacles and over come all hurdles.

# Great Love

With Winter begun  
and a full moon night  
the moon ever so pure and bright.  
The weather was pleasant  
with soft breeze.

We walked slowly and noticed a bench,  
we sat together,  
with my hand on her shoulder I pulled her close,  
my warmth she needed as she leaned in close.

Without a word, we enjoyed the weather,  
resting in my arms with eyes closed,  
she reveled the bliss,  
with a gentle smile proof of her happiness  
which she felt with our closeness.

I held her ever more so firmly,  
in an embrace warm and comforting,  
and kissed her on her lovely forehead,  
with warmth and joy flooding me,  
I said to myself, 'How great this love is,  
How great this world.'

# Happy

An active day,  
A beautiful evening,  
A pleasant night,  
A cool breeze,  
A gentle smile,  
A tender hug,  
A mild kiss,  
A deep breath,  
A warm closeness,  
An aromatic weather,  
Romantic thoughts and  
An alluring partner.  
These are the things makes life happy.  
And this is reality of nature.

# Heart

My heart is very small and delicate  
Like a new born baby,  
Behold it with great care.  
my heart is very tender.  
And nothing can heal if it's hurt.  
It's happy with small things that gives joy,  
Feels like flying in the sky like a bird,  
And sad if any one makes it cry  
Tries to hide every thing in it.

# I Never

I am not a competitor,  
and I don't compete with any one.  
I am one, I am only for one,  
I am the judge of my own heart,  
I am the critic of self.  
In every work I do or  
in any way of my talent.  
In my beauty or in my behavior.

When I see myself in the mirror  
my image is my competitor.  
when I peep into my heart,  
it is the one who judge me  
for all my deeds.  
when I do some thing  
my mind is my main critic,  
and its not the one who is not satisfied  
easily while accepting the perfection.

I never compare with riches of some one.  
I am the one who is satisfied with  
what God has given to me.  
I get what I deserve, and  
give a bit from it  
to the one who also deserves it.  
And I do encourage people  
who needs moral support.

BUT BUT YES

I do compare with people  
with great hearts.  
I do compare with some one  
when some one does great deeds and  
I do compare with some one  
when they give helping hand  
to the one in need.

# I Wish

I wish I would be your tea cup,  
so that you will touch me with your lips.  
I wish I would be your specs,  
so that I will always be in front of your eyes.  
I wish I would be your vest,  
so that I will always rest on your chest.  
I wish I would be your clothes,  
so that I will always touch your body.  
I wish I would be a mouse,  
so that I will always be in your hands.

# Journey Of Life

Moving ahead towards  
The peak of happiness,  
Both of us holding hands together,  
Thinking of no hurdles in between,  
Imagining the path is smooth and clear,  
We have started our life journey.

But life is not as easy as we think,  
It's not so easy as we expect,  
Not so smooth and clear as we imagine,  
But still we enjoy each other's company,  
We didn't feel difficult to face the difficulties.  
Not afraid to cross the thorns laid on the road.

We crossed over the ditches and heaps,  
We did not shake a bit whatever the situation is..  
We faced every thing with lots of confidence.  
We achieved something, then we understood...  
What real happiness is all about.  
It's the small positive result of our efforts.

This is life, happiness is not somewhere else,  
But it's inside us and we find real happiness  
When we achieve it after a bit of struggle.  
Its effects last long and memorable.  
And its sweetness is everlasting.  
And the effect is unexpressible in words.

# Life

Life is like garden with full of flowers.  
If it gets good care for its feelings,  
colorful flowers blossoms.  
otherwise becomes like a desert.

# Life Is A Mystery

Life is a mystery for all those who don't understand it,  
and meaningful for those who enjoys it,  
and it's history for all.

Husband is a banker, wife is a locker,  
children are currency,  
every thing urgency.

Wife is a baker, husband is a pastry,  
children are cookies, friends are candies

# Love Or Hate

whether you love or hate, if you think of a person in what ever situation you are in that means he/she has a special place in your heart.

