~really Sorry To Say

The 1st time I was into love with him
Who always being my special friend
But really sorry to say am far away from him ...

I was n a road...
Was crying over again
Finding a way to cross my pains

Keeping away from my soul (which always hurting me}
Dreaming back more n more...
Can't stop thinking about him...

But really sorry to say am far away from him...

Trying to find a shadow of mien
Which stay always behind me...{but don't know where it get loess's without
saying a goodbye }

Setting with a mirror
Looking back again searching for a mail...
"but thought he will return back "

"But really sorry to say that was a dream"

'T'

I love you everyday, everyway, ...

I think of you every scenery moment
But still am lost my words to say you how much
I love you...

I was writing a song for you
But don't know why my lines get lust's

I was taking with my friends ands we where laughing
Before you where here
When you entered I lost my words 2 took
And I have lust's my smile and get start's shying...

I was not me whom I use to be
But know am much happy too be
Know am my dream maker

Know if I die I at list can cry
Because I will lose him

I promises I wont lev you (b4 my last breath stop)
I premise I wont let you down (always keeps u on my mind)
I will give my whole life to you (for sharing my pains n stuff}
and will be only yours {with fate n trust}
