A biography to be build..

"Feel The Thrill"

In Every moment & every hour
There are many things to drill
Make the best in every mood
Make sure "You Feel the Thrill"

For times of good or unpleasant ones
When you're fit or even when ill
Just reflect the beauty deep within
Make sure "You Feel the Thrill"

There's Lots to laugh & even more to cry
But it's all upon you're Will
Look the way never seen before
Make sure "You Feel the Thrill"

Even in every busy day
Take some time to chill
Change it to a glorious one
When In life "You Feel the Thrill"

light-Mind-Persuasion

Our mind knows a lot of words
The words that can enlight
When expressed with the right Gesture
The word sounds polite

Persuasion can be achieved
When our belief is firm
With presence of mind & awareness
One can only confirm

Light is not just brightness
It's more than new life
The more we attract to rightness
The Better ways we find to survive

So Pursue with awareness
And let it bring you light
With an approach of fairness
Always keep that in mind

A Child Knows Best

A mind so clear.
Welcoming Every Thought
They are so secure
With no worries they have got

They smile with a pleasure
And say what they feel
A child is a miracle
Your tensions they can heal

A child believes in
No assumptions; but facts
We think of possibilities
And that's what attacks

A child is never wrong
But situations can be
Cause everything they share
Even if we don't see

Don't shout at a child
Don't develop a fear
Let that innocent smile
Always remain a cheer

A little appreciation
Is all that they need
You're Acceptance & Approval
Will help them to lead

We've forgotten many things; if we just reflect
Look at a child
Your heart will say
A child knows best.....

A Wish

I wish i was a star
I would stay wherever you are

I wish I was a moon
I would be with you After Noon

I wish I was a sun
I would smile when you run

I wish I was a fish
I would be your fav. Dish.

I wish I was a Tree.
I would cover you under me.

I wish Dreams come True.
I would ask a dream for you

Amazing Training

We arise each day
And are ready to move
We do the best we can
And so we try to Prove

But then comes the time
We are squeezed under a stone
This may be any difficulty
Out of your comfort Zone

And so we try
And sometimes complain
Then find a way out
Therefore we sustain.

Difficulties in hard times
Is the most wonderful thing
It gives us the training
To face life's off swing

So Mistakes & Errors done
Even though it's wrong
Facing the moment & reliving it
Can definitely make us Strong....

Ryson D'souza

Anger

Anger is an expression of a sub-conscious mind
Reactions without a reason you find
For the state of anger can't take you any long
It will destroy for life and prove you wrong.

Anger is like a shadow that's not visible in the dark
You lose your temper and only bark
It's the reflection that can't be seen in boiling waters.
Men lose their site & tempted to quarters

When Anger is in the eye of a friend you know.
Remember stay cool and let it flow
What will one achieve with a temper of no fame.
Diversion of careers & diversion from aim.

At The Heart Of Health

On this World Heart day
Let's revise the way we stay
And Protect our Heart
In a very healthy way

To avoid cardio vascular diseases
Say "No" to unhealthy diet
Stand up for your heart
Don't stay Quiet

Quit Smoking if you do
Cause it doesn't make you a stud
The carbon there within
Is converted to mud

And exercise for sure
Will cut down the fat
For blood to flow smoothly
Be aware of that

We all know the Prevention
Let's prepare our life chart
It takes a little attention
For good health of the heart

Back To The Start V/S Today

Take me back to the Old days long
Show me how the past as Gone
It's been so hard but now I am strong
Things are now easy but don't know how long

Time has challenged me while after while
It tested my patience; it tested my Smile
Now I am happy cause things go Right
It's Pleasant in the day and Peaceful at Night

I have no idea when the table turns around
When the person from sky touches the ground
Thank god for each day you spend
Cause he is our guide and best friend

Almighty god helped me reach here
God's with me I no longer fear....

Birthday Poem

Birthday comes once in a year
365 Days you are our dear
Sometimes far sometimes near
Today's your Birthday
So celebrate with Cheer

Black Or White - (Its All About The Money)

Overnight Passed a Notice
Rs 500 & 1000 is banned
The initiative taken by PM Modi
To remove Corruption from our country land

Difficulties are a many
But We Indians can manage
Cause the Decision was taken
To resolve the Economy damage

The words from the PM
Sounds so genuine & true
Black money is demanded more
And white money few

Declaration of cash flow
Is now on the checklist
Hope corruption gets vanished
And no longer exist

Ryson D'souza

Blame - (Be A Winner Without Blame)

It's written in the destiny
And placed by others generally
It doesn't act as a remedy
But creates misunderstanding enemy

It sounds like a beep
And takes away one's sleep
Its hurts a person deep
No one would like to keep

It's pushing of responsibility
And testing another's ability
It's running away from ownership
Its causing others an wordily whip

When things don't go; the way you want
Accept it without giving a taunt
Reflect what right can be done
Cause with Blame a person can never be won

Ryson D'souza

Bombay

A city with a spirit; Never say die.
Opportunities for seekers are always high.
A city united to signify
Even in calamities like 26th July

A city with a heart that always beats
Crowded trains with limited seats
Food available on every street
A city that no one defeats

A city with the rich and the poor
For every Sickness it has its cure
Air may be polluted; But still it's pure
Even at nights you are Secure

A city that we have so much to say
About Decades or everyday
So attached can't stay away
It's a City they call BOMBAY! ! !

