The Summer Sun

Your the sun on a rainy day,
hidden behind the clouds,
its like I couldn't find you,
but it doesn't matter, because i know your there,

And when the wind, decides its time,
to move on, to move away,
ill be here, always waiting.

What Is It?

When I lay and bed,
but cant sleep,
Or when I think but cant talk,
I wonder,
do you feel this way aswell?
or is just me?
This pain in my chest,
hoping for the worse, but fearing the best.
