Hello my name is sanrina aka angel everyone calls me that becaues they truly think i am becaues of everything i went throw and saw and i'm still here to day and still keep a smile on my face lots of things are going on in my life mostly bad right now but i know they will get better they have be for i mean i've seen things that most 20-30 year olds havn't seen and don't get me wrong i'm not braging i've just been throw to much to give up and thats one of the main reasons i write is to get it all out becaues i feel like i can NEVER GET IT ALL OUT SO I TRY BY WRITING

Hurricane Katrina

What would you do if it happened to you?
What would you do if you had to go through?

What would you do if everything was gone and you were a little child that
couldn't find her mom?

The water so high it floods the streets with nothing on your backs and no shoes
on your feet having nowhere to turn no where to sleep nothing to drink and
nothing to eat

No schools No jobs
no way to tell your friends and family your ok and no one there telling you it will
be ok

Sometimes we take for granted little things in life and we never realize it until
something terrible happens

The victims of Hurricane Katrina are not victims at all but survivors to have lost
everything and still go on in life is something only a true soldier can do

Be strong Be safe Be survivors not victims! !

Need

I need you here to cater to me I need you to need me
you're the one you have to be because the feeling i get when i'm with you are
feelings of love

It all happened so fast first we were friends then lovers its like we were destined
to be together

Do you feel the same?

You say you do its not that i don't trust you its just hard to move on and forget
what happened to me they all said it once that they wouldn't do what they ALL
did

Theres one thing that makes you different you love me and i love you

An no matter how much i worry about us i never worry about you unloving me
An i hope you never do because i NEED to tell you something

I LOVE YOU! ! ! ! ! ! !

We Know It Wasn'T You

I want you to know i'm sitting here sad an alone waiting for you to come home
Can't you see i need you you here with me?

I know its not your falt DON'T think i'm blaming you i'm hopless with out you I
know you didn't do it I know some other did and instead of them looking and
convicting the pointed and blame but DON'T WORRY daddy inside they'll always
feel ashamed

What they did wasn't justice what they did was frame and now your paying the
price of another mans sick game

We all know you didn't do it We all know it isn't true so daddy never forget we
love an miss you
