Fight Back

I want to speak,
To protest my thoughts,
You hurt me,
Who would have thought,
 You make up lies,
 And try to hide,
 Your life is in ruins,
 But you still messed up mine,
Through thick and thin,
I fought to stay,
How will you repay,
A knife to the back is sufficient enough,
 To bad for you it wasn't enough,
 I'm still alive,
 But guess what,
 She is still my bestfriend,
So now what,
Say what you want,
But she will never believe,
Because I am more trust worthy than thee,
 Take the lesson,
 Learn it well,
 So next time,
 You won't try and put me through hell.
