As I Saw Her

Today as I saw her,
With an another guy my heart went so far.
Oh that day when we were together,
You didn't say me the real matter.
And today as I talked to you,
You didn't even notice me a few.
Then when I talked to you with force,
You made me the worst.
Oh how sad I felt,
Now but you didn't melt.
Now only sad are with me,
Without any fee.
Today as I saw her,
With an other guy my heart went so far.

As I Saw That Girl Today

As I saw that girl today,
My heart just say.
That you are so beautiful.
And also so wonderful.
But you was with another guy,
And couldn't do any thing because you were not my.
Why this had happend only with me,
Without taking any fee.
The eyes of you were so marvelous,
And this made your face so gorgeous.
Her soft skin when touch to my hand,
It was as soft as soft sand.
Oh then just I thought if the guy was not there,
I was gone propose her with a pear.

As I Saw You Face

As I saw your face,
After so many long days.
You were as beautiful as before.
I love you that day,
But still I couldn't say.
I still remember that day.
On which you come to my class,
You were as beautiful as the glass.
I wane to talk to,
You but I never could,
Because I thought you were not interested in my mood,
I always looked you.
To your lovely eyes,
But you never saw me with a rise,
As today I saw you.
I remembered those days,
And was just thinking of your grace.

As You Said Me Those Words

As you said me those words,
I felt as pleasant as the morning frost.
Before that I was in so tragic,
But as you said those words my tragic went like magic.
Your pretty eyes were looking so good,
It showed that you were in a good mood.
The way you spoke to me with your lovely lips,
At that time I saw your lovely clips.
The hair which you had was so silky,
And the skin of you was so milky.
Those words you said me were so sweet,
And made my life change with a fit.
Oh your words were so polite,
That it sounds all delight.

As You Sat Beside Me

As you sat beside me,
I again got my love key.
My love for you was beating so fast,
But it was not the last.
Then I saw your beautiful face,
It really had a wonderful grace.
The time when I looked to your eyes,
You just looked me with a shy.
Oh your beautiful silk hair,
Which I wane touch and call you my dear.
You loved me with your heart pure,
It all says on your eyes you are sure.
As you sat beside me,
I again got my love key.

Every Day

Every day always I see you,
When the morning is still on dew.
I always see your silk hair,
It looks so beautiful when it blew air.
Oh your beauty what to say you about,
It's just beautiful that never comes in my mouth.
Oh your beautiful eyes given by the lord,
When I see I always think who this god is.
Oh the time when you sing,
The beauties of the nature also swing.
You are as beautiful as the flower,
Just like the morning shower.
Every day always I see you,
When the morning is still dew.

Exams

The exams are coming near,
But students dosen't have any fear.
The syllabus is so vast,
But no one thinks how the exam is coming so fast.
Every one wants to be a topper,
But here no one is in order.
Oh what will be of these students?
They only makes so disturbance.
But when the exam comes on their head,
The student's studies like a mad.
Without completing their studies they come to hall,
And after getting the paper they think for a friend call.
Now after the examination,
All the students are in great tension.
And now the students think the exam was coming near,
But we didn't had any fear.

For You

Oh for you I will bring a lotus from the mud,
Buy going with the boat I will also bring the bud.
And by swimming I will bring you,
Which only few lovers do.
From your love I became the most bold,
Without any greediness of the gold.
And now you are my all,
Without any fall.
For you I can do any thing,
Without the help of any wing.
Oh my love now I think you know,
How much I love you and go.
Oh for you I will bring a lotus from the mud,
Buy going with the boat I will also bring the bud.

How Will I Live You?

I just think of you day and night,
But I knew you reality to night.
It was so painful for me to see,
Just as i was drawing in the sea.
I loved you the most,
But now you are the worst.
Oh so I wane go away from you,
Just like a dew.
But oh how can I live you,
My love to you was just true.
And what could I do to you,
So you loved that another guy.
And I couldn't do any thing even you were mine,
But at last I cried.
And I was not having any pride,
You went away by taking my hearts light;
And then no I just wane died.

I Know You Was Gone Say Me Something

I know you was gone say me something,
Which was gone be meant for me everything.
The words which you were thinking,
I knew it from your eye blinking.
The time when with your friends you whispered my name,
By hearing it my love for you came.
I was in love with you,
Without knowing of you a few.
Your every movement was captured in my mind,
And at last my love was all kind.
The time when you said you love me through your mouth,
With a joy my heart shout.
And then we together kissed,
On that lovely mist.

I Was Not Sure When I Knocked At The Door

I was not sure when I knocked at the door,
Then I saw your face without thinking any more.
To me you were so much angry,
But there I just wane say you sorry.
Now I just called you,
But I knew you didn't wane see me a few.
Then I called your name,
But a reply from your mother came.
That she is not here,
And I thought how could you do it to me oh my dear.
And at that time my heart broke,
And I wane kill my self with a fork.
Now only sadness is with me remaining,
By giving me savior paining.

Just You

Just I was passing by,
Then you felt shy.
Your lips were in mute,
But it was looking very cute.
Your eyes were downwards,
But I knew you wane look back ward.
The hair of you which was open,
They were shining in the sun.
But now the days don't pass,
Without thinking of you much;
And the day when we again meet,
I think that our love was all fit.
Then when I saw your face,
I just looked at your grace.

My Eye Contact With Her

My eye contact with her
Was so beautiful but she was too far
Her eyes just looked at me
Without any fee
Her eyes were so attractive
That made me so creative
Her sweet lips
Which I wanted to kiss
Her hair when I looked it were so silk
It matched her skin which having the colour of milk
The way she gave me smile
It was saved in my hearts file
I just thought about her now
And was trying to make poem of her some how

My Favorite Girl

I always knew you are the best,
And the hottest girl whom I loved the most.
I always sat beside to you,
To see when you talked to me a few.
You always loved me,
The most without any fee.
Today girl you are my favorite girl in my heart,
Also you were my, from your birth.
Your every thing is so special,
Just like the beauty of the sea cell.
When you talked me with your soft lips,
I just look it and think I will kiss.
The voice of you was so sweet,
That when I hear on the phone I wane you to meet.
Now you are the girl,
My favorite as precious as the pearl.

My Love

My love for you is till now inside,
But I never told you beside.
You loved that another guy,
So, that I thought not to go with you so high.
I always thought to call you at nine,
But then I remembered that you are not mine.
The day when you talked me a few,
Then I just thought to tell I love you.
My love is still alive for you now,
But I don't know to tell you how.
The day when I wanted to say you my beloved,
That you said me as your love.
Now I knew my love was true,
With out any crew.

My Love Is Still Alive For You

My love is still alive for you,
Without decreasing for you a few.
I love you still now,
But I don't know our love broke how.
Your eyes are still so bonny,
That always shines in the day sunny.
I was also lamenting with sad,
As I know you were crying on your bed.
Now it was a crush,
And all our love was wiped away with the brush.
Now no anything reminded for you as love,
But you were silent as a dove.
Till now for you I was just wailing,
And was just trying to prevailing.

The Struggle In Life

Oh the struggle in life
It's full of hurdles
And also sometime it cuts us like a sharp knife
Sometime it becomes as difficult as to break the stick in bundle
This struggle gives us a great injury
That is becomes an unforgettable wound
And we don't get any good curey
Because of this it becomes hard to cross a small mound
Due to this many persons surrender
And then they break their knee
No persons comes to help them, they just laugh in gather
Without any fee
At last most struggled person reaches to his destiny
And now he enjoys his life in melody..
