Sumita Jetley()

, Affection Is Quite A Thing To Look Forward To

who says, life were okay luke warm
just okay to keep going as such

there were always,
the issues we would never flinch an eye to

little warmth is all we need
to keep it going

unaffected
worldly

Sumita Jetley

, And Sometimes You Are Fatally Tired And Sick Of Things

you must be doing your best
but still

nothing much
and you might be as well knowing it

the weighing back reason
for it not working

then what works exactly in the so called
scheme and theme of world
cribs and complaints are there to stay

nothing much on the thought tray
wisdom strikes in face

Sumita Jetley

..And I Shall Be Living It

however,
what all.
and whenever.

i shall be asked to live.
i shall.

just live

Sumita Jetley

A Bit More Thing For Yourself

Somewhat Something That you desire called your own
a fresh perspective
a new splashing beginning

the thought process
has its grand espionage

Sumita Jetley

A Frank Truth Shall Always Sound Bitterly Stinging

it is still better to get on with it.
Adversity

or for that, Somehow anything
we all are dapper liars

and, a frank truth stings.
no end

Sumita Jetley

A Good Bye!

it is all about, having it in you.
Instances might always be there,
where you might want yourself distracted.

but, do not panic.
stand still for some time.

this is okay,
people will leave.

Sumita Jetley

A High On Life

just,
in trust
essentially

life
a high

mine!

Sumita Jetley

A Lot There To Learn

as the consequences pertain
the things go off lanes

we all are creators
we all love our creations

with a lot there to re-learn

Sumita Jetley

A Mute Disconcern

life becomes simple
when you start minding most of the things
that concern you

your relativity
rest.
you put to rest
just a bit
selfish-like

and on second thought
what was left in life
if not all possible slants
the dissects
up hill lanes

i calm down
back on the top of hill
ready to climb
for|if the cause
others

Sumita Jetley

A Sadness Is Very Impersonal

it lives deeply
in us

we feel it
at times we prefer it

simple abash.

amazed

Sumita Jetley

A Short Break Makes All The Difference

so very many words
the forays
gentle sways

a bit break is really
okay

Sumita Jetley

A Simple Smile Is A Simple Matter Of Great Complexity!

But still, if done nicely.

And well done nicely?

If you have smiled nicely?

You have done it nicely?

You have done it nicely.

Sumita Jetley

A Simplified Version

uncomplicated
quiet

yet, opposite

Sumita Jetley

A Small Hope In My Life, Against The Tide Kept Me Alive

i thought it much, made a lot of fuss about it.
a thought about You.

the 'silence'between us.

i had no option rather than just quietly thinking.
and..

whimper.

Sumita Jetley

A Story Is Incomplete

i know
a revisit is due

and,
the rhythm is too set in

just now might be
it

remembrance

Sumita Jetley

A Surge Of Joy Has Crept In

unexpected
just it was there
as if

shown up
a momentum

Sumita Jetley

A Woman, Is A Riddle

she opens her mouth,
you may never know.
what is on her mind.

though, she will keep saying,
repeatedly,

'I know my mind'.

Truly.
only she might know her mind.

Never mind.

Sumita Jetley

Aah!

everything when done differently
is done different

its flavours
its relishing tastes

distinctly separated
-the difference

Sumita Jetley

Aah! The Life

tiny
edges

slippery
we all get caught up

Bird like
body so entwined into muscles

tiny bit life

Sumita Jetley

Abash

more the less
less the more

said less
less the said

is more

Sumita Jetley

Absent-Mindedly, I Think

and,
smile.

by myself.

luxury.
of no mind

Sumita Jetley

Absolutely

sometimes are the pains,
that are very quiet.

they kill.
more pain.

continuum

Sumita Jetley

Absolutely Useless

Many things
No Relevance

Less Purposeful
Bleak
yet salient

seeking Purpose

What is borne
shall live On

Sumita Jetley

Abstract

the knits, that go through.
bends.

curves.
so concrete.

still,
virtual is abstract

Sumita Jetley

Abstract And Concrete

as if in breath
it sounds all so natural

it just goes in out
Abstract

it is our breath
it is abstract

a symbolism

Sumita Jetley

A-Cross The Table Is across The Table

yes, by my admission
it is a pain to be that far on the table

to try hard looking away from the gazes that are on fire
to sound very sane in the intensity
of the whole thing

an itch was to cross the table
though had to look in control

it just was stiff torture
a tease

i am telling you

the smiling eyes
that were questioning

the distance between us
across the table

yet we both enjoyed
the happiness and joy of
the present moment

some food for thought
for us

across the table

yet i would prefer repeat across the table
and cross the table....

are you, getting it what i am getting at

keep smiling
and i am a game

your partner in venture of questions

just for us

to solve
with times

when it is it the that

the this

This, table business of ours

Sumita Jetley

Actually

when you think
the thought scroll opens

more additions
it goes on & on

thinking process
complex

never ends

Sumita Jetley

Acute & Absolute

At times, when I am told to draw a gist,
to speak as that of life.

I pause & pose,
Clueless but very much in repose,
All ready to answer.

Sumita Jetley

Adept In The Interceptions.

Reliable, petitioning
I have always wondered,
What is it to be
Creative?

And that wonder shall always stay
stuck with me.

Sumita Jetley

Afresh

I just walked, aghast.
This was indeed what it was.

The Life, Its Primitive Shaping.
What could I say, 'I just felt it
'overwhelming'.

And that was about life.
Just an 'overwhelming' pattern
Isn't then this somewhat called life the same?

Sumita Jetley

After A Long Time, I Want To Write

this time a very different story though
few things that only I know.
an uncertainty that has raised its head.

I have seen people
crumpling

in whatever ways you want comprehend.

Besides

I am a poet

I love centre my poems around
nothing and none
Because I know-

That won't be a poem.

But an Observation.

I have felt the depth of pain
the fight, scare resilience
and surrenders

Have nothing much to say

but I am poet

I have returned

As to weave the webs again!

Sumita Jetley

After A While, There Is A Silence

somewhat,
a blankness that settles.

You too are there,
and yet.

i feel an absence.

Sumita Jetley

Aghast & At Times Lost

These, Those, them are times,
When words are lost,
At loss.

And the things look lost.

Sumita Jetley

Aghast And Pretty Secure In The Prelims

Difficult terrains, Mystique rational opines.
Whatever said and done,
After all, gestures
Are never amissed.

Cross Connections are present at every instance.

Sumita Jetley

Ah

so that,
that is so

Ha.

Sumita Jetley

Ah..This Confusion

Perfect
Yet

what
confused!

Sumita Jetley

Ahm..

By all the ways,
ways are there.

which anyways shall decide,
course of objectives.

for years,
days.

Sumita Jetley

Aids

it stirs something in me.
first time, i read about it was in Grade X.

i had completely retaliated.
thinking people who stray deserve it

more education
more touch with reality

now i know
no one deserves it

there has to be a way out
scientifically!

Sumita Jetley

All Days Won't Be Same

thank god! for that

worst will go
good will pass

time conversion meter
works like that

Sumita Jetley

All Doesn't End Like That

mostly we are all,
alike

loitering in thoughts
just like that

little lost

Sumita Jetley

All Sunday Was Like

sleeping

reading

dreaming

sleeping

and then on monday to crib, "i could not read"

Sumita Jetley

All The More

as if even if it drained me
something somewhat would be left of me

way beyond pondering
somewhat a companionship

and camaraderie

Sumita Jetley

All Was Not That All Was This Only

i was definitely under spell
running from self

yet,
where

all roads come back
to me

I am now. sitting happy
in my being

Sumita Jetley

All Ways

whether you say it
whether you hear it

see it
be it

there would not be much change
the aesthetics shall always be very straight

Sumita Jetley

Alright To Be Grumpy

happens
happened

happen

the 'whims'
so that it

Be

Sumita Jetley

Always, I Am Told. I Must Tell This

A Must this is that,
Every Must is for me.
I should be in it.

Whatever, that is in it for me.
Whatever.

Sumita Jetley

Am Getting Equations In Place.

I really feel that the things,
can go misplaced,
but certainly not so out of place.

I always want things well in shape.

Sumita Jetley

Am I Creating Enough,

i know there are times
and there are things

i would not be matching in its
resplendence

but am i trying enough

Sumita Jetley

Am I Hungry

mostly,
not that is the case.

i love thinking the opposite extreme
get carried away

satiated
in my thinking

Sumita Jetley

An Urge To Write.

Somewhere deep down the lines,
there are lanes of thought,
That speak to me,
to encapsulate my thoughts in writing.
An urge thus is always there for me to
Write.

Sumita Jetley

And, I Want Quietly Sit Somewhere And Somewhat On The Edge

just sitting
basically doing nothing

frisking on the edge
exploring

and
feeling
however much i can

sort of
feel and make it

i want sit in some corner
thinking it

simmering in it

Sumita Jetley

And, If I Want Say This

i will anyways say it.
the somethings,
i want say,
and can't keep to myself.

as i like the honest talk.
me in hearing,
and saying.

things.

words, benefit?

Sumita Jetley

And, In The Course Of Events

i might have slipped on the things
may be emotional
unemotional

mix of every bit of feelers
as such

what a mess!

Sumita Jetley

And, It Fades

the day
sky
earth

mars
planets

when reckless i walk
away

towards you

Sumita Jetley

And, Still The Life Has To Get Me

this is like Certain
i'll undo what ever will i do

something amiss
i would go close

to check
refill

fill it up
to brim

the qualms i shall have none

for ultimately
i am the one on

travel

Sumita Jetley

And, Suppose If

pointless and candid
heart reckoning

what this is thus.
the suppose ifs

Sumita Jetley

And, The Boss Says

if there is something very wordy birdie
he knows

it's me

his nightmare
my poetry

Sumita Jetley

And, The Things Get Resolved

an effort,
in all my efforts

mojo?

Sumita Jetley

And, Then..

somehow, i calculated
i seem to be having lost hold
and grip

on the thing called 'myself'
i held a hand out to myself

a sort of rescue

Sumita Jetley

And, This Means What?

there are things,
which are on my mind.

and you talk everything but them.
i want for one minute. like.

just let you be,
and next minute.

to shake you and finish you off like an Adam's apple.

i am not Eve but.

your loss.

beloved lover.

Sumita Jetley

And, What

you know.
and you Mostly know

factors.
its claims on you.
distressing is too a need based

segment though

Sumita Jetley

And, What Could I Say Too

just thought about it
decided against it

what interested me was
i were never interested in

distracted anyways

Sumita Jetley

And, What Happens?

age, i think catches up
every second, becoming minutes
further converting into hours
hours becoming days
days years
years

blankening

Sumita Jetley

And, Where Was This Going To Be

the places that are searched
actually

do not exists

Exit

this, is the matter how you go at it
the go

Sumita Jetley

And, Why Would I Complain

in any case,
by end no of dubious proverbiais

my silence would betray
the best provocations

'pray'

Sumita Jetley

And..

depleted,
of energy.

at some points.
i felt the energy,

of the times.

depleting,
fluctuating.

Sumita Jetley

Annoyance

when facts are blurred
clarity is missed.

that is.
may be.

'Annoyance'

Sumita Jetley

Anything Can Happen As The Saying Goes

all you can do is.
be the in it of it.

let things be?
sometimes over thinking
can lead to nuances

So very unnecessary

Sumita Jetley

Approximity

the proximity
that is.

the life
what to say

approx
well so calculsated

Sumita Jetley

Artistic

they are to be further stirred
make something out of them

crawl in the feature
artistic

sometimes

may be

Sumita Jetley

As A In Out Of The Interims

what was that
'extremes'

appeased
appetites

morbidities

Sumita Jetley

As If It Matters!

That there would always be an option,
even after you or I left,
Yes, there might be silence but still you would be able to hear
my words.
That is but for sure.

Sumita Jetley

As If The Nature Is Doing A Balancing Act

the frills are being trimmed
realities coming home

people returning to basic necessities.

