All Dimensions Of Poet

poem composed after many disposed,
man made living challenge poet,
mean or mad weaving of poem supposedly shine,
most or muse during result after shown,
mob though justifiable, nature sown,
river flow across mountains shiver thoughts,
rivalry common among contemporary,
prevaricate or obfuscate part of him during hymn,
presumption and consumption of many though,
dimensions vary but dilution is must

Sad Poems

poet's thought though peculiar remain,
nature's philosophy impact high on us,
nurture stage by stage phenomenon on us,
stature is defined though undefined on many occasions,
mental fracture result in one's life,
amend stricture as it may transform one's behaviour,
append primogeniture towards many penetration,
lament every now then, result directionless,
proponent by poet with essence of euphemism,
opponent too reduce their against another.
