A Puppet Named Razel

There is a puppet named Razel
who is controller of children's birthday dreams-
Razel freezes the Krendoll characters with her ice beam
While giving her evil stare with her black eyes so mean.
She is also half crazy and has only 2 fingers and no hands
While waving all her ice-devices all over Krendoll land.
Now she thinks her looks are as pretty as all human sin
Bright red lips and a black arched eyebrows drawn pencil thin.
So remember Razel has no pupils for she doesn't want to see your real face
She feels she is the most fabulous puppet and all humans are a disgrace.
I would say she has a heart like the Grinch who stole Christmas past
Only Razel's heart is frozen with no emotions so she can have the last laugh.

A Prince Named Emeray

There once was a prince named Emeray
That had golden yellow hair,
He was a twin of Melodie who had skin so fair.
Now Emeray was to be king in 'Unfreezing Prince Emeray'
He would transform into a king on Sarah Star's Birthday.
Once he was king Razel had no control over him,
He would help the rest of the Suzarian galaxy before it became to dim.

Big Tomatoe

When I was about five,
I thought tornados came alive.
Alive into a big tomato with legs,
walking up the hill to where I lived.
Waiting anxiously outside my front door,
I was afraid but wanted to see more.
I imagined a big gigantic tomato coming up the street,
I thought it be cool and thought it be neat to see.
Wind starting blowing and sky became still,
the birds disappeared, I began to feel chills.
I imagined Big Tomatoes footsteps going boom, boom,
My family hid in the basement in the family room.
Sleeping downstairs was fun for me,
we were all together as a family.
Now Big Tomato never did come,
But I have fond memories of a night of fun.

Birth Of Melodie And Emeray

It was a night to remember,
for it was in the month of Mezember.
A month that marked the end of the year,
for Mezoranean twins would be born who would be very dear.
They would be crowned the birthstone emperors of Mezeron,
they would rule once all spells were broken and gone.
Crowned with 13 birthstones that sparkled all bright and shiny,
now what would stop them from their destiny?
But their evil mother who was distraught with revenge and greed,
she would not want them to succeed.
She knew the
would cast before they could open their eyes,
They would not know their mother was under a disguise.
She was an Iceranean ice witch who bore them to control,
she was very evil and her heart was an icy blue cold.

Draco Dragon Crown

Cold blue ice rain falling down,
falling on the dragon's crown,
Making it sparkle and shimmer real bright,
the rain keeps pouring all through the night.
When Dragon Queen wakes up to see,
she notices crown has one but three,
three stones that were placed there last night,
placed in the crown very just right.
Placed by an elf that is the keeper at the gate,
he is the one who will see the dragon's fate.
For he knows where the potion is that will break her spell,
he was there the night in which it fell.
For now dragon is waiting against time,
where she will one day rule in her kingdom divine.

Melodie's Ride Home

Melodie loves to hear the saxophone
she listens to it on her way home.
Sitting next to the sax player on the subway
she is happy inside and is very gay.
She does not want to leave at all
even though she is quite small.
Humans across from her on the other side
look at her in amazement
they are shocked inside.
That doesn't bother Melodie for she
is filled with pride—
Listening to lovely music on her subway ride.

Melodie's Song

because i'm the smallest of them all
i don't do things that are tall.
i have more magic per inch of stuffing
as you can see i'm not bluffing
bluffing when i say
i can make every child have a 'very happy birthday! '
ooh, ooh, how i really like being a smal doll!
ooh, ooh, how i like not being tall!
ooh, ooh, i am sooo happy, happy as can be!
i'm your intergalatic doll named melodie!
i like visit different places and look for birds in the trees.
'ooh, ooh, i'm melodie!
the happy doll whose really small as small as can be!
song by me! melodie! The Krendoll doll

Mr. Big Toe Magically Transforms

Big Toe' magically gets so big
he has magical powers, he never worked out in the gym.
Big Toe now has sweet memories,
memories of the Krendoll characters so sweet.
Big Toe can't figure out why he feels so happy inside,
he now has a colorful outfit with a bigger tie,
Big Toe is so happy he has a new magical life.
Transformed Big Toe is what the neighbors think,
they see Big Toe so happy to be alive,
Big Toe is so happy for he can't deny,
Big Toe gets so big, tears come to his eyes.
Big Toe gets bigger and bigger; but he makes it outside
Outside to see the sunshine, he is no longer inside.
Then it rains and makes a lot of mud,
Big Toe doesn't mind if he gets stuck.
Stuck in the mud goes Big Gigantic Toe,
then his friend Hamburger Helper Hand—
helps him because he understands...
how excited Big Toe is to get so Big...
big like the biggest Big Toe that had magically grown,
Magical like Pinocchio's very Long nose.