Yeah, it all looks like a boon.

in the will be lost
much might be gained

without any further questions
the suns would storm nights.

To wake them up from cool slumber

Sumita Jetley

As, If The Space Was Less

though it looks very vivid
it is not

has its tangles

...

the thing called
space

Sumita Jetley

As, Is The Case With Life

we are all rolling stones
gathering no more a moss
than even an evolving stone

chatter of our own words
we hear

Sumita Jetley

As.....Nothing

in between as if things squander
and in the mid of it

i just Sit
a nothingness as if
in particular

Sumita Jetley

Aspirations

do you see in my eyes?
the sea
that is not see-able?
An extreme.
even to me,
Unbearable.

Sumita Jetley

Astute

Natural,
In its composure.
Salient to its roots.

Love does it all,
As an attribute.

Sumita Jetley

At Times, I Ask Of Myself.

Naturally, with my kind of attitude.
Least I bother.
Last am to care.

Day by day, there is always a day to look forward to.
Am vague but in time play.
Always on move, always on go.

Always going places on my own.

Sumita Jetley

At Times, There Is Suffocation

the orifice
maladies

the base line
Pacifying

still at times,
all is suffocating

Sumita Jetley

Attrition

as how they call this
a come and go
sort a

ATTRITION
i find it heartless
rather to an extent artless

Sumita Jetley

Back Of Mind

yes.

in the earnest of my mind

it gets etched

rested

unrest

i just passively seek

ran

Sumita Jetley

Balance Of Association

clear the mind
some breeze

some change
from
people

for a change

Sumita Jetley

Be Just At It

and, just be at it.
who cares?

but.
i do care.
that i do not care.

this is something.
i love into bits.

that i know.
of my own.

Sumita Jetley

Be Realistic & Care Free

have the zing
flare to be

Be
who you are

real
and
realistic

Sumita Jetley

Be Vague

sometimes
it is okay

nothing wrong
and yet who said

sobriety is prompt

Sumita Jetley

Beauty

" the beauty is in eye of beholder"
we all think
say so

question is-
are we those beholders

Sumita Jetley

Because I Felt So

I said so,
Words don't usually come easy to me.
But, I tried so.

Silently,
having a thing or two to do with the words.

Sumita Jetley

Before I Die, Checklist

I would prefer to do things
just as I do now
unfading
slow and perpetual

What was after all in
'forever'

Sumita Jetley

Befriend Your Demons, Be The First

sometimes,
they chase you

if you run

stop.
re-think their identity

strike a dialogue
let them enter you

'transform'

Sumita Jetley

Being With You Means A Lot!

Who knows why,
And why should anybody know as well.

Both you and I can dwell on some quiet understanding,
And in love.

Sumita Jetley

Belief

what are they?
some things that are extensively
make believes

you go with them
go without them

the continuum
of believes

Sumita Jetley

Belief And Unbelieved

a territory
that is unlived

and lived

it is patiently following
heart-lead

putting up. is like saying a some what

Sumita Jetley

Beliefs

Few storylines
Can't be so straight
Tangents They Shall Always Have

"Straightened"
Twisted as they are

Sumita Jetley

Best Things Happen With Time

most often once we train ourselves

seeing

reading

sighting

what is yet not seen

we better our perspectives

Sumita Jetley

Betray

the way,
eloquence

categorical
non chalance

Sumita Jetley

Bodies Were Like, They Dissolve

absolutely.
nothing re-mains

in love
is death

that prevails

Sumita Jetley

Body Has To Go, On And Go

the gross,
dark

meant to be
like that

mostly, it goes
and has to go

and
go on too
at that

Sumita Jetley

Break Offs

Happen.

Repeat.

Make ups too.

Happen.

Repeat.

Sumita Jetley

nce

the constant influence
breathing

'ambience'
all is set

Ambience

Sumita Jetley

he.

let it be the rhythm
and gist

an Expression
Don't leave it!

-what all is there
what there is not

Sumita Jetley

Breathing

i sit and think
the versions that are

stilled in me
so distilled in me

even the breathing

Sumita Jetley

Breathing Is Too Real

just keep it
simple

BREATHING SIMPLICITY

Sumita Jetley

Breathing Space

we all need some of it
unconcerned

where we can
just be us

Ourselves

Sumita Jetley

Brilliance

all the same,
the routing
and the brisk walk in.

who would have thought
there would be no exit.

be-calmening

Sumita Jetley

Brilliance Of All This

an urge you fight
a somewhat reverse the tide

but
you want slide

so

be it
at it

let it

um?

Sumita Jetley

But, Together

Let us keep walking together.
Death, Life..

Ever and Forever!

Sumita Jetley

By Now, I Know

that there is not much in life
one needs know

everything is just what it is
if,

left to it

Sumita Jetley

By Now, I Know The Smallness Of Most Things

it is like
majorly all very strange
what it is

mad race
wants
complaints

and when at the end of day
i ask myself the question

nothing echoes back to me
as if everything a scheme
manipulation to some new thing

and in the vast array of things
confusions
indifferences

lives move
smoothly

'transitions'

Sumita Jetley

By The Prowess Of Eventualities

we go
we are gone

yet
continuum

Sumita Jetley

Cacti

What is this 'sadness' catching up?

The Thars

Himalayan Stretch

Especially,

Now are the days

I find Cactifragrant

Sumita Jetley

Call

Call heard
Bard

the Mozart

Sumita Jetley

Call Me Mad But I Have A Point

thoughts when are less crowded
the essence shows up

the mast is held high
when you weed clutter

Sumita Jetley

Calm

observant
thorough

life is at its best.
when calm

Sumita Jetley

Calm & Chaos

Of course, this burns my heart
Solitude and I am Alone,

Feeling so lost, a critical of all

Life does ask.
Reasons not to ask

Sumita Jetley

Can I Be A Gypsy

so that,
i run the width length
skies

kiting off lanes
bylanes

reviving
what ever left of me

Sumita Jetley

Canvas

someone

imagination of the painter
a freshness of canvas

or

a paused pose?

Sumita Jetley

Canvas As It Appears For People

you have to just
get into it

it's your canvas
that gets you
off lane straight

vertical or whatever way

Sumita Jetley

Carmic Connexions

i have walked into you
a different world
sometimes it is tender
sometimes scorching hot

carmic connexions, sweet heart

Sumita Jetley

Certainly, The Philosophy Is Category

you may like go on thinking
creating as if,

pretences too.
are the part of thinkings.

Sumita Jetley

Changed

And the ways never changed.

Words never changed.

Meanings never changed.

Things never changed.

We didn't change.

And something still changed.

Sumita Jetley

Check-List

the varying equation
got on the sequence
but what?

check-list

Sumita Jetley

Child Is The Father Of Man

so like that
exteriors
interim

frivolous
scenes

Sumita Jetley

Choking Suffocation

pindrop silence
mind simply being eaten by ants

bits and bytes
as i would like to say

still the crawl of insects is not enough
i want more chatter
i want more shatter

i want split
'bee-hive'

Sumita Jetley

Choking.

Thinking and Re-thinking.
Am I thinking in the right
direction of the thought.

En capturing a thought?

Sumita Jetley

Christ!

Times,
Pass with fright.
chasing the plight.
Excites?

Sumita Jetley

Claim Your Space

Too much prose
Is like what?

When drift could
alone lead one to..

Opaque zones!
Of abstract

Sumita Jetley

Clerical

this was somehow,
that caught me off guard

the word

it is not that what it does
it is just that if the door closes

and statgnation happens

i think that is where the buck stops
a pause in growing

vast literature have mentions
painting the clerical image

horrible

but
somewhat

i have respect for drudgery
stagnation and still dignity

my heart breaks
if any short cuts

Sumita Jetley

Clutter Is Choking Me

people
words
meanings

cursorily are draining me

i do less understand
what is the wrong with me

i am preferring nothing

Sumita Jetley

Coined, The Term

Somehow in the back of mind
i keep going on off track

thinking
vertical
horizontal

the, proximities
of thought are

zigzagged

Sumita Jetley

Compatriot

what is the way
and
why i keep missing it

i see it
and yet unsee it

'rhapsody'

Sumita Jetley

Completely, I Must Be Nuts

Thought,
Think.

Am a thinking self.
NUT

Sumita Jetley

Compositions Are Very Different Matter

pre-cursor
comprehension

whichever way you like to look at
the general practice is to let go

of all such apprehensions

Sumita Jetley

Composure, Not Much The Case

this is very straight with me.
no words,

a directness that kills.

i do not weigh, the velocity of my directness.

a directness that kills.

Sumita Jetley

Conceive

With you,
Yes

Because,
i know

our love
my responsibilities

you

we'll talk things at length
i know
i am in love
totality

Sumita Jetley

Contemporary

I just write things
I believe in things

I reside in things
But 'things' are not me

Sumita Jetley

Count On Me|if There Is None Other Than Me

too noisy crowds
too cluttered others

and i was blank
still afresh?

Count on me|if there is none other than me

Sumita Jetley

Counterproduct

of the things that have least value
in general

base for figuring out?
unsure

Sumita Jetley

Create!

the possibility is,
roads will always be there.

waiting for you,
to catch eye of you

only you,
will create them

Sumita Jetley

Creation

someone

imagination of the painter
a freshness of canvas
thus

or

a paused pose?

Sumita Jetley

Creation Is Strange

moves at its own swirl
takes its magnanimous bow

is quiet yet screaming

Sumita Jetley

Creation!

As it goes,
Somethings are very traction like.

Straight, Parallel
and versatile.

Still curve and parabolas
of geometric recession.

Sumita Jetley

Creations Are Wandering All Around

Eyes are to reflect,
the ears are to stay receptive.

And that means,
A co ordination, escorted
to its destined remuneration.

Sumita Jetley

Creativity Needs Stimulation

some fire to keep it going
some fuel to keep it oozing

it is supposed to be there
but still needs aspiration
to hold it.
unstill

Sumita Jetley

Credibility

longer duress
stress

Incredible mess
is life beyond life

Sumita Jetley

Crisp Clear Sky

Sunlight is drawing in
It is very clear
very crisp

somewhat new
strokes in sun
are telling

it was never before
'unique' as this

was like that
start to beginning

mourning yet morning
glory!

Sumita Jetley

Criteria Mismatched.

Naturally,
Some things are profusely confused.
Naturally.

Sumita Jetley

Critical Analysis Is Grave

Grim
and at the same time

partly True

Sumita Jetley

Criticise

but whom
for what

things as that
are more
'acritical'

Sumita Jetley

Criticism

getting there
yet there

where
ask not

yet question

Sumita Jetley

Criticism. Comes - Alive

when berserk values drive
course

critical issues
are like that

acute

Sumita Jetley

Crux Of Life

we all run into life
quite unprepared.

almost a hushed process
whom to blame

when it's us
and our own choices

No place for blame games

Sumita Jetley

Dangerous

live just on the edge
verge...

reckless

and then
BALANCE

Sumita Jetley

Daring

the thought,
and that means,

trying it.

Daring it?

Sumita Jetley

Day After Day

a self talk takes place
we say things
we don't mean a thing

by nature,
we are made as such
So,

day to day!

Sumita Jetley

Day By Day, If We Take Life

it is much simpler
much saner

that too means
running not on anything particular.

In race

Sumita Jetley

Day Dream. What Is The Wrong

mostly, i find it very amazing
people running past
real fast

trying to
just prove i or they themselves
no clue what

but..
the moment, i do my mind
they disappear

and then,
life moves at its own

take my word

Sumita Jetley

Day In Day Out

what is the parameter thus
tracking days

that the ones
are truly treasured

few things!
that i would want stay

cordially

lest all goes
is going
will be gone

Sumita Jetley

Day Is Like That.

No reason though in particular.
As if the skies have decided to open up themselves
for me,

To be hugged by me.
As they do hug me occasionally.

