A Regretful

I once fell for 'it',
And so lucky that I also can have 'it',
But I don't really know how to handle 'it',
So I let everything move according to fate (I thought) ,
Many things happen since I'm with 'it',
I'm laughing and crying, all because of 'it',
Unfortunately, time is too short to be with 'it',
Because of my fault, I lose 'it',
Not because I hate 'it',
But because I don't really appreciate 'it',
That why now I really miss 'it',
MY MONEY! Who steal IT? ! !

P/s: original version for the last row is "My heart and love to my dear beloved".

Inside Me

I'm searching for the truth,
In this world my life go through,
Having fun with the others,
Realized that I become a tool for the others,
Feel sad when I was hurt,
Depressed when I'm doing wrong,
Make me part of the world,
With full of philosophy and desire.

Make It Right!

Friends,

No need to look back,

Nothing to regret,

Just go through the past,

Bring the smile and throw all the sadden,

Together with the future,

Dreams will be realized!

My Vision

Today I'm just a student,
Have nothing and just a burden,
Cause my parents a lot of problems,
But 10 years later I do have a vision,
To see the happy face of my parents,
Because I'm not anymore as a problems,
I'm now a success person,
With lot of assets and money, I earn on my own,
A wife and a happy family that I belong,
Sure make me the luckiest person,
As a businessman from electronic division!

The Will

If I walk through the desert,
Move toward the oasis,
Swim across the sea,
Fly high above the sky,
Can I grab the most shining star?

Long time before,
It's always been said by the folk tales,
There's no dream can't be achieved,
Even the sun as obstacle can be overcome,
As long as there is heart and desire,
Nothing is hard, nothing is impossible.

Wish

The one and only,
The reason of living,
The cure for crying,
Moments to keep dreaming,
Hope then rising,
A heart to be filled,
A life of a dreamer,
A lie and truth for a future.