Ryson D'souza

Brave

Brave is a Soldier
No Fear of his life
Protecting his nation
Till the day he survives

Brave is a warrior
Ready for every Battle
Conquering till mortality
Victorious with no hassle

Brave is a Mother
She gave us birth
With a happy tear
She brought us to earth

You can be Brave
Stand for the right
If you built the courage
God will shower his glory Light

Ryson D'souza

Choices Of Decision

There is a choice
For Every decision we make
There is a choice
For every action we take

The Choice of our perception
May not always be true
The choice of our decision
Belongs to our view

We have a choice
To think twice
We have a choice
To get some advice

Make your choice
With a proper reflection
Take your decision
Towards the correct direction

Congratulations Champions...

Winners are winners
Because they deserve
It's the effort from the inner
That always serves

Enthusiasm & excitement
Is the way they feel
To participate & win
With Passion and Zeal

It's the Quality of a winner
That never Stops
Good Going Champions
Towards the way to the TOP

Note: Poem dedicated to the winner on the #healthyheart 'Selfie & oneliner'

Culture Of India

India has its culture
Displayed in customs & traditions
India is known for it's unique
Festivals & celebrations

India has its specialized Arts
From Taj Mahal at Agra
And India Gate at India's Heart

The Beauty of Indian Culture
Whether Folk or Tribal Art
Even the wall paintings & Sculpture
Has its own learning Embarked

An Expression of culture
In its dignified dance
And its melodious music
You should listen; if you get a chance

The Clothing in India
Differs with its geographical base
Every ornament with its traditional wear
Has its own amazing grace

India has its unity
Whenever there's a need
Sharing at times of crises
It's a value sown indeed

The Steps you dance is your Ultimate Choice.

Ryson D'souza

Darkness

Darkness; when we refuse to see
It's not the Absence of light
Our Mind & heart are shuttered
Why can't it be bright.

Darkness; when we lost hope
We just could simply find
This darkness can be Enlighten
It's just the matter of trying

Darkness; when we crush our desire
Not fulfilling our will
Following the wrong Path
We lose the fun & thrill

Darkness; An Approach towards life
We believe; we have failed
The Ship of life never stops; it will begin to sail.....

Ryson D'souza

Dedication

Ask the Heart
That Always Beats
Ask the brain
That never sleeps

Ask the Sun
That shines each day
And the Stars
Every night they Play

Ask a child
Who always craws
Learning to stand
Holding the walls

And the River
That keeps on flowing
The Invisible Winds
That's always Blowing

They Give Us the Perfect indication
An Example set for Dedication....

Diwali Season

The Sparkling fireworks in the sky
So beautiful to see
The delicious sweets prepared at home
By family members and me

We visit friends and relatives
Exchanging gifts & joy
The children in the family
Are excited for their new toy

The season brings freshness
We begin the year a new
Diwali speaks of Good over evil
A message so pure & true

The season comes once in a year
Its vacation time heal
I wish Diwali is everyday
And that's what I feel

Ryson D'souza

Don't doubt yourself

Even if your day is worse
It's just life's ways
How you react to the universe

Don't doubt yourself
Keep your passion alive
Your each day will be wonderful
With New ways to survive

Don't doubt yourself
You are Blessed Everyday
It always been an hidden Blessing
All through your way

Never Doubt yourself

Dreams & Thoughts

All Like to dream
Isn't it true?
When Dreams are Sweet
We find it few

Ours thoughts are fading
So is our dream
We call it a nightmare
Therefore we scream

Thoughts of Glory
Can do us wonders
In our Dream Story
We see Joy of thunders

To fulfil your Dream
Make it a Vision
No dream is Achieved
Without a perfect Precision

Easter Egg Kidnapped

On the day after Easter.
The Easter Egg was on its way
Before it reached my table.
Someone Stoled it away.

I wonder how Delicious
And colourful it could be.
My Yummy Easter Egg was kidnapped.
Before I could even see.

My Easter egg is now missing
I have to wait for a year
Soon it will be Easter
And another Easter Egg will Appear

Ryson D'souza

Environment

The Flowers that blooms
Most beautiful and rare.
The thunders at rains
That makes us scare.
Will all be missed
In the days to come.

Cause we are busy at work
And environmentally dumb.
We feel the heat & still cut trees.
We then pray for a good climate
Down on our knees.

At Business & profit
We are so wise
But environment we harm
& still don't realize.

The Climate is getting hotter
and dryer each Year.
Global warning my frd
Is one step near

Ryson D'souza

Excellence

Excellence is nature,
Cause it has day and night.
Excellence is accepting,
Something wrong and right.

Excellence is your own,
It's in your mind,
It's within you; where Excellence you find.
Excellence is a Mother that nurtures you,

Excellence is a whole and never few.
For some Excellence is old and for some, it's new,
The one word definition for Excellence is 'YOU'.