Sumita Jetley

Days, Altogether I Want Write

something that was never ideated before
something that were always there before

and, the thing is thoughts of mine shall never be recorded

if un Recorded

on Records

Sumita Jetley

Decide For Yourself

what is there,
that keeps you going.

must be it
either this is it.

or you are keeping it going,
could be either ways.

or no ways at all.
i just walk.

Sumita Jetley

Deeming It Necessary, I Always Thought, Thoughts Were Accessories

Almost everytime I sat looking at things,
I was aghast,

Isn't it?

Still we are in love,
Isn't it?

Sumita Jetley

How We Put Our Values First

some aspirations we dig in
bring them altogether,

values are clusters
that is predominant

and over valued

Sumita Jetley

How With Times Definitions Change

Lessons.

Life as it moves along

Definitely it brings along a change

however hard you resist

chanGe would be there

Sumita Jetley

How?

Mostly
the legend goes

Happens
What has to happen
fated to happen

Sumita Jetley

However Far I Go..

You are to know,
I will be back home.

To you,
in your arms.

Home is there with you

Sumita Jetley

However Much You Say, I Am Like

Lost,
when you do not say too much.

Yes.
i understand your silence too.

but,
i too need you speaking at times.

your silence,
keeps me calm.

Storm.
most of the times.

Sumita Jetley

However Much You Say, I Shall Miss You.

Naturally, this is what I mean.

Day by day, differences are growing like hedge.

We are going in different directions.

Sumita Jetley

However You Say, Just Say It

I just walked, aghast.
This was indeed what it was.

The Life, Its Primitive Shaping.
What could I say, 'I just felt it
'overwhelming'.

And that was about life.
Just an 'overwhelming' pattern
Isn't then this somewhat called life the same?

Sumita Jetley

Hunger On Us!

Something keeps us burning in tow!
Somehow, it is us.

Simmering in desire.
On fire.

Let Us Make Love.

Sumita Jetley

Hurry

some or the other
every time

every day
as if there is no other thing
but hurry

let's do it anyways

'the HURRY' fuss

Sumita Jetley

Hurt

When I see that,
resolves won't help
Sheer.
Help shall prevail from
self but.

Sumita Jetley

Hyper Pro Active

there are times
i simply am
obsessed

anxious self
as that just for nothing
and i know there is not any panic

but, i do get panicked
to recheck

the 'bandobast'

Sumita Jetley

Hypocrisy

stay less active on the fronts
that are tiring

approx. what works
doesn't work

it is a tirade
swap of emotion

tired of hypocrisy?

Sumita Jetley

I Almost Have Lost Sanity

May be that is that.
I am sure.

That is that.
I bet, that must be that.

And what is that?

Sumita Jetley

I Am Alone But With You

Separate,
Combined.

Which way,
our union is taking to?

Sumita Jetley

I Am Also Tired

of stupidities,
that i can not stand any more.

small things in life.
my things in life.

Then your things,
So Ridiculous.

Sumita Jetley

I Am An Emotional Woman

mostly coming across as somewhat strong,
extreme.

i do have my say, in things
end of the day.

because i know,
i do love,
as not many inane.

this skill,
gives me a zeal to kill.

the intensity in me.

then, i live.
to let people live.

i am dead,
in my own zones mostly.

Dead is the word or:
Stoned?

Sumita Jetley

I Am At Times Very Unsure Why You Are Not Around When I Need You Most.

But then,
it is universal.
Nothing is so very much certain,
than the uncertainty.

And certainly, the glimpses
fluctuate.

Sumita Jetley

I Am Crying Inconsolably

i lose everything i invest into,
i lose everything that i love,
perspectives keep changing,
i never go dreary dry but how long,
i would live 'separations' in life?

Sumita Jetley

I Am Happy For You

Breeze in your hair
swing in your feet
freshness in your voice

i love/d
keep it up

Sumita Jetley

I Am Happy Though

i know

that to say so
is to go off track

but saying so
also means

'expressed'
words
explored
'meanings'

through

Sumita Jetley

I Am Happy To Think

my ways
my way arounds

they are unique
at least as how they sound to
Me

Sumita Jetley

I Am Like A Snail

love
the pace i keep

at my own peril
i need to get into things
the gist

Sumita Jetley

I Am Missing You, My Love

though,
we banter,
and make a fool of ourselves.

still we are
nothing if not something between us.

Sumita Jetley

I Am Mostly, Drunk With Life

the only thing:

its integrity
uncertainty

and yet

Certainty

Sumita Jetley

I Am Okay, With My Life

i had not asked much of it.
i had not craved for so much of it.

this just happened,
and i am afraid.

that is it.
this no scare zone got me here,
living.

Sumita Jetley

I Am Open To Have The Sadness Get Me

because at the small intent of life
i know

the roads any ways
i shall take

they and i
can't be any separate than
when combined we are

Sumita Jetley

I Am Sleepy

So what?

Let me reach home.

My Sweet home must take me in arms.

Home- My love! I am coming.

Sumita Jetley

I Am Slow

of late,
i love the pace i keep.

trace,
i keep.

solace i keep.
for my own benefit.

of peace.

i see nothing in it.
the thing they say:

race, ace.
too much of pace.

i like my space, rather.
in the high worth mileage space.

of hedonism.
to a point.

Sumita Jetley

I Am Sure, Nothing Is There Like Hurry

if, all is a blue print
i am sure then?

what is there in it
we can go on and on

yet, a pedigreed vanity
so, what all is any which ways

there

Sumita Jetley

I Am Tired.

Tired as in tired.

But,

exactly not tired.

Just lost between,

uncertain wavelengths.

Sumita Jetley

I Am Told Most Of The Times, Keep My Views In One Place.

I do.

But afterwards I commit life
searching out, ' My Don'ts '.

A blank cut out & then again a
Restart.

Sumita Jetley

I Am Told To Be Brave

Would it bring you back
Would anything bring you back
Would you be back

Say, "Yes"
and i'll be brave

Say, "Yes"
i dare , "Yes"

Sumita Jetley

I Am Unsure

naturally, not so big deal
ensure

unsure
surely

Sumita Jetley

I Am Unsure Where The Life Will Take Me

and..where i'll go
i am unsure

but, there will be a trail in time
reverse

bringing us back
to still share

'selves'

Sumita Jetley

I Believe It's True

mind
you

our visions
who knows

'yet'

Sumita Jetley

I Can Be As Mad As That

for end of day
i shall know

i'll return
abstract

and then
will be tangled

happy most in my world

'candid'

Sumita Jetley

I Can Feel The Pain On You But I Am Without A Single Clue

you express,
i hear.

you apply defences,
i smell,
what you hide.

but, can really go beyond,
the pain you go through.

with my ways.
but.

unless you word it.
what would i do,
of your silences.

it will be like this-
between two of us.
we'll hurt each other.
because, we love each other.

for sure.

Sumita Jetley

I Can Not Break Bonds That Easy And Go

the traits of me are thus mostly very unspoken
i do share a piece of my being

and for me it is thus so very important to know
what am i doing

intensity, the understanding, the crux
comes to me so very immensely

naturally
in its complete abandon i am myself

afloat and how all i am
the way i am

Sumita Jetley

I Can Relax, With You Being There

i am unsure,
but re-assured.

that,
in the worst.

in the adversity,
we'll not do much.

but,
silently stay closer.

beside,
each other.

you may not be there.
but,
you are my shadow.

walking next with me.

Sumita Jetley

I Can't Be Happy

if i do not want to be.
it is all my mind.

i will fine-tune thee.

Me.

Sumita Jetley

I Can't Stay Aloof

i love,
i do it whole heartedly.

i hate,
half heartedly.

i have concluded.
i am useless.

in worldly senses.

Sumita Jetley

I Could Not Bring Myself To Care

I do recollect this morning.
It does make me thoughtful.

Since morning.
I am sheer thinking.

Sumita Jetley

I Could Not Leave And Go

just like this.
a kind of leave-taking.

not me.
Had to stop.

but to only keep it going.

there was not going a leaving or something,
as that.

Sumita Jetley

I Dare Say, Thoughts Are Always Thought Inclined

One leads to another.
They do multiply.

Just going very increasingly in diction
Terms & Logistics.

They simply can't be choked.
These elements called 'the thoughts'.

Sumita Jetley

I Definitely Will Wander. I'll Be Back

something will bring me back
once i leave

some things done
undone

i will keep myself furling around
birth after birth

to sit quiet
to search

yes! i'll be back

Sumita Jetley

I Did Think Many Times

About us,
the happier times,

It is just that,
this time,
I am screwed up in my mind.

Point is taken & registered.

I do not mind.

Sumita Jetley

I Didn't Mean To Miss Candid

Whatever it is.
I know, missing out is terrible.
There are days,
There are nights.

All getting missed up alright.
Nothing catches up the flair.
May be but the 'dare'.

Sumita Jetley

I Do Not Agree To Certain Things

Certain ways of yours,
In ascertained friction.
I have concluded so bit that criterions change.
But, disagreements stay,
Sometimes even in Agreements.

Sumita Jetley

I Do Not Know

sand castles
i blow into

and get settled into

i fly

Sumita Jetley

I Do Not Like Thinking

I will let you do all the thinking.
At times, I do feel lost.

Too much of thinking,
Re thinking,

Even in thinking.

Thought of.
Think, Thought, Thinking.

Sumita Jetley

I Do Not Want Be Upset With You

i think,
i saw myself gone over board

what?
yesterday!

at few times.
when i am extremely
hoarding for few days.

and, then you happen push that
small button

you get it
and later.

i regret it

Sumita Jetley

I Do Remember You

and, i know
you too remember me

there is comfort in knowing
we are far
yet tuned

birds chirp
you hear
i hear

and, this unworldly thing
keeps us sane

in love
with life
ourselves
Us

Yes
i miss you
and i know you too are

upto same there

Sumita Jetley

I Do Want Indulge You

mostly
i try not to

and, still
i look at you

i forget
not to

what do i do
and what not i must do

i am a bit drunk on you

"you" as how i see you

Sumita Jetley

I Do Want Just Be Happy

places i want be going
not going

people i want be meeting
not meeting

i want everything
in nothing

naturally,
happy

Sumita Jetley

I Do Want To Cry

You may say, I should not
But on your shoulder, I want lay my head
and cry.

You are the reason.
Today.

Sumita Jetley

I Don't Feel Good After Fighting With You

i don't feel good after fighting with you

there are things that are my area
my survival or existence

if i let go
Who am i?

a lost soul
vulnerable to: elements, mind, doubts
open to go off track

who'll look after me then

if not myself

So, i have some adjustments made in mind
and i bargain my adaptation to stay protected

and closed to the world i may not want around

routine is important for me
so is my sustenance. my daily meal
a roof over my head!

how do i explain this to everyone
and why too

at times i go confused

a blank canvas
Nothing to write with
No one to walk with

Yet...all want me to do things
i don't know

and may not do

because i don't walk terrains
unknown

Sumita Jetley

I Don't Know

and there are times i really don't want be bothered
with my knowledge

and then suddenly i wonder why i have
even to explain or even bother

i move on to next

Sumita Jetley

I Dreaded The Idea

of a broken promise.
when there was now something
so deep between us.

i could not stand an idea
hurting you one day with my lies

i wanted stay true
just thinking of you

Sumita Jetley

I Drift Into Your Eyes.

Almost & entire,
to be nibbled upon,
And go quiet.

Wait should have its joys.

Sumita Jetley

I Got Into You.

Knowing this very well,
We may not know each other ever well.

Sometimes chances are inevitable.

Sumita Jetley

I Got To Understand This Phenomenally

That certain things are there,
Always shall be there.

What else to say but this.

Sumita Jetley

I Guess So, For Now.

Remotely, in my mind I twirl my mind,
To see if there is some connectivity between
Me and the Past.

Sumita Jetley

I Had Less Clue, You Had A Clue

We were both lingering around.
Unsure.

One step.
We are sure.

Distances are just that one step.

Sumita Jetley

I Hate It. Hate. It. Hate It

Few things that stick to my conscious
I stick out my neck
I leap out in rains.

