# A Balloon Seller

He is tall and thin  
He comes and goes, close and far  
With a long hair under his chin  
He is great, he is a balloon seller

Children around him with such a noise  
When he shouts, 'balloon for sell'  
As they buy with their choice  
He travels again ringing his bell

He walks wearing a cowboy hat  
Which covers his dark browned hair  
With a long wild boot  
He goes everywhere

And shouts, 'balloon for sell'  
He goes another place  
Again he sells  
And shows balloons on children's face  
With different colours and styles  
Again he shouts, 'balloon for sell'  
Likewise, he walks miles ringing his bell

He is kind and gentle  
He comes and goes, close and far  
He is great, he is a balloon seller

Percyjen Pakhrin

# A Challenge Of A Dream

I'm here on this planet  
A strange thing I've ever met  
Rolling with it over and over again  
Just holding a dream in my brain

Still far to be done  
And hard to make it own  
Sometime I fall and stand  
When hope and lose all these happened

It maybe short or long  
But a motivation inspires my wrong  
So I'm heading toward everything  
With love, hope and dream

My life for once is what I have  
A goal like a seawave  
Effort, trust and to keep going  
Life and dream within

A dream on this planet  
A self-created  
Runs with a hope in my brain  
If I loose I try again and again

With a new dream now I've come  
How hard to make it own  
No questions how and when  
But one day it will happen

Percyjen Pakhrin

# A Lost Flower

I planted a beautiful flower  
As it grew I became a dreamer  
And in it I threw my life  
No matter how hard I strived  
But one day I gave up forever

I was not worth making it lovely  
So I forgot it unknowingly  
And it got no care  
And even no dear  
But now, it is lost because of me

But I'm still trying to develop it  
Searching again its fallen seed  
No matter if I already mistook  
I'm again planting where it was stood  
In my life when it seemed so weak

It was lost but i'm striving  
Just to make it a living dream  
And I'll let grow  
Letting my owe  
No matter if it sheds its wing

Again it will be a beautiful flower  
And as it will grow i'll be a new dreamer  
Now I'll care  
Being its dear  
And this time I'll give up no more

Percyjen Pakhrin

# A Lost Friend

I come to you my friend  
To seek you where you got banned  
And I'll go anywhere calling you  
In this unknown land  
It is a state  
Where we can meet  
So come here my friend  
Let's run in it

Last night it was hardly you  
But now you are true  
All those things are changed  
But there is still you  
In this unknown land  
I'll come and go  
Because I can't lose you my friend  
Having a lot of sorrow

You are my friend  
My farewell is not end  
So I still love you  
Being in my land  
It is a place where I can't see you  
But now I came to you my friend  
To seek you where you got banned  
In this unknown land

Percyjen Pakhrin

# A Nightmare

My eyes are wide open  
It's a darkness where I am lost  
It has a strong frightful delusion  
It may be a nightmare, I thought-

Screams around this darkish ground  
They are all invisible forces  
A king and his troops  
Trembles this land  
Such a war have these noises  
It's scream threatened my mind  
They are all invisible warriors  
But still, they have these voices

I feel it's wind  
It's so dark where I'm lost  
It's a strange darkland  
But it may be a battlefield for them

It's scream never stops awhile  
They have a war that never ends  
A king and his troops  
Trembles this land  
Such a delusion threatened my mind  
A nightmare that binds  
I'm in a darkness where I'm blind

I feel it's wind  
It's a strange fearland  
They bound me in their shrine  
Where king and troops  
Screams with their shields  
It's a war for them  
Threats me with such noises  
They have a war which is endless  
But I'm blind in these darkness

Percyjen Pakhrin

# Be My Last Hope

My dear  
You are the one  
The meaning of my life  
And this is how I'd feel  
Without you  
I can't make myself healed  
Everytime I would be missing you  
But when you are with me  
I wish you would be mine  
Because I love you  
So deeply I need you  
To be my last hope  
So I can always shine  
When in this world  
I don't want to lose  
My dear  
Come with me  
And be mine  
Because you are the one  
The one I love  
Just stay with me  
And be my last hope

Percyjen Pakhrin

# Bond Of Love

In the bond of love  
We are tied together  
You are my soulmate  
And I'm yours forever  
It's a love  
That fell once again  
I'll be with care and support  
And never let it end

We are captured on one another  
A love for everyday  
Combined each other  
To travel along the way  
It's a bond  
That we are made for each other  
You are my soulmate  
And I'm yours forever