Ryson D'souza

Face - The Map Of Personality

The Identity of a Person
Is one's own face
No one would recognize
If the face is replaced

The face Projects
The way we feel
Our hidden emotions
Is what it reveals

From Pleasure to Pain
It expresses them all
That's the Beauty of the face
Whether Big or Small

The face as its originality
Its own rationality
It displays Purity
Most of all... The face is the map of Personality

Ryson D'souza

Faith

Faith is what Lies within your heart
Lack of Faith can drive you apart

If you are humble to the world you see
Faith is what you can earn for free

For everything earned has a price to pay
With smile & happiness; you will always stay

Believe in yourself; always be true
Cause your faith can save you

Ryson D'souza

Fear

Fear not within your soul
Cause fear brings a Snare
We begin to lose self Control
& Trapped Everywhere

Fear not of Failure
Cause it's not yet arrived
Success can be achieved
Only if we have tried

Fear not of the nightmare
You've just dreamed last night
Keep your thoughts Positive
Just keep thinking Right

Fear Is an Illusion; with emotions Combined
Fear Doesn't Exist; if it isn't in your mind

Ryson D'souza

Flowers

Charming & grateful
So wonderful to be
A life of a flower
It's humble to see

It's Blossom in the sun
Has its own pretty Smile
That Clams the Weather
While the winds blowing mile

For when a dew drop
Sits on the Frond
It senses its motion
And softly responds

The fragrance provided
With Freshness & ease
Dancing to the Music
Of the passing by breeze

Purity of Colors
With Divinity & Grace
They are so beautiful
For All occasions to Embrace

Ryson D'souza

For My Sweetheart

So Sweet is your smile
With a glow in your eyes
That shines all the while
With an unlimited prize

The soft-spoken words
That comes from within
Like the rhythm of a bird
Just swaying in

And the simplicity
With a kind gesture
Is a symbol of Divinity
In your amazing Nature

But most of all
There a lot to say
God bless you Sweetheart
With gratitude each day

Ryson D'souza

Forget

Forget your anger
Forget your Pain
Forget No love that can't sustain

Forget the revenge that's in your mind
Forget the days when life's not fine
Forget the things that drive you crazy
Forget the fact that your so lazy

Forget the things you failed to do
Remember the fact you can start it all New

Ryson D'souza

Forgiveness

Look into your heart & Soul
Learn to forgive before you're old
Cause when you begin to forgive
With happy Conscious
Happier you live

There's a lot of hate in this World
With Forgiveness and gratitude
Love we unfurled

When hate and anger will not be there
People will trust and begin to care
You can evade from the pain of hate
Cause it would lead you to frustrate

So take a lead & Step Ahead
Forgive with no regrets
Before you go to Bed

Ryson D'souza

Future

Future is Ahead
You can't catch a glimpse
But you'll be there soon
With several tiny blinks

Unpredicted & unknown
Future is planned
We live in a time zone
Ultimately in our hand

We seek for heights
And wish for glory
It's the present that writes
Future's untold story

Future is uncertain
Live up for today
May your future be bright
That's what I Pray

Ryson D'souza

God Is My Gardener

God is my gardener
My life is his ground
He has planted many Roses
All in and around

He Natured them all
In time after time
He has planted these roses
All in a line

God is my Gardener
My life is his ground
He has protected these roses
So no one can be around

His plans are amazing
To complete his ground
Planting different roses
All in and around

God is my Gardener
My life is his ground
Thanks to my Gardener
For planting beautiful roses around

Ryson D'souza

Grace

The Words Proclaimed: So shall it be
Thy Amazing Grace Showered on thee
All though we haven't; Earned nor Deserved
Thy Precious Blessings were still conserved

Our Faith not Firm
Our hearts Impure
With thy Power & Grace
Bestowed a miraculous cure

How do we repay; thy Amazing grace
In prayer each time; thy love we embrace
Never will forget thy love and Grace
A Grace we are Unworthy

Ryson D'souza

Gratitude

Gratitude is more than being thankful
When the emotion is expressed
It's about giving more than handful
And yet feeling blessed

Gratitude is being grateful
For whatever we achieve
Cause more we are faithful
The better we conceive

Gratitude is being humble
To the world we see
Caring for one & other
And Appreciation is the key

Gratitude is an Acknowledgement
Of all the wonderful deeds
A feeling of gratitude should be sown
Cause that's all we need

Ryson D'souza

Happiness (What Makes You Happy?)

Is it the View
Of the blue Ocean
Is it having a massage
With Green herbal lotion

Is it when you see
An innocent child Smile
Is it when you meet
A friend after a while

Is it when you hear
The thunder of the first rain
Is it having some delicious food
On the roadside lane

Happiness has its Purity
Don't let it rust
Whatever makes you Happy
Doing that is a must

Ryson D'souza

Happy Birthday Godchild

The Calendar changed
And you turned to one
With your Magical Smile
Many Hearts you've won

You've started crawling
And exploring everywhere
With Mommy & daddy
By your side to care

You have learned to Sit & stand
And walking tiny steps
Holding mommy & daddy's hand

But soon you will climb
And begin to run
Enjoying your time
And having fun

God Bless you
With all Love and Grace
And wonderful people; that you can embrace

Ryson D'souza

Healthy Heart

Your heart is healthy
If your body is fine
Don't Forget;
Healthy heart needs a clear Mind.