I want yawn
and say..

I hate it.
Whatever possibly i want to hate.
In what ever quantities

Why every time I am supposed to give into things.
When i Is Nowhere Being Reached by Me.
On those
Let me repeat.. I hate it. Hate it. Hate it. No end

Sumita Jetley

I Have A Reason To Love You

I need a baby, as handsome as you.
I have made it very clear to you.

And you joked a lot with me.
I am okay as long it is you.

End of the day, my baby has to be yours.
You in Me. Him.

Sumita Jetley

I Have Always Thought About Life

Its what's but's if's and quietly agreed.
None of it, known.

Remains unknown, the sole perspective.

Sumita Jetley

I Have Become Touchy And, Particular About Things

somewhat,
there has been a change

in my over all perspective
i keep to myself

but omnipresent

Sumita Jetley

I Have Been Dreaming, Of The Things Which Are Just Dreams.

I sit and dream occasionally,
Thinking, the pretexts of my dreams.
I lose the verdict,
as the life happens real
Dream like but.

Sumita Jetley

I Have Been Thinking On And Off

However influencing.

However grand.

A 'thought' is sheer just but a thought.

Clad in its sombre state.

It just prevails,

Theory of a beautiful mind.

Astray!

Sumita Jetley

I Have Felt It This Way..

That was the time.
Things struck me,
You got me into you.
There, this was waiting to be so.

Now I cry,
Alone
thinking about you.
Starry eyed, my moon.

Sumita Jetley

I Have Mostly Been 'honest' Only To Myself

times: i have debated

times: i have sat hours with self

times: i have argued

and at times, i have loved for that 'myself'

no clue: how long it continues

no clue: what are my trails

but, certainly i love long solitary ways

Sumita Jetley

I Have No Clue Why Such Cluelessness

Naturally, going by every clue.

I am clueless.

Happens sometimes, blankness takes over.

the perceptions,
seeming all over.

Sumita Jetley

I Have Thought A Lot About It

How does that all go?
Where does that all go?

'All' as in love with fading time airs.

Sumita Jetley

I Have To Live With Myself

the splits in person,
when they happen.

and my beings gets divided:
mind|body|gravity
i realise

i will die.

i am dying?

the quest that only i

am supposed addressing.

Sumita Jetley

I Keep Sitting Shut From The World

mostly
studying minutes
moments

simplicity
and complications

words no words
excited monotony

i leave
and come back to sit with this
i have no plans to leave

Sumita Jetley

I Kept Bubbling

into it.
that was my mind
rumbling.

process of dialogue,
i handled but could not handle.

in my creepiest silence.

Sumita Jetley

I Kept Thinking, What Was The Deviation

in an every meticulous manner i could think of,
however in the prism of the thought,
i could think of.

i thought.
of nothing much in particular.
utmost.
inanely.

Sumita Jetley

I Know, I Might Not Now

Of course, the things as best described.
Are the things, not at all described.

In silence when words are resolved,
a dialogue is born.
With no Preface & Entices.

Sumita Jetley

I Know, Who I Am

i know what i stand for
the margins that i delve in
are very stiff

still i know
the me in me

Sumita Jetley

I Love Abstract

how i feel
should not get over shadowed.

i want to keep it
off eyes.

The Concrete. Abstract

Sumita Jetley

I Love It..

Your aggression.

My surrender.

They say,

we are one.

Sumita Jetley

I Love My Haikus

when i know
i am late

of late
i am late

Sumita Jetley

I Love My Readings

once, i am back home.
i go in recluse.

i want my catching up with self.
i disappear in my own world.

usually, a bowl of cereal would do,
some tea.

catching up with sleep.
next day planning but most importantly to retire with my
characters in fictions.

dreamy eyed,
till real dreams get me.

Sumita Jetley

I Love Talking To You

the way, you look at me
the way, you and i burst into laughter

the way we can tease
and ease each other

you are my imagination

Sumita Jetley

I Love Thinking

anything

that helps me
keep it going

the 'thinking'

Sumita Jetley

I Love You.

This sounds a simple word though.
But not so.

You feel it.
You felt it?

It is not any more.

Sumita Jetley

I Many Times Thought

Thinking might not be all I require,
I still think but.

Isn't it luxurious confines to go,
when you are flying in abandon?

Sumita Jetley

I Mean, Yes..I Love It

sometimes when my graveness is bartered
for some laughter

its echo!
yes! i love it

Sumita Jetley

I Miss The Ordinary Self, When All Extraordinary Things Crave For My Attention.

Naturally, challenge presents itself
And then quietly I get into things,
feeling exhaust & lost,
I find myself at loss
then find and re find to lose.
Great sensibility prevails over loss.
Nothing saves, neither the gloss.

Sumita Jetley

I Need Go

Gone I would be,
In the angst of situations.
Prettily sitting.
Thinking of a way out.

Sumita Jetley

I On

the logic is simple.
see you settled.

take off.
i figure out.
my skies.

i part ways,
go find my ways.

i have been now very continuously thinking.

Sumita Jetley

I Refuse To Live Alone

since the horizons have stretched
we have met

i am like refusing to not step
forward with you

because now i am not alone
with you being there
'known'

Sumita Jetley

I Rejoice In My Blessings

there are lovely people
there is beautiful day

there is universe
and you there

an 'ode' thus to bliss
from me. to you

oooo...!

Sumita Jetley

I See Adrift Somewhat Few Things

when they can get me
i feel them stabbing me
strangling me

this is the stiffness
the whiff of few things
i can't see

yet i see

restlessness kills
and then it settles

wakes up
wakes me up

i keep looking
passive

active
i see adrift somewhat few things
i don't understand

Sumita Jetley

I Simply Thought, This Was Okay

Anything.
Everything.
All the things
seemed 'okay.'
For I thought them 'okay' to be.

Sumita Jetley

I Smell Of You, When I Feel Its You.

Naturally, those are the days,
when I smell of you.
Smell you and quietly,
dream only about you.

There are days,
like those lunar days.

Sumita Jetley

I Some How Think, Time Has Come

and again i fear
appear

disappear
somehow i am clear

about something
i am clear

Sumita Jetley

I Somehow Thought, You Used To Think.

I somehow thought, I used to dream.
I somehow thought, our thoughts were extreme.
I somehow thought, they were a make-believe,
I quietly retired.
To my solitude, once I figured out,
that was all to be.

Sumita Jetley

I Somewhat Do Less Understand

the forwarded aborigins
were always going diminish

i just kept thinking thus
that in the first place

why they appeased

Sumita Jetley

I Sort Of, Am Just Little Absent Minded

as nothing much amuses me,
the childish stuff

that is spread across
i have closed my self
immune to too much in self too

Sumita Jetley

I Sound Tired, At Times As That Be

But then, who is not as that these days?
Just we all are busy, all day.

These what?

Is about it all. These days.

Sumita Jetley

I Stop In Tracks

when i leverage
that nothing is enough

it is just illusion
yet it is the only closer
'realism'

Sumita Jetley

I Submit Myself To Your Ways!

You-the Divine!
I-in confine.

Free me,
of You.

From me.

Sumita Jetley

I Think, I Love You More Than I Love Myself

i can't see you sad.

but,

i have not trailed any sentiments,

in you.

and i have no value for robotic lovers.

i simply do not care.

Sumita Jetley

I Thought

i thought it will pass
i thought this would be the end

i will not write
you will refrain too

and that might be the end

Sumita Jetley

I Waited Aghast And Shall Carry On With The Same

Naturally, I would not deter from the point onwards,
I must keep at it.
Quietly & abundantly.

Surely, it must succeed.

Sumita Jetley

I Want Sleep

No, you are not there.

Sleep is.

We will manage.

Our Togetherness.

Sumita Jetley

I Want Step Out Of Body

answering nobody in particular
questioning nothing about it too

some unworldly whim that grips me
for that i may not need you

that is me
whom i need
though i live with

I

Sumita Jetley

I Want To Cry

Don't ask me why.
I want to break today.

Go to dogs today.
Come undone and die.

Or, let me cry.
Quietly and Alone today.

Day and Night

Sumita Jetley

I Want To Stay Myself

Be my mind
Just be my own type

Mind

Sumita Jetley

I Want, Get Lost

where i just go in circles
at the helm of

just lost

so that i retrieve what was left
which by now i know

is 'karmic'

Sumita Jetley

I Wanted A Deep Refuge

Something on the outer surface,
If I was to break.
I wanted to succumb to some straight theories.

Sort of words, that were vocally less vibrating,
magnificent & at times dumb.

Agony of words has always betrayed me,
In commotion of words I have at times found,
'the solace'.

Sumita Jetley

I Went To Dogs With Not The Least Protestation

May be that were the most mature thing.
To let it this way.
Silence that 'evades'
and luxuriates itself in slumber

Over my 'grave'

Sumita Jetley

I Will Be Born Again

same thread i will pick up

same paths i will tread

and, i will perfect it

art of dying

'living'

Sumita Jetley

I Will Walk, All The Way.

Naturally, this means things do come to my mind, '
And many times I go aghast thoughtful again.

I believe, somewhere down the lane,
I trust the space and time,
my evident healers in time.

Sumita Jetley

I Would Be As Quick As I Can

Time factor

Rush factor

All factors!

But Nothing Much

like- Doing - A factor

Sumita Jetley

I Would Be Gone.

Gone Away,
Aghast.

Leaving you aside.
Just gone.

To may be not come back.

Sumita Jetley

I Would Have Wanted To

But I would have waited too.
I was flustered at the thought.

That there was no thought left.

Sumita Jetley

I Write And Let This All Be What I Can

Despite of the facts that
a solitary reason

Can't be all the set reason.
Wait for the right season,

My Love!

Sumita Jetley

I Write For You

Only for you.
You are me.
I am 'myself'
Whom I write for?
I am now,
unsure.
Let this question be.

Sumita Jetley

.is my muse
.gives me high

.keeps me protected
.embraced

.is my companion
.my fate

Sumita Jetley

Idealism

what is real,
can be most unreal too

includes optimism too

Sumita Jetley

If I Control Rhythm Of Breathing

many many times it just comes to me
structure of my thinking

the reactions and actions that cause it
i keep pruning through forest of cursory

very knowingly
Incognito

Sumita Jetley

If I Drain Up The Mind, Catching Up With No Mind

would there be
a featured cast

mindful
unminded

getting to me

i keep thinking about it

Sumita Jetley

If I Need Do This, I Would Do This

, and why not
what shall be the hitch

somewhere down the lane,
yes i know i am vain

but then, life is too plain
if not ghoulish

a little this then and there

Sumita Jetley

If Love Ever Happened To Me, I Would Openly Acknowledge

i might word it

Having said it.

i am sure, there would be no fuss.

love, is often fuss-free.

Sumita Jetley

If Not This, Then What Probably?

we all go in circles
ain't it

still more circles
are we

we are like that
always! circling

in circles

Sumita Jetley

If Now, I Decide To Go Away?

i today,
thought

now that things are fine.
we are heading towards happiness.

there is sun rise.

must i stick around,
or just look at the seas.

do you still need me?

may be.

i sigh,

i have my answers.
and, that is it.

Sumita Jetley

If The Facts Are Asked Of Me

like a layman
i too can cut a sorry figure

i may have lopsided answers
or no answers

for that who cares
questions make much better sense

when asked of less

Sumita Jetley

If This Was This Simple!

I could have done something.
If things were that simple honestly.

But, this was not to be.
Neither things, nor frank honesty.
I kept thinking, of thoughts pretty loose linking.
I am thinking.

Sumita Jetley

If To Talk Of Domestic Violence

this is a question
of something i always think of:

a question that takes me off guard
why do i think so.

does it worry me. a bit
instances i see it around me?

Yes.

Sumita Jetley

If You Go, You Go

I shall be least bothered.

I might not be at all bothered.

My life shall like to stay unbothered.

In all said and done.

