# Me

Some like me, some hate me, but nothing matters me, i am a leader in my own,  
better see business of your own, i am not a golden star, but i am a prankster,  
some love me, some get irritated of me, some curse me, but what bothers me,  
all know what i am, but i know who i am...

# Youth

Thousands of tensions i live.. Don't know were to dive... Tears roll from my eyes.. Don't know when it dries.. But guess before my heart dies... I miss my loved ones.. Who were my closed ones.. God separated them from my lyf.. Who gave meaning to my lyf.. their memories pokes me as knife.. I have Thousand responsibilities, . Which are my duties, i live for my parents to whom my happiness was their world... Sacrificed many things for me.. Now it is to prove me.....