Stay away from Stress & Tension.
Your heart needs your clear attention.
Your eating habits must be defined
For a healthy heart; keep this in mind.

Workout daily to burn extra fat
Your working out correctly; be sure of that.
Give equal time & importance; for body and mind
Cause your heart is healthy; if your body is fine

Ryson D'souza

Honesty

Honesty has no fears
It's a belief to be true
The heart embraced with tears
When honesty turns blue

Honesty needs no shield
Although it has no pride
Emotionless relations healed
Honesty is a perfect guide

Honesty is just a word
We hardly find people true
Honesty is unheard
Let it be part of our Virtue

Ryson D'souza

Hope

Hope is a seed
Saying; there are better things ahead
It's a good deed
Cause happiness it spread

When life turns down
With sadness and pain
We feel we are drown
But Hope is gain

Hope is a vision
We have in our minds
It's a Decision
To stand firm it reminds

It's dark for the world
But hope is light
Just a little hope
Can reach us to height

How Diwali Came To Be

Obeying Elders Command to have exile for 14 years
Princess Sita with Prince Ram & laxman
Marched to the forest without any fears

Prince Ram was tricked to target a golden Deer
Ravana trapped Princess Sita
When Prince Ram wasn't near

Ravana was full of evil
Known as a demon king
Defeating Ravana wasn't simple
Definitely a difficult thing

But Prince Ram was victorious
And returned to Avodhya
All celebrated his glory
With Fireworks and Diya

It's the celebration of this epic glory
How Diwali came to be
A simple poetic story
What Diwali means to me

I Don't Deserve

I Don't Deserve! ! I Don't Deserve! !
Cause I wasn't even there
If I am rewarded in anyway
It will surely be unfair

I Don't Deserve! ! I Don't Deserve! !
Cause I wasn't even there
The efforts put in by the team
Should be respected and cared

I Don't Deserve! ! I Don't Deserve! !
Cause I wasn't even there
From beginning till time of victory
I wasn't seen anywhere

I Don't Deserve! ! Certainly Don't Deserve! !
Cause I wasn't even there
But still you feel I deserve
So I thank you with a prayer

Impatient Nature

If you feel your Impatient
It's just the way; it should be
It's an innermost temptation
Getting things Quicker to thee

If you are Impatient
It's just that you can't wait
May be the fear of situations
That drives you to be late

They May say "you are Impatient";
But you know yourself the best
There's no need for hesitation
Cause your preventing from being stressed

But It's not about being Impatient
It's just the way you deal
A clam nature is much more pleasant
And that's what one can feel! ! ! !

Inner Beauty

Inner Beauty is Confidence
About just being our self
Inner Beauty is Competence
To rise in every step

It's the beauty of the spirit
That will never age
It's our real merit
Worthy in every stage

Glamour is an expensive art
It may someday depart
Inner beauty is free
Within our self; it will always be

A guy may not be Muscular
A girl may not be slim
Inner beauty is not about the looks
It's about the hearts we win

Ryson D'souza

Inside - Out

Inside a body
There is a soul
There are energies
You can control

Inside a heart
There are Emotions
For every beat
Has it's own motions

Inside You
There is an Art
Use it; Enhance it
Don't Let it Depart

Before you complain
Before you shout
Be Grateful; For what you have
Watch it! Inside - Out

Inspiration

Your work may not be appreciated
Your actions are still firm
You may be under rated
But you still work on your term

The Comfort to raise another soul
Is hardly found these days
Motivating is been your goal
Without a selfless praise

Your actions so gentle
Your intentions so pure
You have touched a many
You are my Inspiration for sure

Intimidate

Intimidate is a Heavy Word
But This Poem is not To Scare
While Walking to a rich man's Farm
A Board Says "Dogs Ahead Beware"

Intimidating could be frightening
But don't you worry My Friend
The Rabbit Runs Faster
But the turtle Wins in the end

Intimidate is an expression
It Could Sound too intense
After having some good old wine
The Monkey Falls of the Fence

I have no Message to convey here
Which I Normally DO
After having a Sip of water
The Thirsty Crow Flew

Invisible Things In Our Life

Our Eyes are open
Yet we can't see
The Invisible things
That happens to thee

We are influenced; by the Hard times
The Luxuries are ignored.
These Invisible things in our lives
Are our real reward

Just look around
Just look within
When these invisible things we find
Our lives our one step refined

We are so blessed; with these invisible things
Have you identified?
Cause when we began to appreciate
Our life is complete & satisfied

Ryson D'souza

It's A Woman

It's a woman that gave you birth
It's a woman that raised you on earth
It's a woman the reason you smiled
It's a woman who's always mild

It's a Woman who brought you love
It's a woman a blessing from above
It's a woman that we hardly care
Yet at times she is always there

It's a woman the strongest being
Yet she is humble and unseeing
It's a woman; she is gentle & soft
With her smile our worries are washed

It's a Woman She Completes a home
She Works In and out all alone
It's a Woman, We will never understand
Cause she silently serves with no demands

Ryson D'souza

It's All In Your Mind

The Power of the mind
Is more amazing than we think
There's series of thoughts
Processed in a blink

What we think
May not always be true
It's all about the belief
We have in our view

Black cats crossing
It's said to be bad sign
But your belief will change
When you cross that line

How about broken mirror
Brings seven year curse
Thinking over it
Would only make it worse

And if Droppings of birds
Brings you good luck
Why wash it away
Let it be stuck. ? ?

