i have only one rule.....the most reliable way to  
anticipate the future is  
by understanding  
the present

# A Kuwait

kuwait

Oil, Pearls, it's all in Kuwait  
Lots pf physical and human features  
The sea and the desert  
And many weird creatures

One Legged spiders  
And eleventh grade teachers  
All found in schools  
Sitting on bleachers

The weather in Kuwait  
Is always hot  
Is it sometimes snowy?  
I think not!

Our boiling deserts  
Are gigantic  
They are so big  
Bigger than the atlantic

Our resources are not many  
Only oil and palm trees  
Like nice, countries want our land  
As if it's high class cheese...

Arabs, Kuwaitis  
Make different types of food  
All are kind-hearted  
And always in a good mood

In cafes, you see people

Whispering and talking  
In chalets, you see people  
Swimming and walking

Not to mention, the restaurants  
from eating to flirting  
and if there is a fight  
they don't stop cursing..:

When going to malls  
You see ferraris or bmw on the street  
They are so annoying  
You want to spray them with fleet...

Our love to Kuwait is endless  
It's like looking at the sea

# Aazaadiyan

Pairon ki bediyan khaabon ko baandhein nahi re, kabhi nahi re  
Mitti ki paraton ko nanhe se ankur bhi cheerein, dheere dheere  
Iraade hare bhare jinke seenon mein ghar karein  
woh dil ki sunein karein, na darein

Subha ki kirnon ko rokein jo salakhein hain kahan  
jo khayalon pe pehre daalein woh aankhein hain kahan  
Par khulne ki deri hai parinde ud ke choomenge  
aasman, aasman, aasman

Aazadiyan, aazadiyan maange na kabhi  
milein milein milein  
Aazadiyan aazadiyan jo chheenein wohi  
jee lein jee lein jee lein

Kahani khatm hai ya shuruaat hone ko hai  
Subha nayi hai ye, ya phir raat hone ko hai

Aane wala waqt dega panahein  
ya phir se milenge dorahe  
Khabar kya, kya pata

# Come On Now

hearts..become clouds  
eyes..start flowing....  
signs.....emerge like hurriecane  
.....come on.....  
.....trouble me.... make me cry.  
.....come on now...

take away all ur sorrows  
any that u given me  
.....or then...tell me....  
how i should deal with them  
now 4m this journey....  
i will have 2 depart  
this path where my loved beloved is  
r the paths will take....

come on now  
come on now....

# Distance From You..

It's better to have distance from your memories,  
it makes living tough,  
This is that rain, that gives barrenness,  
what'll one get by getting drenched,  
when you don't wish for me,  
where do I have a wish to have you..

I search in the paths  
whenever I pass some place,  
meet me some time by mistake,  
show my eyes your face some time..  
whenever I hear any sound of steps,  
I shift my eyes to the door,  
It shouldn't happen that-  
you don't even come n meet me..

Without you I am alone,  
I am a moment broken from time..  
Don't punish me like that,  
Forget my mistakes..

Why do I hope this,  
Why do I think this..  
I wish that you call me (back) ..  
If I am angry...

# I Will Be Always With U..

I will be always with u my love  
walking beside u like the sky above  
in summmer s sun..i will give u shade  
in autumns lonliness i will be give ur shade  
when in doubt count me in  
with u i have found life at last  
in a web ofjoys u cast  
am i discovering all i ever wished for or am i lost

lets the sorrow laden  
clouds rain on me  
lets the despairing  
moments come to rest on me  
all of ur pain give me

find someone to love  
i heart seemed to say  
where secrets are not held  
n all is given away..

but when i open my eyes  
will my dream stay or gone?

## If U R Not With Me

if u are not with me then there is nothing (for me)  
through i admit the world is young & beautiful  
make me wretched again, make me cry again....

ohh you inflicter of torture, return from somewhere...  
your image is stuck in my sight  
like you even your sorrow is beautiful...

if you are not with me then there is nothing (for me)

wherever i look, wherever they go  
my crazy eyes search only for u...

through i am living, but  
there is no life in me  
ohh.. my life (my love) where are you lost? ? ?