Percyjen Pakhrin

# Breakaway Love

You broke me away  
When I stopped living without you  
And I fell more deep in love  
I failed to come out  
And I cried in hurt  
Begging you just a love

I waited in hurt for so long  
Hoping you with true love  
But you were only in my dream  
My teardrops in every passed moments  
Thinking you being away  
Seems like I'm away from everything

It is a true love  
So I wrote your name on my hand  
And I cried  
Because your shyness and your love  
Were all lies

Why did you left me, my dear?  
Am I not good?  
Or there's something beyond it  
But I'm losing myself  
Just without you  
Begging you a love I need

Percyjen Pakhrin

# Broken Loves

The loves I loved  
Were so much hard to me  
The mind that ached enough  
Beaten painfully  
All those loves  
Are now far away  
But they broke my hopes  
And I missed everyday  
They were broken loves  
When my heart was shot  
Shot by painful thoughts  
Because my love was not worth

Percyjen Pakhrin

# Broken Promise

A broken promise  
To the moon I did  
A love of true  
Now I forbid

Promise to hold love  
When I fell for her  
But I'm not worth for it  
So call me betrayer  
O moon forsake my despair

The last night  
It was promised with love  
But something I truly done  
With the heaven's above

A true promise  
With the moon I made  
When my touch to you  
Started to lack

Lack to hold my love  
When I missed from her  
As I was not worth toward this  
So call me loser  
O moon forsake my despair

Percyjen Pakhrin

# Deceived In Love

I never thought this  
One day Im going to get the hurt  
But it happened  
When you deceived this poor love  
A love that anguished my hope

So confuse and so trouble  
You let me lose myself  
But I'm hardly fighting this sorrow  
Because you are away from help

As my love is dissolved with tears and pains  
It flows like a hot stream  
And I feel the hurt  
When I meet you in my dream

I never thought to make you apart  
So I was always near  
Now you are away from me  
Being miles afar

In my pain and love  
You left me at the midst  
Now Im alone and afraid  
And I can't accept this

To heal myself  
Im fighting with my sorrow  
Because I'm deceived in love  
And destroyed in vow

Percyjen Pakhrin

# Divine Angel

Oh! Thou Divine Angel  
Thou must not take my soul  
Let me live strength within  
To fulfill my dream

I'm underage with many hopes  
So leave me in this mortal course  
There comes my time when it should be  
As I'll be aged and aged naturally

But now, my wife and children are cryin'  
Of dead husband and father dyin'  
I can hear their voices  
Crying with such noises

Oh! Thou Divine Angel  
Thou must not take my soul  
Let me live like such a man  
To cherish my wife and children

There are many things to do  
And some left undone too  
Fate and world to fight for  
And it is not yet over

Mortality in this earthly course  
Pleading you to increase my years  
Return me where I should be  
To wipe the tears of my family

So oh! Thou Divine Angel  
Thou must return my soul  
Because I can hear their cryin'  
Of dead husband and father dyin'

Percyjen Pakhrin

# Forsaken Love

I have loved you  
And you liked me too  
But my love end as I was so pity without expression  
And people was able to know without our revelation  
But I left within you  
I left the love of true

I gave up love  
I gave up my hope  
Because the situation was not in the capability  
When I was not in the pleasure and responsibility  
So I left behind you  
I left my love of true

Now without hope  
Seemed forsaken love  
As long as I struggled secretly not knowing the causes  
I was in love and always in life's difficulty process  
So I stopped  
The way I have loved

Percyjen Pakhrin

# Forsaken Nature

So beautiful is this nature  
The small falls, the greenish plants, the fallen rocks  
But I will go never coming back  
And I may not be here anymore  
To have some funs, to spend times, to describe scenes  
But I do feel I must forsake  
So I may be with rest of the days  
But I will remember

So lovely about this nature  
Running streams, lovely flowers, the old dried logs  
As I will go with my remembrance  
My feelings are here forever  
The way I loved, the way I'm pleased, the way I talked  
So I do heal painful moments  
But this will be my favourite place  
Being forsaken nature

Percyjen Pakhrin

# Friend Of West

It has been years and years  
Since we were aparted  
But I still miss you  
Oh friend of west

Now no such calls and emails  
And our friendship became old  
But the moments we already took  
Being a nice friend in this world

Sure we were on one another  
And we stayed happily  
As long as we were together  
We enjoyed those moments heartily

No matter being the moments old  
Because it was a true friendship  
And those times are unforgettable  
So it fixed in deep

