Staring

Why me
Staring...
In your eyes
Is there a fire pit?
To burn my heart....
Say something like that
In the my lip kisses with you
Keep it cool
The fire of your eyes
Let's get off
By my love...
Really now

Need A Warning

In Corona
Stuck in India...
There is no such thing as lack of oxygen....
Although the coronary face of Corona
Sneeze spreads...
Stretched by iron....
Despite the face shield
Lay on the veil
Corona germ is the only reason to stay at home
Today the enemy of the world

Even our enemy corona
Let us be a prisoner of health...
this is true
We are talking about health news today
Let go of that worry
Faceless
We left home
In corona world court
We should be punished... Warning...
Stay at home
World government system
It is safe for you and your family
With my friends and the world...
No other way today

Otteri Selvakumar Turkish Haiku's 2

İç ve dış
Benim pencere karşılama
ay ve güneş

Günaydın
sizin için çok iyi
rüyalara düşünüyorum

Benim kedim
hiçbir şekilde sıçan izlemek
sadece koş

Otteri Selvakumar

Otteri Selvakumar Turkish Haiku's 3

sevgili gökyüzü yazma
sabah Günlük Haiku
gündoğumu

az yağmur
Kurbağa atlar
şarkı rüya

Damlama yağmur
Bulutların dansı
çıplak banyo ağaçlar

Otteri Selvakumar

Otteri Selvakumar Turkish Haiku's 4

Sokak şarkıcı
bir şarkı söylerken
sevgili tanrı edilir

eski yumurta
Sadece doğmuş Broken
Yeni? omlet

gözler makyaj
kalp ile pikap
aşk atladı

Otteri Selvakumar

Otteri Selvakumar Turkish Haiku's 5

gökyüzünde
Görüyorum yok ay
yüzünde

gülümse
kalın kalbim temiz
Bu aşırı

Benim kedim
hiçbir şekilde sıçan izlemek
sadece koş