# In Love

one heart wins in love  
while other loses  
every heart is chess place in love  
one heart proud in love  
while the other is in piece due to grief  
every heart is chess place in love  
for some it is the will of god  
while for others its a punishment  
both of its aspects are different  
    love is fun

for some love is a necklace of thorns  
while for other it is  
    a drizzle  
for some its grief of  
heart like a spark  
while other have spring  
celebration in there destiny  
when does it some look?  
it is sunlight for a single moment  
& then its fog the next

one heart wins in love  
while other loses  
every heart is chess place in love

its a bright morning for some  
while for someone else  
it is a sour tounge  
both of its aspects are different  
    love is fun

# Is It Love That's Captured Me

now a day i sleep less or dream more  
at through god has something..

    good in store  
at heart a prince  
not a beggar anymore

is it love that's captured me?  
a strange unknown ecstasy  
the shore which these  
    road cover  
are draped with a sheet of flowers  
from the time i have met  
    u my lover  
my life has been full of happiness showers

is it love that's captured me?  
a strange unknown ecstasy

look at this world under this blue blue sky  
more & more colors adding by  
the desires which were sleeping  
have been woken by you  
my path you are showered  
with you thoughts true...

every day you come seems  
why do you come in this land of my dreams  
come silently sometimes  
in my arms confines  
t is your thoughts in darkness or light  
some strange intoxication..in your eyes  
in my dreams, question & answers  
you are there  
i ll steal & bring you to  
my thought here, .....

# Let Me Bear Some Pain

let me bear some pain..  
let me remain alive from within  
my eye will turn dull  
let some tears fall

i have smile on lips  
eye in wetness and  
the ground of my heart  
somewhat wet i have  
everything today...  
but still i cant overcome ur absence  
at least in my sleep  
in dreams  
let me sleep in your arms

let me bear some pain..  
let me remain alive from within  
my eye will turn dull  
let some tears fall

your face, you grace  
your talks, yours feelings  
the beautiful moment that  
i had spend with you  
& the morning & evening  
let them be mine for sometime  
my love!

sagar patil.

# Now Its In Front Of Me

still somewhere inside me.  
there is a little like remaining  
a new heartbeat came up  
i got to know that i am still alive  
some such tenacity  
is there in this moment...  
where was this moment of mine

now its in front of me.  
should i do or should i live little..  
should i kiss joys...  
or should i cry a little..  
should i die or should i live little..

the body burning down in the sun.  
got the shade of a tree.  
like the smile an angry kid  
come back on a little cajoling..  
something like that is what my heart  
is feelings...

on the year old would there is a applied  
some such mercy is there in this moment  
where was this moment of mine..

like a kite with broken string  
was this life of mine..  
today i m here whatever tomorrow  
takes place or not known  
was my story everyday...  
now a new bond calls me from behind..  
why does a worry for tomorrow trouble me.  
such a prickle is there in this moment.  
where was this moment of mine...

now its in front of me.  
should i do or should i live little..  
should i kiss joys...  
or should i cry a little..

should i die or should i live little..

sagar patil.

# Something Like This

somehow let your eye  
lashes meet with my  
lashes  
let all your tears  
adorn my eye lashes

you have stayed with me  
thru all moments + times  
yes, this body sometimes far  
sometimes stays close  
whatever sorrow you have  
tell them about me

i do not like to see  
this sorrow on your face  
it does not not seem possible  
to have a bond of sorrow  
with you

listen to my request  
remove that from your  
face.

sagar patil.

# The Lonely Heart...

loneliness, this merciless loneliness  
came with u, ur memories come u  
let spring come again n again  
i remembered again  
the empty paths of the heart that adorned  
the lonely heart....  
it cried...heart cried....

the moon n sun are still there it is that sky  
life is even passing by the world is passing by  
i am ur i am in my self  
the heart is full of sorrow  
without u how can i live  
grant me ur advice...

life has brought me to such a path  
now fro ur shadow, i have become seprated

the symbol of ur memories are scattered every where  
ur shadow is in every one of my things  
its u stay in me always  
u r near u r far  
what is this jealousy  
memories becoming tears....  
embedded in ur eyes

memories becoming a laughter  
even come on this lips.

sagar patil.