Now it has been years and years  
I still miss you being sad  
But I meet you in my dreams  
Oh friend of west

Percyjen Pakhrin

# Hello Dear Birds

'Hello! dear birds'  
I know the way you make noise  
It's because you are afraid of me?  
But I'll do no harm  
I'm just here to listen your sweet voice

Your voice heals my mind  
So sing and chirp  
'Hello! dear birds'  
I'm just here to listen your sweet voice  
Just sing with your chirping noise  
And I'll walk away

Percyjen Pakhrin

# Her Fake Love

I'm hurted of the pain, I've received  
Because her truth remained unsolve  
And she is the one who deceived  
Leaving me with her fake love

I feel deep sorry of my own pain  
And I cannot stop  
Because my love gone in vain  
Now I'm loosing my own hope

She knows those promises  
But she did not fulfill  
For a love which was endless  
Now it is left unhealed

These disturbed dreams are all uncared  
Now my heart and mind became weak  
With a lot of thoughts ever  
These are all helpless and sick

True love began to suffer  
Since she let me die  
And the promises of her  
Soon started to lie

All the pains, I can't see  
But her truth now I solved  
She is the one who lied me  
With her fake love

Percyjen Pakhrin

# Hill Of Daffodils

I go through the way  
Singing a song that thrills  
And the way I go  
Toward the hill of daffodils

Where the flowers are!  
Grown over the hill  
Feels like a paradise  
On heaven's earth of daffodil

They shake their leaves  
And they dance  
And the wind makes a noise  
When I sing a song in romance

And I say to them  
A place I've ever found -  
Seems like a real heaven  
Where the hill of daffodils bound

Percyjen Pakhrin

# I May Not Be That Worth

Don't remember me  
Because I'm not so dear  
And you can't have me  
For the love you care

I can't be the one  
In the way you have thought  
So don't love me more  
Cause I may not be that worth

Just stay away from my sight  
I'm not that thing  
For the life you have imagined  
Having me in your lonely dream

Don't feel me more  
Because I don't feel it true  
And I can't hold your hand  
If I'm in love with you

I can't be your one and only  
In the way you have oathed  
So don't love me anymore  
Cause I may not be that worth

Percyjen Pakhrin

# In The Land Of Darkness

In the land of darkness  
Of pain and wound  
I lost my happiness  
In the way I'm bound

And the tears of mine  
Seems to flow  
Of being suffered  
In pain and sorrow

I got no escape  
The hell destroyed me  
It ruins my fate  
So dreadful! I'm losing my memory

Now I can't remember myself  
Of being lost in darkness  
Because pain and sorrow  
Took away my happiness

So I feel about to die  
Just lying over this land  
Giving up my hurts I cried  
Because I'm going insane

Percyjen Pakhrin

# Love Of Disguise

A spell dwells in my mind  
Casted by your gazing eyes  
Smile is hypnotically kind  
Finally did, your love of disguise

A truth here stands aside  
Your away shakes my heart  
Significantly this love thrusts  
Without you i feel apart

You are my strength  
And my luck  
So don't run away  
Making me an insomniac

All these feelings are sufficiently spelled  
Submerged with everything  
There you perfectly held  
When you are in my dream

This spellbound of mine  
I looked at your gazing eyes  
Smile says definitely fine  
That proves your love of disguise

Percyjen Pakhrin

# My Life

I may never know  
What brings tomorrow's fate  
But I do care my life  
And I must go ahead

I have dreams  
No matter what am I?  
Because I don't think about failure and success  
So I must try

Hope, trust and courage  
I know how much I have fought  
Until the end of my breath  
These are all worth

What comes the next  
I may not know  
But I do love my life  
Now I must show

I maybe with someone  
Or with no one else -  
But I must live my life  
Even being myself

Percyjen Pakhrin

# O Tree, My Friend

O tree, my friend  
You stood so firm  
You are giant and strong  
Even a storm does nothing

You have arms of strength  
And so heavy  
Where these flowers and leaves  
Spends there, its maturity

O tree, my friend  
You are a home for many creatures  
You are feeding them  
With your fruits and flowers

O tree, my friend  
I feel you so dear  
But you stood firm  
You are giant and strong  
O tree, my friend  
Even a storm does nothing

Percyjen Pakhrin

# Queen Of Slumber

She dwells in an unexpected way  
Where you can't meet her  
And occupies her day  
That you can't be together

Her beauty was invincible  
But the nature took her away  
Preity and underage  
Got another life of nasty play

Her glamoured face I still know  
Which lasted not forever  
But she left my owe  
And became the queen of slumber

She was loving and caring  
What you don't know?  
Had in her daily  
That you described preity slow

She left me to remember  
And the moments still raw  
As she apated from the nature  
Where I don't want to go

Now, she is no longer  
But with nasty play forever  
This is what I call her  
The queen of slumber

Percyjen Pakhrin

# Seek My Heart

I was in love with you  
When you turned to deny  
And my dream left untrue  
I lost my love in cry

I was so obsessed  
With deep sorrow  
Of love and hatred  
Is this your bestow?

