Whos Going To Be There?

</>whos going to be there when i need someone the most?
or when i think i might have seen a ghost?
im always with someone even when im asleep ive got my innerdemons
mom in jail or where ever she is
dad in prison
brother going thru stuff of his own
sisters - both- to screwed up to realize whats happening
stepmom skinnier than kyle
aunt and uncle crazier than me
freinds - liz- going thru crap at her own house
courtney lost somewhere between texas and elkins
grandmother to crazy to make any descions
nobody to listen to me
nobody to listen to my words
nobody to hold me when im scared
not even my boyfreind can make me any less crazy couse he is too cought up in
God ot think about me
but no matter that i can really go crazy and talk to myself.
