Bef..

She stares..

Not lookin 4 sumthin in particular, but 4 sumthin more precise...

Direction...

Which way should i go? ?

Am i confused? ? NO...

I'm simplly being patient...

She waits...

Lookin thru this transparent barrier 2 tha outside world...

Is it 2 much? ? NO...

Jus not ma time yet...

She glances thru this barrier yet 1 more time, then realizes sumthin...

'The harder i wait, the more difficult these answers in life will be 2 understand'...

So she stops...

and lives a little...
