Love

I love you.....

I need you....

.

All my dreams are just about you.....

You the girl bornes in a mauritian family....

I love you so much, that I cut my wrist and bleed myself.....

Just to show you how much I love you....

You promised to love me no matter what come between us....

Instead of giving your love to me....You left me on the pathway....

Why? ? ? ? ? ? ? ?

Love without you my darling is so sad and bitter.....

I love you...I adore you...I miss you.....

please my sweet love come back to me....

I'll be waiting for you.....

Roses

Roses are flowers queen.....
You my darling you are my queen.....
The rose will dry and fell down from it's branches.....
But you my darling your love and your name.....
Will stay for ever in my heart.....
