My One & Only

You are my love, Sent from up above.
You make me dream, Everything that is not what it seems.
Your my life, and I am so glad to soon be your wife.
my heart pounds every time I hear your voice,
In my mind I speak; I made the right choice.
My heart desires you, when i can not see you.
My love for you ad only you, I am glad I was able to choose.
Your my one & only Please do not ever change that,