Naga Bhanu Vemuri

# Love You Love You Love You

Send me a Wink, Send me a Kiss,  
Send me a Hug, Send me your Love,  
I will accept every thing with my open heart.  
Let me breathe your breath  
Let me Smell your odour  
Let me touch your hair  
Let me pamper you with all my Love.  
Let my overwhelming love cover you fully  
Let me Embrace you with all my heart.  
Let me love you without inhibitions  
Let me shower on you all my feelings and emotions.  
LOVE YOU, LOVE YOU, LOVE YOU.  
Can't stop saying this as many times as I can.  
Can't stop my feelings for you,  
can't stop my emotions for you  
Can't stop myself from you till my last breath.

# Love, Attraction And Infatuation

Love just happens,  
It can't be forced,  
It doesn't need any conditions,  
It has long life.  
It will stay in you,  
Even when the person is not in front of you.  
When you are in love,  
You will have respect, affection,  
Attraction, admiration  
Passion, adoration.

Attraction is a force,  
It happens when something is beautiful,  
Requires lots of concentration.  
If some thing wrong it will be lost.

Infatuation is temporary love,  
happens when a person is not serious.  
At what ever age he is.  
It will not last long once you get what you want.

# Miss You

Every thing seems to be good  
when I see smile on your face.  
whole day seems to be messed up  
when I don't get in contact with u  
atleast once in a day.  
world seems to be turned down  
when I am unable to hear  
your voice atleast once.  
whole world seems to be dark  
if you are totally away from me.

# Mother

A mother is a friend, a teacher  
A mother is a guard, a guide  
A mother is a soulmate, a need  
A mother is a shelter, a sweet thing.  
A mother is a creator, a role model

A mother means the whole world to the child in her womb  
As he enters the real world, he sees a new world  
Mother is the first friend, she is his Goddess  
She nourishes him, cares for him  
makes him giggle, makes him sleep  
Shares every moment with him, for he is her soul.  
She seeks happiness in his little smile  
and finds tears in his little tears  
When her child takes his first steps, it is holding her hand  
A child is irreplaceable to the mother and mother to the child  
She feels her child is a God's gift to her  
While the child feels she is the most precious gift of god  
No one can compete her for her love for children.  
'MOM' is the first word a child learns to speak.

# My Dreams

My dreams are always with me  
Good or bad, sweet or scary  
More realistic than the truth  
With more happiness and and real emotions  
Dreams never leaves me  
But in real life there is more insecurity  
Dreams are my friends  
Dreams are my soul mates  
No one is my boss for my dreams  
No barriers no objections  
Free to fly a long way  
No fear no tension  
May be I am alone but not lonely  
My dreams are always with me.

# My Heart

Core of your heart is very deep like an ocean,  
I tried to reach it and I am not sure whether I am successful or not,  
but mine is not that deep so it's easy and you to reached it.  
your heart is very vast like a sky and I don't know where to touch and how?  
but mine is very small so you touched it very easily.

Naga Bhanu Vemuri

# My Sleep

My sleep is becoming envy of me  
as you are always in my eyes.  
That's why it's leaving me  
to roam here and there.  
my heart is wondering of you  
As you occupied my heart.  
so beating faster than normal.  
my thoughts running faster than air  
to reach you before the world could do that.  
My lips have forgotten to say any other word  
because it always utters only your name.

Naga Bhanu Vemuri

# My Soul

In the midst of the air,  
In a graceful manner  
my soul is hanging in the sky  
like a lantern on the pole,  
swinging here and there  
searching for a certainty  
to live for eternity  
with humble and peaceful.  
In a kind of humanity  
to be able to help others  
who are in distress and depress.

wanted to be a role model  
in good and kindness.  
struggling with self  
to come out of certain bonds  
trying hard to be a helping hand  
in what ever way I can  
my soul is sacred, my heart is pure.  
but my body is filled with little lethargy  
which has to be cured.

# Optimistic.

Always be positively. It spreads positive waves and even helps negative vibrations to turn positive up to some level and your positive attitude helps in your health and makes surroundings happy. (I strongly believe in this and also mostly try to implement what I said. I am mostly optimistic.)

# Reality

Moon is beautiful when you see from Earth,  
But you will know the fact when you land on it.  
Mountains are smooth when you see from afar,  
But we know the reality when we try to climb it.  
Mirages seems to be real water from long distance,  
But when we approach it we will know its just an illusion.  
A person is a gentleman, when he is a stranger,  
But we can know more when we become close.  
But you will know the value of some one,  
When he or she moves far away from you.