Puppet Lady

Mr. Big Toe's Day

What do you know?

It's Big Toe starting to grow.

Grow so big it has it's own singing gig.

Big Toe gets on stage wearing shiny digs.

Big Toe begins to sing wearing colorful wigs,
like Lady Gaga and Mr. Potatoe head,

Big Toe get's interviewed on what he says.

Everyone is watching him and his moves,

Big Toe starts a line dance with cool grooves.

Now Big Toe is on the Radio what do you know?

He travels all over like Mexico and even Morocco.

Big Toe hit the Big Time finally with a cool Radio Show,

Show is called "Big Toe Has To Know".

Please Don'T Take Our Sunshine Away

Please don't take our sunshine away,
For our flowers need their sunshine
Like our trees and plants too.
And all the animals need to wake up so they know what they are to do.
Our toy factories are run by sunlight,
And so does our big crystal clock too,
To tell us when a doll is to be made in a magical crystal cave.
The sun warms our hearts and all the birds in the trees.
And all of the butterflies and the yellow bumble bees.
So as the Krendoll dolls we will fight till we have our way,
To make Krendoll island filled with sunlight once again.
We need to bring back birthdays once again,
By making clocks tell time, bringing birthdays songs back with rhyme,
From beautiful sounding chimes.
Bringing back presents with bows and birthday cakes that glow.

Razel Invades Melodie's Dreams

Razel the ice-witch lived in her ice tower
decided one day to end all Krendoll birthdays with her ice powers.
She was jealous because she could not dream
her life was empty and so she schemed
A plan to control Krendoll through her evil ice beam.
Razel knew that Melodie came to Krendoll at night
And visited UniCandle unicorn with his horn shining bright.
Melodie would also visited Granny Krendoll and little boy named Little Gem
Razel would give Melodie an Iceranean robot toy to trick both of them.
It would control the mind of Melodie making her think the toy gave her joy.
But it was really a robotic toy.
Razel would make her believe that Krendoll island was real bad
And they would never be happy on Krendoll island only sad.
Razel would convince them that Iceron was grand.
She would trick them to go to her icy land
and receive great icy toys, ones that they had never had.
The two would be fooled into believing Iceron was a fun place
Little did they know Razel would erase
All of their memories by placing them in ice beds
And placing Iceranean crystal headbands on top of their heads.
The crystal was programmed to make them do her bidding
She would take away their fun and she wasn't kidding.

Puppet Lady

Razel Is All The Rage

No birthdays in heaven
we do not age
I hear we stay around
20-30 said a sage.
Now, what will Melodie
and UniCandle unicorn do?
I think they will have to
'Sing the Blues'
Now Razel will
have her way
she is happy and thinks
she's all the rage.

Puppet Lady

Razel Not Wanted At All

On the planet of the Krendoll dolls
Razel the puppet is not wanted at all.
Razel replies with a evil grin
'This is discrimination-
Just because I don't
have stuffing inside of me
doesn't make you more happy.
I am hollow without a doubt
and I am proud when I shout.
I'm the evilest puppet of all,
I would never want to be a doll! '

