Cant Be Tru

I hate the fact u had to leave
but in all reality it was meant to be
even though ur not here wit me
in my heart is where u'll be
from now to eternity is where u r
even when times get hard

Dream Gurl

Her eyes are crystal blue
like looking at an ocean view
i cant explain how i feel
its like my words are locked away wit a seal
my love for her is very strong
but at the same time its dead and gone

Stay Tru

My luv stays tru
to the one whos been tru
all the bullshit with me
y didnt i see
the facts of life
when i had the knife
against my chest
i realized i hav the best
mother any1 can have
i luv her to death
even with my last breath

Thinking Of You

Everyday i wake up wondering what this day would be
wondering if its you who i will see
if its true that its you i will let this heart adore you
when i walk in the dark it is you who brings the light
so no more worries wipe your tears it will all be alright.
