Spring Come

SPRING CAME...

Spring is here

The sun is hitting inside

The earth releases vapors into the skies,

The ice is melting loud, silent bird sounds are filled with chirping

When I open my window, do I wake up or the trees?

Slowly.

Another morning was given to us...

And one more day.

This enthusiasm, spring enthusiasm is another. The earth in me is awakening,
what is the earth inside me.

Now the nightingale sounds

should sing the most beautiful songs now,

She should smile to the new spring.

Should always smile

Despite all the negativity

He should laugh, laugh, laugh...

Teach To Dream

I need you
Teach me to dream.
I'm like a dry tree without dreams
Teach me to dream.

I forgot to dream my rose
How to imagine
What was the thing called dream
Was dream hope
Was dream the first belief
Or wanting to dream
Is it learning to love and to wait?

Or is it a dream
Was it the name to start first
Was it the beginning?
Was it going on the road
Was it to head a road?

Here I started my first dream
To think, to dream
I started running, running
I made it
To make new dreams
To learn to dream
I started...

What Do You Say?

WHAT DO YOU SAY?

If we are responsible for each other
What do you say let's have a new year?
Clean our pride, from our arrogance,
What do you say let's have a new year?

Finding a home that needs help
Seeing who is poor and poor
Giving him the one we love most
What do you say let's have a new year?

But by going past the butts
By mending broken hearts
Few patients honoring
What do you say let's have a new year?

From the cream and honey we eat;
Let's ask about the occasion, the situations
Let's give it lovingly from our sackcloths
What do you say let's have a new year?

needy cannot say you can be happy
Collects rich but cannot eat
There is a scorpion in his pocket, his hand cannot enter
What do you say let's have a new year?

Oh, don't see yourself high
Your hand's son washes you
Come thin, let's break your trap, fendin
What do you say let's have a new year?

Not Easy

Not easy

Finding what you're looking for
Being raw also
Finding flaws in the cam
Don't think it's easy, it's not easy.

To die before you die
Laugh without a heart
Know yourself
Don't think it's easy, it's not easy.

To be Arif and to know
To be a perfect man
Coming from the destination
Don't think it's easy, it's not easy.

Knowing the knowledge of the scholar
To come from the cruel right
Where to find the treasure
Don't think it's easy, it's not easy.

Thin, love is burning in the od
And spin like a propeller
You can also swim in the river Kevser
Don't think it's easy, it's not easy.

Think beautiful

Don't say words that hurt your heart

Think beautiful, say beautiful..

Being from the area without giving

Don't be left behind anyone

Don't worry

Think beautiful, say beautiful..

Bringing profit to your heart

What You Are Now

WHAT YOU ARE NOW

Over the past years, broken bag
It's not you now, it's not me
My heart thinks mountains
It's not you now, it's not me

We liked it like hand
Opened like a fresh rose bud
We could stand ages
It's not you now, it's not me

Rose cheeks withered wrinkled faces
Informal pale eyes that shine
She can't walk she won't keep her knees
It's not you now, it's not me

What the years took and took away
We Time swallowed us up
Slim, the grim reaper came and sat
It's not you now, it's not me

In Love

In Love

We yearn for our friend in love.
Love is the force that moves us.
Do not ever presume
that this love will die out.
We will live eternally.

Alive or dead,
we are one.
In this love lies our secret.
No filth can cling to us.
We are the peacemakers of Yasawi.

Birth and death
are a mere moment to us.
We begin each word with love.
While we burn, we long for the ember.
We are the sages of that nothingness.

Prayer 1

Prayer 1

Save us from the one
who holds the Koran,
is filled with lies yet,
and is, in reality, a serpent.

Save us from the one
who holds a grudge,
whose religion is money,
and who favors vested interest.

Save us, oh God, from the one
who lives for hatred,
knows not of gratitude,
and has no mercy!

Save us from the one
who knows no kindness,
never dons a smile
and is a non-believer.

Don't Leave Lovers To Tomorrow

Don't leave lovers to tomorrow
Doya, love your stubborn today
Don't underestimate love
Love your heart today

Tomorrow is unknown, live today
Stubbornly shout stone on the mountains
The song of love
Love your heart today

Loveless uninhabited vessel dries
The obstacle on this road is arrogance and pride
Living with love is the greatest honor
Love your heart today

FINE is a point to taste love
Throw a rattle on loveless hearts
The first goal is to add love to love
Love your heart today

Well knows, knows well the boiler
Die and are resurrected, immortal Mehmedim.

He is a symbol of pride and courage
Ata is a precedent and that Ş üheda
It is a model of bravery and manliness
Is a solemn, serious is not laughing.. Mehmedim

Kahbece knows the game and infects
Just give the order writing epics
You will dig the well of hostility il
Muhammad is a fading rose Mehmedim..

Depends on customs, order is muti
I will not compromise, is certain to command
Ati is the nation's past and
Limits are safe, do not shake Mehmedim

Never be defeated, not lügatı nda
Victory is going to be very
Vursalarda traitors arrows below the belt
Mehmedim never never hurt you..

I can not finish your chance to praise praise
Gave me the blood of the glorious flag
Every bad day passes buck
I do not make them incapable mehmedim.

Everyone knows the reputation you have a look at the worlds
Muş tu martyrdom comes right to you
So do not give us is a single