Sumita Jetley

If, I Was To Stay Concise

i would have dragged in some fresh air
thought of to wipe away the thought
might have tried to check back on the thought
for all i know is:

these kind a thoughts subside
outliving their life
peace shines

Sumita Jetley

If, My Needs Were Small I Were Free

there was absolutely thus no struggles
i were free

a floating cloud
a rising breeze

and, of course this were a gift.

Sumita Jetley

I'll Make My Choices|i'll Pay The Price

neither i'll bend the rules
nor i

we two|together
are creating our world

words|that i" infuse with life
am already
doing it

Sumita Jetley

Imagine

the some bits
manageable

pretexts
are imagined

to begin with

Sumita Jetley

Impartiality

when you understand
yet can't practice

'Impartiality'

Sumita Jetley

In All My Sanity, I Was In Love

the intensity kept telling me,
that there were signs.

majestic abstract proliferations,
here i am,

earnest.

Sumita Jetley

In Coming Some Time

things may change
they might be at whim

we might be saying least
this would be change

more words in silence often
gets exchanged

Sumita Jetley

In Flashes, It Comes To Me

the realisation.
Nothing is well.

It would never be well.
at least for me.

This when?
all is well.

No, No.
Nothing is well.

Sumita Jetley

In Love With You

A lot.

Because you make me feel that way.

As in love.

Sumita Jetley

In Most Of Things, Silence Works

loud words
the words that cater almost nothing

the existence of silence
is also 'Words'

Sumita Jetley

In My Heart, Butterflies Chip In

i skip a heart beat
from the beating heart
and that is exactly what

makes me freak
butterflies that make iff iff
sound

and i flip them around
my
butterflies

Sumita Jetley

In My Mind, I Am Getting Clear Very Much

there is something i am searching for
there is someone i am waiting for

there is a bit of me complete in my incompleteness too
but

there is a missing something
i am on whiffing smell of

i am like seeing it in segments
and walking towards it

i am sure

Sumita Jetley

In My Silence I Am More Audible

because that way i speak more
express still more

word free
word reel

Sumita Jetley

In My Writings, Thoughts Let Me Capture Maximum

but, that's all min.
and my words are bounded hard.

inked?
souled.

my search.
parch.

Sumita Jetley

In Out Of Exterior

would i be able to step in
step out

hand in hand with you
the kind a bond

where are we heading
so heady as such

'longing'

Sumita Jetley

In Silence, Few Things Work

Intensity is as such

Mostly

Silently At Work

Roots gripping earth

Earth draining its substance

Sun reaching daily

Rains Storms

All, so intimately One

Sumita Jetley

In Silence.

Of course, why not?
Our life is for sure,

For each other,
Reading the novices together naively.

Sumita Jetley

In The Daylight, Evening Too Lurks

take away the crisp sunlight
warmth

and then, try putting a sapling
growing

possible Or impossible
sapling

'depends'?

both possibilities can't be shirked

Sumita Jetley

In The Higher Scheme Of Things, Matters Absolutely Nothing

however much i break my head
i know this just one thing

there is 'nothing'
unless there happens the 'something'

Sumita Jetley

In The Modern Life, Is Poetry For Real

this question from nowhere in particular showed up
ridiculous
interesting

and at the same moment
not at all worth
answering

i simply reflected
and let go at the most of it

Sumita Jetley

In Which Context, The Things Go Awry?

Featured in the zest,
Abreast of heights,
I fear the heights,
Especially,
When I can't climb them.

I am scared of highs.

Sumita Jetley

In Your Arms..

Life is warm,
in your arms.
For I bloom,
with your kisses,
hugs
and charms.

Sumita Jetley

In, Professional Life Sensitivity Kills Sensibility

you are kind,
that is all fine.

but,
keep it covered.

slight.

you must not be discovered.
Heart.

Sumita Jetley

Incredible Life And Its Immense Possibilities

the thing though is curiously all cluttered
time too raves on
and then mostly next thing you know is
it has gone out of your hand

fast before you could decide the path
it has but put itself on its own path

exactly, this is what i mean
life, its incredibility
immense possibilities

Sumita Jetley

Indemnity Clause

There is this uncertainty,
I am sure,
it might pass.

I am looking into it to pass,
leave me without traces of its steps.

Sumita Jetley

Intelligence Is Very Brisk

the thoughts loom at large
give them- a big room!

'nothingness' which is savagely present
will materialise sooner or later

In full bloom

Sumita Jetley

Internalising Is About What

-moments two people share
-paths two people tread

mostly alone and then

collaborate! perhaps

may be i know

Sumita Jetley

Irritation Gets Better Of Me

however patience i try
i sometimes am about to lose my calm

there is a changed me
impatient and wounded at times

i retaliate
pay two damns till the moment lasts

Sumita Jetley

Is Everything So Awaiting

in process

you wait
you watch

and most things
resolve

Sumita Jetley

Is It All Natural?

The question has inanely stayed on me
to perceive

My Questions.
My Own Answers to it.

i wonder
how so?

Naturally

Sumita Jetley

Is It Very Odd If I Am Frank And If I Speak My Mind?

Most of the times, I have seen.

Minds are lost, akin.

Chase them, Trace them.

They are facades.

No Gross Sense of Belonging.

Just few random snatches in time memorial.

Sumita Jetley

Is That What You Said?

i heard
what i heard
and i wondered

what?

Sumita Jetley

It Boils Down To What

a simmering consortium
the asking of hyacinth

simmering whispers of the wind
rustle

and, what.

trust me
i wish i had known thee

Sumita Jetley

It Has To Be. Has To Be So

the thing is
it is so like that

the preserving point is
it needs to be so

let it be so

Sumita Jetley

It Has To Be. Has To Be So. Is So

the thing is
it is so like that

the preserving point is
it needs to be so

let it be so

Sumita Jetley

It Is Alright To Have Realisation Strike

we are mortals
we might give into some temporary fragments

it hardly changes the scene

real stays always very surreal
facts are the ones that lay claim

humans are always open to make mistakes
if this is what it takes to learn few

harder lessons

Sumita Jetley

It Is Fantastic When You Are Loner

Things can't too much get you
What gets you mostly does not touch you

solitude is very very choosy by nature
as the theory further goes!

Sumita Jetley

It Is For Sure, I Know How It Goes

an understanding broaches up between the two
then slowly negligence

not that both mind
there are calm

about now
hurting each other

Sumita Jetley

It Is Great

some places we go
the distinctions we talk of
time morose we spend over there

and yes! of course that all too is great
we are meant to do so

'float'

Sumita Jetley

It Is Only That There's Lot Noisy

peace too gets frisky noisy
every bit runs, leaps almost

till we know that nothing really
moves an inch

except us

Sumita Jetley

It Is The This Very Moment - Which Is True

probably one and all are all
fast running the race.

things on the roll
toss. in the air!

have some flair.
to keep living my friend.

Sumita Jetley

It Is There

It is there.
Very much there

More you long and search for
it.

it's not there
Happiness. Is Not By Chance
It is there

Sumita Jetley

It Is Unlikely, And So Likely At The Same Chord

the gestalt
as to how impactful that has to be

how, that has to be
circling of the same question

sinks in
much likely

so unlikely
cordiality

Sumita Jetley

It Is Wonderful!

To just come on over
New day

Not expecting in least
it will be there

Still when it is there.
It's mostly the gratitude
for its Presence

Sumita Jetley

It, Sometimes Becomes A Challenge

when you know
in the back of your mind

that you would not be able to walk
unorganised

and, you try it
in little unorganised manner

i don't blame you though
some things, better be day to day

though

Sumita Jetley

It's 10: 00 P.M.

Something weird
Not so strange

But more i stay
would stray

Few thoughts that would revisit me
Now and then.

I must run. NOW
from them

Sumita Jetley

It's A Very Strange! Big World Over There

Shuddering cold
as you may call it

it's strangely oddly corner
dreary as it gets
more it holds its charm

life hemming to its arm

Sumita Jetley

It's Okay, If Think So

the chit chats
clutter

so, finally when mind wants out

let all go
and worry not
at all

Sumita Jetley

Journey Slide

And,
mostly

that travel zone
is all that is left.

you with

Sumita Jetley

Joy

Go, In that stream.

Extreme.

Care less.

Be it a point.

Not care.

Still Care.

Sumita Jetley

Just

i just loved.
thinking

you love me by your side
mostly

you do not word it
i sense it

that is it.
Isn't it?

Sumita Jetley

Just As You See The Row Of Flowers

You put your thinking cap on
But what the flowers are about

Not to be thought
They are meant to be lived

As they are seen
captured and brought on canvas

by some artist

or a visionary

Sumita Jetley

Just Like It

just, like
innocent smile

mild.

crystal clear.

candid.

Sumita Jetley

Just The

Sumita Jetley

Just To Keep Getting The Firm Sensing

the pauses, are a must
to grasp

to dissect
and..

see through the threads

nothing beats

paucity

Sumita Jetley

Keen Kumars

These are the people
who would go one extra step

One bit of them.
Everywhere.

They are eager.
and helpful..

but

Sumita Jetley

Keep A Low Profile

let there be peace
intact

after all
what is there in profile

so like that

Sumita Jetley

Keep Aspirations Slight Low

this is a one time affair
let nothing be too familiar

think
there is nothing
nothing as that stooping clear

Sumita Jetley

Keep Life Simple

i keep telling myself to un-complicate

yet, i believe in complicating the simplest most
but take away the complications
what all is left of me

'no thing'

Sumita Jetley

Keep Saying 'no'

with no

with no

all no

till the 'yes' walks in
and no transforms as
a nod of acceptance

No is a door
for Yes
too to walk in

when the right time
strikes

Sumita Jetley

Keep The

you'll live no doubt
don't evade the FAITH

things change
WHEN change

Sumita Jetley

Keep The Feet Restless

get them a theme to build on
least extreme

some possibilities
some open rationalities
who knows?

Extremes

Sumita Jetley

Keep The Fire Burning

There would not be anything
anyone

for the lukewarm
create your own hearth thus
keep going

aflame thus

Sumita Jetley

Keep Things Low Profile

as simple as it gets
why complicate?

Breathing is simple
Life is simple

Let it be like that

Sumita Jetley

Keeping Up With Times, Yes! The Times Are Changing

multiplicity angile
fragile

look over
at but what

lean model is the trend
suffice

Sumita Jetley

Lazily, I Am Thinking

how much of the issues.
i 'must' speak up for

whom i must defend
when i half know the whole end
at the respective end

what call is mine call
is it just going to be suffice
to decide my mind

half the things are just on surface
half of them unfaced
some, the just and sheer attention seekers

and we all staggering to be the
'conscience' keepers

at times,
i am sure
i love to be the least informed
and less bothered

Sumita Jetley

Lazy Afternoons

what does it exist
it does exist

but

mind goes for a toss
la la land

registers

Sumita Jetley

Learn

as the consequences pertain
the things go off lanes

we all are creators
we all love our creations

with a lot there to re-learn

Sumita Jetley

Least Lest Last

and the thing
be it at it
least lest last

what all

Sumita Jetley

Leave The Be

let them be.

On the hill top
you want sit

just happily drunk
'rhythm'

continue with it
Your Dreams.

do not evacuate

flourish

Sumita Jetley

Let It

an urge you fight
a somewhat reverse the tide

but
you want slide

so

be it
at it

let it

um?

Sumita Jetley

Let It Be

the instances
the variations
the inert policing of words

set them free
global

Sumita Jetley

Let It Go! Let It All Go!

