Writer the 10 articles about the contracts and comparative study of agreements, so curious, humour, thoughtful and the favourites are playing the piano, music, exercise, reading the law, literature and culture books and articles about them and etc...

# Wanted Valley

Oh my wanted valley  
What should I look at?  
Because you and the meaning of your immortality  
Are the whole of my world  
Oh the desire and desirable  
My whole word  
Stand in my two throne eyes  
The eternal kindness  
What should I think about?  
To tranquil my heart  
From attachment to your adytum pillars  
Oh my companion  
And the predecessor marvel without any distinction  
Tell me...  
What should my eternal patience to do?

Dr.Sakineh Asadzadeh

# Queen Of Shadow

At sunset

Dawn scattered across the sky

The weather vane is blooming

And a sparrow-like traveler

Curling until morning

Accompany the queen of shadow

With hours of eye contact

Like the ice melted

Or like fire flamed

As if a calm will arise

In the storm of life

# You Are Wherever

You are wherever  
When I start the day  
When the sun shines  
When the moon shines  
You are here...  
By my side  
Nearby of my glumnesses  
You are wherever  
When I am looking for myself  
In the past, present and the future  
When I turn back the time  
To review the memories  
When I feel my heartbeats  
It seems my heart wants to fly to you...  
You are a piece of me  
And I am full of life  
You are a butterfly of garden of Eden  
And I am full of you  
You are wherever  
When I drink a coffee  
Whilst I am watching your beauties  
Whilst I am thinking about your thoughts  
You are all the times  
On the flowing of dews...  
On the manifestation of sunbows

Dr.Sakineh Asadzadeh

# Shadows Of Your Eyes

In this land  
When I am walking  
I see the effects of love  
And foot prints of life  
I know, a little further  
I will find  
The shadows of your eyes  
The blues of worldwide's vasting  
That didn't have any slashing  
That didn't have any final  
I will share my beauties  
To the world creations  
I will reflect  
The peace of mind and mental  
To all of nature  
I will remind  
The shadows of your eyes  
On excuse of my love  
My love to see your shiny  
My love to feel my heartbeats  
Deeply and...  
Stable...  
Like the power of moon

Dr.Sakineh Asadzadeh

# Fly Beyond The Azure

One day...

I want to fly

Beyond the azure

And to rip the membranes of insipience

One day...

I want to turn back your world

For imagination the soft habitudes

For being a correlated macrocosm

One day...

I want to take your hand

And to flounder like a peacock

One day...

I want to became the shadow of sun

For lighting your inside

For Creating the new gates of life

One day...

I want to spray on the azure

The magical love colors

To paint the tableau of your archly senses

Dr.Sakineh Asadzadeh
