I Am Sorry

I am sorry I hurt you

I am sorry I treated you with no respect

I am sorry I lied to you

I am sorry I cheated on you

you didnt have to go through this hard times

I put u through so much pains and u didnt do anything wrong

if only i could go back to change everything I will do it with

a passion within you do not deserve me

I screw up really bad what was I thinking

how could I belittled the person i claim to have love

what a disgrace on my part and a big shame

never in a million ever thought this would have happened

I am sorry I hurt you

I am sorry I treated you with no respect

I am sorry I lied to you and

I am sorry I lied to you

Please find it in your heart to forgive me.