Ryson D'souza

Journey Towards Pleasures

Enjoying a Pleasure
Is such a beautiful thing
The Pain has no Measure;
That this journey could bring.

For Every Pleasure
We have to Experience pain
It's for our own leisure
And our future Gain

A caterpillar transformation
Into a butterfly
It would never be so beautiful
If it wouldn't have tried

Hard work & efforts will surely reap
The Pain may be shallow
But the Pleasure will be Deep

Ryson D'souza

Judgemental

Judging someone is such a simple task
It's a comment about another
That one would simply pass
But facts remains unknown; until the person is asked

Actions speaks more than words
And so it makes judgment easy
But it still remains an assumption
Although it sounds Cheesy.

Before we convey why can't we confirm.
Cause it destroys ones feeling
Sometimes it could simply harm
Being Firm & Correct has its own Charm

It can happen anywhere
Cause judging is an act
Before judging anyone
Always understand the fact

July

I Can Swim

As long as the water is dry

I can Wipe your tears

As long as you don't cry

I can help you out

After you give it a try

I've written this poem

I don't know why

Oop's Just discovered

It happens in the Month of July! ! ?

Knowing The Unknown -(Key To Awareness)

There are things we know
And things we don't
There are also something's
We don't know that we don't know

Knowing that we know
"Makes us Happy"
Knowing that we don't know
"Makes us strive to work hard"
But when we don't know what we don't know
Is the missing link in our lives...

Look up & find it
Drill a little deep within yourself
Learn it the way
You have never learned before
Make the best.... Let your soul ask for more

Leap Towards Success

Take a Leap towards Success
Take it one step at a time
When you began to progress
You will find the reason to shine

Take a leap towards success
Believe that you can do
It's Just a short term Pain
The Pleasure of Success is with you

Take a leap towards Success
You could even just fail
It's just a matter of time
For your Ship of Success to sail

Life Has No Backspace

Life is not yesterday
Not Today; Not Tomorrow
Life is your own
You don't have to Borrow
What is life without Happiness & Sorrow
Walk ahead every difficulty you face
Cause Life my friend has no Backspace..

Ryson D'souza

Life's Teaching

Happiness brings us Joy
Sadness brings us Sorrow
The hard work of today
Is worth Rejoicing Tomorrow

The brain gives us Ideas
The eyes help us to see
The vision set with determination
Is what our future can be

Our Mind is the master
It's better to be aware
Whatever you think of
Can amazingly be there

Our life can be molded
Be careful what we blend
Its one life; one chance
Make the best we can spend

We look up for tomorrow
We treasure the past
Remember; Life always gives us
Whatever we have asked

Ryson D'souza

Lifestyle Today

Socially Addicted to networking & chat
On every smartphone you'll find a WhatsApp
Sending messages is now so simple
More than letters its use of symbols

Facebook & instagram fans are day by day grown
Sending friend request to the person unknown
Some are readers; some only Post
Some comment or like the most

Do we look around
And greet the person next
Or busy in our phones
Sending some text

We are virtually grounded
In this digital age
Blind to people surrounded
More concerned to html page

Use social media
But have your control
Speak to people around
It can touch one's soul

To experience real happiness
And make someone smile
Walk up to a person
Have a talk for a while

Ryson D'souza

Love

It originates from a mother
Right from the womb
There's place no other
That love begins to bloom

We Experience it first
But still don't realize
A soft tear burst
From a mothers Eye

On a certain stage
A feeling begins to grow
Oh right! ! It's teenage
When love begins to show

Love is attraction
With emotions combined
It develops satisfaction
Yes! ! Love is blind

Love is Compassion
Love is care
True love is Passion
It's a simple flair! !

Luck

We can amend the things we have done
We can change what has already begun
We can push ourselves if we are stuck
Cause we are the owners of our own luck

We can stand each time we fall
We can learn from faults recall
Are we willing to clear the muck
Cause we are the owners of our own luck

We can be a living Inspiration
We can be example of motivation
We have it within if we construct
Cause we are the owners of our own luck

We can stay focused; If we learn to be calm
We can achieve more; If we open our Arms
Nothing can hold us; Nothing can obstruct
Cause we are the owners of our own Luck

Me

I may write a Quote
Or Verse a Rhyme
But That Doesn't Mean
I have a lot of time

I may sit quiet
Without saying a word
Cause that's my choice
I have preferred

I may not be perfect
I can sometimes fall
But I can learn from it
And keep moving that's all

I may be different for some
Than I used to be
But the fact is same
I am just Being Me

New Born Baby

Forty weeks in the womb
Gently resting there
A new life comes out of its room
And breaths its first air

The tiny hands & little feet
Now welcomed in this world
The first cry that sounds so sweet
With Love & Care unfurled

Infant eyes yet to see
And the soundless yawn
A wonderful moment could ever be
When the baby was born

Ocean

The Ocean has its Mysterious Peace
You never know what's there
The waves above with gentle wind
& Below with Anonymous care

The ocean has a wonderful bliss
Underneath the dark blue waves
The glimpse you can't simply miss
For it has its concealed caves

The Ocean is an awesome creation
A journey that never ends
Revealing its mysterious Peace
Joyful Memories it Sends! ! !