# When U Were Forced To Cry.

when u were forced to cry, why laughing again  
we're distance even being together  
so why did i approach u

why did faith loyalty love the heart?  
why did become sinful to feel love?  
why did someone's shadow fall upon our path?

why u have come like stranger  
even u can't give us more time!  
what was our sin? why did u torture us?

when u were forced to cry, why laughing again  
we're distance even being together  
so why did i approach u

i cant thinking about u my love!  
because there is no end of love!  
i love u till the end!

i missed u (dpka)

sagar patil.

# Wherever I Am

wherever i am  
no matter where i am  
your memories are always with me  
should i tell someone  
    or not  
whats in my heart,  
thought it may seem that  
the whole world is with me,  
but still hidden from everybody  
loneliness lives in my heart  
i have only your  
memories with me.

some people place a stake  
of memories in their heart  
while other cant recount  
their memories perfectly,  
some people remain happy  
living in present.  
while other night get everything  
but in their heart they still say;

some people have the roots of  
the past in their hearts  
while for other relationships  
break with sepration  
some people keep space for  
new experience in their heart  
while other keep the lamp  
of memories on their eyelashes

whats in my heart,  
thought it may seem that  
the whole world is with me,  
but still hidden from everybody  
loneliness lives in my heart  
i have only your  
memories with me...

sagar patil.

# Without You

without you, did i like this?  
how did i live without you?

with your memories, my night passed  
the moonlight talk tome about you.  
my whole day night are lonely without you  
my days are not like days  
lonely body, lonely soul, my eyes stay wet  
    come to me now  
i dont want to live without you.

since when are my eyes layed in your path  
(i wish) atleast let us meet each other accidently  
    i cant forget your words  
my eyes are wet every second  
why should i breath, why should i live  
    living feel bad  
why did u become unfaithful, tel me the  
    reason

without you, did i like this?  
how did i live without you?

sagar patil.

# You Are My Love...

you are imprinted everywhere  
from my body to soul  
you have become my life  
since you met me  
my life & heart has become happy  
my every happiness exists because of you..

you are my love  
my peace due to you  
i have inhabited you in my memories  
intoxication is because of you  
light headedness is because of you  
i have decorated you in my dreams

until had not met you..  
there was neither happiness nor grief  
when i met you..  
this state of my life changed  
the lord who is answering my prayers  
is in you...  
everything lacked something  
but i got everything in you  
seeing you day & night  
is you habit of mine  
loving you like this  
is workship for me

you eye were desert  
you are a cloud full of rain  
you are in my desires  
i am crazy for you  
you are a flowing river  
while i am drowning shore  
i am sacrificed for you  
you are all i have...

# You Are My Night...

you are my night, my dawn  
you are my day  
you are god, my universe...  
you are my world  
to me, you are my time  
& i am every moment for you  
how on earth can u ever  
live apart from me?

your eyes is misty..  
your face is mirror  
of your heart  
you are a beautiful sad story  
what cause agony to your heart...  
    tell me  
why are you so angry  
with your self?

not just my eyes  
you are etched on my heart  
you are the reason why i live

    your laughter...  
    your charms  
are so different from the other...

you are my night, my dawn  
you are my day  
you are god, my universe...  
you are my world

sagar patil.

# You Are My Whole World

you are my whole world

sagar patil.

# You Are Reality...

you are reality, as well as dream  
you are a river  
as well as thirst  
you are restlessness of heart  
as well as peace

wherever i go  
i got you there  
no matter you are with me  
or not but you are  
in front of me  
you r my companion you are with me  
at my every step you are my love...  
come & let me take in my arms..  
& make you more close 2 my self  
when you are away me  
i feel like,  
passing moment bcome awkward...

in the whole world  
there is not or nor will be  
anybody as lucky as me you  
have given me ur heart  
i am the closest 2 you

i dont ever ever realize  
when the time passes  
there is no realization on me  
since i meet u...

oh god!  
the shade of ur i eyelashes is very beautiful  
now i have no fear of sunlight  
bcoz i have them spread on me  
i cant breath without u  
i cant live without u  
i have no peace even for a  
single moment without you...
