IN THE LIGHT OF THE DARK NIGHT...  
SAILING IN THE MERRIEST OCEAN OF SADNESS...  
WHILE FIGHTING FOR DEATH..  
ABOVE THE TIMID BUT WILD BLACK SKY...  
WE OBTAIN THE HAPPIEST GIFT FROM GOD...  
WE OBTAIN A HAPPY?  
AFTERLIFE...

# Future Of World

their discipline depends on their father  
their virtues depend on their mothers  
their religious beliefs depend on their grand parents  
their friends help them choose the right way  
and they together form  
the future of the world...

# Human

when man realizes that he has not fulfilled his dreams  
when he realizes that he has not seen the true beauty of life  
when he realizes that he has not speak-en the truth about what he was  
when he realizes that he has done a mistake somewhere  
it is too late it is when he is fighting the last fight of life  
it is when he is lying on his death bed

# Love

when love is in the air...  
and you and i are there...  
and the night is lit up with the light of the crescent moon  
and we both stand on the ocean's floor...  
kissing each other...  
and the stars fly around us like little angels...  
and the birds sing to us love songs...  
at that point...  
what we feel for each other...  
is...  
true love...

# Who Am I

Who am i?

Am i some one very intelligent...

Or

Very talkative..

Or

Too much scared....

Or

Useless...

When i ask my self these questions everyday before sleeping!

I get the same answer every night..

I am myself and the best i can be.....