Seek my heart  
That had a true love  
Being broken  
And self-reprove

Lost, lonely and ceased  
Seek these and feel  
O dear you were the one I missed  
Seek my heart and heal

Percyjen Pakhrin

# Sensation Of Good

In every struggles and puzzles  
I try to stand, if it is steadfast,  
But my mind goes swirling around  
Where it loses its trust  
Sorily, now I fell down  
Being nothing but a worse

I do hide deeply alone  
Where my feelings became rude  
But I'm trying  
Trying to be a man  
In the way, I feel good

I'm living this life  
As it is not simple  
And my luck always pulls me down  
Shows me a mistake and makes me puzzle

All the struggles and puzzles  
I do deeply pretend  
Being something hardly a good sense  
So I'm trying to be a good man

Now I'm standing  
Never wanting to fall again  
Trying to overcome my own rude  
So I'm learning this humuor  
In the sensation of good

Percyjen Pakhrin

# She Is As Fairy

She is as fairy  
And been my precious  
She is the one and only  
Who made my love a curious  
The more I wanted to be close  
The afar she goes  
A desire to touch  
Gives pain so much

But one day I had caught  
On my chest with love  
As she is as fairy I got  
Found my precious that I hoped  
The more she felt shy  
The long I had enjoyed  
My heart at that moment  
I felt I was without pain

Percyjen Pakhrin

# Someone Inspire Me

I wish, someone inspire me  
Because I can't insist myself  
So I need a friend to help me  
I'm stucked on my own,  
And I want to get rid  
I want to know my reason  
But I couldn't lead

Life, I feel a nasty  
A dream without goal  
A hope without truth  
These what I feel in a strange world  
So I need a friend to help me  
Because I couldn't insist myself  
Being alone and empty  
Please come someone and inspire me

Percyjen Pakhrin

# Success And Dream

Let your dream  
Prove you so strong  
When failure and hopeles  
That cannot overcome

Love on what you do  
For there is a world  
To succeed your goal  
Being a crazy soul

Let the dream  
Be true with your will  
Just go on ahead  
And make it real

Be strong enough  
And trust hard  
Failure a lesson  
Success an award

Love your life  
And your dream  
Because this is where we all are  
In a crazy realm

Percyjen Pakhrin

# Sustain My Love

In the way you fly  
O my fairy  
This is my heart's cry  
I will follow you  
To sustain my love  
And I will never let it die

One day you will get tired  
And when you do rest  
I will hold you tight  
Never let you go  
To sustain my love  
I will stand by your side

In the way you run  
You could take away my heart  
But I will be on expectaion  
And I will always follow you  
To free my pain  
You are my heart's direction  
To sustain my love  
You are the only one

Percyjen Pakhrin

# The Three Hills' Beside

There is my best place  
Heaven on earth alike  
On where my home rests  
The three hills' beside

When sun does rise and set  
There scatter its light  
Just over the hills of east and west  
Looks everything, beautiful and bright

And there is a stream  
Just between downhills  
Seems like a heaven's realm  
Where long and short flowers are daffodils

With an isle high and low  
From the slopes to the cliffs  
Fades there, the winter snow  
And hides the grasses and leaves

That is my best place  
Heaven on earth alike  
On where my home rests  
The three hills' beside

Percyjen Pakhrin

# Without Hope

I am loosing my strength  
Strength that wasn't enough  
I am loosing myself  
A self destruction in my love

I found like I'm nothing  
And even I can't stop  
My life with many struggles  
Just being without hope

Standing alone  
When everyone around me  
Nervous in my head  
A life of no reality

I'm with no hope  
And I don't wanna do anything ahead  
Just the way I feel  
A self-conscious of my own attack

I am loosing a strength  
A strength that failed to strive  
I am loosing myself  
Being without hope in my life

Percyjen Pakhrin
