I Was To Closed

I was to closed to fall in love with u but I didn't get a chance to expres my feelings to you. I was to closed

I was to closed to hold u with my hands to the bright future upon us but I faild do I look like a failure. Nop I didn't fail cos I manage to tell u all tht I had for you

May be th timing was not good or I juts fail to express my feelings nicely nd gentley but th truth is I love u
From th bottom of my heart dip down in my heart there is ur name writen in bold
I was to closed

I was to closed to to give up on you wheb u first ignore my calls my Sms's I thought it wasn't meant to be let bygone be Bygones
How can I fogert you can someone take me to the technitian to Rebort all th memories tht we had together
I was to closed to loose u but I remember one thing hey We are in lolve it is just an imagination I am Crayz in love here

I was to closed to make a big promise tht I knw for sure I won't keep it it will take me time Years to make it happen
It will take some time to get use on th idea that we love each other I am madley in love here babe you put a smile in my face
You the only one who makes me happy
You the only one who cares about me
You the only one who makes me feel like a real man ilive

I was to closed to let u go but I forgot something to tell u before
We kissed and say Good by love we have promises u remember tht day yes I mean th day we first met see each other U promise not to leave me but you will fight for us is that was just a lair or u just saying
Love remember we are in love

I was to closed to make u my wife but they took tht away from me cos. I am not your tipe tell me when did you realised that
Tell me babe I won't juged you

But I just have one thing For you beutiful
Remember that I will always love you
