# Your The One

People come and go  
But your the one i want  
Nobody else matters  
Its like they all disappear  
Its like magic  
Its like fait put us together  
And fait doesnt lie  
I cant stop thinkin about you  
Your features  
Your perfection  
I feel safe around you  
I know i can trust you  
I just have a feeling  
A feeling that your the one!