So, that the freshness sticks.
There is somewhat something swift about it

The Comings. The Goings.
of It

Sumita Jetley

Let It Pass

give it thus some expression
from your being to some extreme

walk
walk
till the roads are tired
seeing you..

then, not seeing you

Sumita Jetley

Let Me Get Some Enlightenment

let me keep some of it
the in it

Ingredients

enlightenment
i do not mind

Sumita Jetley

Let Me Live Lucid In My Imagination

do not break the illusion
let it go

life is short
let me tag along with

nothing but illusions
you know
i know

Sumita Jetley

Let Me Think

i guess

just the thinking spill
might help

who knows
lest i try

Sumita Jetley

Let Me Wonder The Few Things

there are always the wander lamps
Get goings

Broader.
so as to sharpen the focus.
on even places where the prospects are least

Communication reaching

Sumita Jetley

Let The Reality Sink In

perplexes
complexities

who said,
there were simplicities

all sounded gross
to me

Sumita Jetley

Let There Be Breathing!

rest
let all pass...

float with me
on some high

just like that
a rising tribute to
skies

a just perfect match for
intensity
trust

that prevails on earth

'Gratefulness' has its perks

Sumita Jetley

Let There Be Peace, Thus

things as they go
they become whirls

and they just fly around
we catch up with them

mostly we let them
till they becalm

'storm'

Sumita Jetley

Let Us Go Home

I said to myself.
Hand held.
We left.

Our Home.

Sumita Jetley

Let Us Say

We agree,
to not say anything.

Atleast,
the least to do a thing?

Sumita Jetley

Let's Burn Everything

it is very infectious

the state

yet
swirl

let everything burn

Sumita Jetley

Let's Die

what's in life
have seen

enough has been seen
let us set ourselves

free
'in mind'

Sumita Jetley

Lets' Sleep

A deep sleep.
Death.
Arms.
Enough to live.

Sumita Jetley

Letters That Are Yours!

I have no clue,
Why did you write.

Now, I am stuck
in this plight.

What should I read between your words?

Sumita Jetley

Level Down. I Won't Come

that definitely would be something
an equation that i would want go along with

but a change for someone something i am not convinced with
i would refrain to be in it
without understanding, without making it clear
i would not come a level down

Sumita Jetley

Level Of Devotion

over and above
it brings something forlorn

that sits hidden in all us

just that we need get in touch
with that plane

Sumita Jetley

Life

Who knew,
this would be it.

This should have been this that only.
How to say, should not have been.

If I hadn't foreseen,
this.

Sumita Jetley

Life - Till We Keep At It

things that move around me.
perspectives that clash.

phenomenons i generally heed to.

are they in my senses
or as 'somnambulist'

Sumita Jetley

Life Gives You So Much

just that you have to keep eyes open
look around

figure out
Breathing Sounds Easy

It's Not

Sumita Jetley

Life Goes On

Sumita Jetley

Life Goes, It Actually Goes

you put it altogether

Sumita Jetley

Life Hits The Thread

God knows
where it shall lead to

the untamed zones

Sumita Jetley

Life In Its Full Virtuosity

" the beauty is in eye of beholder"
we all think
say so

question is-
are we those beholders

Sumita Jetley

Life Is Like That

whatever you do
it gets you

straight
neater than ever

carmic

Sumita Jetley

Life Is Manageable. I Am Sure

if we see it.
the way!

walk way

life, after all is
manageable

Sumita Jetley

Life Is Somewhat An Opportunity

To get through,
And the sequence goes and goes.

And goes, in the life.

Sumita Jetley

Life Lock

the wanderer asks the sequence in which to narrow down
looks like question was wrong

locks
are often keyless

Sumita Jetley

Life Rolled Out Its Courses

I just walked, aghast.
This was indeed what it was.

The Life, Its Primitive Shaping.
What could I say, 'I just felt it
'overwhelming'.

And that was about life.
Just an 'overwhelming' pattern
Isn't then this somewhat called life the same?

Sumita Jetley

Life Rules!

we do make rules
we aspire things as such

and wonder we don't fit in rules

life rules so ironic

Sumita Jetley

Life Shall Bring Its Hardships, Walks Shall Have Their Running Agendas

Try to keep up with them.

Try to humor them.

Stay on,

Stick to them,

Challenge them,

And make them go get you those impossibilities.

Sumita Jetley

Life Was Not At All So Hopeless

it has its ups and downs
still but,

there is more to it
much of it

what all this

Sumita Jetley

Life, Comes In Measures

very proportioned
as if one drip
and

that is it

of late,
i have started treasuring it no end

i keep my breaths
constantly accompanied

Sumita Jetley

Life, Revolves Around Happiness

the absolute particulars of life,
were a match for providence

sorts

glorified

Sumita Jetley

Life|is About Rejoice

more the way you say it
you make it

the thing of it
loving it
whatever is it

Sumita Jetley

Life-Shall Be Always That!

Many things
No Relevance

Less Purposeful
Bleak
yet salient

seeking Purpose

What is borne
shall live On
Absolutely Useless

Sumita Jetley

Lifetrips

no wonder what becomes
art goes living

mysteriously
artistically
wandering

no wonder

Sumita Jetley

Likely This Is The Life Shall Catch Us Unawares

No clue where it would take us,
How it would take us with in its stride.

In its Anthem. So discrete?

Sumita Jetley

Link

i get the feeling
something gets remade

unmade and made
yet the writing is a periphery
that goes beyond thinking

But gets Inked

Sumita Jetley

Lit And Brightly Clad In Silence

Certain things said are to be unsaid.
Certain unsaid things but to be said.

Silence when observed.
Words at times be better preserved.

Silence, but is at times golden.

Sumita Jetley

Little Drops Of Kindness

i always used to think.
time on,
i believe!
how moving can be the thinking

just that you think,
you bank upon it.
you feel the onset of heat on it.

transforming happens.
Candidly

" little drops of kindness"

does it

Sumita Jetley

Little Nervousness|still Not That Much

meetings between the lovers are strange
it is like two ends.

sweating in relapse
so much of commas.

full stops

and still a complete|creation

Sumita Jetley

Live Life Dangerously!

just on the edge
verge...

reckless

and then
BALANCE

Sumita Jetley

Living The Vocal Entity

I breathe so,
And that means a lot to me.

You, us.
We.

Sumita Jetley

Load Of Words. Why Must I Bear

when i know
it shall simply
blur the peripheries
the motives
Outlines

no wonder
i prefer travelling
with less luggage

Sumita Jetley

Logics Get Mixed Up

frequently
often

expected
unexpected

illogic yet logical

Sumita Jetley

Loneliness Strikes Beyond My Control.

I cut a sorry figure.
Confused and with nothing with particular.

Still at least the confusion,
doesn't bother me,
as it keeps me company.

Sumita Jetley

Long Routes

As you say,
I did take.
But would have taken so,
in any case.

Worth it.

Sumita Jetley

Longing And Desperate To Prove

At some point, I feel I have a point to prove
I sit quiet for a moment, point disappears
I go very quiet in mind,
Quite in mind then I said
Let this all be.

Sumita Jetley

Longing That Goes Into The Pattern Of The Thought

Seclusion,
Paradox,
I have been thinking.
Why me?

Sumita Jetley

Look For No Reasons

though mostly you'll be told.
get few

sideline the thoughts
pay less attention
walk just straight

be strait

Sumita Jetley

Looking Deep Down In Your Eyes..

Engrossing as they are,
The Thoughts do find,
their stray limits,

Not just to stray but.

Sumita Jetley

Lose|find|let Go

this is a lesson to live in|with it of lives
never get attached

or|too detached
but let nothing affect

your pace

Sumita Jetley

Lost & Found.

In your eyes perhaps,
I drown.

Feel lost at times,
At times found.

And its' mesmeric, so hypnotic.
Exotic.

Sumita Jetley

Lost If I Feel

Left upto me,
As of now,

The numbness takes over,
when I am the decision maker.

Sumita Jetley

Lost In Abandon

Of course, this was unexpected, this gravity of loss.
This top notion of having missed on something,
Missing somewhat, something.

Feeling of loss is intense these days.

Sumita Jetley

Lost In The Lot Of Life.

And many times, I thought
This was ought to be,
Ought.

What?

Sumita Jetley

Lost In You.

Your Eyes. Wise.
I don't want Revise.
My decision of looking back into those.

Drunk & attain no soberness.
No end.

Sumita Jetley

Lost In Your Arms.

Away from eyes,
Near to heart.
I want to be.

Yours.

Sumita Jetley

Loud Whispers

they are written all over.
sniff the air.

do you breathe it
the penchant
madness

what not
stay there

more to come

Sumita Jetley

Love & Breaths Keep It Going

Two people
Two souls

One journey!

Life-time
Short-time

though

Sumita Jetley

Love As This Is. With You As This Is.

Of late,
this matters.

You and Me.
We.

Sumita Jetley

Love Is A Mirage

And that makes me go 'rampant'
chasing it,

And it simply skimpers,
walks afar,
aghast,
away from me.

But I still 'do'it.

Sumita Jetley

Love Is All I Have

And may be about you.
What else,
that the love could be if not
'Us? '

Sumita Jetley

Love Is In Air

This is grand and great about the whole affair
that, we two love and the love is in air,
Going by that,
Zooming in there,
In your eyes,
In my mind.
What else?

Air?
the love?
when it is in air.

Sumita Jetley

Love Is Not All Lost

Life can be lost.
Love stays.

Immortal it is,
in all possible ways.

Sumita Jetley

Love Lorn & Lost

It just makes sense.
When sense is lost.

Sometimes, acuteness does make a point.

Sumita Jetley

Love Lost

Happens,
Very much.

A sort of lost feeling,
with the found love.

Sumita Jetley

Love Never Betrays The Beloved.

it just adores,
It just brings around the
two people.

that's why,
love it is known.

Sumita Jetley

Love Takes Long Strides

High & Wide,
And Quietly,
We trip.

Fall in love.

Sumita Jetley

Love The Way As Such As Is

I love it
The way day comes
On and off

Me there!

Sumita Jetley

Love You But You Are Strange

Sweet heart, Yes.

That's true.

I am in love with you.

I observed,

you don't deserve openly but

all for sure, you deserve it anyway.

Yes, I know.

Being in love I think it that day.

Sumita Jetley

Love, Is Incredibly That Keeps Me Sedated

ultimately it is the fire that keeps us going
On and Off we go

the more intense and and deep we go
it showers its intent on us

distinctly

Sumita Jetley

Love, Its Love, My Love!

Every time, I think
I think of you.

I think & I re think
and think again.

And that is about you.

Sumita Jetley

Loving Something. Is Okay

It shall deplete you of things
which were not your anyways

It cleanses
Refreshes

Yet stays
On its trails

unresolved

Sumita Jetley

Lovingly Asked Questions

You asked them,
I connected.

That was all, just
like that

Love, too!

Sumita Jetley

Luxury

the whiff,

addiction

Sumita Jetley

Luxury Of Being Like That

Ofcourse sometimes you yourself might
find it berserk unsure

that you sit with yourself
Hours after Hours
To seek what is there

But Is There Yet not
straining and trying untried paths

Can be like that
Going On & On

For some people
if they want

How about this?

How about it?

Aggression in it,

Stringent Depression in it.

Many A Times I Thought Of Letting Go

letting go of majority of things.
becoming fast tracked.

and suddenly,
there are lost tracks.

familiar.
particularly.
no where in particular.

Sumita Jetley

Many A Times We Look Around

Aloof,
searching a bit

yet
many a times we look around
do more often

at what

Sumita Jetley

Many A Times You Want Maintain Anonymity

you want go nameless
shapeless

and you want just say
let this be

well! no worries
then you let it be as that

Sumita Jetley

Many A Times, I Feel Lost

it happens, to me.
on the contrary, very oftenest.
i cringe but stick back with self.

that momentum.

Sumita Jetley

Many A Times, I Feel Mute

as if,
i can't talk.

but,
i think.

in that state of affairs,
which i think,

i can,
or can think.

because,
i know there is a serious side.
too.
to words.

Sumita Jetley

Many A Times, I Have Seen Myself Disconnect

the zones which can't be touched
the me that can't be reached
a plane that keeps me on toe

some places even them where i can't go in tow

Sumita Jetley

Many A Times, I Think It That Way

as if
someone is leading

i am passing through
some way

and was there

yet am back on road

Sumita Jetley

Many A Times, I Would Not Want

things that distract me
takes away my peace

i avoid them
both the 'concrete' and 'abstract'

Sumita Jetley

Many A Times, Tears Boil

you read something,
hear something.

happens something.
distracts.

diverts,

you can't think,
it.