Puppet Lady

Razel Plots Revenge

Razel the ice witch as you know is not very nice
she cast spells on Sarah Star friends in their dreams with ice.
Razel's reasoning is that after her mother died
no one could have a 'Happy Birthday' for this
happened on her birthday when she was only five.
She died on Razel's birthday which sticks out like a thorn
in Razel's mind where her thoughts filled with scorn.
Razel's mother Rose was on planet Mezeron at the time
when this all happened Razel turned on a dime.
Razel flew to planet Mezeron where she searched and she stole
a Birthday crown that was made out of gold.
This would be her key into her way to the Mezeranean Dynasty.
Razel changed the life of the Mezeraneans
knowing she could get away with it again and again.
Razel cast an ice spell that was evil and grim
this ice spell would make the planet of Mezeron gloomy and dim.
She would go to the King of Francis of Mezure'
she would charm put a spell on him
She would plan her marriage and have fraternal twins.
She had these two children so she could rule and manipulate
she would freeze them in ice and control their fate.
But luckily Great Aunt Meeka would intervene
she could only unravel Razel's evil scheme.
Great Aunt Meeka sent the twins to
where a magical unicorn was born
UniCandle unicorn would turn Melodie into a doll
with the magic from his horn.
The twins were separated when Melodie was turned into doll
they could not be together until they could both break Razel's spell.
Razel thought up ways to capture the twins
she would do anything to get back the both of them.
But for now Razel would have her way, by freezing all of Mezure'.
Stopping anyone from entering Mezeron with the power of an ice shield
She would keep Mezoranean's in and make them build-
crystal factories where they would make the nightmare crystal headbands-
then she would distribute them into faraway lands.
Yes, Razel had evil plans that were deceitful and mean
she would do anything for power and greed.
Now that leads us to the next story where Melodie and Emeray got away

they went to the land of Krendoll were they celebrate birthdays.

Razel Puppet Hypnotizes

Razel with her beady eyes

stares at audience trying to hypnotize

She scans the room with her glare

hoping audience is frightened with fear.

She then shouts out to an unsuspecting guest

she makes fun of him-what she does best.

She see's all humans with putty minds

making fun of them is her crime.

Caught of guard you laugh on a dime.

Now an audience member make sexual jokes back

she just resonds crazily and laughs and laughs.

Finally Razel has to get off the stage

she thinks she is all the rage.

Razel Puppet's Birth

On a cold and icy day
on a freezing mountain faraway.
A baby was to be born
who would be filled with much loathing and scorn.
She would one day come to possess a power
that would deny her much happiness.
For Razel would drink a potion that would totally freeze
her ability to feel the emotions of joy, love and glee-
She would not be able to have restful sleep
and count sheep, but she would be able to breathe.
She would develop a power that she would cast from her tower.
To control children's thoughts on planet Earth below
she would send to Earth a cold and freezing snow
that would have in it her thought forms to control
children's thoughts forever more.

Razel Puppet's Childhood

Razel was born on planet Iceron
where the days were short and the nights were long.
It was a cold planet of snow and ice
Iceranean's were cold and not very nice.
Now Razel believed at any early age
she could control people when she went into a rage.
See she believed she could do no wrong
She would get her way by singing her 'Feel Sorry For Me Song'.
She would play games with children were she always had to be
the center of attention and it was all about 'Poor Me'
Of course she always had to be right
if not she would start a big fight.
When she got older, she got even freezing colder.
She felt getting her way would become her forte.
She decided she would rule through the power of ice.
She would cast ice spells with her ice device.
In order to do this she would have to sacrifice
All her good emotions, like being warm and nice
She would drink the evil ice portion king her emotions totally frozen.
She longed for even more power and control
that will be in another story that I have yet to be told

Razel Puppet's Evil Plan

Razel had a secret plan, she would rule all of Krendoll land.
She would also rule the Mezoraneans
who she thought took her mother from her hands.
Razel had evil plans scheming in her head
should I cast my ice spell making Mezoraneans all red?
No of course Razel would make them blue
and here are some other evil things Razel would do.
Mezoranean would wear Razel's Iceranean crystal headbands
where she would control their dreams like make them do headstands.
Yes, they would be in Razel's cold sleep
all the Mezoranean's could do is count sheep.
Then Razel would search and hunt down
The Mezoranean Royal crown.
Once Razel had the Mezoranean royal crown on her head
she would then rule every single Mezoranean.
She would have her own way, by being the Queen of Mezure'.
Yes, she would rule the Kingdom of birthday gems

She wanted revenge, yes indeed, for she was filled with
scorn, spite and greed for Razel invades Melodie's dreams.

Razel The Ice-Witch

There once was an evil ice-witch named Razel
who wasn't very kind or even very nice
she would cook up evil potions made of clear crystal ice.
Yes, she would cast spells that turn children into dolls
making them small, plump, skinny or tall.
Once they were a doll she would make them dig for crystals latRazel The Ice-
Witche at night.
This crystal would freeze the magical unicorn and put him in a deep sleep
that would freeze him forever for eternity to keep.
But Razel did not know her daughter was turned into a magical doll
who knew she could fool Razel and break her magic spell.
Yes, Melodie was her name and she would need a magical headband
that could send messages to UniCandle waking him up instantly
and that no one could detect it was happening not even Razel's evil bats.
Melodie would then have to go up into Razel's ice tower and awake UniCandle
real fast
for the alarms would go off not giving them much of a chance.
Then Melodie would jump on UniCandle's back,
they would fly off fast before the bats
had a chance to attack.
As this happening Razel would quick look in her crystal ball
she would know then their was a doll that knew her spells quite well.
Now Razel had a lot of more work to do to get back UniCandle unicorn and his
crystal horn.

