# A Thankful Birthday

We thank the Lord for this day,  
As we celebrate your special day.  
It's like only yesterday when we celebrating  
Your second birthday.

We thank the Lord for another year that gone by,  
As time really does fly,  
And again it's your birthday,  
We pray that God will bless you in any way.

We thank the Lord for the precious blessing like you,  
How blessed and proud parents we are to have you,  
We see you grow in love, wisdom and care  
And we know it's really an answered prayer.

We may not give you the best in this world,  
But we pray that you will richly bless by God's Word.  
Just trust in the Lord with all your heart,  
And all thy ways acknowledge Him as he directs thy path.

Mom & Dad are always here,  
Loving & guiding you forever,  
Nathan Rane our little dear.

# My First Baby, My Precious Blessing

On the first of October,  
God blessed us a son.  
A bouncing baby was born,  
And called his name Nathan.

When I saw your precious face,  
I prayed your life be touched with grace  
I thanked God from up above  
And promised you with an endless love

I can't believe one year's gone by,  
And time really does fly,  
You've grown from a tiny baby boy  
To a dear and smart little boy

God chose us as your parents, I knew.  
To trust and love by you  
Our life together has just begun  
You are part of us my little one.

By the guidance of God above  
We will lead you to his unfailing love  
Mom and dad are always here  
Loving you forever my little dear.

# Our Twinkle Star

In the 28th of August God bless us a son  
A tiny yet healthy baby boy was born  
And called him RONN JARED our precious one  
When you came into our lives  
We forget our worries and strife  
Because you're the angel that bring us love and joy  
Your smile, your laughter that you give us to enjoy  
We will always forever grateful to God  
For giving us a child that brighten everyone's heart  
As you walked through the pathway of life  
May God's grace on your path continuously shines  
Mommy and Daddy are always here  
Loving you forever our Twinkle Little Dear