Sumita Jetley

Many A Times, This Would Be Tempting To Give In

and yet, something would say not to
every bit all the way

why no now
i go stilled in my gross imagination

a new day

Sumita Jetley

Many A Times, We All Think We Are Right

we go proving,
arguing

thinking.
but this is not always,
like that.

at times we might just be nothing.
neither right.
nor wrong

Sumita Jetley

Many Many Times I Do Argue With Myself

and that argument continues in oblivion
because i believe there are things
one talks to oneself,

and in rare most circumstances
gets to conclude the talk
roles reversed

Sumita Jetley

Many Many Times, I Hate Hypocrisy

flatter them
all sounds perfect to be

show them a reflection
they'll freak

may i ask
then what is the big deal
to go on making too much of self

it is always good
to know quietly yourself

Point Of Saturation Comes

times,
where i want to end it all

the repeat toss|gloss
fake dank stories
staleness so deep in between

i don't want fake
or rake my common sense just because i can't
take..commoner's stand on daily issues

i want none of anything

Preservation Of Energy!

in the real time life scenario
the momentum passes

more it passes
that is for good

unlived life too passes
that is too good

there are absolute things
happening at their own

they are too good to be believed

still happening

we have less control
mostly on the things
and that is also
again good

sometimes our judgements of good and not good
are biased

even that is good

all is good
this definition of good is also good

end of the day
bad or good
good not good

anyways is happening
you are passive that is good
active

also good

just be at it
what ever definition of good
is that you put your faith in

Pretense Is Also There

we all live off it

That is the seclusion of mind.
I simply conclude,
Some 'Amnesia',
And no clue 'why'.

Sumita Jetley

Quintessential..

Of course, there are off courses
you walk, and then only you realize,
that were an off lane,
But only after walking.

Sumita Jetley

Quite Literally..We All

some things are better left at their own
'unresolved' and absolutely

Sumita Jetley

Restless Will Drain Me

as if
some thing is marching too swift
in due course of time

it will leave me
or i 'll take a leap

a thin line
delimited by a small thread

is there something a pull
which i'll break

what is this whirl
where am i in it here

would i be through
or lost in the stream

that'll catch me unawares
anyways

i hardly know
but

i will stay like that
just exactly like that

just that
yes

so far i know
after the taste i gotten of
something as crazed

as only i can know

this search of mine
into myself

Sumita Jetley

Restlessness Is Human Nature

Of course, it is to maintain sanctity.

bid my chair off the sun

look at the foamy tide
just look

Sumita Jetley

There Was As Such, Much In My Own Company For That Matter

i started evading people
select few make my world of late
and i love myself,
a little more now a days
for feeling it that way

that i matter to myself
of late

Sumita Jetley

There Were No Solace In Life

eyes closed

reality seeped
i realised

there was no realism
in the most surreal

that made me much

Sumita Jetley

There Were Times, Of Disconnect

every bit,
got very upset.

when the bits got missed out.
started the comprehensive,

Search.

Sort of re-discovery.

Sumita Jetley

There Would Always Be A Point Of View For Us.

There would always be a juncture.
My losses with you,
A very simple statement through.
However hard I would try,
I would not be through with you.

Sumita Jetley

There Would Be, Too Many Points

that would present themselves in front of me.
if i am very polite.
i might have to break down.
and submit.

if i will protest.
they will get me.
if i accept, they will get better of me.

i would have to steer past
right through them.
and not let them pierce me.

the memories.

Sumita Jetley

There Would Now Be Few Shortages

Time
Resources

Nothing would hilt to a much wider

we all compose
we all bring in the features

Sumita Jetley

They Say So

we hear so
things are
so thus

Sumita Jetley

They Say, Creative People Are Damn Mad

okay,

would any body just share
why - and is that a big deal too

what if frankness and honesty
gets further held against you?

Sumita Jetley

Things

i am finding it amazing
things not said

least said
not at all said
are few of my best

Sumita Jetley

Things Are At The Point Is Reached

there are implications
forewords

backgrounds
all circles into somethings
heavier than conceived

Sumita Jetley

Things Are Like This Always As In Aplenty.

Not just a bad idea this one very.
A gush of positive vibes.

Always bringing in and along a fresh tide.
of something new and divine.

One has to get knack of it,
the hold on hit.

A thing that is called 'the life'.

Sumita Jetley

Things As They Go

usual ones,
equidistant.

mostly distances
too move

'distanced'

Sumita Jetley

Things Often Drive Us Crazy

things
too many things
rather on mind

on finger tips too

things
too many things
how to track things

Hmmm?

Sumita Jetley

Things, So Salient

so like that
impersonal

It is persona?

Sumita Jetley

Things. Are Meant That Way

many a times
things go berserk

for us

Sumita Jetley

This Is Just Okay

It is Okay.
to say Okay..

i believe,
sometimes it is just okay

Sumita Jetley

This Is My Habit. To Go And Talk In Face

it can be repeatedly boring.
very frigid
but what do i care
especially when the facts require me
straightening them out

i take them one by one
meticulously.
Doing the sorting.

Few things when are on dart
i am sure there they gain a spark

a twinkle in their origin
slow yet sure

Sumita Jetley

This Is Never At All Necessary

Sumita Jetley

This Is Not That Easy

what all

nothing is easy

Sumita Jetley

This Is So Amazing

the teachings of life
as if spooned and so meticulously measured

mostly i sit to review a day
so prolonged i feel unsettled

i start searching and craving
which i do not know is what

Sumita Jetley

This Is So True

a question might arise
at times

who am i
my ultimate motive
integrity

i may refrain
being on records

so vain

Sumita Jetley

This Is Strange. Everything Is Strange

We make
relationships
we put into them time.

And, then
you don't know

what is it
That which goes away

Anywhich ways

Sumita Jetley

This Shall Too Pass

if i stop running into it
about it
or around it

won't they leave me alone

this phase shall pass
let me not do much about it

this shall have to pass
trespassing me

Nothing fancy.

Or too drastic to say of that.

Sumita Jetley

To Articulate Is Just Better

one way is to not at all
let it sync in

anything for that
artistically go ignoring

but yet then
suddenly you may feel

articulation was altogether
slight more better

art means expression

Sumita Jetley

To Do How You Please

it takes a lots of patience
when you make up your mind

to do
not to do

sort of things

in the longer scheme of things
it is just very crude and blank

Sumita Jetley

Too, Bit Thinking

it might mean,
overlapping!

or completely the lapses

Sumita Jetley

Toughness Is Rigidness

Sumita Jetley

Vikram Seth's Mom: Justice Leila Seth

must be a very special woman.
She was.

for many reasons,
one of them dear to me was-
her motherly concerns,
pertaining to Vikram.

i used to cry,
reading the biography by Vikram somewhere.

i used to enjoy,
her being.

i will continue to let all memories linger,
on me.

His mother through writing of Vikram.

Sumita Jetley

Wait And Watch

Sumita Jetley

Waiting

You.

Sumita Jetley

Walking Stray, Where Should I Go?

Walking in your way,

Sumita Jetley

Watch The Wait

in process

you wait
you watch

Sumita Jetley

Waverings

how do i define them,
some hell bent mad things

that drive me
the things i thrive on

the name i thought for it

Sumita Jetley

Ways, Roads Journeys

i will stay clueless

Just straight roads.
that's it.

We All Are Busy Running

some place we think
we know

deep deciphering mist
concern

an imaginary and our own idealistic placebo

Sumita Jetley

We Are All Beggars

unhappy lots
NEVER HAPPY lots

something or the other captures our thought
we believe in things
which are Nothing Never Not

End Story to Ever Cut Short
We have ALL wants

Sumita Jetley

We Are In Standard Habit Of Cribbing

it is in our veins
we go through it
we can't overcome it

things can go on

Sumita Jetley

We Fight Like Seasoned Champs

as rightly i mentioned to you
'dogs and pups'

you get skip of heart at my childish prospects
i get more kick out of your up hill scaling bp

i can nearly feel
how much you disapprove

i have not a bit scope
so hopefully, i'll not improve

mine is illusionary sweet world
take my word

that is maddening

Sumita Jetley

We Live In Mind. Leaving The Body

the thought resides but in body
it leaves its bounds

sets free

Sumita Jetley

We Shall Survive The Pangs Together!

Something keeps us burning in tow!
Somehow, it is us.

Simmering in desire.
On fire.

Sumita Jetley

We, Do And We'll Do

there would be moments away from each other
quiet thinkings

a steep attachment
very beautifully settled

some merging that has taken place
where is the difference

Weigh Words

if ever i want live
i want weigh less

But had I any options,
but to say?

I said it today.

Sumita Jetley

What Do I Do

Sumita Jetley

What Do You Expect Me Do?

Feel sad,
Go angry over you?

Throw fits?

I can't.
Your love has a calming impact on me.

Sumita Jetley

What Does It Change. What If It Changes.

does it matter.
the things that are
nothing.

Are immaterial.

Many a times.
I want sit and count.

Things. The Nothings.
they run into millions

my friend!

Sumita Jetley

What Evens The Odds?

the felicitation
right stress

it is matter of chances
forlorn

evens become odds

Sumita Jetley

What Exactly Do You Want Of Me?

do you want me sucked again in love?
to bear with your contemplated silences?
to bear your melancholia at times?
to get into you with heart, soul, body and mind?

drift into you with swift violence?

may be.
or might not be.

But, what is it to be.
word it out in silence to me.

please.

Sumita Jetley

What Exactly, Must I Say Of That Kind?

the one thing that might please you.
a word that soothes you.

or probably silence on my part,
if that heals you.

Sumita Jetley

What Fascinates Me, Is That There Is A Space We Both Do Not Seem To Know

it is fastidious,
away from our soaring ambitions.

Quiet,
exists.

for us, yes, may be.
Exists.

Sumita Jetley

What I Keep Thinking Is My Business

and, i want be good at it
few times in my life

i may not like what i do

What Is Originality

Not that we can figure out
Nor Can It Approach Us

I sometimes am left wondering
of about in regards of its
Origins

Sumita Jetley

What Is Our Trapping

at times,
just us.

Sumita Jetley

What Is That I'll Create And Go

the magic of life
sometimes is very absolute
yet very Obscure

what is unknown is that
it gets cross implicated

'deciphered'

Sumita Jetley

What Is That We Search In Each Other?

there are times,
we are deeply engrossed.

i am not looking out for you.
you have nothing in me.

still we.
search.

in each other
a company, warmth
and universe

may be

Sumita Jetley

What Is The Calculation About?

at times,
it is there-the weighing of.
weighing down of all options.

i opt to adopt,
my next option.

and may be the only too.

Sumita Jetley

What Is The Complaint Now

the targeted solidarity
what is that in life

i can't explain
the crux of it
explanations are well said

unexplained

Sumita Jetley

What Is The Hurry Or The Worry For That

slow is fine
more slow is still better fine

what is the hurry
when all sounds and seems fine

what is the worry too inclined

Sumita Jetley

What Is The Truth

anything that fits in broad day light
is time -tested and has some rational wave-length

i believe it must be around truth
about having some grip on life.
When most of the things slip by

It remains shining still bright
on horizon

Sumita Jetley

What Is There In It

The things that we go
astray with

what is there in it
and still these are the things
for whom we burn

still we say and know
what is there in it

the 'things'
as we say it

Sumita Jetley

What Must I Do?

desperate fall in love with you?
go shattered?

Break,
stay in love with you?

i might.
who knows?

Sumita Jetley

What Should I Say?

Say or not?

You say.

I am lost for words.

Words seem a betrayal.

Sumita Jetley

What To Say Or Not Say?

But, do say.
Say it for its sake.

Said and unsaid both today.