Razel Took The N Out Of Nice

But Razel took it out
And made it into ice.

She made children feel freezing just like ICE.

Razel's Evil Claw Robotar

I create an extra armed Robotar with a claw
I realize Robotar's heart is warm and begins to thaw.
Dripping sadness down to the ground
I realize Robotar's heart is mine and I begin to frown.
'Poor you Robotar I say with a blast
you've been programmed by me
'I control you at last! '
But don't you worry, don't you fret
I will not make you my little pet.
In fact you will be friends with Melodie
she is of course under your spell because of me!

Puppet Lady

Razel's Motive Revealed

On a very cold and icy day
on a planet named Iceron faraway
a baby girl would be born
who would be filled with ridicule and scorn.
Her name was Razel who would one day come to possess
a power that would deny her much joy and happiness.
She would drink an evil ice cold potion
that made her good feelings totally frozen.
She decided to control minds is what she had chosen.
Yes, she wanted power to control
to live forever and not to grow old.
To have power to control the thoughts
of Melodie on planet Zercon
where days were sunny and birds sung birthday songs.
Razel would make a chilling icy snow
freezing Melodie's dreams to very cold.
In this dream sleep she would command
Melodie go to her cold and icy land.
She would then put on her head a Iceranean crystal headband.
Once the Iceranean headband was on top of Melodie's head
chanting this rhyme is exactly what Razel said:
'I am Razel the ice-witch and I control this Iceranean
land, I need your help in finding something that is very grand.
It is a crown that only an Mezoranean child can find
it has 12 jewels on it that once found it's only mine.
Yes, this crown is mine till the end of time.
I will rule all of the Suzarian galaxy
with this crown on top of thee.'

Puppet Lady

Razel's Plans Might Backfire

Razel was sneaking through the park one day
taking photos of Melodie and Emeray.
Yes, Emeray was sitting on a bench
sending Melodie secret messages.
See Emeray was a part of the plan
to help Melodie understand.
Understand not to be fooled by Razel's disguise
Razel would use other characters with evil eyes.
Razel needed help getting her blood back to warm
Razel cast too many spells and now she felt harm.
Razel would try to use Sarah Star
who came to visit her Great Grandmother Jan Par.
Now leaving Central park on this cold November day
Razel realized she needed more footage
for everything was cold and grey.
This spring Razel will be landing in the park
with her spaceship in the dark.
Now stay tuned for adventures to transpire
hopefully Razel's evil plans don't backfire.

Puppet Lady

Razel's Revenge

Melodie and Emeray were born to be crowned with gold
Razel would freeze them making them forget what they know.
She wanted to rule the Kingdom of Mezore' at last
She had a lot of regrets, she lived in the past.
She took her revenge out on two innocent kids
She could care less of the evil she did.
She carried her anger and hatred quite far
Spreading it to another solar system and its own shining star.
Yes, she wouldn't stop, she would go straight to planet Earth
While Earthanians were giving birth.
Razel needed Melodie and her power yes indeed
To help in evil plan and make her succeed
Razel needed to be the Queen of the Kingdom of Mezore'
So Melodie could not have her 16th Birthday
Razel made a potion so Melodie could not grow old
She would cast an evil spell that was very evil and cold.
Melodie would be frozen and be put in an ice cube bed
Razel would deprogram the crystal on top of her head.
and program it with Razel thoughts instead.
Making her do all the evil things Razel wanted her to do
Melodie not knowing her thoughts were not true.
She wanted to control Melodie's higher power
By taking away her free will she would control from her ice tower.
She would rely on the use of a mind altering Iceranean rock
So Melodie was controlled by Razel every time she talked.
A part in Razel's evil plan, Melodie would be
Making everyone in the solar system be deceived
That the Mezoraneans were evil and mean
Selling Mezoranean crystal headbands for power and greed.

making you feel like your helpless and weak
this shrill makes it hard for you to speak!