Office Re-Location (Worli To Vikhroli)

Last Day at Siemens Worli
Our Hearts feels so sad
The office we worked together
And always felt so glad

The memories we built here
It's hard to Re-define
With a campus of our own
We probably could say it's mine

As we stepped out of this gate
And said a final Good Bye
Unexpressed Emotions gathers
Leaving dampness in our eye

The Journey of this Worli office
Now finally comes to an end
From now it will be Vikhroli
For the memories to Extend

Opportunity

If we seek; we will find
If we stop; we're left behind
It's our Focus that we bind
Opportunity is controlled in our mind

We think of Pleasures
We'll Find Gains
We think of Difficulties
We'll Experience Pains

Opportunity is a choice
It's the way we look
It's an important recipe
We decide to cook

It's a ladder; we can climb
With motivation; we can align
Opportunity can be multiple
But the attempt is Just one time.

Ryson D'souza

Our Mission

We all have a Mission
We all have a goal
We all have a destiny
Unrevealed & untold

We all have to achieve
Some little things somewhere
And when it's accomplished
We have something more in spare

These are all material needs
We run after in this world
Our real mission is to spread good deeds
And get our souls unfurled

So whatever we choose
Our mission to be
We answer to almighty
Above all of thee.....

Ryson D'souza

Patience

The Art of being Patient
Such a wonderful gift
If we practice it regular
Our life it will lift

Patience is not; an act to wait
It's About Situations; we react & Correlate
For patience control's our emotions
Calming our temper; preventing Erosions

Patience is about; how we express
It Protects Our Actions; avoiding stress
It Improves our lifestyle; In the Process

It justifies our decisions
With no regrets
Develops our Vision
Yes! ! ! Patience is the Key to every Success...

Ryson D'souza

Peace

Peace is giving
It's worth living
Peace is the light
Colour of peace is white

Peace is calm
It's a lucky charm
It helps you think
And saves you from sink

Peace is in your mind
When happiness you find
It makes you serve kind.
With open eyes never blind

God gave you peace
And you lost it all
With busy work daily;
when you crawl

Money made you happy
But took away your peace
These lines are bitter
But truth for ease.

If you need peace
Stay calm my friend
With meditation all worries will end

Ryson D'souza

Poison

From Mind to Heart
There are many things that flows
Its all life's control & art
Preventing the poison to expose

Dealing with situations
Not mustering it inside
To maintain relations
Let the poison Subside

It Develops an Emotion
Of revenge & Hate
By the time we get to senses
Its already too late

So pick your poison
But Let it be sweet
Before it Conquers your heart
Crush it below your feet

Ryson D'souza

Positive In Negative

When morning bell rings aloud
We have to just arise
A little sleep in our eyes
But for sure we are alive

Then ready to move to work
And say it's a hectic day
Forgetting that we are employed
And blessed with a handsome pay

For schools & Colleges is fun to be
But Exams are a pain
Because of exams we read and write
Thus developing our brain

With family we have ups and downs
We sometimes prove them wrong
But they are the ones Always around
Keeping us bonded and Strong

We blame others for our failures
But this isn't just right
Cause failures has a lot to teach
Success is never earned overnight

Be grateful to the negative things
That crops up in your life
It makes us strong & motivates us
Teaching us ways to survive

Ryson D'souza

Power Your Life

The Power of life
Is within a beat
That doesn't stop
In Cold or Heat

The Power of life
Is in every breath
That energizes us
With Good Health

The Power of life
Is a Healthy Heart
A vital Organ
Beating from the Start

The Power of life
Is in our control
Living a Healthy Life
Should be our Prime Goal

Ryson D'souza

Praise The Lord

Praise the Lord;
When you achieve
Praise the lord
Because you believe

Praise the lord;
For you can smile
Praise the lord
Keep praising him all the while

Praise the Lord
For all things Good
Praise the Lord
For your daily food

Praise the lord;
Every season
Praise the Lord;
Without a Reason.....