Sumita Jetley

What Was The Grudge

life
not at all.

infact for that
all was

all the more the fact

what was the deal about grudge thus

'none'

Sumita Jetley

What Was The Logic?

spending time was okay
but what was the logic

there was nothing much in vicinity
that was abstract
people were almost gone on a different track

pace was morbid
very fast

Sumita Jetley

What Was Written, Gets Delete

chapters ask a bit of justification
write ups are to go

facts are to emerge

Sumita Jetley

What Was Written, Gets Keep Writing

Sumita Jetley

What We Must Do For The Day?

Let us say,
We go on moon,
We sit there.

Talk to it.
Let us speak about it.

Why can't we make an itinerary for our Love line?
Lovey!

Sumita Jetley

What Will Happen?

When the things might not be the same.
Something is changing,
has changed.

Please let this be not anything vague.
This 'change'.

Sumita Jetley

What Would Matter?

in the state of affairs.
now that the mourning is settling in.

morning too,
might lurk in.

Sumita Jetley

What Would See Me Through

the passion that burns in me
steps that don't even listen to me

a see through mind
that asks nothing

says nothing
yet everything

Sumita Jetley

What? Else.

It strikes,
on off,
Here, There.

Tracing then the traces go very bizarre.

I think, this all
bizzare

Sumita Jetley

When Eyes Deny To Sleep

Sanity is always an inane welcome.

What to do?

What to say?

Stay Sane,

No say.

It could never be our choice.

Or say.

Quite insane?

Sumita Jetley

When I Would Want To Write

As this.

So Time less.

Time creeps into tangle of whim.

I am feeling so and it.

Sumita Jetley

When Would I Make That Move When I Would Take Away Myself?

I have thought myself many a times. losing on the grip and crux,
I have started like trying avoid people.

So, if this is the case to be,
I as well avoid it very completely and absolutely.

The Special ones at that.

May be somewhere down the lane, there is another world,
where people, the special ones, stay there.

Who could know it possibly so that way?

Sumita Jetley

Where What Is This Me

where are they heading
as if now they are walking

me in trailing
it is all like

i am walking
are they walking

we are walking

and, there is a tremor in its grip

as, if

Sumita Jetley

Where Will We Go?

tomorrow would be another day
we'll be limited by our scopes
we'll not at par with what all is best for us

then?
where will we go? ?

whatever been said,
however been said.

and by the way,
what was said.

if said.
was it really said?
the said.

Heard.

Sumita Jetley

Why

the eventualities get hold of things
then i have to settle down on hows.
whatever swift,

to settle down
with my 'hows'

Sumita Jetley

Why An In-Depth Mystery Is A Revelation

Because
it is.

what it is
we get to it
slowly

Realization Is Synonym of Realism?

Sumita Jetley

Why Can't I Keep My Mouth Shut

many a times
I Over or Under Speak

Later i feel
why can't i simply

Stay quiet instead
Mostly?

Sumita Jetley

Why Can't I Think Straight

why can't i make it very plain
why i hover around words
why my words always need have meaning

why i live on so such a different horizon
the one i can't be myself without

Sumita Jetley

Why Can'T I Think?

Only when I think one day,
that I can't think,
I think I get panicked.

For thinking is somehow a very tedious thing to do for me/
An expression & an out-look that lets me be.

Sumita Jetley

Why Can't Things Be Simple!

Just like go and sit
Gaze at sea

drink mornings-evenings
and trail times as they
sniff patrols

of being there

Someday
Some People
Some thing
they Saw
they felt

they went crazy

story began...

Sumita Jetley

Why Do All People Read Star Sign Forecast? Astro

does it sound even true that they do
and then develop the superstitions
do/not do are true?

still they do.
i am compelled to think.
is it true?
has it any input value.

Probably! NO

Sumita Jetley

Why Do I Shop On Days Just Like That

then,
suddenly

i have no clue
what i did

but a solace
it was meant something

someone i'll not meet
anyday

Sumita Jetley

Why Do We Take The Things For Granted

when in the prospects
things are just perfect

when left to themselves.
To idle
Reinvent.

Certainly. But then
what the harm is there
to hide behind the feelings.

Sumita Jetley

Why Do You Think, I Need To Think This Way?

That always there has to be a way.

Reaching you.

Cuddling you.

Being with you.

Still being nowhere there.

Sumita Jetley

Why I Have To Find Faults

survival-might bring the mankind to knees
i sigh.

i wonder
the simple things
i come across

why i can't pass without generalizing
saying that often means not much

things are far better
when we don't want swayed

Sumita Jetley

Why Is It That All Is Profusely Complicated?

Simple things.

Become So hectic.

When they become Some Body's Bread and Butter

Otherwise

Most things are Free

Both of hassles and currency

Isn't it?

Sumita Jetley

Why Is There A Hurry

something as if
not attended will blow up

things as if they require to
be attended urgently!

shall we call it a panic attack
or just a day's fury

Sumita Jetley

Why Just I Worry. If I Am Like That

let me keep it like that
broadly speaking

my things
my beings

why must i share
things so privy to me

my being
till something worth speaking

what is anyways so special about mundane

Sumita Jetley

Why Must I Hurry

where exactly i have to go
where exactly the people go

the points drive
but they are derived at
too!

Sumita Jetley

Why Must I?

This is one question,
Most of it, in due course of time.

Has caught me unawares.
What? How? Must I do?

Some Silences are far from sheer understanding alone.

Alone.

Sumita Jetley

Why Should I?

Think twice as much I do?
I am a free bird of sky.

My thoughts, fly birdlike.
Hmmm...?

Sumita Jetley

Why The Human-Beings Complicate Everything

the question stays still
staring in face.

only we have Issues
we have arrangements.

Just the human-beings complicate
nature is candid

Sumita Jetley

Why There Is A Sudden Panic In Me

as if i owe some explanation
some unsaid toll heavy on me

what and why is it
is what bothers me

i'll get to it patiently
'though'

Sumita Jetley

Why This Has To Be That Way

how we think. goes wrong
what goes wrong. can or can't be righted
all is a hush affair
silently brilliant

thus

tempted to add some words though

Sumita Jetley

Why Won't I Admit It This Way?

That I may not admit it at all.
in any way.
Abstract admissions,
are these in make.

Sumita Jetley

Why You Want Judge Me?

You observe me,
search me.

find and desert me.
trust me,
mistrust me.

you love me.
but you judge me.

Sumita Jetley

Why? I Love You

I know life shall deceive both of us.

I still want some sort of ongoing commitment from my life.

Some Promise,

You with me.

Sumita Jetley

Why? Words

is this altogether not good.
just to go without words

Words
are the most worded illusions
in the world!

Sumita Jetley

Wings Of Flight

sometimes, you need to explore skies
checking where the sky takes

fetches what
after sky is ever increasing

it is not ever
an if, why what

Sumita Jetley

Wish We Sleep

And sleep together.
Sleep as in
relaxed manner,

Sleepless but.

Sumita Jetley

With Age, Let The Maturity Ascend

from most of things
Retire

spend time things you want
Do

with time-let this be trend

Sumita Jetley

Without With

the perspective
passes on

with without
Perspective.

So..strange

Sumita Jetley

Witnessing

mostly
it would be like

seeing
thinking
liking

witnessing

and, time
shall be complete

tomorrow when someone would
want pick a thread

there would be none

Sumita Jetley

Words

Words,
were unreal.
they were just words.
until,
i adopted them.

caressed,
spoke a language they understood.
and, suddenly.

i died.
i had infused them.
quite accidentally with life.

Now, they thrive.
and, i am quiet.

Sumita Jetley

Words Words Words Everywhere

when the disaster
pain

vague and vain
bleak

are meanings
then why just the words

Sumita Jetley

Words, And Words All I Have

i want shut you away from all,
away from me

just sit you in front,
hand held

absorbed
and bestilled in me

i want you me

Sumita Jetley

Words, Did I Ever Need Them

i could not grasp
the hold on them

till i let them go
let them go

a rebel

Sumita Jetley

Words, Now I Need

some silence.

absorbing it,
a dot.

expressions,
for whom.

i later might need words

Sumita Jetley

Words..Wring Me

Let Me Keep Writing
Till I can.

Sometimes
Words drain me
Meaningless

Sumita Jetley

Write What?

Theorem of mind
Extremity defined

selection
obsession
In particular
might be starting somewhat
with a 'what'

Sumita Jetley

Writers Have To Express Their Mind

Comes natural to them to write.
Document their mind.

No manipulation of the facts.
Just, the plain facts.

Sumita Jetley

Writing Is About Leisure

more perfect you grow
with time

growing more on you
time is about

its scalometer

Sumita Jetley

Yes

with no
with no
all no

till the 'yes' walks in
and no transforms as
a nod of acceptance

No is a door
for Yes
too to walk in

when the right time
strikes

Sumita Jetley

Yes! I Mean It

I do hate
democracy at times

when people stretch impossibly

thinking world belongs to them
eventually!

Sumita Jetley

Yes,

i love you.
i do crave for you.

No,

You can't do,
what i do.

You are my perception.

Sumita Jetley

Yes, I Am Poetic

i do think so,
yes!

seems.
i can only keep my nerves tamed
by being poetic

Sumita Jetley

Yes, I Know This

we can't take one step without
having this

this really gets in between us
so far so closely

destiny
sweet-heart

Sumita Jetley

Yes, Mostly I Am In Hurry

And, now a days i am little more that way

sometimes this is race against time

time is against thy

ain't it

Sumita Jetley

Yes. We Are All Puppets

The puppets we are.
And it's okay to be like that.

Strings at times.
Yes!
Can make you dance

Sumita Jetley

You

have to sway,
away.

to the twigs even.
when they relay.

the
audacity to invite you.

to storm

Sumita Jetley

You Are Different

there are times,
hours we talk

there is fire so tamed
and yet, fierce

ours, must be some bond
i acknowledge

the 'us'

Sumita Jetley

You Decide For Me

now.

i can't see anything
worth seeing.

i want borrow your eyes,
for a while.

till
i regained consciousness.

ef et al

Sumita Jetley

You Don't Have To Prove Yourself To Anybody

this is all,
about how you can

how you do
what all you do

end of the day
nothing much you can do

in case prevailing
'dis connect'

Sumita Jetley

You Have Made Me Cry Many Times Till Now.

And I have happily cried.
May be that is what you call
it romance as in romantic
about us.

We are exactly opposite,
Still can't oppose each other
necessarily on this.

We adore our small 'tortures.'

Sumita Jetley

You Just Made My Day

thank you.

it was enough, the way you said
"Remind you of stole to gift to me"

there was smile on your face
gratitude in my eyes

this moment,
is my memory
sweet, delightful ever of you.

it is important to smile
communicate

and word things which are ridiculously
small
sweet

heartily said

Sumita Jetley

You Mean, What Happened To My Poem?

naturally,
there are reasons,

i lose my handle on things,
and may be that is it.

and i leave it.
it, that, this.

Sumita Jetley

You Say The Unsaid Now.

I am in pause,
In front of you.
Hold me tight,
Let me say this tonight,
'I have waited for this moment, my life.'

Sumita Jetley

You Start Caring For Each Other.

dreamy world.
then you go head and heels in love.

day starts,
looking forward to be together.

evenings,
till we fall asleep together.

Life?

Death does us part once.
Illusions-separate us any day.

that's what happens,
you fall in love.

it deceives royally,
to make you believe.

this is only ingredient that works,
between you two.

Do or not get deceived?

Sumita Jetley

You,

are the base.
thoughts'.
facilitate.

this,
is.
like.

so very great!
yours presence in my life
'love'

Sumita Jetley

You, Ever Want To Hear It?

I shall say it.

But what?

Precisely what?

Somewhat is never so clearly heard

by me, my own voice is pariah.

Sumita Jetley

Your Arms

Your chest,
My Nest.

I can breathe,
easy, in my home.

There.

Sumita Jetley

Your Presence In My Life Is All I Can Ask For

You could miss the point,
I live to the point.

With out you,
Life shall wither away.

I say.

Sumita Jetley
