An Art Loving Guy...

Angels Shades No Tears But Blood

That day I will Never Forget
Sitting quite all alone in the dark
She was hiding her face with her long dark hair
The sound of her weeping was quite strange
I talk to her but she never reply
Red water was flowing all around
I reach my hand to see who she was
Oh Ghost! She was shading blood
Jesus Christ My Love was shading blood..

suraj kumar

Be My Valentine

I wish you were my Valentine
Even if I may not be yours,
And I may, in my ignorance,
Be speaking to closed doors.

I have no inkling of your heart,
No clue what you might say;
But when I think of you the sun
Will just not go away.

There is in you a loveliness
That makes my darkness shine,
And so I'll wait, if wait I must,
To be your Valentine.

suraj kumar

Come What May

Never knew this day will come
Hand full of pain growing in my heart.
Feeling like I'm going freeze and numb
Now my body and soul has torn apart.

Everyday I love you more and more
Just really don't know what else to say.
Don't you know whom I cry for
Without you baby it's all dark and gray.

Tell me one reason why you hate me
I'll give you millions why I love you.
My eye's shading blood, can you see?
Oh please tell me what should I do.

Why did you leave me with the loneliness?
Tell me the reason so that I can confess.
I'll always love you every night and day
Come what may my love, come what may.

suraj kumar

Darkness Inside Me

Lots of places within one's mind
With no faces that are so kind.
Seized in places alone in the dark
In no way lonely places just in my heart so dark.

Is my heart so shady on fire
Devoid of the light of my desire?
All the dreams of mine are shattered
Darkness inside me is fine and flattered.

Nighttime is getting at my head
No light and I`m becoming mad
I see no things but a wall in black
It's all around me now I'm in the sack.

suraj kumar

Her Blue Lips

Cold body of yours that I don't like to touch
I pray this day never come coz I love you so much.
Blue lips of yours that I don't like to kiss
Let me die before you that's my wish.

My baby is sleeping please don't make a sound
Do I need to say twice get off the ground.
Oh Lord please don't take her away from me
Or else I'll scream at you with the highest degree.

This will be my last wish ever
From now on I beg you no more and never.

suraj kumar

I'M Goin' Insane

The clock strikes midnight
And I'm lying here alone.
Dark, suffocating darkness, no light
And I'm doing nothing but moan.

Many stories of painful moment
Make my heart torn into pieces.
Gashes growing bigger each moment
Why isn't stop but increases.

Cries of loved ones filling the air
The tears causing rivers of pain.
Oh God can't you hear my prayer?
Please help me I'm goin' insane.

suraj kumar

Life Inside The Graveyard

I've been sleeping for decade
inside my coffin so well confined
watching the moving headstone shade
made me feel alive at a time but unkind

I try to move a little bit but hush
this prevailing wind come with a rush
not so possible to move and if I do
this wind will make my grave flew

life taste deliciously peril inside this graveyard
I'm so much addicted now it's hard to discard
beneath the willow I pretend to be happy
no strength to fight, I wish I could be scrappy

suraj kumar

My Dead Love

Sitting beside her with bloods all over;
Holding her close for a little while.
She's so beautiful with her face half covered;
I still can see the lovely way she smile.

My body is shivering with the touch of that cold breeze;
This night is freezing and everything's gone seize.
Time has come to free myself too;
I hold up my gun and say I love you.

Oh why did you make me do this?
We could have reach the love destination.
I'm sure I'll miss that soul kiss
But I have to do this for the salvation.

The sound fill the night as I pull the trigger
Bullet in my head, I know she felt the same.
I really don't know whether I'm a lover or a sinner
But this is true that we've played the love game.

Oh Unfaithful why did you touch my love?
You are the one who send us above.

suraj kumar

No More Pain

Have you ever love someone so much?
That you are ready to give up that much.
Oh God! Oh God am I goin' insane?
Everytime I feel like diggin' my head into the sand.

The fuc*kin' whole world is laughing at me
But no one knows the pain that's runnin' through me.
Sometimes even I ask to myself
What have I done? ? she says fu*ck yourself.

Give me no pain baby
Your heart shall regret maybe.
Oh for god sake stop foolin' around
Hey wait a minute, do I look like a clown?

suraj kumar

Right Now

Right now I wish I could be with you tonight,
Only me and you in the arms of this moonlight.
Right now I wish I could show you how much I love you,
Wanna hold you close and let you hear whom my heart speak to.
Right now I wanna watch your daffodil-smile while you are sleeping,
And wondering if it's about me you are dreaming.
Right now I feel like I'm the only lonely person in this world,
But I've been asking the wind to let my love unfurl.
Right now I just wanna let you know that you've touch my heart and soul,
Never knew that my mind will go crazy and out of control.
Right now my eyes are closing and everything is going numb,
But please do remember me as I do always whatever may come.

suraj kumar

Scar Heart

I'm not a selfish person,
But you think I am.
All of my life's been worsen
And you make me shame.

I always want you to be happy
Whenever and wherever you are.
I never thought to take a chance baby,
But deep in my heart you left a scar.

Sometimes you make me laugh
and sometimes you make me cry.
I wish you could understand my feeling
and never ever say goodbye.

You are the lady beyond my dream,
I've tried to reach you but couldn't help it and scream.
I hate you baby! i hate you!
I swear to god i hate you, oh my god i love you.

suraj kumar

Vengeance

Vengeance Revenge flowing full in my blood
I must be ready to haul them through the mud.

The almighty might forgive them but not me
They will remember the battle of the Philippine Sea.

The devil is awoken with oodles of hate
Be prepared to get my lying in wait.

The Hell Gate is wide opened for you
All you need is me make you out of view.