Ryson D'souza

Reality

The world is of Plastic
We feel it's fantastic
There are less of Trees
We think we're Stress free
But this is reality

Many are searching for job
Some are ready to rob
People have lost their hope
The refuse for an improvement Scope
Do you really agree?
But this is reality

Take things the way they come
Be strong; don't get Numb
Nothing is as cool as doing it your way
That's the way you can stay
Use your Vision to See.....
Cause this is reality

One Person can change the world
But everyone say's why ME! !
Can we make a change by saying TRY ME! !
I believe it will work in reality

Ryson D'souza

Reason

We all are born for a Reason.
Reason may be unknown
The fruit that we achieve
Comes from the deeds we have sown

A Reason for Joy
Feels so pleasant to be
Even though the hard times
Can't stop us to believe in thee

A Reason Unrevealed
Untill we are aware
Awareness can be mastered
If we learn to Share

A Reason of our emotions
It's because we have a heart
Even the toughest person
Would be a lover in an art

Identify the reason.
Let it not be unknown
Cause you need to fulfill your motive
And sow the deeds unsown

Relationship

It's a state of being connected
A bond that's protected
Views of each other respected
It's a gift; Never Neglected

Just like the stars in the sky
The power of relation keeps us high
There are no reasons for faults
True relations has no assaults

Is relationship love or Is it care
Is it when we serve or when we share
For me it's a blessing that we wear
Relationship is a simple prayer

Relationship is not fascination
Nor it's to compare
I think it's a configuration
That needs no repair

Ryson D'souza

Save Water

Our days begin with a Splash of water
For the earth we are her sons and daughters
Our Mother will dry; without a drop
To Feed Ourselves there'll be no Crop

So give it a thought before you waste
Sooner than later; Water will be misplaced
Let's take a vow on this day
That we'll save water Everyday

We all are smart
We all are wise
All we need to reflect and sensitize

Ryson D'souza

Shadow

Everyone has a shadow
Every being or thing
A dark replicating sketch
That always tends to cling

It has its super powers
To shrink short & grow tall
And sometimes it would vanish
To no shadows at all

I sometimes tend to wonder
Is a shadow really Shy
In light it hides behind us
Now I know the reason why

This Shadow is a prankster
To little children; when they see
It entertains and sometimes scares
But it's fun for guarantee

A shadow is always silent
In happy times & Pain
It sets in its own notion
With not a single complain

Ryson D'souza

Sky

The Place you see when you are alone
The Questions asked in a silent tone
No answers received besides your own.
Yes it's the SKY that never leaves you alone.

The shelter for the poor both in day and night.
Always protecting with its glory light.
Even if we cant reach due to the height
It's the Sky that keeps our hope alive

Since birth we learned about the Sky
We asked silly questions and don't know why
But now we realize the relevance each minute
We move ahead and believe Sky is the limit

Ryson D'souza

Smile

Smile when your happy,

Smile when you feel bad
Smile when your in love

Smile when you have a crush
Before you smile make sure you Brush! !

Song For My Sweetheart (You Call Me Baby)

You call me baby
Cause I am your man
You know me so well
That you understand

You are my sweetheart
My perfect woman
When you stepped in my life
My journey began

You know I love
And you love me too
Together with each other
Let's discover New

I see your smile
When you look in my eyes
The glow that reveals
The Love to rely

I'll grow old with you
And our love will be stronger
Any obstacles
Together! Together! We'll conquer...

Ryson D'souza

Soulmate

One look in the eyes
And we realize
A Feeling so Divine & Pure
That's what soul-mates are for Sure

They give us support
They are inclined with our heart
The one's we can't afford
To ever stay Apart

A bond so Precious
We never will find
A feeling so gracious
Always in our mind

They are the ones; we find our peace
With the love & care; makes us ease
Words unspoken yet conveyed
That's the uniqueness of a Soul-mate

Ryson D'souza

Spot & Thank

Spot your Blessings
And list them down
Read the list
That you have found

Say a prayer
And thank the Lord
For all the blessing
You were bestowed

Spot your failures
And list them down
Read the list
That you have found

Say a prayer
And thank the lord
For all your failures
Have made you strong

Spot all times
And list them down
Read what's unique
That you have found

Say a prayer
And thank the lord
Cause that's your talent
Which deserves an Applaud

Ryson D'souza

Stop! ! ! ?? Think! !

When life's just Moving
In a Speedy wave
And you have No Time
To Blink! !

Just make a stop
And take a break
Just sit a while
And Think! !

For Every Step
And Every Move
When Time just tends to shrink

Just reflect on it
To make it glow
Just Stop a while
And Think! !

And when it's fixed
You will know it was
A simple Missing Link

It's all because
You spent some time
To take a STOP & THINK

Ryson D'souza

Stress - "Let It Be Your Best Friend";

When we are in stress
We want to step away
We believe it's harmful
And feels hard to stay

But Stress is your friend
It does no wrong
It makes you find ways
To become more strong

You're pounding physical heart
Is working so hard; don't let that to vein
Breathing faster in stress
Provides more oxygen to the brain

Body in stress
Helps you to raise above
Stress is beautiful
Yes! ! As beautiful as love

How you think & act
It's all that counts
Your belief will react
To situations in large amounts

Stress gives access to our heart
Refreshing our strength & energy to restart
Trust yourself! ! You are never alone
It's Only the Belief about stress you've grown

Ryson D'souza

Tech-Fever

Technology is Amazing
It's advancing the world
But is it ruling over us
And cause our lives to swirled

A smartphone can guide you
With information & more
But in hard times it's a friend
That will give you a shoulder for sure