# Soul

Soul is like a kite,  
Life is like a thread,  
And body is like a thread winder.  
Soul is connected to body with life.  
Once life is left,  
Soul is free like a kite in the sky.  
Goes with the wind  
Without any restrictions.  
It has nothing to look back on  
The whole universe is it's own.  
There is nothing to hold it back,  
As it gets disconnected with it's life.  
We are the people can just look at it  
Till it's invisible when it's flying in the air  
Without any binding  
But cannot do any thing else.  
Salvation is the only destination to it.

Naga Bhanu Vemuri

# The Fact

NEVER TRY TO SATISFY OR IMPRESS SOME ONE.  
YOU WILL BECOME A FOOL AT THE END.  
DO WHAT YOUR CONSCIENCE SAYS.  
BEHAVE AS YOU ARE ALWAYS.  
PEOPLE WHO WOULD LIKE TO HAVE YOUR FRIENDSHIP  
WILL ACCEPT YOU AS YOU ARE.  
ONCE YOU LOSE YOUR SELF RESPECT FOR SOME ONE,  
THEN BE PREPARED FOR INSULT AND HUMILIATION.

# To A Speacial Friend

I woke up in the morning as usual,  
But why am I feeling so special?  
Is there any change in the Sun?  
Is there any difference in the atmosphere?  
Is there any thing new in the surroundings?  
NO NO NO NOthing like that.  
THEN?  
Or is there any change in me?  
YES YES YES  
There is some change in me,  
Some thing happened to me,  
Some miracle has happened,  
And made every thing new in my life,  
Makes every thing happy  
And My day extraordinary.  
Yes its all because of you.  
THANK YOU MY FRIEND, YOU ARE UNIQUE.  
DO YOU ALSO FEEL THE SAME ABOUT ME?

# Under The Blue Sky

Under the blue sky,  
At the shore of blue sea,  
While the waves rising high,  
At the sea shore,  
Enjoying the cool breeze,  
Holding your hands in mine,  
Leaning towards you,  
Keeping my head on your shoulder,  
Then u kissed me  
Feeling your wamth in me,  
We both fly in eternity,  
In the world of dreams,  
Enhancing the feeling of our love.

Naga Bhanu Vemuri

# Want To Come Out

I wanted to come out of all the bounds and binds  
heart full of thorns which are pricking me a lot  
unbearable to bear the pain but not knowing how to remove them  
trying to remove each but again need a needle to remove one.

Naga Bhanu Vemuri

# Wishes Come True

Walking all the way for 27 yrs of our marriage,  
In the foot prints of each other,  
Experiencing both bitter and sweet situations,  
Tasting the real love of our sweet hearts,  
Enjoying the fruits of our love (children)  
Waiting for more sweetness from them (grand children)  
Who make our life meaningful.  
GOD BLESS OUR LOVE.  
I HOPE THAT WE BOTH TO CONTINUE OUR JOURNEY  
FOR MANY MORE YEARS WITH MORE  
FLOWERS, NECTOR AND FRUITS.

Naga Bhanu Vemuri

# You Are

You are the one who is hiding behind shutters of my eyes,  
You are the one who is in every heart beat of mine,  
You are in my every inhale and exhale of my breath,  
You are the one who is inspiration in every moment of my life,  
You are in every dropp of my blood,  
You are in every memory of my mind,  
You are every where in me, You are every thing to me.  
You are my dream, You are my world,  
You are the essence my LIFE,  
You are my SOUL and you are my ETERNITY.

Naga Bhanu Vemuri

# You Are Mine

Your kiss on my lips took me to some other world  
You look like an angel from other world  
I stretched my hand to hold yours  
You held my hand and took me to other world  
I felt miles away from the earth.  
You took me to your heaven  
Swimming with you in the pool of love  
Made me to feel  
Let that moment stop there  
Let the world become still  
Let no one else separate us from that stay  
You are mine  
you are mine only  
And  
you are only mine  
My happiness has become enormous  
My heart and my brain  
my body and my actions  
All under your control  
I am your slave for your love  
I am yours for eternity.