The Technology will advance
And gadgets will change
But it's yours friends and family
That always remains

We are drowned in our gadgets
And lost all within
The Real world is the people around
Not the Gadgets therein

It's an addiction today
Of this tech receiver
In simple its termed
As Technology Fever

Ryson D'souza

Time

Time to remember
Time to Forget
If it wasn't for time
We would never have met

Time Of a magical hour
That we never have dreamed
In beautiful times we smiled
Horrible times we screamed

Time since we were born
Wonderful hours revealed
In this journey of time
Many hearts we steeled

Time will continue
It will never end
Every Seconds of time is valuable to spend

Ryson D'souza

Tribute To The Orphan

You may have lost a mothers essence
And may be missing a fathers presence
But you are not alone
Although you live your own

You are blessed with hope
And Blessed with Faith
A blessing from above
That No one can take

You are Sheltered with the Sky
And Warmed by the Moon
You may have hard times
Like a butterfly in a cocoon

But Soon days will change
And you know your way best
Cause the day God created you
He had his greatest Rest

Ryson D'souza

Truth

Truth Is a Child
It's sometimes wild
It could put you in trouble
It could even make it double

It can make things flow easy
It could make life cheesy
It can build you
It can break you

Truth can lead you to pain
But Truth is always a Gain
Truth strengthens our mind
It makes us more Kind

You should know how to present it
"Feel the Power of Truth"

Ryson D'souza

Unknown Emotion

It's raining outside
But my eyes are damp
For a person I love
My heart just cramps

I am Alone again
But still I am strong
Because my love is true
And to me it belongs

But sometimes a fear
Just beats from within
And takes my breath
Out of my skin

My belief is firm
That things will change
Even though life as surrounded me
In a situation so Strange.

So when my Smile
Will Conquer my Tear
The reason for that glow
Will be my Perfect dear

Ryson D'souza

Upside<->Down

When I lay to bed
My head's spinning round
I don't know if I am sinking
I don't Know if I am drown

But when I sit a while
The spinningness is gone
I feel life is normal
And my day moves on

When I rest again
The same way I feel
I realize I am a human
Not a man of steel

I visited the Doctor
He said it will be fine
I trust & say thank you
For the cure and being kind

God's there to hold me
Whenever it spins again
I surrender unto him
And never ever will complain

Ryson D'souza

Verve

Walking by a silent Street
Was a little girl with verve
What amazed me most of all
Was her smiling curve

She had a sparkle in her eye
Oh yes! I did observe
And when she whispered with ecstasy
The happiness she served

The energy she had; was never to conserve
This Memorable moment is what.. I always preserve! !

Ryson D'souza

Waiting

Days turned to night
& the calendar changed
Waiting for the right thing
When time looked strange.

Students wait for holidays
So they can have fun
Officers wait for promotion
Hoping the day will soon come.

Farmers wait for harvest
So they can feed
For your lunch and dinner
They are the ones to bleed

Waiting is not just hope
Its patience, faith and devote.
It's a belief you know will come true
Your wait; will bring a minute to you

Whatever you wait
You will find
Cause it's written in your destiny
And it's underlined.

Ryson D'souza

Walk Of Life

Along the trials we travel each day
We don't even know what situation is on our way.
We think that God's doing with us some Wrong
He is Actually Making us Strong..

As we continue in the trials of Trouble.
Our pains may be more; Gift's will be Double
Cause when our faith is put to the test
God our redeemer will give us true rest.
Never give up; never lose hope

.
Every way to success always has a slope
Some are steep; some are straight
Whatever works out will be god's ways..

Why should we complain.
Why should We Cry.
Can we not be in Prayers.
Can we not try.

If We Stand Firm & be ready to Fight.
God almighty will Shower this Glory light.
Cause He is our care taker
He is our guide..
He is the one to care Day & Night.

Ryson D'souza

What Can I Do?

What Can I Do To Make You smile
What Can I Do I Think For A While
What can I Say To Make You Laugh
That will Double Your Happiness
And Cut Worries to Half
I Have No Answer..
Cause No Question's on My Way
Facing Everything that's is How you Stay! !

Ryson D'souza

Wings To Fly

Birds have wings; so they can fly
They achieve the heights; Up in the sky
Human have arms; so they can serve
Helping the ones; who really deserves

If Human had wings
What wonders it brings
And Birds with Arms
Would hardly charm

We have those wings; Yes! ! We can fly.
With mind so clean; Heart purify
Heights can be achieved; Towards Success
By serving one another; we will be blessed

Ryson D'souza

Words

A stab of a Knife
One can survive
But hurtful words
Could take one's life

Words have powers
To build & break
In difficult hours
Joy it can awake

Words to be spoken
Is in our control
The power of words
Can touch one's soul

Be Polite; Spread the love
Cause... for all your words; you answer Above! !

Ryson D'souza

The Knowledge we bind

It's A matter of a minute
And Flip Of Time
With hard work Each day
Success We Find

Building up days
And days that are Broken
Together When Joined
Its An Achievement Token

To end this note
I give it thought
Start working from now
Cause its time all u GOT
